## Official Opening of the Beverley Function and Recreation Centre

Thank you to everyone who attended the Official Opening of the Beverley Function and Recreation Centre. The Shire has received many positive comments about the building and surrounds, which is something for everyone in Beverley to be proud of. Thanks also to the Beverley Netball Juniors for the enthusiastic exhibition matches which were played in great spirit; the Beverley Amateur Swimming Club for the delightful spread of afternoon tea; and Beverley Football Club for manning the bar.

## President Report May 2014

### Recreation and Function Centre Opening

The formalities are completed! Thankyou to community members who shared in this important occasion, including the junior netballers in their fantastic new uniforms who undertook demonstration matches to christen the courts.

The Hon. Tuck Waldron officially opened the Beverley Function and Recreation Centre and the Hon. Paul Brown MLC officiated the opening of the playground and netball courts. Along with community our guests also included the Hon. Darren West MLC, President's and CEO's from surrounding Shires and Jenifer Collins, Manager Wheatbelt Sport and Recreation, who were impressed with what has been achieved and the flexibility in how the building has already been used.

### Mainstreet SA conference

A recent one day conference in South Australia was attended by the Shire President, CEO and Shire Planner to seek information and gain ideas around progressing possible redevelopment of the Vincent St mainstreet precinct. An overarching and integrated strategic approach needs to be developed which strengthens sense of place, includes economic benefit, tourism linkages, social and cultural benefit and consideration of other proposals such as the Trails Masterplan, existing Streetscape Plan and UWA Students projects etc. Whilst potentially a long term project ... "watch this space"!

### Town Street Water Harvesting

A meeting has been held to discuss the possibility of Town Street Water Harvesting. It was proposed that a Community Committee investigate development of a Plan for presentation to Council. Projects such as this have been undertaken in other Wheatbelt towns to

supplement water supply for parks and gardens, and whilst funding is not currently available for implementation, planning in the first instance is required so a project can be ready for future funding streams. Enquiries:- Jethro Sler and Harvey Morrell.

### Rural and Regional Heritage

The Shire continues to lobby in raising awareness of the issue of Rural and Regional Heritage and the additional cost to Local Government for managing and maintaining Heritage assets, particularly that which has State significance and for which there is no specific funding to assist Councils in undertaking this important task.

The Shire agreed to become responsible for the impressive collection of historical agricultural machinery in the museum at Avondale to ensure it remained intact and was not disbursed in the transition of the property from the Department of Agriculture to the National Trust in 2009. Since that time both the National Trust and Shire have had difficulty in attracting any significant funding for the property and museum to rectify years of inadequate asset management prior to that changeover.

The Museum Collection was established as part of the 1979 sesquicentenary anniversary of European settlement in Western Australia in recognition of Agriculture's importance to development of the State.

### Roundabout and Christmas Decorations Feedback Welcomed

As mentioned in the April Blarney Council is interested in your thoughts and comments around the possibility

of a round-a-bout in front of the town hall and also a proposal that daytime Christmas decorations not be replaced however there be a focus on more Christmas lighting. Thankyou for feedback provided to date.

### Wheatbelt Railway Retention Alliance

The Shire of Beverley is a member of the Wheatbelt Railway Retention Alliance and is represented at meetings by Cr Alexander. The Alliance seeks to support the Agricultural industry and Wheatbelt communities by keeping grain on rail.

### Beverley Bowling Club Centenary

Congratulations to the Committee and Members of the Beverley Bowling Club for the "Back to the Club" reunion, collection of information and work undertaken to celebrate the Clubs' centenary year. The memorabilia is well worth a look, particularly the Beverley Times collation from over the decades.

### Easter in Beverley

Beverley was abuzz, what an amazing weekend. There were some marked achievements with 250 entrants at the 81<sup>st</sup> Annual Easter Tennis tournament and various groups linking in with the National Trusts' "Journeys" themed Heritage Festival, including the 46<sup>th</sup> Annual Art Purchase Exhibition, historic displays at the Dead Finish Museum and public access to Avondale. Thankyou to everyone who participated in any way over the weekend, continuing to make our town so welcoming.

## SHIRE OF BEVERLEY NEWS

The Shire of Beverley would like to thank community members who attended the UWA book launch of 'We Love Beverley' which is a summary of the students work following their final year portfolios undertaken in Beverley. The book has been nominated by the students for an Australian Institute of Landscape Architects (WA Chapter) Award and we wish them well with the nomination.

The Shire would also like to make special mention of the following individuals and groups who gave up their time and shared their local knowledge with the students: Fred Bremner, Phyllis Facey - Naturalists Club; Jenny Broun and Kathryn McLean - Beverley Station Arts; Bob Hall, Morag Whitney and Peg Kempton - Historical Society; Michael Sofoulis; Malcolm Roberts, Mitch Henry, Jessie Ugle and Marg Mourach - CRANA; Oral McGuire; Beverley Men's Shed; Nooky Ridgway; Dina Barrett-Lennard - Avondale; Annie Woods - CRC; and Beverley Society.

Thank you to all the community clubs and groups who provided "Beverley items and history" for Susan's etching project. There are etched cubes available to view on the front counter. A limited number of books are available to purchase for \$20 from the Shire or a copy may be borrowed from the Library.

### REVIEW OF WARDS AND REPRESENTATION

The Shire of Beverley is conducting a review into it's wards and representation and invites public participation in the review.

Ward boundaries and the number of councillors for each will be reviewed against the following factors:

- Community of interest
- Physical and topographic features
- Demographic trends
- Economic factors
- Ratio of councillors to electors in the various wards

For further information or a copy of an information sheet, please contact Mr Stephen Gollan.

Public submissions are invited and must be submitted to the Shire of Beverley by **4.00pm on Friday 30 May 2014** and be directed to;

Mr Stephen Gollan  
 Chief Executive Officer  
 136 Vincent Street, PO Box 20, BEVERLEY WA 6304

 E: admin@beverley.wa.gov.au

The Shire of Beverley recently held a meeting with representatives from the WA Country Health Service (WACHS) to discuss services provided at the Beverley Hospital and the future of the Beverley Hospital.

