Avondale Discovery Farm, is located 6km west of Beverley on Waterhatch Road.

SOUTH EAST AVON REGIONAL TRANSITION GROUP

POTENTIAL AMALGAMATION PROPOSAL FACT SHEET

“YOUR FUTURE - YOUR CHOICE”

<p>Who is involved in the Amalgamation Business Case Process?</p>	<p>The Shires of Beverley, Cunderdin, Quairading, Tammin and York have formed the South East Avon Regional Transition Group (SEARTG) to prepare a business case that will examine the potential benefits of amalgamating.</p>
<p>What is involved in the RTG Business Case Process?</p>	<p>The Business Case will consider the Current and Future State of local government in the SEARTG.</p> <p>The Current State involves examining all of the operations of the 5 local governments to provide a snapshot of the current way each Shire does its business.</p> <p>The Future State will examine a new service delivery model and structure for the proposed new local government. The Future State will then be assessed in terms of potential benefits in improvement in services and whether there are any potential savings or additional costs in the proposed new service delivery model and structure.</p>
<p>Why is amalgamation being looked at?</p>	<p>It is believed that there are a number of potential benefits that may result from amalgamation. Such benefits may include improved service delivery across the region, more flexibility in adapting services to meet changing customer needs, greater capacity as a single local government to deliver larger infrastructure projects, and potential reduction of duplication in services and facilities.</p>
<p>What will happen if the local governments support amalgamation?</p>	<p>The completed business case will provide a recommendation on whether there are enough potential benefits to proceed with amalgamation. The completed report will be referred to the 5 SEARTG member local governments to consider the recommendation.</p> <p>If the recommendation is supported by the 5 SEARTG member local governments, the business case along with the supporting resolutions of the 5 local governments will be referred to the Local Government Advisory Board for review and to make a recommendation to the Minister.</p> <p>The Minister will then consider the recommendation from the Local Government Advisory Board and make a decision on whether the amalgamation should proceed.</p>
<p>Where will I access services if amalgamation occurs?</p>	<p>The proposed amalgamation model is based on a Place Management approach with local area service centres being retained in each main town. The Shire administration centre and customer services will be maintained under the Place Management model.</p>
<p>Where will staff work if amalgamation occurs?</p>	<p>One of the key principles that has been agreed to by the 5 SEARTG member local governments is minimal displacement of the existing workforce. The future structure of the organisation is currently being determined, but will take into account retaining staff in their current locations, wherever possible.</p>
<p>When will amalgamation occur?</p>	<p>If supported, amalgamation could occur as early as 1 July 2013.</p>

President's Report November 2011

Council Elections

Congratulations and welcome to Cr Vicky Fregon and Cr David White as newly elected Councillors for the Shire of Beverley and to returned Councillors Shaw, Murray and Ridgway.

Thank you to the Community and Councillors for allowing me the opportunity to continue as Shire President for another term and congratulations to Deputy President Cr Chris Pepper. I would also like to acknowledge and thank Cr Lew Shaw for his role as Deputy Shire President over the last two years. Cr Shaw was not available for re-nomination to this position.

NBN/Digital Economy

Although possibly up to 10 years before the National Broadband Network is fully rolled out in WA it has been suggested that communities should be not asking when is it coming, but rather are we going to be ready?

The potential outcomes in relation to

health, education, business, industry, community and entertainment from this initiative, if it comes to fruition, are exciting, and Regional Development Australia Wheatbelt (federal) and the Wheatbelt Development Commission (state) are working toward developing a Wheatbelt Digital Action Plan to help prepare our region for the NBN.

RTG

Work preparing the Regional Transition Group Business Plan - Future State continues. Key topics of discussion at a recent workshop related to the proposed Organisational Structure and Executive Team responsibilities in a merged entity and how the important aspect of Community Representation and Advisory Committees would be addressed.

Independent Living Units

With progress being made on the construction of the first two ILU's, Council will be undertaking a review of their plans for advertising, occupancy and the next stage of building.

Official Farewell for Retiring CEO

An official farewell was recently held for retiring CEO Mr Keith Byers, attended by current and past Beverley Shire Councillors and neighbouring Shire Presidents and CEOs. Keith and Di have relocated to Mandurah and Council is in the process of advertising the substantive CEO position.

Anglican Society Rose Show

Congratulations to Beverley gardeners on such an impressive display of beautiful flowers and arrangements. If you didn't get to see them this year, mark it on your next year's calendar!

Dee Ridgway
Shire President

Shire of Beverley Town Entrance Statement Competition

The Shire of Beverley is seeking expressions of interest from creative persons with local knowledge to design an entry statement to our town. Expressions of Interest close Wednesday 30 November at 4pm. In the event of a successful entrant, an award of \$750.00 will be given.

The best concept design/drawings must be clear and attractive with a strong aesthetic appeal, and the rationale behind the vision be provided in writing.

A brief outline of the artist's history or previous work should also be included.

Conditions:

The art should be distinct and identifiable to Beverley, the same design to be installed at each end of town.

Dimensions and materials/finishes to be specified, and preferably that materials and fonts used will link in some way to the town and/or the district.

The design components will be clear and visible from cars travelling at 80km/hour.

Structure need not be double sided, maximum dimensions 10m x 4m, x 3m high.

It must be weatherproof, strong, achievable and affordable.

Please note that no submission is necessarily accepted.

For registration and further information please contact the Shire Office, 9646 1200.

Beverley Tourist Bureau

The month of October has brought visitors from New South Wales, Scotland, France and South Australia. Volunteers have been busy directing folk to see wildflowers or picnic spots.

Our most popular article selling now is the fly swat. They come in grey, black or brown...always handy.

Have you bought a bumper sticker yet advertising Beverley? We have plenty.

Our dedicated volunteers promote our town informing visitors of local interests and attractions. We try to be open 9 am to 4 pm.

THANK YOU

Our sincere thanks to three caring men who turned up to clear the big gum tree and others for Mervyn.

They are Trevor McLean, Colin Day and John Lane.

Also sincere thanks to nine men from the Men's Shed who did a wonderful job of clearing boughs etc and made it safe to walk in the yard.

Bernie, Richard, Peter, Darryl, Bob, Colin, Cedric, Neil and John.

God Bless.

Mervyn & Annette Davis

After a successful 2011 season, your

CAN YOU HELP?

Beverley Health Services Meals on Wheels is looking for volunteers to help to deliver meals. A driver's licence is not necessary and only about 1 ½ hours every three weeks is all that is asked of you. There are no meetings to attend and you will be rostered with an experienced Meals on Wheels driver to get you started so why not give it a try. A Criminal Record Screening will be done by the Health Service. If you feel that you can help us please contact Dorothy Sampson on Tuesday or Wednesday on 9646 3218 or leave your name at the hospital on 9646 3200. Your help will be greatly appreciated.

PLC Cambodia Service Tour

On the 1st of October 2011, Dad and I went on a two week school service tour to Cambodia with Presbyterian Ladies' College. Our group consisted of 19 fifteen year old girls, 12 Dads, seven Mums and three teachers. We went to build houses in a remote village in a province in Cambodia.

Collectively over the last year we raised enough money to build 35 houses at a cost of \$1500 each. The Beverley community helped Dad and I to raise \$1500 to build a house. Thanks to all the generous donations and all the people who supported us with our cake stall in July.

We were able to complete the construction all 35 houses. The people in the village were very thankful and appreciative.

The house building component of our tour was organized by the Tabitha Foundation in Cambodia. This organization is founded by a Canadian woman, Janne Ritskes; she has been running Tabitha for 17 years. Tabitha also helps in other places in the world such as the United States, the Philippines and Kenya. Tabitha Cambodia works to give the poorest of the poor a sustainable life.

The house building was not the only service projects we took part in while on tour. We did work with Free the Bears, who look after protected animals, mainly bears. They have centres in Laos, India, Vietnam, Thailand, Indonesia and Cambodia and they have a total of 801 bears that have been rescued and are now cared for in one of the various locations.

We visited the Cambodia, Free the Bears and saw their 156 bears. We scrubbed the bear cages, picked up their poo, and made them lunch. We watched them rip apart bamboo to get their food that was concealed inside. When we had finished with the bears we got to see an elephant that had one of its legs blown off by a landmine and now it walks with a prosthetic leg.

Also we worked with an organization called Transform. Two businessmen from Perth who wanted to give back to society founded this incredible organization. Their aim is to get kids off the street and give them an education. They have 14 centres around the capital Phom Penh and each Centre has 50 kids from families that can not afford to have their kids in school. Transform pays the kid's school fees and each month give a bag of rice to the families and that bag can sustain them for food for that month.

