## SHIRE OF BEVERLEY PRESIDENT REPORT - DECEMBER 2017

### Annual Electors Meeting

Thankyou to community members who attended the 2017 Annual Electors Meeting held on Tuesday 15 November where the 16/17 Annual Report which was unanimously received. There were no questions in relation to the Annual Report and in General Business various questions were asked on a range of topics including Beverley Medical Practice; ANZAC Lane bituminising; Corella Destruction Licence; public toilet vandalism; secondary river crossing; Bushfire Preparedness meeting; Vincent Street speed limit, banner poles, paving, redevelopment plans, drainage and flooding. Meeting participants were invited to join Councillors for supper and to view the new 3D “fly-through” presentation of the Cornerstone Building. Meeting minutes will be available from the Shire office and website.

### Solar Power for the Shire Office

On 22 November 2017 a solar power system installed at the Shire Office was switched on. The new system, together with installation of LED lighting, should result in a significant reduction in power bills going forward.

### Swimming Pool

Following a slight delay in opening the Beverley swimming pool for the summer season as bowl painting and joint replacement work was completed, the pool is now open for action. The kiosk exterior and change rooms are also looking very fresh and I'm sure Pool Manager Brad Miller joins Council in encouraging everyone to take advantage of this great community facility.

### Local Government Act 1995 Review

*The Local Government Act provides the framework for Western Australian local government. Local governments are created by the Act which sets out the functions, responsibility and powers of local government. Western Australia has changed greatly since the Act was introduced in 1995. Public expectations of government and what can be achieved through technology have evolved. While the Act has been regularly amended, key aspects seem outdated.*

Phase 1 of a two phase Local Government Act 1995 review being undertaken by the McGowan State Government considers:

- Making information available online
- Meeting public expectations for accountability
- Meeting public expectations of ethics, standards and performance
- Building capacity though reducing red tape

A Phase 1 Consultation Paper has been prepared and submissions are invited until Friday 09 February 2018. For more information or to make a submission visit the Department of Local Government, Sport and Cultural Industries website [www.dlgc.wa.gov.au/LGARReview](http://www.dlgc.wa.gov.au/LGARReview)

## SHIRE OF BEVERLEY PRESIDENT REPORT - DECEMBER 2017

### **Tourism Planning Framework Updates**

Beverley Tourism Officer Jenny Murray has been doing a terrific job progressing actions identified in the Beverley Tourism Planning Framework 2016 – 2020. This has included roll out of the BeverleyWA branding, refurbishment of the beverleywa website, development of the Welcome to Beverley WA visitor information booklet, social media revitalisation and working with the Community Resource Centre who are the Visitor Centre Manager. With the impending addition to her family Jenny has stepped back from the role and the Shire has engaged Jacinta Murray to fill the position from February until the end of the financial year when Council will have reviewed current tourism initiatives as part of the 2018/2019 budgetary process.

### **Avon Tourism Board**

Thank you to John Maxwell, Hotel Beverley, who will represent Beverley on the Avon Tourism Board. Avon Tourism is a regional tourism organisation and currently represents the Shires of Beverley, Chittering, Goomalling, Northam, Toodyay, York and Victoria Plains. John is also a participant on the Beverley Tourism Advisory Group which provide feedback for the Tourism Officer as various actions from the Beverley Tourism Planning Framework are developed.

### **Maintenance Register**

Just a reminder that maintenance issues which community members may have noticed in relation to Shire property can be reported to the Shire's friendly and helpful Customer Service staff.

### **Banner Poles Feedback**

Council is seeking feedback regarding the Banner Poles in middle of Vincent Street. The long term plan is that they be removed as part of a Vincent Street redevelopment, however for that project to proceed external funding will be required so it could be a while away. In the meantime the question has been raised "why not remove the banner poles now"? The Comments Box located at the Shire office is available for your feedback.

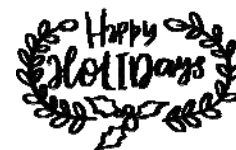

### **Beverley Community Christmas Concert – Saturday 16 December 2017**

Don't forget the Family Christmas event at the Platform Theatre on Saturday 16 December 2017 which is again being hosted by Beverley Station Arts. Should be a fantastic night!

### **Christmas and New Year**

The Shire office and Library will close for Christmas - New Year at 12 noon on Friday 22 December and re-open on Tuesday 02 January 2018. Best wishes for an enjoyable and safe Christmas and New Year to residents and Blarney readers.