**Outcomes:**

- The purpose of the Beverley Hospital is to keep a patient safe and provide the best possible service.
- Individual Doctors are required to sign a Medical Service Agreement with the West Australian Country Health Service (WACHS) to attend to emergency and admitted patients at the hospital. This agreement makes sure that patient safety standards are in place.
- Dr Remi Adeyabo and Dr Nora Kalibbala have an agreement with the Beverley Hospital. If the local doctors are unavailable or unable to attend Electronic Telehealth Services (ETS) will be utilised either from the Perth office or Northam Emergency Department.
- ETS Northam, are available on weekdays 8am and 5pm and from 11pm to 8am every night of the week.
- ETS services from the Perth centre are available each weekday evening from 5pm to 11pm. On Friday's and weekends this service provides cover from 8am to 11pm. The medical officers who work in these centres are very experienced emergency doctors.
- When you present at the Beverley Emergency Department you will be assessed by a qualified Registered Nurse. This Registered Nurse is competent in Emergency Triage and will consult with a medical officer to determine the treatment needed for the patient.
- The ETS medical officers cannot admit a patient into the hospital without a local Doctor being present in the town. If it is determined a patient requires hospital admission and a Doctor is not available, the patient will need to be transferred to another facility.
- A patient is unable to remain in the hospital over the weekend unless there is a Doctor in town, or the Regional Medical Director and Health Services manager are in agreeance the patient can safely remain and there is an appropriate medical care plan for the patient.
- St John Ambulance called within the Beverley Shire, will in the majority of cases, first go to the Beverley Hospital. A patient will be assessed and then if required, transferred on to another hospital.
- Due to a number of incidents and concerns within the local community, investigation has been underway regarding the reopening of the morgue or a similar facility. A Body Holding Facility (BHF - formerly known as the morgue) is due to be re-opened. WACHS is undertaking some work prior to this occurring and the Shire is also assisting to provide safe access to the facility.
- The responsibility for maintaining the function and security of the BHF will remain with WACHS.
- The Beverley Hospital is to undergo a significant upgrade to become compliant with today's building regulations and standards and to improve the emergency and clinical care of patients.
- When the planning is completed to the 50% of the entire design there will be an opportunity available for the community to have input and make comments.
- The new design will allow the Beverley Hospital to become more functional and will have two critical care beds and better consultation rooms for Allied Health.
- WACHS and the Shire of Beverley propose to hold a Health and Hospital Community Information Forum later in the year.

# FARMERS IN CONJUNCTION WITH WREN OIL AND THE SHIRE OF BEVERLEY USED OIL CAN BE COLLECTED

Australian farmers are well recognised as environmental stewards, owning, managing and caring for 61% of our countries land mass.

Wren Oil has been delivering waste oil re-refining and hydrocarbon waste management disposal solutions to agriculture, industry, mining and local communities for over 30 years.

A recent survey has identified there are in excess of 12,000 farms in WA.

It is estimated from the above statistics that some 5 million litres of waste oil is produced by farms annually. The contaminants in this waste oil include - lead, cadmium, chromium, arsenic, dioxins, benzene and polycyclic aromatics.

The real risk for farmers is contamination of the ground water supply by the incorrect or long term storage of waste oil on rural properties. Leaking containers and incorrectly disposed used oil can cause severe damage to valuable water supplies in rural areas.

Wren Oil can provide farmers with suitable collection pods, assisting farmers to meet their own environmental obligations. The amount of oil currently being collected from rural areas is not reflective of the amount sold into these areas by oil companies and the service industry.

Wren Oil is prepared to work with Farmers and Local Government and other sections of the local communities to develop a sound and ongoing method to deal with this issue.

The collection of used oil, which is a simple logistic issue in our cities, is more difficult for our regional centres and communities. You can play your part by enquiring with your local government authority about how you can dispose of your used oil correctly.

The more oil collected from one site lowers the cost of collection and so a co-ordinated program involving farmers, Local Government and Wren Oil could have great financial benefits to all involved as well as improving environmental outcomes.

Under the "Product Stewardship for Oil Program", the Australian Government provides industry incentives to increase the recycling of used motor oil. More information relating to this program can be found at [www.oilrecycling.gov.au/what-happens](http://www.oilrecycling.gov.au/what-happens)

## COLLECTION OF USED OIL FROM FARMS PROJECT OBJECTIVES

The objective of this project is to identify and collect used oil from farms in WA.

While the ability to collect this oil has always been there, locating and identifying the amount has not, resulting in many litres of oil being held or disposed of on farms, and that oil is a direct threat to the environment.

By establishing a simple recording method through local shire councils it is hoped a large amount of this oil can be recovered and treated properly.

**IT IS ENVISAGED THAT MOST OF THIS RECOVERY CAN BE DONE FREE OF CHARGE AND THE ROLE OF THE SHIRES WOULD BE MINIMAL.**

**For further information on how you can take up this offer of disposing of your used oil, please contact Valery at the Shire on 08 9646 1200.**

**PLEASE NOTE THIS FREE SERVICE WILL ONLY APPLY TO FARMING PROPERTIES FOR ENVIRONMENTAL REASONS, ALL OTHER BUSINESSES ARE SERVICED THROUGH OUR NORMAL PROCEDURES.**

## THE BLUE LINE

Beverley Police Station  
57 Hunt Road, Beverley WA 6304

**Hello Everyone,**

What a great Easter. The town looked superb over the weekend, it was bustling and felt vibrant. Some seriously good artists displayed their work in the halls, some seriously good tennis players displayed their skills and I'm happy to report that despite the vast numbers of people in town we had no serious incidents to attend. A big thanks to everyone for showing our town off in the best possible light!

OK, first things first, let me confirm something I know a few of you have been asking me about, my offsider, the quiet lad from Bury is leaving us. Ian has come to the end of his tenure here in Beverley and is moving onto pastures new. I'd like to thank Ian for his support whilst I settled in to my new job and the continued help and assistance he's given to the community of Beverley in what has often been trying times. I know I'm not alone in saying this but I'd like to wish him and Annette all the very best for the future and I know he won't be a stranger as he's promised to visit us regularly. You'll know when he's coming to town, I'll be away on leave! Only joking, thanks for all your help mate. So, the search for a replacement begins. I'm thinking an X Factor style competition..... ;-)

Everyone will no doubt be aware regarding the incident at the pharmacy recently. I can't go into too much detail as that matter is now going through the judicial process but I'd like to give my wholehearted thanks to the many members of the community who helped and assisted us in various ways during what was a very serious incident. The help and involvement of everyone meant that we could get on with our jobs whilst not having to worry about other things. The cream always rises to the top and that was truly evident that day. Thanks, it was much appreciated!