Children in Cambodia only go to school for half a day and the children in Transform go to these centres for the other half of the day. We spent a day in one of the centres with kids aged five-six. It was incredible because as soon as we got off the bus they ran out and started to hug our legs and arms and pulled us in to show us what they have been doing.

We also did some additional activities such as visiting and helping out at orphanages and presenting families in communities with water filters.

Going on the tour was an incredible experience. Dad and I would like to thank the Beverley community again for their very generous support of our service tour to Cambodia.

Michaela Miller

Back Pain

Most adults with low back pain can be effectively managed with simple treatments delivered well. Treatment of the pain should begin with advice to keep moving and take simple painkillers, according to Professor Chris Maher and associates from the George Institute for Global Health and the University of Sydney, writing in the October 2011 edition of *Australian Prescriber*.

Patients should be encouraged to remain as active as possible, avoid bed rest, and take simple painkillers such as paracetamol, with a review by their doctor after a week or two.

"Low back pain is a common and costly condition in Australia, and approximately 25% of Australians suffer from low back pain," write the authors.

"The majority of patients with a short duration of symptoms will recover. An Australian study showed that half of all patients who were given advice by their doctor to keep active and take painkillers were pain-free within two weeks."

If this initial approach doesn't provide enough pain relief, more complex treatments including stronger painkillers and referral for physical therapies like structured exercise programs might be recommended by a health professional.

The authors suggest that investigations such as scans should not be a routine part of managing low back pain. "Routine x-rays or scans are not needed for most people who have low back pain of less than six weeks' duration," say the authors.

To read the full article and others, visit www.australianprescriber.com

REPORT OF THE RETURNING OFFICER ELECTION HELD ON SATURDAY 15TH OCTOBER 2011

Summary

This report is to brief elected members on the conduct of the election held on Saturday 15th October 2011 and to provide an overview of statistics that relate to the election.

Background

Council has three wards being

North which has 399 persons on the consolidated roll

South which has 441 persons on the consolidated roll

West which has 457 persons on the consolidated roll

Council had three vacancies in the South Ward, two for a four year term and one for a two year term.

Council also had one vacancy in the North and West Wards, each for a four year term.

The Administration Building was used as the polling place.

COMMENT

Statutory environment

For this election the A/CEO acted as returning officer. The election was conducted on the basis of electors voting in person. Part 4 of the Local Government Act 1995 and Local Government (Elections) Regulations 1997 specify the way local government elections are to be conducted.

Financial implications
Nil.

The total cost of conducting the election has been budgeted for in the 2011 / 2012 Budget.

Conclusion

The Election was conducted successfully. There were 91 early and postal votes cast and 37 votes cast on Election Day. The voter turnout was an improvement on the last Election.

**Emergency Medical
Information Booklet**

Earlier this year, the Beverley SJA purchased Emergency Medical Information booklets for Beverley residents and the response has been wonderful.

New supplies of these booklets are now available at the Beverley Pharmacy or Newsagency for a gold coin donation.

If you have ongoing medical conditions, these books are invaluable. Small and in plastic magnetised covers, these books are placed on the front of your fridge.

When you purchase your Emergency Medical Information booklet, take some time to record your personal and medical information so that it is ready for use in an emergency. To ensure the accuracy, have the information checked with the help of your local Doctor, Carer or a close relative.

Remember to:

- * keep your information updated in case of emergency, ie: if your medication has changed and
- * keep them on the front of your fridge.

This is a Community Service Project from St John Ambulance Beverley Sub Centre and your local Lions Club.

FIRE BREAK ORDER

BUSH FIRE ACT 1954

All owners and occupiers of land are required on or before 15 November every year to provide and thereafter maintain free of all inflammable material until 15 April of the following year, firebreaks as stipulated in the manner described in the following schedule.

SCHEDULE

RURAL LAND

Buildings and Haystacks

A firebreak of at least 4 metres wide and not more than 60 metres from the perimeter of all buildings (including temporary dwellings e.g. caravans) and/or haystacks or groups of buildings and/or haystacks so as to completely surround the buildings, haystacks and/or fuel dumps.

Bulldozed Bush

A firebreak 20 metres wide shall be maintained immediately inside the external boundaries of all land which has been bulldozed, chained or prepared in any similar manner for clearing by burning (whether it is intended to burn the bush or not).

Stationary Pumps/Motors

A firebreak 4 metres wide shall be cleared and maintained around all stationary pumps and motors.

Harvesting Operations

During the period when harvesting operations are being conducted, there shall be provided in the same paddock or within 400 metres of that paddock an operational independent mobile fire-fighting unit having a water capacity of not less than 650 litres. The tank of the unit shall be kept full of water at all times during the harvest operations. The responsibility to supply the unit, being that of the landowner.

Operation of Plant and Machinery

During the restricted and prohibited burning times, all harvesters and trucks carting grain shall not be operated on rural land unless fitted with a fire extinguisher. On days of HARVEST BANDS there shall be no movement of any vehicles within paddocks.

Paddock Burns

At any time throughout the year, where a landowner intends to burn paddocks, the following must be provided to prevent escape of fire:

1. A firebreak 2.2 metres wide clear of all inflammable material completely surrounding the area to be burnt.
2. An operational fire-fighting unit having a capacity of not less than 650 litres.
3. Permits to burn may be required. Contact your Fire Control Officer for details.

TOWN SITE LAND

All lots with an area of 2.024 ha (5 acres) or less, shall be clear of all inflammable material or have grass mown to a height no greater than 15cm.

GENERAL INFORMATION

Fuel Dumps

You shall remove all flammable materials or material likely to become flammable during summer from land occupied by bulk storage tanks and/or drums used for storage of liquid fuel whether the bulk storage tanks and/or drums contain liquid or not. This includes the land on which ramps for holding the drums are constructed. The flammable free ground must be maintained to a distance of at least 4 metres outside the perimeter of any drum, stack of drums or drum ramp or bulk storage tank.

Variations to Requirements By the Order.

For permission to provide firebreaks in alternative positions or by alternative date or to take alternative action to abate fire hazards on the land, an application must be made no later than 14 days prior to the date firebreaks are required. If permission is not granted by the Shire or its duly authorized officer, you shall comply with the requirements of this notice.

Penalty for Failure to Comply

The penalty for failing to comply with this notice is a fine of up to \$1000. If the owner or occupier fails to carry out the works required by this Firebreak Order the Shire of Beverley may enter the land and prepare the firebreaks at the cost of the owner or occupier.

Burning

If the requirements of this notice are carried out by burning, such burning must be in accordance with the relevant provisions of the Bush Fire Act 1954.

THE BLUE LINE

Beverley Police Station - Western Australia Police

Phone: 08 9646 3333

Fax: 08 9646 1447

Beverley.Police.Station@police.wa.gov.au

Hello Beverley,

We can't believe it is November already, it doesn't seem that long ago that we were introducing ourselves to the community on our arrival; it is coming up to be two years for Darrell and I in this wonderful community and we have no intentions of leaving just yet.

As you have probably noticed, the Beverley Police Station is undergoing a much needed and long overdue facelift with a new paint job inside and out thanks to Lyndon Grover (great job), and new blinds; we are also getting new carpet which will change the look of the station completely. You have also probably noticed that the grass out the front has gone; this area will soon become a native sanctuary with pathways winding through the flowering trees. There will also be a table and chairs where all are welcome to come and enjoy the garden, please be patient with us while all this movement is taking place, it will be messy for a little while.

On another note, I would like to acknowledge the fact that Beverley has been the target of a handful of burglaries and stealing offences in the past month. A total of four burglaries and three thefts from motor vehicles were reported. Please note that of those offences, offenders have been located for one burglary and all the thefts from motor vehicles. There are current and ongoing investigations taking place with regards to the outstanding three burglaries.

I would like to ask that all community members begin to lock their vehicles and their homes, ensuring security is a key factor in your daily lives. It is great to see that more and more local businesses are installing surveillance camera's and alarm systems. It is unfortunate that we have to think of these things in our lovely little town, however we are no longer immune to people passing through and committing these offences. I am currently beginning to

apply for funding from the Office of Crime Prevention to have surveillance cameras installed along the main street of Beverley, this will further protect the businesses and hopefully deter would be thieves. It will also assist police to identify those responsible for committing further crimes. If you are in support of this initiative, please do not hesitate to have your say by way of letters of support that can be included in the funding application, and drop those into the police station or the post office.