Dee Ridgway  
Shire President

## CORNERSTONE UPDATE

The Cornerstone building is progressing on time as planned. To date the pre-lay of the plumbing and electrical services is complete along with the pouring of the main concrete slab by Wongan Concrete, a regional supplier.

Over the next month the following should take place – completion of the retaining wall, installation of the stormwater drainage, levelling of the carpark, pouring of the remaining slabs and then hopefully prior to Christmas the steel framing and roof will be erected. The Shire will be advertising for Expressions of Interest in February 2018 in relation to the commercial office space leasing.

This project is made possible with partnership funding from the Shire of Beverley, Department of Industry, Innovation & Science (Building Better Regions Fund), Lotterywest, Department of Primary Industries and Regional Development, Wheatbelt Regional Grants Scheme and the Beverley Community Resource Centre.

**Be very**

**merry**

## Support for destination brand

Local community groups and businesses are showing great support for the new destination brand for Beverley. The brand was officially launched in August and we are now starting to see it pop up around town.

The new logo was developed as part of a unified approach to promoting Beverley as a tourism destination, where all tourism related initiatives, products, services and experiences are promoted under the one banner.

We have been very excited and entertained by the Beverley Agricultural Society at the Beverley Agricultural Show. Keep the 18th of August, 2018 free!

You may already have been very surprised by a new mail key from Beverley Post News and Gifts - a great place to kick start your Christmas shopping!

Did you know Old Skool Mechanical is now open at the Dome Garage? David has been a big supporter of the brand. Stop in for all your mechanical needs - open 7.30 am to 5 pm Monday to Friday and until 12 noon on Saturday.

The CRC is a huge fan of the brand. Have you been inside the new Visitor Centre yet? It is jam packed full of local Beverley products.

The Beverley Station Arts and Platform Theatre have plenty on in the coming weeks to help you be inspired. Don't forget the free Christmas Concert on 16th December.

Passive Energy Systems recently installed solar panels on the Shire of Beverley Offices and know what you need to be very sustainable. Contact them on 6467 7262.

The Beverley Heroic is a wonderful event and is already booked in for 2018! Be very heroic on the 13th and 14th October next year.

If you are using the logo or the 'be very' slogan send us a photo and we will help promote your group, event or business. Or if you want to know more about the brand email: [Tourism@beverley.wa.gov.au](mailto:Tourism@beverley.wa.gov.au).

Thanks to everyone who has supported the Tourism Plan for Beverley so far!

Be very safe this Christmas!

# Summer Safety Checklist

Are you ready for fire and storm season?

Use our safety checklist to keep your family, workers and property safe this summer.

## Time to lock up

Summertime means more youngsters on rural properties during the long school break. Remember to secure all chemical lids and **ALWAYS** lock storage sheds.

## Ute it ... don't boot it!

Picking up supplies? Use a trailer or ute tray to stow chemicals in transit. It's the safest way to avoid any spills or fumes inside your vehicle.

## Got drums?

It's easy to triple-rinse your agvet containers and run them in to one of **drumMUSTER's** 800+ collection sites. Check our interactive map to locate your local depot.

## What's in your shed?

**ChemClear** will dispose of your unwanted chemicals during its regular state collections, all you need to do is register them online. Meanwhile, keep all chemicals high and dry.

## Update your store manifest

It's the first thing responders need in an emergency. Ensure your site map and chemical list are current and easy to access.

## Avondale

Activity at Avondale is now winding down for the summer season with no further openings to the public until next Easter weekend, because of the possible fire hazard in the bush reserve and adjacent farming areas.

This will not stop our group of volunteers from continuing our efforts with a fundraising raffle and 'monster cake' (standard size cakes with no need for monster trauma counselling!) and plant sale to be held on Saturday 02 December at the Lions Kiosk near the IGA starting around 8.30am. We look forward to a good turn out, and the troops are rallying to ensure supplies are adequate; come early and beat the heat!

In recognition of our dedicated group of volunteers' efforts over the past year, our committee approved the release of funds (Robbie and Comet, our two Clydesdales had to diet for a few days) for a wind up BBQ lunch, which was held in the grounds at Avondale on Saturday 18 November 2017. As always it was well patronised with committee members chipping in with food and drinks to feed the famished group, who had much to discuss about the coming year and organising events. Sara Lee and White Wings never got a look in with lots of homemade tasty goodies, along with the BBQ meat, buns and salad, no one left with an empty stomach.

