SHIRE OF BEVERLEY PRESIDENT REPORT - JANUARY 2018

Happy New Year - 2018 is going to 'Be Very Busy!'

In addition to the regular services, facilities and customer support provided to residents by the Shire there are many additional activities also underway in 2018. These include completion of the Beverley Cornerstone; WANDRRA (WA Natural Disaster Relief Recovery Arrangements) funded road infrastructure repair following the flood damage early in 2017; continued implementation of the strategic 2016 – 2020 Beverley Tourism Planning Framework; investigation of opportunities for Avondale following a co-funding arrangement between National Trust WA and Shire of Beverley; and planning for future development of the Beverley Memorial Swimming Pool. There are various other things happening as well so the list is not exhaustive, however by the year's end everyone might be!

RAV Road Ratings and Conditions of Usage

Restricted Access Vehicle (RAV) owners and drivers are reminded to be aware of RAV road ratings, including the various conditions that apply in order to access Shire roads. This information is available on the Main Roads WA website or by contacting the Shire office. Most Shire owned roads with a RAV 4 rating require a speed limit of 40 – 60 km/hr.

Vincent Street Banner Poles

Community feedback received via the Shire Comments Box between 1 November – 13 December indicated three quarters of respondents felt the main street banner poles should be removed in the near future rather than wait until Vincent Street redevelopment occurs. There were also many suggestions that the poles be relocated elsewhere for continued use. Council has resolved to remove the 5 remaining banner poles from Vincent Street and seek an alternative site to relocate them.

Congratulations Beverley Ski Club

Congratulations to the Beverley Ski Club for reactivating following election of a vibrant new committee. The popular Yenyenning Lakes is seeing an ever increasing number of visitors for differing recreational pursuits and the clubs enthusiasm and commitment will be immensely helpful in developing a planning process to secure an area for water skiing and hopefully some long overdue facilities.

Beverley Soaring Society – Sculptures by the Sea 2018

The Beverley Soaring Society obviously has many talents! Following a successful pre-selection submission for Sculpture by the Sea a small group of enthusiasts have been busy preparing a project under the watchful eye of popular sculptor Geoff Overheu, who also happens to be a member of the club. It's an exciting achievement to be invited to submit an entry in the competition. Hope you can get there for a look and maybe support the Soaring Society in the popular choice award. The 14th Annual Sculpture by the Sea will be staged at Cottesloe Beach 02 – 19 March 2018.

Avondale Clydesdales

Those two big beautiful Clydesdales Robbie and Comet who reside at Avondale sure can eat ... a lot! If anyone is interested in sponsoring a bale or two of hay to assist the volunteer Avondale Farm Project Association with the boy's upkeep please let me know.

Scammers

Councillor Davis thought he was receiving an early Christmas treat when an email supposedly from my Councillor email arrived advising money was to be forwarded if he could provide his contact details. Sorry Don (and anyone else who may have received something similar) my Christmas finances were otherwise expended and didn't include giving you any money! There have been a few odd emails doing the rounds at the office and this is being investigated. Please don't give your details to anyone requesting them via email; ring and see what's going on, and if it seems a bit suss, it most probably is.

Australia Day 2018 in Beverley

The Beverley Swimming Pool is the place to 'Be Very Cool' on Australia Day with free entry and fun activities supported by the Shire of Beverley and Contract Aquatic Services.

On behalf of Council best wishes for the New Year to everyone.

Dee Ridgway
Shire President

LOCAL PLANNING POLICY THE HERITAGE LIST

Pursuant to Clause 4(4) of Schedule 2, Part 2, Division 2 of the *Planning and Development (Local Planning Schemes) Regulations 2015*, notice is hereby given that Council, at its meeting of 28 November 2017 resolved to proceed with a Local Planning Policy – *The Heritage List*.

The objectives of the Local Planning Policy – *The Heritage List* are as follows:

- to achieve transparency and consistency in the designation of a Heritage List;
- to provide clear guidelines on how challenges to inclusion will be assessed;
- to ensure that the Heritage List is maintained in a manner and form that is consistent with the local planning scheme; and
- to clarify which places will fall outside the scheme provisions for heritage.