Since the last Blarney we have commenced a new rostering trial with our friends and colleagues from York. This has been in the planning stage for a while now but by the time this edition of the Blarney hits the shelves we will have completed a full roster cycle. What I can unequivocally say is that any perceived thoughts and concerns that Beverley will be the poor relation in this trial can be totally discounted. The way we are working it means that both towns actually get MORE coverage than previously. It's not a case of York covering York and Beverley covering Beverley and only visiting each other as and when the need arises, we are now truly working together for the benefit of both communities. It's also freeing me up a bit more meaning I can spend more time answering queries in the office and wandering around town addressing local concerns first hand. That doesn't mean I'll never be patrolling, far from it, I'll still be out there! Obviously I'll keep you up to date with how we're travelling but trust me, thus far, it's working well (but giving the poor Sergeant a headache when compiling the rosters!).

For those of you who are already subscribing to ewatch, please keep spreading the word. Just click on this link or paste it into your browser and you'll be there: - <http://ewatch.com.au/join>

So that's almost it for another month. The garden is a work in progress, the wheelbarrow isn't a heritage listed item, yet (best laugh I've had for a while, thanks Gav!) and thanks everyone who set fire to their fields for educating me to not put the washing on the outside dryer during burning season!

Take care everyone and stay safe,

The 2 Ians.

### **Station Gallery**

Currently on display at the gallery is the 'Journey' exhibition which was installed to coincide with the National Trust's Heritage Festival and denotes paintings of travel and local scenes from the shire collection plus a reproduction print on canvas of a steam train in Beverley painted around 1970 by Allon Cook who judged the very first Beverley Art Purchase Exhibition and whose works hang amongst our Sir Claude Hotchin Collection. The actual painting is housed in New Zealand and by courtesy of Phillip Cook (Allon's son) we were able to obtain the image and have it printed.

### ***Platform Markets***

The Platform Markets on Easter Saturday was a sight to behold with frenzied activity amid cleverly painted children's faces, our local buskers and one from further afield, the twenty three stalls and ladies from the Bowling Club busily serving Devonshire teas. The success of this year's station market was largely due to Sandy Shaw and Steve Ramm who coordinated the stall applications and following correspondence. The resultant success of the day was proof of their thorough organisation. Thank you both.

### ***Artist-in-Residence***

It was great to see so many travel from Beverley to the Kidogo Gallery in Fremantle for Gabby Laurant's photographic exhibition to view her interesting take on family history which led her to trail the fascinating local lore of the murder at Mead's Rock in the late 1800s. She intends to show the work back in London alongside a quilt made by the Beverley Patchworkers and Quilters and a local painting depicting the mystery rock. Most of April has seen the return of Janet Pfeiffer to the residence and we thank her profusely for manning the gallery during the hectic days of Easter. We await Janet's interplay workshop for children and her encaustic painting class with anticipation.

Lisa Riley arrives in May without unfortunately ceramicist Graeme Burge as formally arranged, but we look forward to Lisa's oil paintings and possible workshop. Keep an eye on the Beverley Bulletin for details or contact Marylou.

### **Artists in Residence programme for the remainder 2013 and 2014:**

May - Lisa Reilly - artist (Perth)

June - Jessica Ipkendanze - artist (Perth)

July - Marlish Glorie - writer (Perth)

September - Dave & Sandra Conlin - watercolourist, and James Larkins - printmaker (Perth)

October - Mervyn Beamish - artist (Perth)

As can be seen August and the end of the year hasn't been booked as yet. If anyone one knows of an artist (visual, performing, writer, musician) who would like to experience a residency here please inform them of this vacancy and contact Artist in Residence Coordinator Marylou Hutchinson on 96471027 / 0427085511 or email: [hutchinson@wn.com.au](mailto:hutchinson@wn.com.au)

To become a member of Beverley Station Arts Inc (Friend of the Station) please see treasurer Pauline at the Newsagency, phone 96461042. Membership forms can also be downloaded from [www.beverleywa.com](http://www.beverleywa.com) (NB cheques to be made payable to Beverley Station Arts) and send to PO Box 112, Beverley 6304.

### ***46th Annual Easter Art Exhibition***

The Easter art show was yet another resounding success. We limited the number of paintings per artist to just two with the intent of keeping the total number of works to below 300; and 282 were displayed which made for easier hanging and an improved show overall. And of these, 45 paintings were sold which is much the same percentage as previous years. As one comment emailed to us stated "We thought the exhibition really well organized, and agree with you that it was beneficial having a more limited number of paintings on display. Having seen a few other overcrowded exhibitions over Easter, Beverley was a much more enjoyable experience

---

for the viewer".

This year's head judge Lesley Meaney was joined by Jos Gregson who exclaimed upon entering the town hall "I can immediately see this is such a well organised and very well hung exhibition!" And in an email following the judging from Lesley Meaney "Jocelyn and I are very impressed with every aspect of the organisation of the exhibition. It seems like you have considered everything. Many congratulations. I will be informing Artsource what an impressive exhibition you run."

The official wine and cheese opening attracted more than 200 people who were treated to words by Charlotte O'Shea, a professional digital and community artist who will be returning to Beverley as an artist-in-residence later this year and hopefully to the school during terms two and three in 2015.

See the separate article aside this report for the complete list of prize winners, but we must congratulate Pat Lane who was again judged best Local Artist. To add to the Shire Collection the Gallery purchased the winning oil painting "Nanna Purple - Hazel Winmar" by Graham Smith which won't be on display at the Station Gallery till it returns from touring with Art On The Move. "Blueys" painted by Kimberley Rae was the outright winner of the popular vote (public choice) award.

### Thankyou

- ✂ To all our sponsors as without you we couldn't present such substantial prizes to attract the calibre of artists we have come to expect.
- ✂ To Chris and Ruth Baker of York for framing our raffle prize, and to last year's co-winner as best local artist Pat Lane who donated her lovely oil painting (which was won by a gentleman from Kalgoorlie who was passing through Beverley).
- ✂ To all who visited the Exhibition whether buying art or merely appreciating it, you make all the hard work worthwhile.
- ✂ To the Art Gallery Committee (in particular Kathryn McLean as secretary and also Amanda McLean as treasurer) and our many helpers who so willingly set up the lights and stands, unpacked the paintings and helped with the hanging, decorated the hall with flowers, worked the sound system, man the exhibition, and then packed it all up again, THANK YOU.