It is not all hard work for our volunteers here at Avondale, and sometimes we even let them attend other social activities, (time out for good behaviour) as was the case when several were seen at the Platform Theatre kicking up their heels to the tunes of 'The Dumb Things' (a Paul Kelly Tribute group). Be aware, we know who you are and that your talents have been noted for future AFPA (Avondale Farm Project Association) events!

One of our long term committee members has had to resign due to poor health; over the past twelve years John Pratt has been not only an active member, but also a steadying influence on the pathway that AFPA has taken, often spending many hours bringing together groups of people, to not only maintain the museum, but also to progress its future.

Below is a short poem dedicated to John. Once again many thanks for all your efforts and we look forward to you getting well enough to visit as often as you can. Robbie and Comet miss the carrots!

*The Avondale Vollies miss you already,  
A man of knowledge who kept the committee steady,  
Always dedicated to their cause,  
John P. you never seemed to pause,  
A decade plus of your volunteering has passed,  
From which you gave us a legacy that will always last.  
Your love for farming and the land,  
With Avondale machinery go hand in hand,  
Many a weekend roster alone you spent,  
For public devotion was your intent,  
Your advice and efforts will be sorely missed,  
Now someone else can fill that machinery list.*

If you or anyone you know would like to be involved with or visit Avondale next year please contact our President Jo Johnson on 0417 951 513 or the Warden at Avondale Monica on 0427 477 734.

Opening times and dates will appear soon in future issues of the Blarney, so please watch this space. See you at Avondale in 2018!

## BEVERLEY HOSPITAL AUXILIARY END OF YEAR REPORT

Beverley Hospital Auxiliary wish to say a huge thankyou to all of their willing helpers at the Op Shop throughout 2017, including committee members, who have worked so hard to keep things running smoothly.

Thank you also to Avon Trading for being a drop off point for donations and last but not least, to all those that have donated items during the year. Without everybody's contribution, the Op Shop would not be able to fund the needs of the Hospital and Alex Miles Lodge.

We are pleased to say that this year we have funded the renewal of reticulation for the Lodge garden, and with the moving of the gazebo, and the help from the Garden Club, roses and flowers have been planted around it. New blinds have been installed, both inside and out of the Lodge. Approval has been given for the purchase of a fridge, microwave and lounge for the carer's unit at the Lodge. With the completion of the upgrade to the hospital there will be even further expenditure and the Auxiliary have already given approval for painting of the hospital staff dining room.

A recent trial of extended hours at the Op Shop, 11.00am to 4.00pm, received positive feedback from our customers, so at our last meeting it was voted to extend the hours for 2018. However, we realize we can't ask our helpers to work 5 hours so we have decided on opening between 11.00am and 2.30pm - 3.5 hours. If there are any helpers that are unable to do these hours, please contact either Dawn Edwards - 9646 1120, or Val Moad - 9646 0256 by 8th December when the new roster will be drawn up.

End of year Sales will be the 1st, 8th and 15th of December - 50% off everything. Extended trading hours 11.00am to 4.00pm will continue until last day of trading - 15th December, 2017. Re-opening 9th February 2018.

Wishing everyone a Very Merry Christmas and a Happy and Prosperous New Year. We look forward to seeing you all back again in 2018.

### A MESSAGE TO BEVERLEY PEOPLE WHO VOTED IN THE COUNCIL ELECTION, OCTOBER 2017

My warmest thanks to the nearly one in four Beverley voters who put a tick next to my name at the recent Council election. Unfortunately, this wasn't a sufficient level of electoral support to secure a seat on Council. My only regret about the outcome is that I won't be able to drive forward any of the ideas presented in my policy platform for at least two years. However, please count on me to use every opportunity I can find to advocate for progressive reform that can make Beverley an even better community for its residents, particularly those who are too easily forgotten and the vulnerable.

I'm not sure at all if I'll have another shot in two years' time - there are many factors to weigh up - but if I do, I'd hope to maintain the support of those who gave me a vote this time around.

I wish every success to the candidates who were elected to Council.  
Shane Negus

## CROQUET IN BEVERLEY

As mallets have kindly been donated from the Como Croquet Club. Croquet is now being played on Wednesday morning 8.00am and Friday evening 5.00pm to 6.30pm. If you wish to come down and have a go please do. Both ladies & men are very welcome. For further info phone Beverley 0428 371 714.

## THANK YOU

Philip, Lynette, Wayne and Carrol would sincerely like to thank all the staff at Kalkarni for their wonderful care. We also would like to thank family and friends for their lovely thoughts and expressions of sympathy for the loss of our wife and mother, Valma Smith.