A copy of the policy can be obtained during normal business hours at the Shire Offices, 136 Vincent Street, Beverley, alternatively it can be viewed on the Shire's website – www.beverley.wa.gov.au

Beverley Garden and Tree Society

Our final club get together for 2017 was a Christmas lunch. Our 31 members gathered at the Hotel Beverley where we found the dining room had been beautifully decorated and the tables were very nicely set. The meal was similarly of a very good standard and was heartily enjoyed by all. A 'secret Santa' and the raffle draw, provided fun and laughter in the break between the main course and dessert. It was a fitting conclusion to a very successful year. We thank John and his staff for providing the venue and delicious food for our celebration.

With summer now established, it is time to nurture your plants through those sizzling days. Mulch, frequent small feeds and plenty of water will help them survive. Don't cut the lawn too short and take advantage of the cool, early mornings to get the necessary work done.

Merry Christmas to all and a happy and prosperous New Year. We look forward to seeing you on Tuesday 06 March at the Dead Finish at 10.30am for our first meeting of 2018.

Essential PC Maintenance

With the start of the New Year it is time to make sure your PC is in a good state for the year ahead. There are three essential regular maintenance tasks required to ensure your PC and personal security is not compromised:

- **Backups** – so you don't lose personal information
- **Updates** – so your operating system software is kept up to date to protect you from viruses
- **Virus protection** – to block or remove malicious software to ensure your personal information is not stolen.

Backups. It is important to regularly back up all the user files for all users of the PC. Otherwise this information cannot be recovered if something goes wrong. Backups protect you from:

- PC hard drive failures
- Crypto viruses. Criminals encrypt all your files so they are unusable, then demand a ransom to restore your files.
- Criminals coming online onto your PC and deliberately destroying your files
- Your own mistakes; e.g. accidentally deleting an important file.

In all the above cases if you don't have a backup you will lose valuable files. Usually it is the photos that people value most.

Regular backups on an external hard drive are the only way to guarantee not losing your files. I recommend backing-up at least once a week – you never know when something will go wrong. For a business consider backing-up daily. I recently lost three backup hard drives (one failed and I dropped two!!). However I have multiple backups and backup regularly so I never lost a single file.

Only connect the backup drive while you are backing-up or recovering files. If you leave a backup drive connected then a Crypto virus can encrypt your backup as well as the PC files. Do not back up to the internal hard drive in the PC - if something goes wrong your backup and the original files may both be destroyed.

Updates are issued for many reasons, e.g.: to fix bugs (errors) in the system software or Apps; to add extra features and enhancements; or to fix compatibility issues with other devices, e.g. printers. But the main reason for updates is to fix security

NBN Satellite for Country Australia

If you live outside the range of NBN fibre and wireless then there are only two serious options for Internet connection - mobile broadband or satellite. Mobile coverage is very patchy.

By now you should have, or be seriously considering, installing NBN satellite. These are the benefits:

- NBN Installation is free (but you will need to buy a router and pay a connection charge to the reseller)
- More download capacity is available at a much much cheaper price than using mobile broadband
- Satellite is faster than 3G mobile broadband.

The only downside is that the maximum satellite download speed, 25Megabits/sec, is slower than possible with 4G mobile.

The mobile network providers (Telstra, Optus and Vodafone) are prevented from providing NBN satellite services. Therefore they will never advise you to move to NBN satellite and will continue to try to sell you more of their expensive mobile services and lock you into contracts.

vulnerabilities, often after these vulnerabilities have been discovered and exploited by criminals. It is therefore essential to take all updates, and keep your PC up-to-date. Also update your virus protection programs – there are new viruses every day.

Virus Protection. Computer viruses are very common. They range from annoying - slowing down your PC until it is practically useless; to the extremely malicious – stealing your identity and your money, or encrypting all the files on your PC and asking for a ransom. These days it is absolutely necessary to have good virus protection on your device (PCs, tablets or phones).

- A Virus detection program is essential to prevent viruses getting on your device. There are very good ones available free – so no excuse!
- Virus scanners: Virus detectors don't stop everything so a regular scan of all your files is necessary. Use a separate scanner – if the virus detector lets a virus through then scanning with the same program will not find the virus. The best scanner is free, so again no excuses.

FABULOUS CHRISTMAS DINNER

On Saturday 02 December 2017, members of the Beverley Men's Shed, together with their wives and partners, were treated to a wonderful Christmas dinner prepared by Vini Camisa, John Fricker and John Roki.