### Beverley Station Singers

Some of the *Station Singers* will be singing at the Anzac Service in Beverley and others in Brookton, and then practicing for the Choir Bash at the Platform Theatre in September. Anyone interested in joining the choir contact Tracey Fleay - Mob: 0409 481 029 or E: [traceyfleay@hotmail.com](mailto:traceyfleay@hotmail.com)

### Platform Theatre

It was touch and go as to whether the storms would ease, but at 5.30pm the showers stopped and the sun shone through, and so it was on a mild evening that *Harry Potter and the Total Ripoff* (produced by Bare Naked Theatre) was well received by the 130 strong audience. Our thanks to Kelly Shaw for organising rehearsals for the twenty school children who acted as part of the Hogwarts School. What an experience for them to perform on stage with professional actors! A train shunted by the station mid performance just as the cast had pre-empted, and they were most appreciative of the butter beer and wizards wand treats at the end of the show.

### **CALENDAR GIRLS**

Grab your friends for a great night out (the perfect opportunity to a girls night out!) *Calendar Girls* - writer Tim Firth's stage adaption of the based-on-fact film about women in a small town posing discreetly for a calendar to raise funds for a hospital. *Calendar Girls* has been a worldwide comedy hit since its London premiere in 2010 and became the fastest selling play in British theatre history. Produced by Jally Entertainment it is touring all states except NT and Tas. Run time 130 minutes (including interval).

Updates

Disability Pensions: as per TV and media reports.

1. It is expected - New Laws - that the family home will now be considered as part of one's assets for pension eligibility.
2. Disability pensioners will be sent to independent doctors to be reassessed as to pension eligibility. Apparently, those who fail the 20 point test, will go on to Newstart Allowance, which is around \$500 per fortnight. TV cases, televised in April 2014; Case 1. A lady who is wheelchair bound who, worked part time some 3 years ago for a short time, due to her disability was put onto the disability support pension. She is currently having cancer treatment, in spite of all this, at end March 2014, she was told by Centrelink, that she should look for a job and was put on Newstart Allowance. Case 2. A male person also on the disability support pension, who has one carbon fibre leg was told, that he is fit for work and he should try to get a job. He also put on to the Newstart Allowance. If one can take these two cases as an example, then the question is to human resources, who can qualify for a Disability Support Pension? My comments based on facts; some years ago, to qualify for a Disability Support Pension one had to seek the support of a medical team, backed up by x-rays, medical reports showing the level of incapacity to work or to carry out normal daily functions i.e. walking, dressing, sitting, bending standing and serious mobility problems plus chronic pain was a key issue.

Wait till the May budget to find out more.

Mal G Roberts.

## Urgently Needed Canteen Co-ordinator

The Beverley District High School P&C urgently requires a new canteen co-ordinator to work with our fantastic canteen manager. The main role of the canteen co-ordinator is to make sure that the helper's roster is filled each term, along with organising the canteen fundraisers which are the swimming, sports and cross country carnivals. These days are hugely supported by a wonderful band of faithful volunteers who always jump in and help out.

The co-ordinators job takes up approximately 5 hours each Term, which entails organising the roster and then attending P&C meetings.

If you are affiliated with the school and are interested in the co-ordinators position, please feel free to contact Claire on 9647 2165 or email [petey@tpg.com.au](mailto:petey@tpg.com.au) for more information.

Your assistance would be greatly appreciated!

# Beverley Garden and Tree Society

This month a group of dedicated members gathered at Hazel Croft's property "Frazel Rock" for a sumptuous morning tea and a most interesting and educational lecture on propagating. Hazel is a gifted propagator, as her shade house attests. Members were treated to a very detailed explanation of why, when and how. Then everyone had a go at doing what we had just been given information about. Largely natives were attempted but some exotics were also attempted. For those of us attending it was a most interesting day. Even with the dry times we've had and the garden looked in good heart. Thank you from all of us Hazel.

May means Mother's Day. If your Mum's a gardener think of bulbs (for pots and gardens), a fruit tree, new secateurs, mulching hay or straw or wood chips, or even a big bag of dynamic lifter. For those lucky ones with a shearing shed think of a few bags of sheep poo! No money to spare? A few hours weeding or tidying up will be really appreciated.

All winter vegies must go in now so hop to it! Cabbages, cauliflowers, brussel sprouts, leeks, beetroot, broad beans, broccoli all lettuces (sheltered, maybe in a big pot near the back door).

Some of the many flowers that may be planted now include foxgloves, alyssum, cornflowers, delphiniums, everlasting daisies, hollyhocks, nemesia (very tough) and stocks.

As the cold weather approaches think of the tender plants that may need to be moved into a sheltered position. Remember that pot plants need less water in the cold weather. Feed all plants with a high potash fertilizer to build them up for the winter.

All members and the general public are reminded of the markets to be held at Easter. Donations gratefully received.

The garden at the Dead Finish is looking as good as the weather permits and warrants a visit.

For those of you with citrus fruit think of a pot of marmalade for the SHOW. For those of you that haven't done this before ring 9646 0800 for a no fail recipe.

Next month's meeting will be on the 6<sup>th</sup> May at 10.30am at the Dead Finish. New members are most welcome.

**Beverley District High School**

Welcome to our holiday edition. Hopefully your charges are all rested and well. Towards the end of this term, staff and students alike have succumbed to the various strains of illnesses that have been floating around in the air.

**Staff Changes**

We would like to say goodbye to Peter Hall and his family as he ventures into his new role as Principal at Miling school. We wish Peter all the best and we thank him for all his work and commitment to this school.

**What has been happening in the Year 2/3 class?**

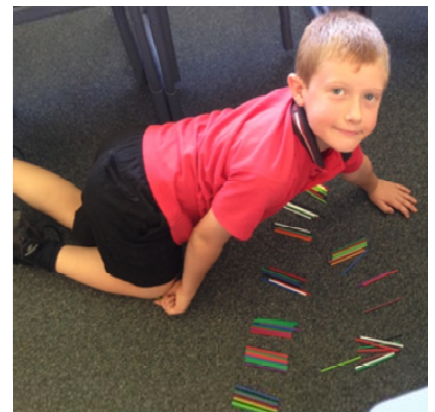

**WOW!  
WHERE HAS OUR TERM TAKEN US?**

What an awesome start to the year. We have been busy learning all about Australia, and in particular Western Australia. The year 2/3 class have enjoyed swimming lessons, sport with Mr Hall and learning about the all different places they were all born. They are all looking forward to a well-deserved rest over Easter.

Happy Holiday Everyone ☺

On 1st April, Miss Meade took us in search of the Liplaloo Bird. Unfortunately we did not have any luck finding one with our carrots. Instead we made some birds back in class.