### SHIRE COUNCIL ELECTION

I wish to thank all the electors for their vote of confidence in returning me as a councillor for the next four years and I will work with the Councillors and the Shire for the benefit of community. May everyone have a safe and joyful Christmas

Chris Pepper

### FAST 5 NETBALL

The Beverley Netball Club would like to thank all of the players and supporters that came along to the 6 week Fast5 season. Beverley was the first regional community in Australia to host this high paced version of netball and we were very pleased that we had enough for 4 teams. Keep an eye out for advertising in February as we gear up for the 2018 football and netball pre-season training.

## Beverley Garden and Tree Society

Eighteen members attended the AGM and November meeting of the Garden Club with five apologies. Linley Thompson was again elected President, Betty Cable Vice President, Dorothy Sampson Secretary, Val Tylor Treasurer and Valerie Lamb Social Secretary. Annual fee will remain at \$5 and morning tea, \$2.

This was followed by the general meeting where we congratulated ourselves on a successful Busy Bee at the Dead Finish so that the garden was neat and tidy for the Historical Society's celebration day.

The Rose Show was once again a delight for the senses and a debrief meeting with the CRC and RSL yielded a change for next year. We will retain the exhibits and the show will be open on Saturday morning for those who could not visit on the Friday.

After the meeting our guest speaker, James Rodereda of Landscapes Unhindered gave us some insight into his business.

The next meeting will be our Christmas lunch on **Tuesday 05 December** at the Hotel Beverley at a cost of \$30 each. If members wish to attend and have not yet put their names down, please contact Dorothy on 0429 989 031. We will have a secret Santa and if you wish to participate, please supply a gift to the value of up to \$10.

The year is nearly over but there are still jobs to do in the garden during December before relaxing over Christmas.

### DECEMBER PLANTING

#### Vegetables to plant

Capsicum, eggplant, lettuce, tomato, zucchini, beetroot, celery and pumpkin.

#### Flowers to plant

Portulaca, sunflower, begonia, marigold, petunia, verbena, salvia and impatiens.

## BEVERLEY HISTORICAL SOCIETY

We have had a very busy year at the Museum with many requests for family history, photos, events and buildings, plus the Societies 40<sup>th</sup> Anniversary and opening on extra days for tourist buses.

Many thanks go to our band of very few but loyal helpers that man the Museum every Sunday.

Our last day open for the year is Sunday 03 December, hours 11am – 3pm. Again we are appealing to the community for information regarding “The Main Camp” especially where it was as we have heard about on the left side of the highway where the lonely grave is and now further up on the right where the houses are. Please contact us on our email or one of the volunteers.

Next meeting and our last for the year is Monday 04 December at the earlier time of 9.00am, followed by covering up for the summer.

## Wildlife Emergency Response - WA

We are a network of carers in WA specialising in the rehabilitation of injured and orphaned wildlife.

My name is Lindsay Tuckwell and I am a Kondinin Grain Grower.

I intend to nominate for the CBH Board position in District 3. I look forward to talking to many growers in the coming months and welcome your call/email to discuss any issues you may like to bring to my notice. I am a strong advocate for CBH to remain a

Cooperative.

Nominations close on January 2, 2018 and voting papers will be sent out to all growers on 12 January. The poll will close 10am February 19 and then at the conclusion of counting the successful candidate will be announced. I urge every eligible grower to take part in the election as it is important you choose the representative you believe will do the best job.

## BEVERLEY NATURALISTS CLUB NEWS

In 2003 we did National Tree Day at George Street Reserve affectionately known as "Isobel Park". This was a collaborative project with assistance from Waters and Rivers, Greening Australia, WWF, the Shire of Beverley and the Year 7 class from Beverley District High School.

The preparation of the area was undertaken by the Shire of Beverley, starting with a burn off to remove the awful weed, 'love grass' that had taken over. They then ripped furrows for the children to plant the trees in. The trees were donated by Waters and Rivers and Greening Australia they were planted by the children and they have been looked after ever since by Isobel. I went and had a look at the reserve the other day and was so pleased to see them, they have grown so well it is a real habitat for our wildlife. There was so many birds and the echidna's have also been very busy in there. What a wonderful transformation from an area with just weeds and a fire risk to a beautiful and peaceful area. Thank you so much Isobel for all the years of hard work that you have done to keep this area looking so good but also single handed you have been digging out the weeds and allowing less flammable native grass to grow. You have not only created this wonderful oasis, but you have also managed the fire risk. Well done Isobel and thank you. Any of the children involved with this area I fully recommend you go and have a look and see what you helped to achieve. I have spoken to Isobel and we are going to do National Tree Day there again next year.