The dinner, held for the last time in the workshop, was made to feel very much like Christmas by Vini's wife Annie, who decorated the tables set out in between work benches, fork lifts, tool racks and the like. Barry and Joan Ross of the Beverley Bed & Breakfast have, since they arrived in Beverley, kindly donated two Christmas hams each year towards our Christmas dinner. We also thank John Fricker for donating all the meat and the Beverley Bakery for donating the bread rolls.

Our members thank you all very much.

This time next year, our Christmas dinner will be held in our new, purpose built social area, made possible through a grant of \$23,000 approved last week by the Board of Lotterywest and signed off by the Premier the Hon. Mark McGowan MLA.

The Beverley Men's Shed complex will then be complete with workshop, social room, recreation area (Old Fire Station) and commercial quality kitchen (the brick shed) being made available to our 74 members.

On the completion of our new shed, built by Phoenix Sheds and Beverley Electrical Services, we will be having an official opening too which Shire staff, who have been most helpful during the application process, Shire Councillors, representatives from Lotterywest and residents of the district will be invited.

THANK YOU

To the Beverley and the Dale bush fire brigade members, neighbours and friends who attended the fire on my property on Friday 01 December. I am so grateful of the speed and effectiveness of a job well done in controlling what could have turned out to be a very disastrous event.

Peter De Rossi

My would like to extend my sincere thanks to the following nurses: **Gertrude, Chris, Eva and Ushas**. My name is Pauline Bennett, I've just moved here on 18 November 2017 and I live in the Hunt Road units. On Monday 27 November I had a heart attack at 8.30pm and I was rushed to the Beverley Hospital, where the nurses named above did everything quickly and efficiently to make me comfortable before a helicopter was sent to take me to Royal Perth Hospital. This action by Beverley staff saved my life and I am eternally grateful.

CHRISTMAS PARTY

This year's Christmas party was extra special as we acknowledged the huge contribution to St John's and the whole Beverley community of John Lane.

It was a great evening spent with past and current members that have worked alongside John. John was not only a very active volunteer and outgoing President for many years but also one of the driving forces behind community available defibrillators and lighting up the air strip. The whole community has benefited from John's passion and commitments to St John. On behalf of everyone in the community we wish John well and with many, many enjoyable hours ahead spent in his beloved garden.

SUN SMART INFORMATION & TREATING SUNBURN

The Cancer Council of WA recently posted about new research that shows Australians are becoming increasingly misinformed about sunscreen. The latest stats from our National Sun Protection Survey, show that only 55 percent of Australian adults recognise that it's safe to use sunscreen every day, down from 61 percent in 2014. If you do get sunburnt, treat it correctly to help improve the healing. Cool the skin by sponging it gently with cool water, or by soaking the sore skin in a cold bath or shower for no more than ten minutes. Repeat this if it helps ease soreness. If the burn doesn't blister, then it is mild. Apply calamine lotion or after-sun lotion to help soothe the skin. If the burn blisters or there is other skin damage, then it is severe and you'll need to see a doctor. Also watch out for and treat symptoms of heat exhaustion or heatstroke, which can be life-threatening. Remember:

- Apply sunscreen 20 minutes before heading outdoors
- You need at least 7 generous teaspoons for each arm, each leg, the front, the back and your face & neck
- Reapply every two hours
- Don't rely on sunscreen alone. Slip, slop, slap, seek and slide.

**On behalf of all volunteers and committee at the
Beverley Sub Centre we wish everyone a very
Happy & Safe New Year 2018**

CORNERSTONE UPDATE

The Cornerstone is progressing with work being completed on-site and off-site as planned. There was a slight delay with the steel off-site and some unseasonal rain on-site, but everything is on track. Over the January period the structural steel and roof purlins will be erected. The brickwork to the front feature walls will commence and the exterior wall framing will go up. Shire Staff and Councillors are making progress with interior design and museum planning.

The brickwork feature wall will see scaffolding and safety barriers around the front of the building, so we ask everyone to take care and follow all signs when walking in that area.

This project is made possible with partnership funding from the Shire of Beverley, Department of Industry, Innovation & Science (Building Better Regions Fund), Lotterywest, Department of Regional Development, Wheatbelt Regional Grants Scheme and the Beverley Community Resource Centre.

Cornerstone Visitor Centre Volunteer Project

The Cornerstone Visitor Centre Volunteer Project aims to help the Visitor Centre to open 7 days a week and support a positive experience for visitors and tourists to Beverley.