MOTORBIKES: It is unacceptable to ride off-road (unregistered) motorbikes in the vicinity of the Beverley townsite. You are not allowed to ride motorbikes on the BMX track or through the bushland that runs from the town oval to the golf course. Riding along the railway tracks is also prohibited. Beverley has its very own scramble track and it is time that the locals wishing to ride their dirt bikes, join the track and enjoy themselves in this environment. Dirtbikes can be ridden on private property, however it is essential that if you have neighbours, you are courteous and keep the noise in mind. **RIDING ON THE GOLF COURSE IS NOT ACCEPTABLE; THOSE RESPONSIBLE FOR RIPPING UP THE GREENS WILL BE DEALT WITH.** If you continue to disobey these rules, your bikes will be seized and you will face charges in a court. The ranger has been notified of this activity and will also be conducting increased patrols of the area.

With harvest just around the corner, motorists should be ready for increased heavy freight traffic on Wheatbelt roads

Be alert and don't assume that since there is usually no traffic that there will be none today. **Expect more heavy traffic on roads that normally have little traffic.**

Expect trucks, utes and farm machinery to be on the roads, crossing roads and exiting in unusual places. Many of these will be oversize vehicles, and they will need some or even all of your side of the road. **Give them room to pass safely.**

Don't travel in the left lane just near the truck cabin, **this is usually the worst spot for the truck driver's vision** and in wet weather this can be even worse.

If you are travelling next to a truck and the indicator comes on, **don't just stay there**, move either forward or backwards out of the contact area. The truck driver is giving you a warning he is about to make a position change, and if you are in the blind spot and have not moved into his vision, it could be easy for him to think there is no traffic in the danger area.

If a truck has slowed and pulled over to the left, indicating right, **don't assume he is letting you through.** He is most likely turning right.

Be sure to give a truck room to make a turn. At some intersections a truck requires more than one lane to make the turn. When a car approaches an intersection and pulls up to the road markings where a truck is waiting to make a turn, there is no room for the truck to turn and he will have to wait for the car to clear before proceeding

Dry conditions in summer mean dust on country roads that will affect your vision of tail lights if you are following a truck, and the dust will also prevent you from seeing oncoming traffic should you choose to pass a truck. **Don't overtake if you cannot see ahead through dust**

Remember that it is illegal to break the posted speed limit, even when overtaking!

Be patient and choose a safe place to overtake, allowing for the speed of the truck. It is common to see motorists overtaking on double white lines and hooking back in quickly, just in front of the roof bar of the truck. At 100 km/h **this is not a safe place to be!**

Trucks on our roads over the harvest period may be 27.5 to 36.5 metres in length, and usually weigh between 80 and 90 tonnes loaded. This is more than 45 times the weight of a car and between 6 and 10 times the length.

Motorists should always pay special attention to trucks, not because they are dangerous in their action, but because of their size they are not as reactive to sudden changes in direction or speed as a smaller vehicle. This obviously means if you get in their way the driver may not be able to stop or avoid you.

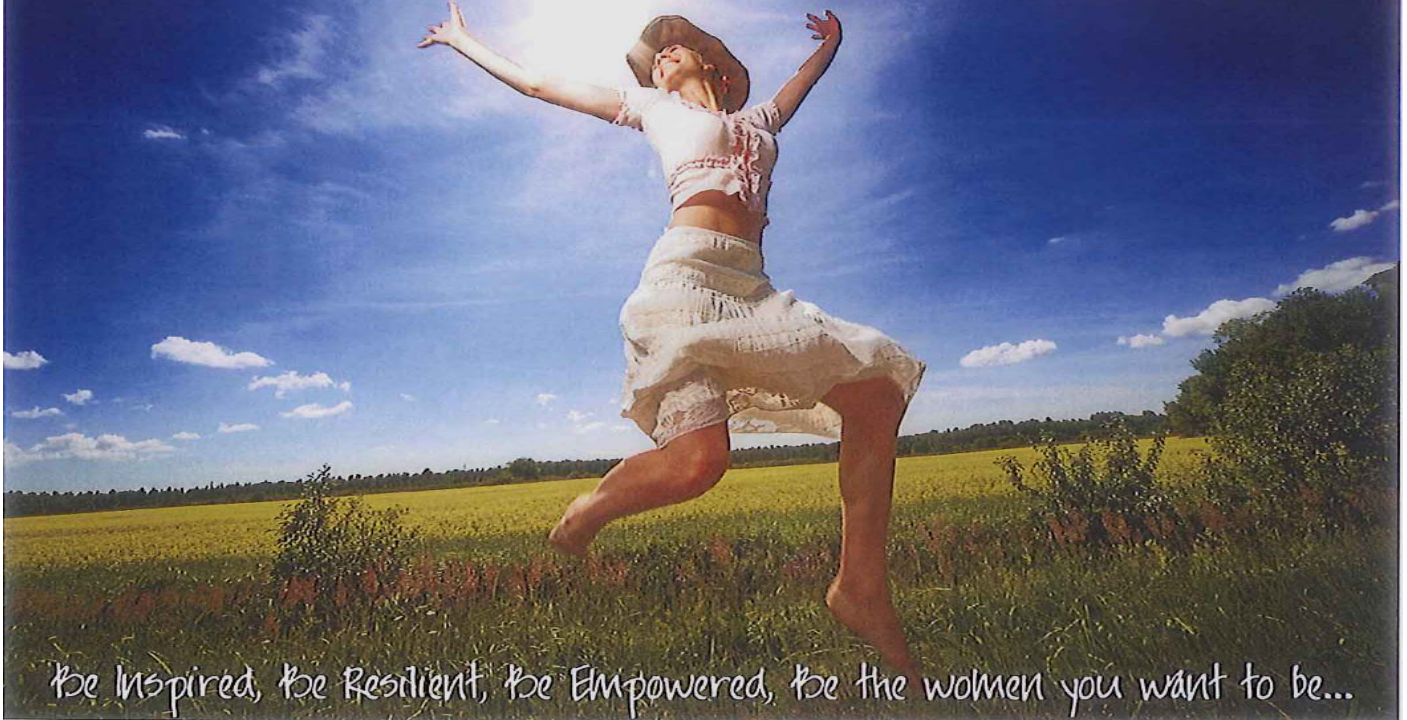

For more information contact: Cliff Simpson, Regional Road Safety Officer, Wheatbelt North on 0409 686 138

Beverley News-

BSA Annual General Meeting

The AGM for the former Art Gallery Society was held on Thursday October 20th at the Station Gallery where it was unanimously accepted to change the association's name to **Beverley Station Arts**. The acceptance of the new constitution was also unanimously approved.

Seventeen members of Friends of the Station were in attendance from which a full committee was selected:

Committee Members to serve their 2nd year term in 2011/2012

Jenny Broun - Chairperson

Marlene Willson - Events Coordinator

Amanda McLean

Leita Barrett-Lennard

John Ives

Committee Members to serve their 2 year term as from now:

Marylou Hutchinson - Vice Chairperson and Artist-in-Residence Coordinator

Sarah Miller - Secretary

Pauline Knight - Treasurer

Haydn Rayner

Joanne Campion

Tania Pennell

Sandy Shaw

Emily Miller

Shire Representative - to be decided

Volunteer Grant

Due to quick thinking and application by our ever efficient secretary Sarah, Station Arts has received a \$4000 volunteers grant that will be spent on various sundries including an air conditioner for the hothouse kiosk, a laptop computer and barbeque.

Station Gallery

As custodians of the Shire's art collection at the Station, the Beverley Art Gallery Committee met this week to re-tape the backs to many of the paintings as protection against dust and insects. We also changed the paintings in the

The 2011/2012 Station Arts Committee

main gallery to reflect the coming Harvest Festival - broadly summer landscapes. It's good to see some of the older works of the shire Collection getting an airing again without being cluttered.

Art on the Move

Following recent consultation with Paul Thompson from Art on the Move, the Station Gallery is eligible to display travelling exhibitions now that we have sufficient lighting, security, climate control, storage capacity for crates, open hours etc. However, most exhibitions travelling the country require funding of around \$2000.

Artist in Residence

Scott Robson has been our Artist-in-Residence for the month of October, and will continue to be until mid November. Scott has been busy working on various canvases and would like to complete enough works for an exhibition towards the end of his stay. He's enjoying meeting visitors to the Gallery, so if you have a moment, please drop into the Station to see what he's about.

From Across the Nullarbor

In November/December we have two artists booked from Victoria. Ngaere Donald and Cynthia Boyle will be painting their way across the Nullarbor as they make their way to Beverley for their joint Artist in Residency at the Beverley Gallery.