Wow what a wonderful day we had at Brooking Street Reserve on Saturday 04 November. We had 35 people come along. I was lucky enough to get Mick Davis come along and help me MC and he was fabulous. I explained what had been achieved in

the reserve and we did the presentations. We were finally able to acknowledge our wonderful Bushfire Risk Management Planning Coordinator, John Hansen who was the main reason the reserve was saved. We also thanked the Shire of Beverley and the neighbours for all there help and understanding. It was also wonderful to have some of our original founding members Paula and John Clynk and Mrs Fleay and Mary Blechynden. We also had Desrae and Wayne Clarke and Greg and Vicki Warberton from Toodyay Naturalists Club. We also had President Dee Ridgway and Councillor David White and his wife come and enjoy it with us. I would also like to thank my band of helpers John and Karen

Hansen, Jessamin and Joel Pain, Dottie Wilson and Mike Wilson. We were unable to thank the fire fighters because they were called away to fight a fire. We decided to have another event just to thank the firies. This was held on Tuesday 14 November for a BBQ dinner. We had this at the River Park and this was also a fabulous day. We had Superintendent Mark Bowen from DFES come and present the certificates to all our fire fighters. We also had the Beverley Shire CEO, Stephen Gollan and Shire of York CEO, Paul Martin. Thanks to Stephen for taking the photo's and Tyron and Aaron for cooking the BBQ.

Certificates were presented to:

John Hansen Bushfire Risk Management Planning Coordinator  
Tyron McMahon Bushfire Risk Management Officer  
Aaron Kain Bushfire Risk Management Officer  
Troy Grainville Community Emergency Services Manager  
Mark and Brendan Lloyd York Volunteer fire brigade  
Greg Manzie York Volunteer fire brigade  
Kia Keremeta York Volunteer fire brigade  
Shane Greenmount Beverley Volunteer fire brigade  
We also said special thank you to Justin Corrigan and Shire of Beverley

Thanks to everyone who came along and made these 2 days so successful.

## Station Gallery & Platform Theatre News

The Station garden is available for public use at any time;  
just open the gates and enjoy!

### Community Christmas Concert - NO NEED TO BOOK.....IT'S FREE!

Well, it's almost Christmas and Beverley Station Arts is inviting everyone to join us on Saturday 16<sup>th</sup> December to some Yuletide cheer at the Station. This free Family Christmas Concert is when the whole of town and surrounds come together for some fun and entertainment. There will be a Kid's Musical Drama, Santa, a teaser performance by Whiskey and Boots for 2018, and then an Elvis Tribute! Read further in the Platform Theatre news for more information. Such generosity! So come along on Saturday 16<sup>th</sup> December to the Platform Theatre for our annual Community Christmas Concert. Bring a picnic, a few drinks, and enjoy some live entertainment. We are Thanking in advance Noel and Valda of Elders Beverley who as with the past three years are offering a Happy Hour to clients and friends from 7pm. The line-up for the Concert:

"Benjamin and Me"

"The One"

"Elvis Tribute"

### Community Engagement Project

HAVE YOU CONTACTED BRUCE DENNY YET? PLEASE DO... Bruce is still keen to hear from as many local Historians, Photographers, Researchers, Artists, Musicians and Singers as he can to get the Platform Theatre project underway. The project will be in the form of a filmed geographic history of Beverley where real people's stories will be recorded, being as inclusive as possible, with reenactments and getting kids also involved with narrating, interviewing and filming. There will be during the next twelve months film making workshops, acting, dancing, voice - interview techniques.

### Artist-in-Residence

Unfortunately, due to illness, artist Lesley Austin was unable to come back to the Station to conduct her workshops on Needle Felting and Intuitive Painting. And the painter Jana Vodessii-Buruffi who was to be at the Station first week in December, also cancelled.

However, for most of the month of December we welcome to the Station Residence Georgia King and Mark Storen from Perth who form the new performance company **Whiskey and Boots** (not sure who is Whiskey and who is Boots!). The company was created to house the work of performer, director, writer, musician Mark Storen and performer/producer Georgia King. During their time in Beverley they will be writing a new musical drama production. And, they have very been most generous in offering to perform at our Christmas Concert - we thank them in advance! Also, they are happy to have people drop in to the Station to pick their brains regarding anything to do with their chosen profession, but really encourage the local youth who sing and or play musical instruments.