What's involved? Your helpful, friendly outlook; Visitor Centre customer service training; information and tour for uniform awareness of local and regional attractions and tourism products; availability for weekend roster (1/2 day per month); team ethic; project feedback; email address.

The Volunteer Project will be rolled out as the Beverley Cornerstone is constructed so if you are interested in becoming part of an intergenerational team of enthusiastic volunteers prepared to promote Beverley and the region to visitors and tourists then **come join us!**

Beverley Playgroup

We hope all our Playgroup members and our Beverley Community had a wonderful Christmas and a very happy New Year.

Playgroup will not run for the month of January, but we will be back Thursday 8th February 2018.

Annual General Meeting

Our AGM will take place at 9am on Tuesday 13th February 2018 at the Playgroup Building, Lennard Street, Beverley. We would like to extend an invitation to attend to all our Members and will be looking for some new Committee Members. As the meeting will be at the Playgroup Building, children are welcome. For more information please call Amanda Farr on 0407 389 642.

Christmas & Graduation

The children loved a special visit from Santa on the last morning of Playgroup; we hope all the children are enjoying their books. We also farewelled our graduating Playgroup children - all the best at the "big school" next year - we will certainly miss your faces at Playgroup in 2018.

Hello Everyone,

Hoping this New Year sees you safe and well. With the warmer weather you would have seen some of the safety messages around fires and fire bans. Did you know bushfires in WA account for the highest number of fires attended to by career and volunteer firefighters?

The career Fire and Rescue Service (FRS) comprises more than 1,100 firefighters supported by more than 25,000 firefighting volunteers from the Bush Fire Service, Volunteer Fire and Rescue Service, and the Volunteer Fire Service. Career and volunteer firefighters responded to and put out 1,360 structural fires, 1,690 rubbish fires, 1,554 vehicle and caravan fires and **5,339** bushfires for the period 1 July 2013 to 30 July 2014.

What would you do if your home was under threat from a bushfire, do you have a fire plan?

Please don't think it will never happen to you; take the time to stop and think what you would do if you were faced with the threat of fire, do you have a bushfire survival plan?

Visit www.dfes.wa.gov.au for further information about developing a bushfire survival plan.

HOME SECURITY

The warmer weather also sees us leaving doors and windows open to let the occasional cool breeze into our homes. However, open windows are often seen as an open invitation by some who take advantage of this opportunity and help themselves to some of your prized possessions. Make sure your valuables are out of sight. How many of you leave your car keys on a hook by the unlocked back door or handbag and purse on the kitchen bench? Out of sight, out of mind. Please lock up your house and car before you leave, even if it just a short trip into town and back.

BEVERLEY POLICE – HOW TO CONTACT US

While this has been advertised in the past, for those who missed it or are new to town please be advised that if we are not at the station, we are out patrolling your town, the highways or attending a job. If we are lucky we even get a couple of days off. So if you are unable to catch us at the station or on the phone **9646 3333** and want to make sure we get your message, just drop us an email:

Beverley.Police.Station@police.wa.gov.au

If you want to report something suspicious and remain anonymous call **1800 333 000**

Station Gallery and Platform Theatre News

The Station garden is available for public use at any time;
just open the gates and enjoy!

Let us begin by wishing everyone a very happy Christmas and a prosperous and healthy New Year, and to say thank you all for your patronage during 2017.

Community Christmas Concert

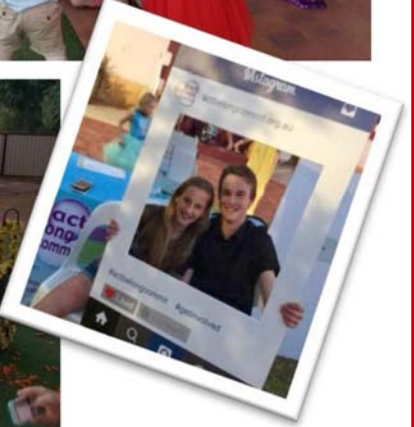

Well, with Christmas just days away I think we can safely say the Christmas party on Saturday 16 December was a huge success. This free Family Christmas Concert is when the whole of town (such is our reputation, it was great to see out-of-towners make the effort as well) come together for some fun and entertainment. The kid's show *Benjamin and Me* had the younger ones absolutely enthralled and Santa arriving on board the ponies-drawn 'sleigh' were together a huge attraction. Whiskey and Boot's excerpt performance of *The One* still has us in suspense till the full show comes back in April; and then the Elvis Tribute had some swooning and others dancing, including kids on stage mimicking 'the king's moves' until the end of the show around 10.00pm.