Cynthia and Ngaere live near Orbost in East Gippsland in the pointy end of Victoria. They met about five years ago through their membership in the Wilderness Coast Artists and have been fellow adventurers and painting companions ever since. Although their styles and subject interests are varied, they share a love of drawing and of colour.

They bring with them a collection of paintings created within the last two years that reflects their interests in the land, the sea and the people and animals of East Gippsland and will exhibit these at the Station Gallery.

Opening Night will be Friday 25th November at 6pm. Do make an effort to come and meet these passionate artists.

Workshop Saturday December 3rd

Program for one day Drawing Workshop with tutor Cynthia Boyle

Cost: only \$25 per person

am: Drawing is a verb

- The importance of mark making

Station Garden

Carriage Restoration

Under the guidance of Haydn, a busy bee was held to begin works on the carriage. Thanks to Lew Shaw, Matt Carroll and John Ives for their help in removing all but one of the steel railings and fittings so that the pieces are now ready for sandblasting. If anyone is interested in carrying out the sandblasting on the smaller items that were removed, or generally lending a hand with this project, please call Haydn on 0427988849.

Proposed Wheatbelt Heritage Rail Centre

The second of the information sessions held in Beverley and coordinated by Sandy Shaw was attended by excited members of

our committee. The overall project is being driven by Dowerin and York, yet Beverley is to be included as a destination point because of our "transformed heritage railway station of world class standard" and "best in the Southern Hemisphere". These quotes are from Australasian Railway Association business consultant Chris Le Marshall from Melbourne. He foresees the project up and running within two years. This is a dream come true for our committee to have train enthusiasts disembark at the Station with the objective of viewing a show at the outdoor theatre.

Platform Theatre

Saturday 19th November - Harvest Festival Concert - DARYL BRAITHWAITE and his touring band.

- Tickets are selling fast for this so buy your tickets now to avoid disappointment!
- Gates and bar open 7pm
- Kiosk open 7pm selling snacks and cheese platters (be early)
- Seating - earlybirds get the best seats
- Concert starts 7.45pm with 30 minute intermission at 8.45pm
- Tickets \$40 each, though Friends of the Station note that for this concert you are eligible for a 10% discount.

Tickets ph: 9646 1600 or email beverley@crc.net.au on sale now.

Saturday 17th December - Christmas Family Picnic - HOWIE MORGAN & MELODY WHITTLE plus a very cool 5pce all star band.

- Grateful thanks to the Beverley CRC for supporting this event.
- Entertainment will be a **Motown Experience** featuring the Soulful voices—this Motown, Atlantic Soul Revue will bring us the power of songs from legends

such as Otis Redding, Wilson Picket, Etta James and Aretha Franklin.

- Gates open 5.30pm

SEAVROC Young Farmers Participate in World Congress

A group of 16 young farmers have recently returned from the World Congress on Conservation Agriculture held in Brisbane from September 25 to October 3.

The group, from Brookton, Cunderdin, Quairading and York mixed with international visitors from over 70 countries, who came together to discuss world trends in conservation agriculture. Scientists and farmers presented papers on precision agriculture, soil technology, integrated crop residue and weed management and the design of resilient farming systems in the face of changing climate, markets, technologies and policies.

A common theme of the Congress was the importance of food security and the need for developing countries to implement conservation agriculture techniques commonly used in Australia to meet the demands of an expanding world population, predicted to reach 9 billion people by 2050.

A post-Congress tour took the group to various farms and research stations in the South West and Darling Downs regions of Queensland to experience first-hand controlled traffic techniques used in grain, cotton, vegetable and sugar cane production.

The tour was run through SEAVROC Environmental Services, based at the Shire of Quairading and was supported by the Australian Government Department of Agriculture, Fisheries and Forestry under Australia's Farming Future. The group have been sharing stories and knowledge gained from the trip with their communities through farmer and landcare groups within their Shires.

Beverley Historical Society 2011 Annual Report

The Society had 18 members this financial year and we had 10 General Meetings. We farewelled foundation member Joyce Oliver who moved away. Joyce's copious knowledge of Beverley's history is much missed.

The main activities of the Society in the past year include: managing the Dead Finish Museum; historical research and writing; guest speakers and field trips; and community support and displays.

Of these the majority of time is spent managing the **Dead Finish Museum**. The Museum closed over summer, was cleaned (extra difficult because of the ferocious Jan 29 storm), rejuvenated, then opened every Sunday from March to November. This year we experimented with opening Saturday afternoons which has had a mixed response, but will continue next year. We also opened on other days for individuals and **bus tours**, which this year included people from SEC Retirees Perth, Toodyay Silver Chain, Northam Probus, and Brookton Seniors. The **2010 Year Twos** from Beverley DHS had their 'hands on' Olden Days visit in November. Altogether we had about 600 visitors.

We received many **donations** of historical artefacts mostly from the citizens of the Beverley District. Among these two painted family portraits, a 1924 wedding dress, an Edwardian lap desk and memorabilia of Beverley's Swan Bottling Co are of special interest.

Ongoing **maintenance** of the building included the re-varnishing of the veranda posts, installing some period lampshades, the provision of a ramp for wheelchairs, and hard work in our beautiful well-regarded

garden.

Activities related to **historical research and writing** included responding to many requests for family history and the awarding of Certificates of Appreciation to authors of local history publications: Anne Fisher *On The Dale*; Fred Bremner *Beverley & Beyond: A Memoir*; and Beth Hutchinson *Childhood Memories*. We also collected **speeches** made at the opening of the Station Theatre and on Anzac Day

We had two **guest speakers** this year: Anne Fisher and Fred Bremner gave us insights into the research and writing of their books. Our two **field trips** were both to the Gwambygine area. In July, we went to the remarkable **Gwambygine Caves**, first recorded by Ensign Dale, a centre of local Aboriginal culture from way before pioneer settlement. In September an interesting and enjoyable afternoon was spent at the recently restored **Gwambygine Homestead**. Some members also attended the Royal WA Historical Society's Annual Conference in York where we learned about the history of the Sandalwood Industry, York Town Hall, the Marwick family and the Boulder earthquake.

Working with the community involved displays, meetings and signs. The first occasion was a display of **quilts and a mini-market** in the museum and garden at Easter both of which were well-patronised. A Bus Tour of Beverley commentary was supplied on Easter Saturday. In August we prepared a display for the **Beverley Show** on the theme *Bouncing Back in Time* where we featured information relating to good and bad seasons in the district.

Meetings attended concerned the restored Police Cottages, tourist town walks, Shire Strategic Plan,

Avondale, the future advent of the Wheatbelt Heritage Train and CRANA Aboriginal Corporation.

Also for the community benefit we have been successful, thanks to the Shire, in having brown **tourist signs** put by two historic sites: Haisthorpe Church and North Beverley School.

The Society very much appreciates the **sponsorship** of the Shire of Beverley, Willey's Trading Post and Lotterywest, for a grant to purchase a lap-top computer.

The Society's **thanks** go to: Delys Kilpatrick for ably fulfilling her role as Vice President; Maree Hutchinson for continuing with the Secretary's responsibilities; Erica Murray for managing our various accounts so efficiently; Peg Kempton & Maree for responding to research questions; Karina Leonhardt for writing the notes for the Beverley Blarney; Members, Emma Robson, Bob Hall, Gail Alabach, Belinda Foster, Maree, Peg, Delys and Erica who volunteer for Museum Duty and Sheila and Ted Sheehan who often open up for midweek visitors; Bill Whitney for making the ramp and other repairs; and Volunteers from the Beverley Garden & Tree Society for their wonderful efforts in our cottage garden;

Finally, as my three years as President are over, I personally thank you all for the support and encouragement you have given me, as a newcomer to the town, in this important role. Please do not underestimate the work we do. It is invaluable - for without us the future generations of Beverley citizens would be sadly bereft of knowledge. I hope to assist the Society in another role in the coming years.

Morag Whitney, President
10 October 2011.

BEVERLEY GARDEN AND TREE SOCIETY

A small group of ten members travelled out to Hazel Croft's magnificent garden out on the Kokeby West Road for our October meeting. It was worth every kilometre travelled. A gorgeous garden that reflects the many hours the owners have toiled. A productive vegetable and fruit garden and both native and exotics that complement each other. Hazel's generosity with cuttings and advice was enjoyed by all. We conducted our meeting on the front verandah overlooking a marvellous view and then enjoyed with much laughter and friendship, an extended lunch. It took a fair bit of dexterity to pack the cuttings and plants into the cars for the return trip to Beverley. Thanks for a great day Hazel.