Whiskey and Boots performing the family musical drama "Benjamin and Me"

Please keep an eye on bulletin for further information on residencies/any changes to schedule and/or contact Artist in Residence Coordinator Marylou on 9647 1027 / 0427 085 511 or email: [hutchinson@wn.com.au](mailto:hutchinson@wn.com.au)  
Take a look at the AiR programme for next year - it's almost full!

**Volunteer Thank You**

A huge thank you to Ross Leo from Combined Pest Control for doing a spider spray at the Station as a community donation.

And where would we be without the volunteers who gather at the Station to prepare the Platform Theatre in readiness for the monthly events? Thanks everyone - you deserve a cuppa mid busy-bee!

As a pasture matures, its nutrient value, which includes protein, energy and digestibility, falls, causing a reduction in feed intake. The reduction of feed quality, in particular protein and energy, puts stress on the microbial population in the rumen, which disrupts food digestion and utilisation.

**UREA** - Aids in increasing and stimulating the microbes in the rumen by providing a rich source of nitrogen/ammonia, which converts to crude protein. As feed quality and digestibility fall, the stimulated and higher population of microbes in the rumen increase feed consumption and feed utilisation.

**SULPHUR** - Works with urea to aid in increasing and stimulating microbes in the rumen. Has a role in general metabolism, protein synthesis, maintaining healthy hair, skin and hooves, and maintaining healthy joints.

## OLDEN DAYS AT THE DEAD FINISH MUSEUM

With Year Two from Beverley District High School

### In Their Own Words ....

On the 29-8-17 we went to the Dead Finish Museum. When we got there we got into groups and our group did washing. I got first pick and I washed it with water, soap and blue. Next we did polish and I did a football trophy and Brad did a plate. Then we did dress ups. Then we did school and we wrote something and we looked at other stuff. After we went to the garden and saw some cool fences made of wood and sticks. Then we looked at the first teacher to come to school and we got fairy bread, Anzac biscuits, drink and a lollie. I love the Dead Finish Museum. **Owen**

Yesterday we went to the Dead Finish Museum. We all lined up and walked to the museum. Owen was my partner, we chatted all the way. When we got there we got put into groups and we went to dressing up. The next activity was school. We talked about the cane and the strap, then we used an ink pen. Next was washing. I had fun doing that. Then we polished silver. At the end we had Anzac biscuits and fairy bread. We went back to class and ate our lollies. They were yum. **Riley**

Last Tuesday the Year 2s went to the Dead Finish Museum. First my group did dress ups. Next my group did school. After that we did olden day washing. Finally we shined the silver. It was the best day. **Ayden**

Yesterday I went to the Dead Finish Museum. When we got there, there were some activities. There was washing, cleaning, dressing up and school. After that they gave us cordial and fairy bread and Anzac biscuits and they gave us a present. The present was lollies and we will get olden days pennies. We will all get one each. **Indiana**

Yesterday we went to the Museum and we had to walk. It took 15 minutes. First we got into groups. I went with Jeremiah, Indi and Mahli. Then we went to the school. I sat at the back. Next we went to the washing and Jeremiah went first. Then Indi went. She picked a little one. Then I went. I picked a big one and so did Mahli. Then we went to silver polishing. It was fun. After polishing we did dress ups. I had a picture of myself. It was fun at the museum with food. **Alice**

Yesterday we had an excursion at the museum. First our group did washing old clothes and hung them up to dry. After that we did dress ups and I put on a dress. Then we went to the old little school in a little room and I got to write with ink - red ink. Then we went to clean silver. It was shiny. We had recess. There as fairy bread and Anzac biscuits. **Wyatt**

Yesterday we went to the Dead Finish Museum. We walked 15 minutes to get there and back. First we did washing clothes. Later we did cleaning silver. After that we dressed up. I got a white ball gown. I looked nice. Later we did school. Then we got a tour. My favourite thing was eating lollies. **Teresa**

Yesterday we went to the museum. First our group did dress up. After that we went to do washing. They did not have a washing machine. Then we did the silver. We looked down a window. I said they were keeping the dead people. Then we had fairy bread and Anzac biscuits. **Nixan**

First me and my group went to school. Next we did polishing. After, we did dressing up. When the bell went, we looked at everything else and we went to the side [for refreshments]. **Jeremiah**

Yesterday the Year 2 class went to the Dead Finish Museum. I went with Indiana, Alice and Jeremiah. The first thing I did was pen writing. Next I did washing. Then we all went to dress ups. After that we did shining. Straight after that all of the year 2 class sat on the pavement. They gave us lollies. **Mahli**

AS WELL, THE YEAR TWO STUDENTS SENT THE MUSEUM VOLUNTEERS THANK YOU CARDS AS FOLLOWS:

Dear Mrs Whitney and the Volunteers, -

Thank you for preparing this for us and it was my second favourite excursion. You are really cool. I hope I visit you again on Saturday if my mum lets me. You are very cool because you have a knife and nib pens and the creepy dolls.