Volunteer Thank You

To Noel and Valda of Elders Beverley for your immense generosity offering a Happy Hour to clients and friends. To Mark Storen and Georgia King for your thrilling performances, both in *Benjamin and Me*, and *The One*. To Darcy Miller of Act Belong Commit who had the children playing fun games between acts on the stage. To Eva, Keith and Lucy for being such sports, for training those delightful ponies to pull Santa's 'sleigh' and for interacting beautifully with the children. To Santa himself, thank you for coming to Beverley to spend time with the young, and the not so young. And thank you all for attending, we hope we have brought some extra cheer to your Christmas.

Artist-in-Residence.

Georgia King and Mark Storen enjoyed their time away from Perth immensely and found the station ambience perfect for writing their new children's production. And we certainly appreciated their time and effort performing at our Christmas Concert.

The Station Gallery and Residence will be closed for January, but come February, Carolyn Thompson a visual and performing artist will be at the Station till the beginning of April.

Please keep an eye on bulletin for further information on residencies/any changes to schedule and/or contact Artist in Residence Coordinator Marylou on 96471027 / 0427085511 or email: hutchinson@wn.com.au

Easter Art Exhibition

It's that time of the year when the BSA exhibition secretary is busy finalising the entry forms for the Annual Art Purchase Exhibition. Easter 2018 will be 50th exhibition which includes the *Beverley Art Prize* valued at \$5000! Besides this overall prize of the town's renowned 2D media art show, there are six other sections with prizes of \$1000 each. And there is a category for children so get those pencils and paintbrushes out during the summer holiday kids! Anyone wishing to enter works of art into Easter Art Exhibition can pick up entry forms at either the Shire offices or the Station Gallery, or contact Exhibition Secretary Kathryn McLean, ph 0427464050 or wk.mclean@bigpond.com

Community Engagement Project

HAVE YOU CONTACTED BRUCE DENNY YET? PLEASE DO... Bruce is still keen to hear from as many local Historians, Photographers, Researchers, Artists, Musicians and Singers as he can to get the Platform Theatre project underway. The project will be in the form of a filmed geographic history of Beverley where real people's

stories will be recorded, being as inclusive as possible, with reenactments and getting kids also involved with narrating, interviewing and filming. There will be during the next twelve months film making workshops, acting, dancing, voice - interview techniques.

Beverley Station Singers

It was with great disappointment for Kelly to hear that the annual Legacy event at the Crown Casino cancelled all entertainment. This left our practice night singing for the fun of it which was a great way to end the year. Even the artists-in-residence enjoyed the music coming from the gallery! As the group takes a break in January, the next practice will be at 7pm on Valentine's Day 14th February when there is sure to be some love songs being crooned into the night air!

Kelly Newton- Wordsworth directs the group on a monthly basis at \$50 per session, or \$105 for 3 months. Anyone interested in joining the singing group contact Tracey Fleay - Mobile: 0409 481 029 or Email: traceyfleay67@gmail.com

REGIONAL EDUCATION CUTS

This week undoubtedly was one of my lowest in five years representing the Agricultural Region. On Monday the Labor Government announced plans for a new inner-city school in Subiaco at a cost of \$68 million. By Wednesday the Minister for Education, with the Premier nowhere to be seen, was left to announce \$64 million in education cuts in the name of budget repair.

These cuts to education include the closure of Moora and Northam Residential Colleges, the closure of six camp schools, the closure of the School of the Air (SOTA) as well as the loss of 170 jobs, 100 of which will be teaching positions. These follow an earlier decision to slash the Boarding Away from Home Allowance (BAHA), a payment to support families who have no other choice but to send their kids away to boarding school to complete their education.

Regional education is never easy. It is more costly and more challenging providing this essential service in the bush — but without education we have nothing. Not even a week ago the Minister for Regional Development released results of the *'Living in the Regions'* survey, which found more than 1 in 2 families would consider relocating to access better education options for their children. A statistic which to many who live in and understand regional WA would come as no surprise.