**Practising our partitioning is fun when we get to work together!**

In maths we have been working very hard on understanding the number system. We have learnt how to partition into ones, tens and hundreds! We have become very good at adding using partitioning.

## Country Schools Tennis Academy

On Friday 4th April, Samuel McLean, Georgina Fisher, Thomas McLean and Rebecca Grover travelled to Perth to represent Beverley DHS in the Country Schools Academy Plate. Beverley came 4<sup>th</sup>, winning three out of six rounds.

After our first round bye it was non-stop tennis all day. In each round we all played a fifteen minute match of both singles and doubles. The overcast weather was ideal for tennis. The tennis was fairly even competition throughout the day with Kulin District High school winning the plate.

## CRANA Aboriginal Corporation Inc.

### Updates:

- I. ABORIGINAL RESERVE, DUFFIELD STREET, BEVERLEY: Mal Roberts met and discussed the matter of erecting a cultural centre on the reserve, with Professor Grant from UWA, who was at a function at the recreation centre at Beverley recently. The current position is Professor Grant intends to follow this matter up with both legal advice and indigenous affairs, on a one to one level and get back to me.
- II. If the reserve project does fail, I will tentatively be suggesting to the Crana committee, to consider setting up a monument, which, will both honour and recognise the past residents who did reside on the reserve. This recognition, will of course, take great care to consider to respect: country, culture and the spirit people. The final intention would be to suggest and request that the Aboriginal flag be flown on the reserve.
- III. Erecting a monument, will never the less require consent from our local Shire of Beverley, Indigenous Affairs and from the Crown (crown grant) Commonwealth Government.
- IV. Culture and identity: Respected elders see these factors as life lines to indigenous people with their relation to the land (mother earth). To support what has been said, last week on ABC national radio, one most highly respected indigenous elder from the Northern Territory, informed the listeners, about the very sad and tragic news, that 16 children took their own lives in a matter of 10 days. The children's age some being as young as ten. The elder stated, that one of the main reason for this sad loss of life is the loss of culture and identity. They also had virtually no social or family life, lack of funding, no back up or community support programmes. The TV media have been very silent on this matter, I wonder why?

# BEVERLEY PLAYGROUPS NEWS

Hi all,

We hope you all enjoyed the holidays, and had a nice and safe Easter / Anzac break.

We finished the term with a fantastic Easter party. The weather was beautiful, and we had lots of little ones attending. They all made beautiful Easter eggs? sun-catcher's and were very excited to find that Easter Bunny brought them some chocolate eggs. We had a raffle with a big Kinder Surprise as the prize, won by Laura. Thank you so much to all that contributed!

Over all Term 1 was busy, it was great to see old members coming back as well as welcoming all our new members! We wish to thank everyone that volunteered with opening, craft activities and helping with tidying and cleaning.

We have heaps up our sleeve for term 2: we have a lot of craft to do for our mural for the show, we hope to get the Boogie Roos again (yay!!!), and we will definitely have a special morning for Mother's Day. We have heard that Beverley is due for another baby boom anytime soon, so we hope to start a baby group. The group will run for 3 sessions during June / July starting at 11am until noon (so overlapping with our normal session). The idea is to get new mums to meet and be able to ask questions and share tips and ideas. We hope to have the Child Health Nurse visiting as well. After those sessions, mums will be welcome to join Playgroup if they wish.

We will hold a cake stall in May, all the funds collected (same for the ones collected with our Easter raffle) will help with organising special events / activities at low cost for our members.

We will have a stocktake soon too, as some toys and equipment need replacing / upgrading. We will go over all of them, get rid of the broken / obsolete ones and compile a definite list of what's needed. On that note we are getting new storage boxes with lids and safety locks for the cupboard doors.

Finally, we are still welcoming new members, so any parent / carer with babies or children up to 4 years old can attend at anytime and are entitled to 3 free sessions before joining.

We hope to see you there Jo

## Beverley Health Service HACC

### Day Centre Activities

The lady clients and volunteers of the Day Centre have had a busy six months finishing dolls and clothes for the Uthando Project which supports children in Kwazulu-Natal, and more recently have been knitting beanies for the homeless in Perth. We are sending our beanies to the South Perth branch of the Soroptomists International who will distribute them to those in need in June, ready for the cold winter.

On Friday 23<sup>rd</sup> of May the Beverley Health Service and the Beverley District High School will be hosting an "Australia's Biggest Morning Tea" event to raise funds for the Cancer Council of WA.

Our dedicated group of Day Centre volunteers have made an heirloom quilt which is to be raffled at the morning tea. Tickets for the raffle will be available in town for the two weeks prior to the draw. See the quilt on display in the Beverley Newsagency (thank you Pauline and Barry).

The Day Centre will also be holding a Street Stall on Friday the 16<sup>th</sup> of May with proceeds also to the Cancer Council of WA.

The Day Centre men have been enjoying our self-drive tours of the district in the HACC bus as well as lunches out and listening to local invited guests. They have also enjoyed the varied movies on offer for our monthly "movie day", including the current selection of Albert Facey's "A Fortunate Life".

Coming up is a trip to Toodyay including a picnic lunch and a visit to Avondale to meet the Clydesdales.

#### Day Centre Hours

Tuesday (Ladies) 10am – 3pm

Wednesday (Men) 10am – 3pm

All HACC clients welcome

## **PARLIAMENTARY INQUIRY - PATIENT ASSISTED TRAVEL SCHEME (PATS)**

The Standing Committee on Public Administration commenced a parliamentary inquiry into the State Government's Patient Assisted Travel Scheme (PATS) in Western Australia on February 26, 2014. PATS provides travel and accommodation subsidies to eligible rural and regional patients that have to travel long distances for specialist medical care or treatment.

This inquiry was triggered after the Parliamentary National Party raised concerns that the scheme was no longer responsive to the needs of patients required to travel for specialist medical care.

As part of the inquiry process the Committee invites members of the public to make written submissions addressing its terms of reference. The Nationals WA support the evolution of a fair, modern and equitable travel and accommodation subsidy scheme for regional and remote patients. For this reason I encourage your organisation to join individuals in making a submission to the Committee before May 16, 2014.

The terms of reference for the committee inquiry include:

- The level of funding applied to the transport and accommodation subsidies provided;
- Eligibility for PATS funding;
- The administration process; and
- Whether there is consideration of exceptional circumstances.