Members and the public are advised to go and have a look at the Dead Finish gardens. They are looking stunning and well worth a wander around. The season has indeed been kind to us, and hard-working members have done a sterling job keeping up with the weeds. Take a bow Erica and Neil!

A fortnight ago several car loads of members went out to Deep Pool to

look at the wildflowers and were rewarded by sighting quite a few orchids and many interesting flora. We had morning tea and a great day.

Our Christmas party is scheduled for 5 December and members are asked to let us know if they wish to attend.

Council Colleagues Get On Track Together

Earlier this year colleagues from the Northam Shire Council took part in a five week healthy workplace challenge which saw them munching through two fruit and five veg a day and incorporating more physical activity into their working hours. Research shows that having a healthy, active workplace not only has positive benefits on employee health but also improves organisational productivity.

Karen Dore, Community Development Officer for the Shire, helped organise the challenge and commented that, "The camaraderie amongst the participants was great, and it was good having the two teams so that we had an in-house competition." With co-worker Will Baston adding, "Loved it, made me get out and exercise more than usual." With the weather warming up, spring is the perfect time to hang up the winter woolies and *Get*

On Track.

The *Get On Track Challenge* is a free, fun and motivating team-based physical activity and healthy eating program. The aim of the challenge is to help participants make positive steps towards their health over eight weeks by finding thirty minutes of physical activity and going for two serves of fruit and five serves of vegetables every day.

Hannah Gray, Health Promotion Officer for Avon and Central Wheatbelt Health Promotion Team, is excited about the steps the Council had taken to support its employees and encouraged more people to *Get On Track* stating, "It's not just workplaces that can get involved. Community groups, from sporting clubs to seniors groups, or even family members and friends can form a team and start taking small steps to better health." For more information about the challenge or to register visit: www.getontrackwa.com.au.

Jenny Becker, Debra-Lee Chester, Colin Hassell and Karen Dore finding their thirty minutes of physical activity.

For more information, please contact Hannah Gray on:
Ph (08) 9690 1661 or Email Hannah.Gray@health.wa.gov.au.

Saturday
26 November 2011

Cakes and Christmas cooking
Lots of raffles
Donations of saleable goods welcome.

Come along and see us and pick up a few Christmas goodies.

Beverley Youth Centre

Beverley Youth Centre runs every Friday night between 6pm to 10pm and is for 10 year olds to youth, any enquiries please contact Youth Development Officer, Lyn Kay on 0411 355 811

CARING FOR OUR COUNTRY

South East Avon Voluntary Regional Organisation of Councils
SEAVROC

Free Perennial Seedlings/Seed in 2012 Expression of Interest

Caring for our Country Project 2009-2013 - *Perennial Farming Systems Targeting Wind Erosion within the North Eastern and Southern Wheatbelt Regions of WA*

WEROC, SEAVROC and NEWROC Natural Resource Management (NRM) are seeking expressions of interest from landholders who are interested in planting Perennial Pasture seed (including Lucerne), Sandalwood hosts, Brushwood, Saltbush, Oil Mallees, and/or Swamp Sheoak on low/poor production areas that are at risk of wind erosion in 2012 with considerations also going to areas where salinity is a significant threat.

The species indicated can be integrated successfully into farming systems to tackle not only wind erosion but also salinity, soil health, enterprise diversity and water management. As the focus of the project is Wind Erosion the species will be implemented through wind breaks, alley farming systems and through improved perennial pasture systems.

There are limited numbers of seedlings available through this project which means we have to limit each successful farmer to enough seedlings to cover approximately **5 Ha ONLY**.

Assessment Criteria:

Seedlings/seed will be allocated based on the selection criteria listed below and your preferred species as determined in the table on the following page.

- Preference to new and/or 'younger' growers;
- Species must be planted to tackle wind erosion prone areas (or other 'land degradation matters' that are associated with wind erosion);
- Broadacre farms that require planting of 5 Ha areas;
- Willingness to have your farm involved in extension activities (including field walks and case studies);
- Previously attempted to address the issue on your property;
- Purchased seedlings previously for private works and
- Good survival rates of previous plantings (not including uncontrollable factors e.g. drought).
- Seedlings will be delivered on-farm during July/August 2012. Applicants must be able to accept seedlings at any time within this period.

Email: mullja@bigpond.com

Species requirements:

	Seedlings/seed required (number from 1 to 7 - 1 being most preferred, 7 being least preferred)	Soil type of proposed site
Perennial Pastures ((\$500 to purchase any perennial pasture seed)		
Sandalwood hosts <i>Acacia acuminata</i> <i>Acacia assimilis</i> <i>Acacia neurophylla</i>		
Brushwood <i>Melaleuca atriviridis</i>		
Saltbush <i>Atriplex nummularia</i> – Old Man Saltbush <i>Atriplex amnicola</i> – River Saltbush		
Oil Mallees <i>Eucalyptus loxophleba lissopholia</i> <i>Eucalyptus kochii plenissima</i> <i>Eucalyptus kochii borealis</i>		
Swamp Sheoak <i>Casuarina obesa</i>		
<i>Rhagodia pressii</i> (Native fodder shrub)		

Site Details:

Describe why you want to implement your preferred species and the current problems experienced at your chosen site. The assessment process to obtain seedlings will be competitive so please add as much detail as possible. (Add additional pages if needed):

Beverley District High School Happenings

Hello, Ciao and welcome to our November edition. Staff are looking forward to this fun term as Christmas brings a lot of happiness into our classrooms with many decorations adorning our walls as well as the sounds of Christmas through songs both English and Italian.

Staff Changes

A warm welcome to Mr Hayden O'Mara who has joined our team as Deputy.

Please make time to welcome both Hayden and his wife, Carina to Beverley. There must be something in the air as they are also expecting their first child in November.

COUNTRY WEEK 2011

In the final week of third term, a group of year 7-10s travelled to Perth to compete in the District High School Country Week. Country week is a competition held to bring students from all over the state to Perth to participate in a range of sports. The eight students who went, played seven games of mixed basketball. These games were played at the Perry Lakes stadium, in Mt Claremont. Beverley played against Meekatharra, Kulin, Mount Magnet and Boyup Brook and managed to get a place in the first round of finals. Whilst competing, the team stayed in a house in Fremantle, supervised by Mr & Mrs Carbone. In the evenings, activities included go-carting, bowling, visiting the Fremantle prison and dining out in Fremantle. It was a busy and enjoyable week. Team members would like to thank Mr & Mrs Carbone for taking us.

Back Row: Brodie Kiernan, Kym Barrett-Lennard, Mrs Sue Carbone, Bianca Pearce, Shannon Pennell

Front Row: Blake Lamb, Jess O'Loughlin, Khyle Ugle, Jess Hibben-Layh

Seniors groups praise new help centre

- Housing and living arrangements advice for those approaching retirement
- Independent, free advice available

Commerce Minister Simon O'Brien today officially opened the new Seniors' Housing Centre, which will provide vital, free advice to West Australians looking to change their living arrangements as they move towards retirement and beyond.

Mr O'Brien said Consumer Protection had responded to feedback from people who said they had nowhere to go for independent advice when thinking about moving into retirement villages or residential parks.

"As people get older, many look to change their housing arrangements to better suit their lifestyle. Such decisions can prove stressful and this centre is intended to furnish people with the facts they need to make informed decisions," he said.

Chairman of the National Policy Advisory Group at National Seniors Australia David Carvosso applauded the move and said the centre would assist seniors contemplating a change in their housing situations by giving them the necessary information to make an informed decision.

"We are also supportive of the buyer beware message because retirement village residents are often nervous about the future should their retirement village ownership change. The Seniors' Housing Centre will allay this fear," he said.

Consumer Protection staff will be on hand at the Seniors' Housing Centre to provide independent, free information - either face-to-face in Perth's CBD, over the phone or by email. An outreach program will cover consumers in the Perth suburbs and regional Western Australia. Additional services will also be provided through a non-government partner organisation.

Fact File

- The Seniors' Housing Centre is at ground floor, 219 St Georges Terrace, Perth
- Centre staff contact: 1300 367 057
- Dedicated publication and other information is on the department's [website](#)

Civil Construction Traineeships

The ROADS Foundation, on behalf of the Shire of Brookton, is seeking applications from interested young people for a Certificate III in Civil Construction (Plant Operations). This is an excellent opportunity for young people to start a career in civil construction, gain on the job training and a qualification, whilst getting paid.

Skills needed for the traineeship are:

- A commitment to safe work procedures
- Able to follow instructions, and work as part of a team
- Willingness to learn with an open and positive attitude
- Punctual, reliable and able to read and write

Applicants must be over 18, local to the area, and hold a current C Class License, with a HR License an advantage.