In government The Nationals WA invested heavily in targeted education initiatives including schools, residential colleges and support to facilitate the transition of Year 7 students into high school. The decision this week by Labor to take an axe to regional education was a hard pill to swallow. I am a beneficiary of a public education in regional Western Australia, having completed my schooling at Central Midlands Senior High School in Moora while residing at Moora Residential College, which is now set to close at the end of 2018.

Many in Labor would have you believe that country kids and parents want and can afford to ship their kids off to Perth for their education. This couldn't be further from the truth. A small number of families in regional Western Australia could afford the costs associated with private schooling not to mention the additional costs of boarding their children at the same time. For the rest of us we have no option but for the local school, if there is one.

I have visited Moora Residential College on several occasions since my graduation in 1999 and I am always struck by the dedication and commitment of the wonderful staff, some who have served for several decades at the college. It is not just my observation but also those of the Education Department who hold the college among the best in the State for its management and operation. This is partly why we committed \$8.7 million to redevelop the college in 2016, a decision scrapped by Labor upon coming to office in March.

Moora Residential College is the only residential college alongside a senior high school between Perth and Geraldton. Labor's response, *'... in the case of Moora, the completion of a new school nearby is likely to be the preferred option for local families.'* That school is Yanchep Secondary College 156 kilometres away. Labor has more regional MPs than any other party represented in WA Parliament, a statistic they regularly trot out, but fail to stand up for the interests of regional people in their party room or Cabinet meetings.

Labor have you believe that they had no choice - the budget is in a mess, the Parliament continues to block their "budget repair" measures at a time when the economy is fragile. Those statements would have an ounce of credibility if it weren't for their spending decisions.

A \$5 million new performing arts centre for Ocean Reef Senior High School, a \$120 million marina for Ocean Reef, a \$7 million swimming pool for Kalumburu that the community didn't want, the list goes on.

For a Government focused on Metronet, these cuts to regional education amount to approximately 500 metres of rail line. If we want true decentralisation and regional development we need a government who will walk the walk, not just talk the talk. Get this right and you won't need Metronet at all.

Avondale and AFPA, the year that was----

The Avondale Farm Project Association's (AFPA) year commenced in February with a warm-up meeting followed by a 'thank you' sausage sizzle for our volunteers for their assistance during 2016, (rather later than usual) which now seems like a distant past considering the efforts and achievements made by our small group throughout 2017.

In May we held our Annual General Meeting (followed by a sausage sizzle) and there was a significant 'changing of the guard' with many new faces (and new idea's) coming on board followed closely by a planning meeting to allocate areas of management to members covering our vastly differing projects.

One of our more outstanding efforts (a big thank you to previous committee members) was the delivery of our horse float just in time for the Beverley Show, Comet (one of our two Clydesdale horses) was eventually persuaded to take the ride that morning and as always enjoyed the company of our horse caring members and being spoilt by the show going public with lots of ooh's and aah's coming from the younger generation, as again was the case when he was invited to attend The York Show. None of this could have occurred if it were not for the funding received from a Federal Government Development Grant, with the support of the member for Pearce Christian Porter.

Advertising is always something every group or organisation has to consider and our 2016 committee was able to receive a grant from The Shire of Beverley Community Grant programme to purchase advertising signboards which on 'Open Days' are placed in the town and outside of Avondale, members spent much of their time ensuring the best pictures were used both of the Clydesdales and restored Machinery from the Museum to encourage the public using Waterhatch Road and the Great Southern Highway to visit. Once again a big thank you to all involved. The Shire has also provided much needed funding towards a horse crush (to control the horse while medical attention is applied) which is one of our ongoing projects.

From our limited financial assets at AFPA it was decided to purchase a laptop computer for the Museum to record and categorise the items and their histories for future reference, this is a lengthy task with both genders often seen rolling around under machinery looking for manufactures numbers and codes.

The third weekend of each month has seen some our volunteers at the museum not only maintaining and bringing back to life older machinery but also haymaking for the horses (thank you to Duayne and his crew), although some panic set in with some committee members when several bales of hay were seen to like the ground rather than the trailer at carting time!

Avondale is managed and run by the National Trust of Western Australia and we are extremely appreciative to Monica the resident warden for all her efforts in assisting AFPA, so when the NT has volunteer days (busy bees) with other support groups attending at Avondale, AFPA is happy to also show our support often holding a sausage sizzle, and this was the case when the walk trail needed clearing and small bonfires burnt, much to the delight of the younger people.