**From Owen**

It was olden days. We did dress up, school, washing then food. Thank you for showing us around.

**From Ayden**

Thank you for having us. I really liked the kitchen and the school. **From Jeremiah**

Thank you for everything. I will come again. The best bit was school, washing and dressing up but the silver was the best! Thanks for the treats. **From Riley**

Thank you for letting us go to the museum. I was so glad we went. It was awesome. **From Mahli**

Thank you for everything. My favourite was the old school and the washing. **From Wyatt**

Thank you for preparing all the games. I really liked the school and the washing. **From Alice**

Thank you for showing the rooms and food and drink. I hope I can come back with my sister and mum and dad. I told dad that I would get a penny and he wants it now, but do not worry. Thank you for having us. **From Indiana**

The pre-decimal currency pennies - one for each student – were duly presented to the class at a later date by volunteers from the Beverley Historical Society. They each now have a little piece of history to keep.

Thank you to all the students and their teachers for a lovely morning.

**TRIPLE ZERO KIDS CHALLENGE**

The Triple Zero Kids Challenge game is designed for children of kindergarten and primary school age and consists of nine safety scenarios. The estimated game-play time is one hour, but can be played in shorter intervals. You can access the game & more information for parents & teachers by visiting the website: <http://kids.triplezero.gov.au/>. The Game has 'closed captions' for those players who do not have a sound card, cannot use their computer's audio or who may have hearing difficulties.

Just click on the icon in the top right-hand corner of each game scenario to activate closed captions. The game relies on narrative and voice-prompts. When starting the game, the children will be asked to enter their postcode. You can assist by having this available to them. At the beginning of the game, children will see a scrolling 'credit screen' of logos of supporting emergency services and agencies. Successful completion of a safety scenario generates a 'reward' for children in the form of a print-out or certificate. Please ensure that these can be printed for the children from the computers they are using.

**On behalf of all volunteers and committee at the Beverley Sub Centre we wish everyone a safe Christmas with your families and friends.**

# Beverley Playgroup

## Merry Christmas!

We've had a wonderful year at Playgroup with lots of playing and learning with friends. A big thank you to our Members who help out each week with Opening and Closing the building, Creating fun activities for the children to do, chopping up fruit and cleaning up messes. Our Playgroup really wouldn't be the same without all the wonderful carers who put so much of their energy into our little children. The children benefit so much from all your efforts, so Thank You! Thanks especially to those who will not be re-joining us next year as their children graduate to the 'big school', we will miss you and your children in 2018.

Our final Playgroup for 2017 will take place on Thursday 7<sup>th</sup> December. We'd love for all our members to come along to share some morning tea, celebrate graduation for our eldest children and send off all our friends to the Holidays with some fun! I've heard that we will have a special visitor attend to sprinkle some holiday cheer.

We would like to wish all of our members and our wonderful Beverley Community a very safe and happy holiday and we look forward to seeing everyone back in 2018.

### Student Leadership Day in Beverley

Student leaders from across the region were invited to a leadership forum on 21 November which was organised by Mrs Aliesha Murray and hosted by Beverley DHS.

They heard from wheelchair athletes from Rebound WA, networked with other student leaders, tackled group challenges, and celebrated all their hard work and successes throughout the year.

At the end of the leadership forum, all the Year 4-10 students from Beverley DHS joined in the fun and games and learned a bit along the way.

### Wheatbelt Ball

Another highlight this month was the Wheatbelt Ball, again hosted by Beverley DHS. Students from Beverley DHS, York DHS, Brookton DHS, Quairading DHS and Northam SHS got together for an evening of glamour and dancing.

Thanks to Lyn Kay and Sharyn Morrell for all their organisation of this special evening, and to parent and staff volunteers who came along to help out.

Special thanks to the Shire of Beverley for making the hall available and to the Beverley Men's Shed for kindly cooking the delicious barbeque treats that fuelled all the dance moves.