The successful applicant will be required to undergo a pre-employment medical examination and police clearance.

With long term prospects this project offers stability and a friendly team environment.

Aboriginal and Torres Strait Islanders are encouraged to apply.

To apply download the registration form from www.roadsfoundation.com.au or contact Danica Blacklock on 0416 497 817 and send with your resume to danica.blacklock@roadsfoundation.com.au or alternatively fax to (08) 9323 4323.

Applications close 4pm Friday 18 November 2011.

State History Conference York 2011

Celebrating The Centenary Of The York Town Hall 1911-2011

A day full of history was a rewarding experience for four members of the Beverley Historical Society on Saturday 17th September 2011 at Church of Christ Hall, Avon Terrace, York.

The day began with a witty and humorous welcome by Sir William Heseltine, former Private Secretary to Queen Elizabeth II and now resident of York.

The first research paper was presented in a lively fashion by Pamela Statham-Drew on *Sandalwood, Avon Valley's Past and Present Saviour*. We learned about the different species of sandalwood and the many products derived from its fragrant wood. The cutting and export of sandalwood brought economic benefit to the region in the 19th Century. This led to over-production that caused prices to fluctuate and led to Government regulation. At present only 2000

tonnes of sandalwood can be taken from WA government reserves per year. An interesting response to the paper came from a Conference Delegate from Kalgoorlie whose son and daughter-in-law are sandalwood farmers in the Goldfields and export about 200 tonne per annum.

The second paper addressed the theme of the Conference: *Origins of the York Town Hall* was researched and written by local historian Tony Clack. We learned how the idea for a Town Hall was first mooted in 1861; however a more expedient compromise resulted in the construction of a Mechanics' Institute in 1863. But 1910 saw the Council take over the Institute with the intention of building the long-awaited Town Hall. Not much time was wasted. Tenders for a design were called in September 1910, the Mechanics' Institute demolished in April 1911, the foundation stone for the new building laid in May and the York Town Hall was officially opened by Premier Scadden on 29 November 1911. The style was known as 'Edwardian Opulence' but is now categorised as Federation Free Classical. Due to economic constraints, some of the

design features were not present in 1911 with a clock in the front upper façade not installed until 1952 and the Joaquina St colonnaded façade not completed till 1997.

After a delicious lunch provided by York CWA, Bill Marwick gave us an insight into his ancestors *William and Mary Marwick of York*. Mary, born Mary Ann Taylor in Ireland, came as an economic refugee after her parents died in the famine. In researching this Irish connection, Bill went to Ireland and received a fantastic welcome, as so little is known there of what happened to individual migrants. In WA, Mary eventually became the mother of 10 children, six of whom were Marwicks. The family have continued a beneficial connection to York and the large old Marwick barn can still be seen on the east side of the Avon River in York.

The final paper of the day came from Boulder historian, Robyn Horner, who described in *Boulder Rocks* the aftermath of the Richter 5.0 earthquake in April 2010 that caused massive damage to many of the old buildings in Burt Street, Boulder, one of the most historic precincts in the mining community.

A presentation concerning the next conference at Guildford in 2012 was amusingly presented by a lady with the dress, voice and mannerisms of a 19th Century citizen. The theme will be *Meet the Governor* and be held at Guildford Grammar school.

BEVERLEY PARALEGAL, COMMUNITY INFORMATION SERVICES (BCS)

BCS provided information and made referrals (written and via phone) for some Beverley residents who also needed assistance with the witnessing of both formal and informal documents. These matters relate to:

Fines: Infringement Notice (Traffic). When one receives the paperwork...act asap as to mode of payment. In hardship cases get documents witnessed by a JP or other authorised person.

Bailiff Involvement: To seize property prior to the court involvement, one normally receives two notices of intention to recover monies owed. Act asap, once again - discuss your problem with the institution and the Clerk of Courts re monies owed and seek to work out an arrangement to pay off the debt. Don't wait for the dreaded knock on the door to receive a summons or re-possession order.

Probate and Estate Matters: These are usually very complex and traumatic. Seek advice from either a solicitor, Public Trustee or the Citizens Advice Bureau. The application for a Grant of Probate must be lodged with the Supreme Court.

Superannuation: If you are semi retired, retired or facing hardship, seek help/advice from your Fund manager. Centrelink/proof of income plus proof of invoices etc (witnessed by a qualified person) must support application.

Firearms—Curio License—Police: Purchase and transfer applications need to be processed through the internet (on-line), Post Office and Police Permits etc. Both police officers, Darrell and Kerry and Post Office are very helpful. Many thanks.

Tax Returns: for retirees and other pensioners who fall into the tax bracket, seek and provide a statement of income from Centerlink and phone the Australian Tax Office as soon as possible.

Revenue Department: Summons to

recover money. Please take matter seriously asap and declare your intention. Swear an affidavit if necessary before a JP or other qualified person.

Nursing Homes: Aged care. Once a choice is made, (1) Seek financial assessment from Centrelink and a medical team. (2) You can request the CEO of the home to stay one day to get an idea of conditions. (3) You can also request to stay for a further four weeks to enable you to sell unwanted goods or other moving arrangements. (4) take witnesses and/or other family members at all times before you talk to nursing home management or sign any legal documents. Ask questions from both Centrelink and the CEO or Manager. Seek legal advice when in doubt.

Defamation/Slander Malicious Gossip: These matters and law are very complex and arduous. The information is basic I am led to believe where there is proven evidence in the form of a witness and on supporting written slanderous material being distributed; this behaviour attracts huge sums of monies (when proven) for legal costs and also when proven, the damages are also hefty and it is not uncommon where parties have had to sell properties to meet damages, court and legal costs. Be very mindful of these outcomes. Always seek legal advice as to your rights and responsibilities. This is very serious business.

Dentist/Dental Clinic: During my time on Council, I have had many talks with our Beverley Shire. The Shire is willing to do its bit i.e. be supportive of this project; but more must be done by both State and Federal Governments. For some years now I have written to both State and Federal Health Ministers and Judi Moylan (MP). I have received many two page replies and matters are still dormant. The York dentist has closed his doors, the nearest dentist who works in with government subsidies are in Northam. For urgent dental problems, see your GP first and get a referral to the Dentist.

Asbestosis (Plural Plaque Disease): There is a case in Beverley that has been going on for some twenty plus years and no final outcome; to short circuit the process I am now requesting Mr Grylls MP for ex gratia

payments. This has also become a slow process, as it involves the Attorney General's Office and other lawyers who follow the due process in law.

Christmas Hampers 2011: For some sixteen years, Share and Care at Northam have been assisting the not so fortunate in our community at the festive season. We thank Carol, their CEO and their helpful staff for the kind gesture and support for Beverley.

The criteria for assistance is as follows:

1. Must be a Centrelink recipient and Number
2. Resident of Beverley
3. Full names of parents/guardians
4. Full names of children and their individual ages
5. All submissions must be in to BCS by 15 November. Please phone Sylvia Seddon our Hon. Secretary for further info on 9646 1072.

Festive Greetings: by this publication we wish all the Beverley residents the very best for Christmas and 2012. As a former councillor, my wishes also go out to our Shire President and all councillors and of course our Acting CEO, Steve Gollan our well received and most helpful officer, who is seen by many and in all quarters as a 'Good Bloke'. It goes without saying that our most courteous and helpful indoor staff and our hard working outdoor staff need to be complimented. A final thanks and compliments of the season to Karina our most efficient publisher for a job well done.

Note: BCS offers all information in good faith. We however take no responsibility for the information. When in doubt, please contact a professional in the relative field. We do not offer legal advice. All suggestions are exactly that.

Careers and Opportunities Roadshow

The first Careers and Opportunities Roadshow event was held in York on the 6th of October as part of National Careers Week. Youth Connections, in partnership with the Construction Training Fund, trialled the career development event aimed at providing youth and parents and families with first hand industry information on skills in demand, to help plan career pathways in a casual and relaxed environment.

The Roadshow brought together organisations including the Construction Training Fund, Youth Connections, Directions, Workforce Development Centre, CY O'Connor Institute, Max Employment, Representative from the local Health Industry and Nyaarla Projects - an Aboriginal focused organisation. The School Business Community Partnership Broker for the region, Trevor Saunders, worked with Youth Connections and the Construction Training Fund on the partnership and sourced the Careers Bus to provide computer aided career guidance and a Careers Counsellor.

Chloe, a local of York, said "the computer program was really great and helped me work out what I really want to do". Further discussion with Youth Connections Manager, Denese Smythe, clarified that she was able to study online - which initially she thought she couldn't.