Written information about the form and content of submissions can be obtained from the Committee Office or viewed online at [www.parliament.wa.gov.au](http://www.parliament.wa.gov.au). Submissions should be addressed to:

Ms Lauren Mesiti  
Committee Clerk, Standing Committee on Public Administration  
Legislative Council  
Parliament House Perth WA 6000

Submissions can alternatively be faxed to 9222 7805 or emailed with an electronic signature to [lcpac@parliament.wa.gov.au](mailto:lcpac@parliament.wa.gov.au)

If you require any assistance making a submission, please do not hesitate to contact my electorate office on the details below. Any experiences or concerns held about the PATS are welcome as part of submissions.

I look forward to hearing from your organisation and keeping you informed of developments throughout the inquiry process.

Yours sincerely

By the time that this article is printed Easter will be over but at the moment the town is gearing up for probably one of the busiest times of the year.

We will have the visitors centre fully manned for the whole Easter period. A huge thank you to all of our volunteers, who are doing extra shifts to ensure these times are covered.

Visitor numbers have increased during the past month and those numbers include more people from the Eastern States. It is really heartening to hear such positive remarks from them about Beverley. One of the most often heard is about the cleanliness of the town and the way locals are so friendly towards them. Anyone who is staying on the caravan park sings it's praises loud and clear. In fact, one couple only this week reckoned it's the best ever.

On behalf of the Aeronautical Museum, two of our volunteers will be going to Merredin on Sunday 27 April to the Museums Wheatbelt Chapter, for a day to meet and exchange views with other people connected to museums. A report on that visit will be in the next Blarney.

We wish everyone a safe and Happy Easter.

Milly Molly Mandy's

Early Education and Quality Care

**MILLY MOLLY MANDY'S  
STAR DIRECTOR A FINALIST  
FOR PRESTIGIOUS AWARD!**

## **MEDIA RELEASE**

Finalists have been announced for the Australian Family Early Education and Care Awards, and the dedicated and passionate Director of Milly Molly Mandy's in Brookton has been named among them.

Miss Bobbi Wheeler has been announced as one of four WA finalists for the Director of the Year Award. These national awards publicly recognise Australia's early childhood educators and celebrates those who have made the most outstanding contributions to children, the community and to individual families. Over 1200 nominations were received.

Miss Wheeler has been at the helm of Milly Molly Mandy's since 2012 and according to the Centre Chairperson, Paula Flinn, she has transformed the centre into a thriving learning haven for the children within Brookton and surrounding towns.

"She is so passionate about the early years and giving the children in our community the very best start in their life - socially, physically, and emotionally", says Mrs Flinn. "Not only that, she is a fantastic leader. Her amazing ability to motivate and mentor her staff is obvious. She has ignited a strong passion within the educators, who are all currently training and dedicated to becoming the best they can be."

All finalists will be judged by a panel of experts who will assess them against a number of criteria. One lucky winner from each State will be flown to attend a 3-day conference and be in the running to win \$10,000 worth of professional development for their Centre.

"Whether Bobbi goes through to the next round or not, we are so proud of her and the amazing team of educators at Milly Molly Mandy's", says Paula. "Running a rural Centre we face many unique challenges, but that doesn't dampen our enthusiasm. The whole team work so hard; writing grants, planning upgrades, helping to install a new kitchen, attending committee meetings or working at busy bees...you name it, they do it!"

"And most importantly Bobbi's passion for the children is unmistakable. We feel so lucky to have someone of her calibre, passion and drive running our local Centre and supporting our children in their start to life!"

Milly Molly Mandy's has big plans for the future, including the provision of fresh homemade meals for all children in their brand new kitchen, and further improvements to their indoor and outdoor areas.

The Centre provides families with long day care, before and after school care, and vacation care for children aged 0-12 years. The educators run the nurturing Baby Steps program for babies 0-2 years, and the innovative Stepping Stones program for children aged 3-5 years. The Centre is open from 7.45am – 5.15pm, and is currently taking bookings.

## Working with Warriors Looking After Ourselves in Busy Times

Now that the Easter and ANZAC break has come and gone, we are now entering one of the extremely busy times of the year with seeding knocking at the door. One of the most important things to consider looking after, during this time, is our most valuable resource, "US"!

Because of this time pressure we can sometimes take short cuts, and if we take short cuts regarding our wellbeing it can increase our risk factors dramatically. It is a time when accidents can happen, relationships come under pressure and our physical health is ignored.

### Risk Taking!

What blokes in particular don't do well is consider the consequences of risk taking. **It won't happen to me!** Consequences are something we must live with, so in your seeding preparation limit your personal risk, and if what you're planning is an overstretch, reconsider your options.

### Wellbeing Guidelines

In addition to the usual seeding preparations perhaps we should follow the lead of other industries, such as mining and construction, where clear guidelines on safe parameters for work have been implemented.

### Some things to reflect on when considering your wellbeing include:

- **Well briefed work crew;** (often our partner and family) Keep those working with you briefed on daily activities, unfortunately with farming this doesn't happen as well as it could which often leads to unnecessary disputes and increased tension and frustration.
- **Fatigue management;** limiting your working time to no more than 14 hours in a 24 hour period. Seeding might be over a relatively short period but this work strategy should not be compromised. ***The only solution to fatigue is taking a break and SLEEPING. Getting off the tractor and doing other jobs is not good enough, you need to sleep.***
- **Factored in regular breaks;** this also reduces the impact of fatigue and increases our capacity to beat boredom, which often leads to expensive mistakes and machine damage.
- **Pre start exercises;** I would be surprised if many farmers begin a shift with some limbering up exercises. It is a known fact that this type of start to the day significantly reduces muscle injuries.
- **Suitable dietary needs;** how often are you eating and what are you snacking on? It is not just about good meals it is also about good snacks that are nutritious and correctly timed. A good meal is very beneficial at the beginning of a shift and a light meal at the end is beneficial in helping to promote good sleep.
- **Adequate sleep;** for most people this is about seven to eight hours in every twenty four hour cycle. It is not possible to reduce this and still function properly. Remember this is "sleep" not just being in bed!

Seeding is hectic, a controlled and planned approach will pay dividends.

Enjoy seeding, it is a great time. If we look after ourselves most other things will fall into place.

Cheers Owen and the Team

## Small Landholder News

With Jodie Whitfield, Manager  
Small Landholder Information Service  
Department of Agriculture and Food, Western Australia

Autumn is here and as we still wait for those rains to come, it is important to preserve your soil health, minimise erosion and meet the nutritional needs of your livestock.