Earlier this year the NT conducted a survey to try and find what the public's feelings were towards the advancement of Avondale as identified in the 2011 Masterplan, as always AFPA supported this with members being seen at the Easter Markets held in town encouraging people to fill in the forms, Jo our president was kind enough to bring along two of her Kangaroo orphan Joey's which was indeed a drawcard for people to stop and talk.

Naturally after all their efforts a 'thank you BBQ' was held for our volunteers (in November this time) and run by Monica (often in our debt), with yours truly burning the odd snag!

As we do not receive any government funding (other than grants applied for) we rely solely on the efforts and donations made by our members to hold fundraising events, which have helped in the purchase of hay and maintenance items in our museum. One such member has given us an outstanding effort this year and we wish to thank Mitch for her raffles, cake and plant stalls, she together with her Mum and other members were responsible for the stall held at the lion's kiosk in early December the results of which yielded \$1,728.00. As always we wish to thank all our members (and the support of our community) for their efforts with the supply of prizes and saleable items. In the raffles the wheelbarrow filled with goodies being won by John Lane, Karl Smith won the Christmas hamper, with our own member (now retired) John Pratt picking up the glass bowl filled with edible items, plus we cannot forget to thank all those who slaved over hot stoves to produce things that would light up Jamie Oliver's eyes, and of course our gardeners for giving up some wonderful examples of vegetation, (Cosmo from the ABC would be proud of you) and on the day Mitch, her Mum, Monica with daughter Erin, together with Pat, Emma, Nicola and Deidre for getting it out there and spruiking the Avondale word.

If you are interested in Avondale or the efforts of AFPA and would like to know more please ring Jo Johnson on 0417 951 513 or Monica on 0427 477 734.

CROQUET IN BEVERLEY

Members of the Beverley Bowling and Croquet Club are pleased that all the weeding, mowing and watering of their previously under utilised "C" green has paid off and are excited to see croquet being played once again in Beverley after an absence of 30+ years.

The Club is also very appreciative of the encouragement that it has received from Croquet West and the extent of support, both morally and by the donation of equipment, that has been received from the Croquet Clubs of York, Forrest Park, and Nedlands that has assisted greatly in seeing this project come to fruition. Croquet is currently being played on Wednesday mornings and early evening on Fridays, all equipment is supplied.

BEVERLEY FOOTBALL CLUB

Welcome to 2018 at the Beverley Football Club. We hope that you have all had a relaxing Christmas and New Year period with your friends and family!

We would like to thank all those involved in the football club community crops. We greatly appreciate the effort you have put in throughout the season to provide important fundraising for the club.

The Beverley football club is pleased to announce that League Coach, Clint Rudd and A Reserves coach Simon Marshall will be staying on for the coming season. We are excited to have both coaches stay on for another year and look forward to the 2018 season.

The Beverley Football Club Social Committee requires the services of an enthusiastic Coordinator to manage and facilitate the operation of our Canteen for our seven home games in season 2018. The Social Committee acts as one of our Club's strongest resources and it is our wish with your valued assistance that this continues to be successful. Please contact Justin Mann on 0448 979 234 or email beverlyfootballclub@gmail.com

Chris Boladeras Memorial Trophy and Christmas Windup

On Sunday 17 December in severe blustery conditions, 40 participants took to the courts for the Chris Boladeras self-handicapping mixed doubles tournament. The weather, lets face it, was dreadful for tennis and consequently resulted in balls and hats flying in every direction!! However everyone took it in their stride and had fun. The semi finals were a tight affair but eventually going through to the grand final were Rob Fisher and Charmaine Willing facing Graeme Lewis and Narelle Bailey. The winners on the day were Narelle and Graeme. A fantastic wind-up BBQ and Presidential ice-creams were then enjoyed by over 50 members...it was the first time in a very long time the heaters were required for a Christmas Wind-Up!

The winners of the best Christmas hats were Carissa Shaw and Natalie Kilpatrick.

Special thanks to Richard Boladeras for his continued support of the tournament.

L to R: Winners - Rel & Lewie; Christmas BBQ Dinner under the patio; line up for Presidential ice-creams; Christmas BBQ dinner inside - there appears to be an infiltrator from another club??? Welcome to the best sport!!!