The Careers and Opportunities Roadshow plans to visit Wheatbelt communities in 2012, including Mining, Health, Automotive and Construction industries as major partners. Wheatbelt schools and industries who wish to be involved should contact Denese Smythe on 0428 372 179 or email denese.smythe@rdawheatbelt.com.au Youth Connections is funded by Department of Education, Employment and Workplace Relations.

Family Hairdressing at reasonable prices

Christmas appointments are going fast.
If you need a booking be quick
as places are limited.

At Secrets...Tis the season to be jolly.....Our Christmas Elves are

very busy with preparations for the Festive Season.

Our beautiful decorations are out and new stock is arriving regularly.

We are making up our hampers again to your suggested value and will also have hampers readymade for you to choose.

We also offer our free gift wrapping service.

Our cool cotton and straw summer hats are on their way with new and interesting designs. Diggeridoona has added some new pieces to their range of wool and oilskin products. Excellent items to consider for those tricky to buy for men in your life.

Gift vouchers are always a greatly received gift

for those tricky to buy for ladies in your life.

You can't go wrong fella's. Let the girls choose what they want and you set the budget.

Can we make it any easier for you? Any suggestions would be considered!!!

We cater for all ages and genders and gifts for hard to buy for people are our specialty.
If you have a specific request we will do our very best to source your needs.

**We welcome browsing even if you go elsewhere
for your hairdressing needs.**

**CRANA ABORIGINAL
CORPORATION INC.**

UPDATE

Reserve: From current experience it is getting more and more difficult to conform with criteria and guidelines in seeking funding for this project. Crana in the last 23 years, since its foundation, has not received one cent or any money for the Reserve or the wellbeing of its members, or any financial support towards their day to day running costs.

Plans have been received to construct the building in kit form. Planning applications have also been received and will be submitted to the Shire, which have to conform

with Local Government by-laws.

Once the Crana building is sold, then site and construction work will proceed once approval has been granted by the local Shire.

When we seek funding for this project for building and costs etc, Crana intends to match it dollar for dollar and Crana will be offering labour to construct/erect the kit home, under the supervision of a builder.

Crana as an organisation: The following information should be placed on record:

The Westpac Bank building was sold to Crana in around 1994. The Com-

monwealth Department of Employment was using their office. Indigenous members (who were not employed) had to work 20 hours or so per week to receive Dole benefits. The work included mowing lawns, cleaning back yards, cutting and delivering wood. Some jobs were done free. Eg 4 men would work for 4 hours, rake up yards, take rubbish to the tip and charge \$40/-. Time-sheets had to be kept and sent to Northam Aboriginal Wheatbelt Development Corporation for payment. The CDEP program was closed down after a few years. During these years the Aboriginal Wheatbelt Development Corporation collected rent from CDEP and it is alleged they never paid Crana any money. Similarly in 2006 to 2009, the AWDC collected the rent from the Telecentre and once again, Crana did not receive any monies and could not make a claim or take legal action as the AWDC went into liquidation. During these later years the water and Shire rates had not been paid. Mal Roberts gave an undertaking on Crana's behalf to pay off these debts to each party on a fortnightly basis. For over 3 years we have made regular payments to both Shire and Water Corporation and have earned a good credit rating with them.

It should be noted here, that when it comes to applying for a grant for office equipment or building construction—an indigenous organisation has to meet the same criteria like any other applicant. In spite of the fact that Crana is a charitable entity, neither have they collected or received any donations. In this context they have been self sufficient.

Beverley Historical Society News

The October meeting of the Beverley Historical Society included the annual general meeting which was held on Monday 10 October with eight members present and seven apologies.

The President and Treasurer presented their reports with a rundown of the year's highlights and events. The election of new office bearers then took place as follows:

President	Bob Hall
Vice-President	Maree Hutchinson
Secretary	Morag Whitney
Treasurer	Erica Murray
Research Officers	Peg Kempton, Maree Hutchinson with help from all members.

The general meeting followed the AGM. The Beverley Historical Society has received a DVD from the Beverley Art Gallery Society of the Gala Opening of the Platform Theatre to put in our collection of the town's historical memorabilia.

A tour bus by Elite Tours visited the town on Wednesday the 26 October with 28 senior citizens from Perth. All seemed to enjoy their visit.

On 25 November the Museum is expecting a visit from the Beverley District High School Year Two class, continuing the tradition which many children in past years have experienced. Thank you to the school for keeping our town's history alive in the minds of our youth.

Donations to the museum for October included:

A large silver cup with the inscription *Beverley Cycle Club 40 Miles Senior 1949*; a membership badge from Beverley Cycle Club; four medical items from the past: a Vulcanate and glass syringe, a glycerine syringe, a nasal douche and a *Double Arrow* Cutthroat razor.

The next meeting of the Society will be held on Monday 21 November (Postponed one week) at 1.30 pm at the Dead Finish Museum. New members always welcome.

For enquiries: Morag Whitney – 9646 1541.

GROW TO YOUR FULL POTENTIAL.

CSBP has been providing quality fertiliser to WA farmers for over 100 years. By talking to people like yourself about their particular needs, we're constantly improving our products, services and technologies so you can reap the best results: minimum risk with maximum profit.

We have simple, straightforward market offers with flexibility to suit your farm.

To discuss the best solution for your land, contact your local CSBP area manager.

CLYDESDALE UPDATE

Robbie and Comet are looking very fat at the moment, and are still enjoying a lot of good feed. The farrier has visited and Emily Lucas was available to manage the horses while Alex McGuire trimmed their feet.

For the rest the horses have enjoyed the "adoration" of the visiting public over the school holidays.

VOLUNTEER HOURS

We continue to enjoy the support of some amazing volunteers. Thanks especially to the following;

- Harold Anderson, Frank McDonald, Ray Walters - who have spent many hours recording details of some of the items selected by the consultant Cathy Day to include in her Significance Assessment Report for the Avondale collection. Cathy acknowledges the expertise within our volunteer team to help get a good understanding of the collection.
- Richard Boladeras who has spent a day assisting with getting the electric fencing in order to keep the horses safe. A very big job, with its frustrating moments!
- Paul MacTaggart who spent some time trying to get some sheaves cut with the 1945 Sunshine binder being drawn by the MF35 tractor.

AVONDALE RESERVE

Wheatbelt NRM and Greening Australia have agreed to work with Avondale to improve the management of the nationally significant reserve. 120acres in the North corner of the Avondale property. We have commenced weed mapping and a movement activated camera has been set up to see what is moving about in the reserve. More information will follow.

OPENING

During the October school holidays Avondale hosted lots of visitors, including family groups, overseas visitors, locals giving their children a run, and pre-arranged group bookings. Many thanks to John Pratt for

opening the venue on weekends for the community, and David Denham and Alan Windsor for providing a wonderful collection of animals for the children to interact with.

SHIRE OF BEVERLEY

We would like to make special mention of the assistance we receive from the Shire workers. The venue has been maintained in very good condition (helped by the rain) because the Shire workers have done regular working visits. Many thanks to all those concerned.

BEVERLEY HARVEST FESTIVAL

Plans are well underway for the Beverley Harvest Festival, Sunday 20 November 2011. There are lots of ways locals can contribute, and we would encourage you to do so.

Saturday 5 Nov commencing at 1pm is a busybee to get things ready. There are all sorts of tasks including machinery, garden, cleaning homestead, and preparing signs, etc.

Otherwise, we are still looking for volunteers on the day.

Most important of all we would love to see lots of locals at this major community event. Get a group of family and friends together and come out for the day. If you don't drive we have arranged a bus to transport people from Beverley to the venue and return at pre-arranged times. Please ring to confirm times.

Entry to the Beverley Harvest Festival is \$10 per adult, \$5 concession and children under 12 are free.

WONDERS OF BEVERLEY BOOKLET

Many thanks to the businesses of Beverley for your fantastic support of the "Wonders of Beverley" booklet, which is due for distribution in the next few days. Karen Baigent and Karina Leonhardt have worked very hard to create an interesting informative booklet that we hope has a long shelf life for the consumers. The vouchers in the booklet are valid until 28/2/2012, but the booklet itself has information that can be referred to throughout the year. A huge thank you to Karen and Karina and the Beverley businesses.

**NOW THAT YOU HAVE
PAID YOUR
RATES FOR 2011/12**

**Why not join the Shire of Beverley's
PRE PAY PLAN for 2012/13
and ease the strain for next year?**

Alternatively, you can speak to the Child Health or School Health Nurse, or your GP, to discuss your concerns and to determine the most appropriate referral.