It is the perfect time to be sowing new pastures or making sure your existing pastures are in great shape. A crucial step in this process is to ensure you are achieving good weed and insect control.

All weed control will require several years of repeated effort to reduce the seed bank. It is best to use several methods of control as relying solely on herbicides (especially if you are not rotating chemical groups), can result in a build-up of herbicide resistance which should be avoided.

Weeds that are common pasture pests in winter include variegated thistle, Paterson's curse and Cape tulip. For more information on declared weeds and control methods visit [agric.wa.gov.au](http://agric.wa.gov.au).

If you do have areas where there are significant bare patches in your paddocks, spreading some form of straw over the top can be an option to prevent wind and water erosion. If paddocks are bare also consider placing stock into one paddock and supplementary feeding them in a confined area.

It may be necessary to continue to supplementary feed animals for 6-8 weeks after the rains come and to keep animals in the confinement paddocks in order to allow the pasture to establish.

When re-introducing animals that have been maintained on dry supplementary feeds to green pasture, it is best to do it when their stomachs are full. Some stock may experience digestive problems, so be sure to monitor them closely.

It can take 2-3 weeks for a ruminant's stomach bacteria to adjust to green feed. Continuing to supplement their diet with hay can help with the transition from dry to green feed.

Any pregnant or lactating animals will have higher nutritional needs, so it is important they are given access to enough feed.

Dealing with any concerns you have about your property before they get too big, will keep you on track to developing the property of your dreams.

## The Words of the Preacher

“Ho! Everyone who thirsts, come to the waters; and you who have no money, come, buy and eat. Yes, come, buy wine and milk without money and without price. Why do you spend money for what is not bread, and your wages for what does not satisfy? Listen diligently to Me, and eat what is good, and let your soul delight itself in abundance. Incline your ear, and come to Me.”  
Isaiah 55:1-3 NJKV

Jesus stood and cried out, saying, “If anyone thirsts, let him come to Me and drink.” John 7:37 NJKV

“And Jesus said to them, ‘I am the bread of life. He who comes to Me shall never hunger, and he who believes in Me shall never thirst’” John 6:35 NKJV

## BEVERLEY JUNIOR NETBALL

The 2014 season has started for the intermediate, junior, and net-set-go divisions of netball.

The girls played two derby games, as an exhibition match at the official opening of the netball courts and the Beverley recreation and function centre.

The all four teams played a fantastic game and looked fabulous in their new uniforms sponsored by Hotel Beverley. Thank you Mr Maxwell.

We hope all the girls have a fantastic season.

## *Beverley Bowling Club*

### *Ladies Division*

On April the 1<sup>st</sup> 2014 the Beverley Bowling Club was the venue for the Avon Valley Ladies League Pairs, with 26 teams taking part, in very pleasant cool conditions - 25 degrees. The winning pair were Marg Peck and Anne Behn from Beverley with 8 points (winning all 4 games), while the runners-up had to be decided on a countback, with 8 teams scoring 6 points. The runners-up came from Goomalling and were Jan Bywaters and Di Sewell.

All seven clubs in the Avon Valley League were represented.

On the 7<sup>th</sup> and 8<sup>th</sup> of April, Glenys Collins took Marg Peck and Lesley Heal to Albany to contest the Ladies Emu Point Classic. The team won 4 from 5 matches to claim 2<sup>nd</sup> place with 8 points plus 46 shots up from 5 other teams. Only 1 team from Esperance won all 5 games to win the event.

On Easter Saturday the ladies held a stall, and served Devonshire teas to many at the Station Gallery complex, and this was a great success. The raffle which comprised of a locally produced cookbook and preserves was won by Leonie Hill from Bally Bally.

# Beverley Amateur Swimming Club Swimathon

Wow what a fantastic day!! Well done to all the swimmers on the day, together you swam 49.245km which is 3kms shy of swimming to Pingelly!!

Everyone who entered did their best and swam an amazing amount of laps. I think they even surprised themselves as a lot of estimated laps were far short of the actual laps swum. Together an amount of over \$4000 was raised. This is an AMAZING effort!!!!

Congratulations to those who swam the most laps for their age on the day

15 metres – 1<sup>st</sup> Ella Cooke (34 laps), 2<sup>nd</sup> Alfee Stevens

10 & under – 1<sup>st</sup> Grace Fisher (42 laps), 2<sup>nd</sup> Anneliese Mellick

12 & under – 1<sup>st</sup> Georgina Fisher (42 laps), 2<sup>nd</sup> Stanley Stevens

Open – 1<sup>st</sup> Brad Miller (50 laps), 2<sup>nd</sup> Jodie Bell (40 laps)

Congratulations to the people who raised the most money for the club

Money Raised \$490 – 1<sup>st</sup> Alex Pepper

Money Raised \$470 - 2<sup>nd</sup> Jayden Woods

Thankyou so much to everyone who helped on the day. A special thanks to Anne and Fiona for helping at the desk, Ros and Sarah the official timers, all the lap counters with their pop sticks, Brad for the pool looking so good as always, Tim, Bill and Anne for being the chief sausage cookers for the day! Without all of these people the day would not have happened and the funds would not have been raised. So thankyou so much! I am always amazed how wonderful people are in Beverley.

## Beverley Amateur Swimming Club

The Swimming Club has just wound up for the season and what a season we have had! We have had the largest number of members for quite a few years, and they are all great kids who are motivated every week to swim and try and improve their technique and their personal best time. I have had the privilege to watch some kids improve from barely swimming to the middle ladder back in November to doing 50 metres with style and speed by the end of the season. It really is an amazing transformation, this is due to our wonderful coach Jodie Bell and also of course the child's our perseverance.

I would like to thank numerous people for their help throughout the season. Firstly Jodie for being such a great coach all season and giving her knowledge and time to the kids. Also Brad for always having the pool to a high standard for us to swim in and being so accommodating to us when we need anything. Personally and from the rest of the parents to Fiona Fisher who puts in an amazing amount of work and who is always at the club early putting up lane ropes and getting the session ready. There are numerous other people who have helped out during the season so thank you to all of you, this includes the kids for turning up each week and the parents for getting their kids to the pool and helping with timing and making milos.

A huge thanks to all the people who took part in the swimathon, both swimmers and sponsors. This was a great fundraiser for the club. I have put a separate note in the Blarney for this.

I would also like to congratulate all the medal and trophy winners who were announced at our wind up recently. To those of you who didn't receive a medal keep striving and remember it's about **your** best time **not the** best time.

We would also like to extend out hanks to sponsors of our trophies Glenys Petchell, The Sattler Family and Brad Miller.

## Beverley Bowling Club 100 Years Celebrations

Don & Patto remembering when

On the 29<sup>th</sup> of March 2014 the Beverley Bowling Club Celebrated their 100<sup>th</sup> Year with the unveiling of a Plaque. After President David Bell opened the proceedings, Don Minchin gave a history of the past 100 years, then the oldest surviving Club Champion, Stan Murray unveiled the Plaque.

Approximately 130 old and present members attended to celebrate the event with a BBQ lunch, followed by a game of bowls with the "old" bowls.

Calls of "You need more grass" were frequently heard. Many a happy laugh was heard as old friends met, and reminisced about the past.

Our 100 Year Committee, Don Minchin with Gail & Gregory Moulton are to be commended for all the effort put in, to correlate all the memorabilia that was on show for all to peruse.

Sunday 4<sup>th</sup> May – AFA Round 4: Railways vs. **Beverley** at Northam;  
Saturday 10<sup>th</sup> May – AFA Round 5 (**Pink Footy Weekend**): **Beverley** vs. Quairading at Beverley;  
Sunday 18<sup>th</sup> May – AFA Round 6: York vs. Beverley at York; and  
Sunday 25<sup>th</sup> May – AFA Round 7 (Belt-Up Weekend): Beverley vs. Cunderdin at Beverley.

Football season is underway and it's been a positive start for our Beverley Redbacks, with all three of our teams already with at least one win on the board. As we have done previously in many years, we launched our season with the Annual Fish Night, which was held on Friday 4<sup>th</sup> April, and we would like to thank Bob Kempton and his crew of helpers for their continued effort and generosity in support of this popular event.

Congratulations to our Leadership Group for the 2014 season:

**League Co-Captains:** Scott Minchin and Robbie Wansbrough;

**Reserves Captain:** Blake Wansbrough; and

**Reserves Vice Captain:** Jake Fleay.

We have great faith that all these men will lead our sides with a high level of passion and commitment. We would like to acknowledge the outstanding contribution out-going League Captain Justin Mann has made to our Club throughout his time in this role. His commitment, dedication and sportsmanship has earned him enormous respect, not only just at our Club, but across the Association too.

The Beverley Football Club would like to thank Jenny Broun and Marylou Hutchinson from the Beverley Art Society for their magnificent artwork of our Club logo in the new change rooms. It's a wonderful addition and further enhances the atmosphere when our players and supporters walk into the room.

The Beverley Football Club extends our deepest sympathy to Daniel & Narelle Bailey, and family, on the passing of Daniel's Grandfather, George Bailey, on Friday 11<sup>th</sup> April. Mr. Bailey passed away at the grand age of 102.

## BEVERLEY REDBACKS HOCKEY CLUB

The girls had their annual pre-season scratch match game against Brookton, which this year also included Kondinin on 5<sup>th</sup> April in Brookton.

The girls played both of their games in humid conditions but both Brookton and Kondinin proved to be the stronger sides resulting in a loss for Beverley in both games.

The heavens opened up with the rain we have all been waiting for in the Brookton vs Kondinin game. Thanks to Marg for umpiring the game in very wet conditions! Although the girls didn't come away with any wins, the leg muscles got a good work out and also allowed our coach Chris to put players in different positions and see how the team played together. We would like to thank the Brookton Hockey Club for putting on a great day and thanks to the girls who stayed behind to watch the last game and for the BBQ.

The 2014 season will see 8 women's teams within the Avon Hockey Association resulting in only one grade – this will mean that all teams will be playing each other and not being separated into 'A' and 'B' as it has been in the past.

Fixtures have still not been finalised as the Blarney goes to print but our first game will be played in Northam on the 3<sup>rd</sup> May against Wongan Hills at 3pm.

Training is at 6pm every Wednesday at the town oval. If all players can make the commitment to attend these training sessions, it will mean we can start the season off strongly. Please let Chris know if you can't attend games or training.

Subs: Don't forgot subs are due by the 3<sup>rd</sup> game – Total \$160

## 81st Annual Easter Tournament

This year the Beverley Lawn Tennis Club hosted one of the largest events in the tournaments' long history. The Match Committee accepted 250 entries from players locally and around the state. With so many entries the volunteers on the Match Committee spent many weekends before the tournament organising and reorganising so many entrants, with the aim to have as many people participating in their nominated events as possible.

The "Two Bob Arena" has been weeks in the making and our greenkeeper Rob deGruchy and life member Bob Hall put in many hours measuring, mowing, rolling and marking an area on the oval, giving us additional courts in order to support the large number of matches to be played on the Easter weekend. As always the courts played marvellously as a testament to their hard work.

There was a great turnout of members in the days leading up to the event, helping to clean up and prepare the clubhouse and surrounds in order to host our members and guests. Campers and visitors started setting up on the oval from Thursday. It was fantastic to see many familiar faces returning from previous years as well as some new people attending for the first time. We received many positive comments on the facilities in the new recreation centre and the effort many local businesses made to accommodate the influx of people during the weekend.

A Casino Night was held at the Freemason's Tavern, with proceeds going towards the Tennis Club. The volunteers were kept busy in the bar and kitchen over the 4 days, keeping everyone fed and watered. The folks in the office did a fantastic job keeping things running smoothly and on time. It was a mammoth effort that resulted in a very successful weekend.

Putting up the "Two Bob Arena" on the oval ready for Easter.

In the office on the first morning of the tournament.

### THANK-YOU

The Beverley Lawn Tennis Club would like to sincerely thank our sponsors for enabling us to host this event.

Our dedicated members devoted many hours volunteering to make the weekend run as well as it does.

Thank You ALL!

# BOLLYWOOD NIGHTS

On Easter Sunday, the traditional sundowner was held from 4pm featuring a BOLLYWOOD theme. Many donations of materials, lights, lanterns and candles enabled us to create a beautiful Bollywood style atmosphere. "Snake Charmer" cocktails were consumed along with delicious pre-dinner appetisers. A huge team of volunteers cooked rice and naan bread to be served with 70kg of authentically made traditional Indian curry. Close to 200 people were served dinner in the space of an hour. Thank-you very much to the "curry-team" for making it all possible.

Many of those attending made a fabulous effort to dress-up and get into the spirit of the theme resulting in a colourful, fun filled evening.