Avon & Central Primary Health – Promoting Healthy Lifestyles

Footy may be over for another year, but there's still been plenty happening around the place, with footy trips, 21sts and bucks parties dominating the social scene, as well as a weekend's work of fencing, and of course the search for a new League Coach is well and truly underway.

We still have one very important event to come before the year is out, with our New Year's Eve Mid Summer Mask Party shaping up as one of the biggest nights to hit Beverley in many moons!!! Details of the event are circulating by e-mail and in local businesses around the town, so get in quick and grab yourself a ticket from the Hotel Beverley or any one of our committee members.

Nineteen members were present for the Beverley Football Club's 2011 Annual General Meeting, which was held at the Hotel Beverley on Friday the 21st October. This year we recorded a minor deficit, however this was a marked improvement on last year and given the circumstances of the antiquated facilities we had to work with this season it is a pleasing result. There were very few changes to the committee and we are pleased to announce Steven Minchin was re-elected as President for a second term. We also welcome Darrell Hagan to the committee and look forward to his contribution.

On a sad note, the Beverley Football Club would like to extend our deepest sympathy to Steven & Sera, Brendan, Scott and Jarrad Minchin on the passing of Sera's mother Maria Agostini on Friday the 23rd of September.

- The Beverley Football Club invites applications for the positions of League and Reserves Coach for the 2012 season. Please apply in writing to:

**The President
Beverley Football Club
PO Box 10
BEVERLEY WA 6304**

- The Beverley Football Club requires the services of an enthusiastic team of ladies to manage and facilitate the operation of our kiosk for our seven home games in season 2012. The Ladies Committee acts as one of our Club's strongest resources and it is our wish with your valued assistance that this continues to be successful. Please contact President Steven Minchin on 9641 6060.
- The Beverley Football Club invites applications for the position of Reserves Umpire for the 2012 season.
 - Umpires Accreditation Course will be provided;
 - Remuneration package provided; and
 - Required for just seven home games.

Please contact President Steven Minchin on 9641 6060.

Congratulations to:

- 2011 Beverley Football Club League Fairest & Best Player—Kane Bebbington, winner of the Springdell Medal - 118 votes, 14 games *Donated by Jack & Mary Thomas*

WIMBLEDON THEME OPENING DAY - Held Sunday 16th October

Our Patron **Wayne Smith** who opened the season with a spectacular serve.

Fleta Redding as Chris Evert....the similarities are startling.

It was only fitting that Her Majesty the Queen arrived in Australia on the same week as Beverley Lawn Tennis Club held our Wimbledon themed Opening Day. Even Her Maj would have been impressed with the display of skill and ability shown by the refined sportspeople of Beverley. The lunch was truly fit for a Queen and was thoroughly enjoyed by all. Thank-You to all who organised and attended this most hallowed sporting event.

Beverley Bowling Club

The Bowling Club 2011/2012 Season opened on the 2nd of October when 25 players arrived to play a mixed competition. The first bowl was delivered by our newest Life Member - Glenys Hastings, who showed her skill by having a "toucher".

The first game was played with the occasional thunder rumble and a few spits of rain, but halfway through the second game, the heavens opened dropping approximately 20mm of rain, calling an end to the day's play. Two teams had 2 wins, and the winning side decided by shots up were Kim Moulton, Ron Napier and Glenys Hastings, with the Runners-up being Greg Barrett-Lennard, Brad Copping and Glenys Collins.

On the weekend of the 8th and 9th the Consistency Singles were played for the Beverley Electrical Trophies. The winner of the Major was Greg Barrett-Lennard from Geoff Bremner, and in the Plate Section - Reg Behn defeated Eric Overington.

The AVBL Pennant Season started on the 16th of October with both teams playing Toodyay on a very warm day, in gusty windy conditions. 1st Division "Blue" went down 2-6, playing at Toodyay, while 2nd Division "White" had a convincing win of 7-1 for a great start to the season. The 2nd Pennant saw Beverley playing Goomalling, and both teams had 7 -1 victories.

The Ladies Season opened on the 5th of October with a 2x4x2 Pairs competition. The winning pair were Glenys Hastings and Jane Murray with Marg Peck and new recruit Chrissy Sazanov the runners up.

On the 12th the ladies played Triples and the winners on Shots up were the "Young Ones" Jane, Lyn and Chrissy from the "Old Girls" Marg, Lesley and Dawn.

The AVBL Ladies Pennant Season Opened on the 18th and our team travelled to play Northam Red, but heavy rain saw the greens unplayable, so both teams had to be content with 2 points each. The competition at home on the 19th saw Jane and Lesley the winners of the day.

The Beverley Gala Day was held on Sunday the 23rd in cool conditions and although rain threatened

all day it only marred the last 15 minutes of the day, when play was suspended. The results for the day were:-

Winners- York 1- M.Watts, M. Fleay, J.Screigh & R. Parker.
Runners-up- Quairading 1 - J.Smith, L.Anderson, J.Clemens & J.Maddaford.
3rd Place - Cunderdin - M.Heyes, V.Quinn, J.Harvey & S.Crameri.
AM Round - Toodyay - K.Rewell, K. Adams, L.Musielak & D. Langkeek.
PM Round - Quairading 2 - C.Burgess, G.Germaine, I. Osborne & S. Stone.

Many thanks to all our sponsors for their support, the lady members for all the delicious catering, and especially Geoff Rayner and the greens' men for having the greens in such great condition so early in the season, with the rains we have had.

DRUG & ALCOHOL COUNSELLING

The Wheatbelt Community Drug Service Team will be visiting Beverley Hospital fortnightly.

Nine Dragon[®] MARTIAL ARTS ACADEMY

Oscar going for a Rear Naked Choke

A number of Karate students from the recently established Nine Dragon Martial Arts Academy Beverley were successful when the Beverley based club held its first grading over two days. The day started off at 9am Thursday the 13th and concluded on Friday the 14th of October at approximately 3:00 pm. The two day assessments were conducted under the watchful eye of Chief Instructor Michael MARTINO 6th Degree Black Belt and was attended by other members of the Perth club with club apprentice instructors Laura Pracillio and Shirley Ahchak.

The session consisted of an in depth assessment of basics, and the dynamics of stances and movement, basic hip throws and takedowns. A number of students namely Luke Del Borrello, Alyssa Moulton, Matthew Blechynden, Jamison Ugle and Eirene Ballesteros were awarded double grade distinctions for their efforts with Mitchell Murray and his brother "Mean" Dean Murray taking out instructors awards for the commitment and enthusiasm to their theory knowledge.

Alyssa sending Luke to the canvas

Jamison's Roundhouse Kick

Chief Instructor Michael MARTINO stated "we've had a very good year this year with students", in July we took a squad of seven members to Darwin from our Perth club to the Australian Brazilian Jiu Jitsu Championships and brought back seven medals, two Australian Champions, four silver medals and a bronze. We picked up gold silver and bronze in the state titles. The way that the Beverley students are performing, I expect big things for them in the next twelve months.

More recently we have had four of the students' mums join our club and all are enjoying this new challenge, with lots of laughs of course.

If there are any adults or children who would be interested in joining our club please come down to the Town Hall on a Friday to watch or even better join in for a lesson. Our classes run from 3.45pm until 6.15pm and an adults class will be offered if there is ample interest within our community.

Jarrod receiving his Yellow Belt

For those people interested in becoming involved with the Beverley Karate Club contact Sam Fricker at email sfricker1@bigpond.com or 9646 0424.

Proud new Yellow Belts

Presentation Day

Chinese Lions

BEVERLEY CLAY TARGET CLUB

Shoot held on 2 October 2011
was won by Peter Maley.
Second was Eddie Powell.

The next shoot will be held on
13 November at 1.30 pm. Also
the AGM.

Come along and have a go.

DALE RIVER TENNIS CLUB

It is time to dust off your racquet, remove the
spiders from your shoes and head to the Dale River
Tennis Club on

Sunday 6th November 2011

for the Open Day and Sausage Sizzle.

Tennis starts at 3pm followed by the Sausage Sizzle around 5pm.
\$5 per head. Please bring a salad and/or sweet.

It is a very friendly, low key club so even if you haven't played for a long time, if
much at all, you are welcome to come along and try your hand at tennis. Even if
you don't play tennis you are still very welcome to come along for the social
functions. An ideal opportunity for recent arrivals into the Dale district to meet and
make new friends. We have two brand new asphalt courts, a great asset to this
important local facility which has
provided sporting and social opportunities since 1951.

All welcome. Enquiries to Wendy Weaver 9647 1101