**Please join us for our annual presentation evening at the Platform Theatre from 6pm on 13<sup>th</sup> December!**

## P & C Nature Playground

The P&C's vision is to create a wonderful adventure playground for our students where they can explore, challenge themselves, and be guided by their imaginations. The planning for this magical place has benefited from expert volunteer input from Stefan de Beer and Lindsay Doyle.

Co-ordination of the project has been led by Jacinta Murray. The Shire of Beverley has contributed grant monies of \$2500 and CSBP has provided sponsorship to the value of \$200. These funds have been combined with the fundraising efforts of the P&C itself over the last year.

Our Certificate 1 (Construction) students, working with Alan Blencowe for VETIS Consulting, have completed phase one of the music precinct, with a tuned wooden xylophone and giant jump-on drums.

With help from Ryan Patterson of Phoenix Sheds, Andrew Schilling delivered bush poles for the planned wooden fort structure – they still need to be fixed into the ground!

At the business end of the project, the P&C still has a long way to go, so anyone who can assist with the project should **please contact Jacinta Murray on 0417 977 429 or jacinta\_thomas@hotmail.com.**

Bruce Kilpatrick, Wendy Moore and Alan Blencowe.

### Can you help?

The P&C is looking for a new volunteer **canteen co-ordinator** for Friday mornings in 2018 as the dedicated Monica Van Der Snoek takes on other responsibilities.

Please call the school for more information.

### Annual General Meeting

The next annual general meeting of the P&C will be held on **13 February 2018**, and all positions will be declared vacant. Following the meeting, we will have a sundowner to welcome new members and office bearers. We encourage parents and community members to join this hard-working team for the benefit of the school and its students.

### Thankyou to our 2017 volunteers:

- **School Board** parent representatives: Brendan McLean (Chair), Ros Mellick, Carly Veitch and Damien Murray.
- **Positive Behaviour Support** team parent representative: Annette Quartermaine
- **P&C executive and regulars:** Bruce Kilpatrick (President), Jacinta Murray, Sam Mearns, John Hawke, Monica Van Der Snoek, Kerry-Anne Doyle, Aliesha Murray, Cara Hammond, Maryka de Beer, Lyndon Wallis, Linda Lewis
- **K/PP Committee** executive and members
- **Grow a Reader** regular volunteers: Glenys Petchell, Kerry-Anne Doyle, Linda Lewis, Kristy Parker, Marg Barrett-Lennard.
- **Pre-Primary** reading volunteer Kim Styles
- **Canteen helpers:** Monica Van Der Snoek, the Canteen Committee and rostered volunteers

## Warriors Wellbeing Keeping Safe - Everyone's Responsibility

At this time of the year we are all busy, often feeling tired, our nerves can be a bit raw and sometimes we are just "over it". Everyone gets a bit tired and rundown, from kids at school to mums and dads at home or at work.

We all know there's lots of work to get done to get us through to the end of the year. This may include finishing the harvest, various stock work, that last FIFO swing before holidays, getting that last job finished and having kids end of year school events to attend. This can lead to us working beyond our limit.

We all have a varying capacity to both absorb those extra things thrown at us and our ability to get the job done, this can differ depending on an individual's work ethic. We should never assume "what I can do is the norm", then place that expectation on family members, employees or work colleagues.

Occupational Health & Safety (OHS) gives us a legislative framework to guide us, but it doesn't allow for the cultural context in which us blokes sometimes operate. The cultural context means our approach to risk taking (we are hard wired risk takers); our need to get the job done (task orientated/deadlines); and our approach to winning. These behaviours can cloud our judgement around keeping safe both in the workplace and in our personal life. We need to be aware and manage our behaviour otherwise we will invariably fail in our responsibility to stay safe.

Keeping safe needs to start somewhere, it is no different to our individual health. I always say that my health is my responsibility, it is not my doctors, my workplace or my wife's. However, my wife is very good at giving me a good kick up the backside to get me to the doctor to do my annual service visit, my dentist appointment or my skin check.

So, when it comes to keeping safe it is everyone's responsibility. It is up to all of us whether we are in the workplace, belong to a community group, or within our family setting to be vigilant about keeping safe.

Tips to keeping safe:

- Constantly remind ourselves about work protocols;
- As employers, have realistic expectations of our employees;
- Look out for work colleagues, be aware and respond to behaviour changes. Talk to them about it!
- Try and maintain a balanced life, we can only do so much before fatigue becomes an issue;
- Outside busy times, take time out;
- Enjoy what we do.

As another year winds down let's keep safe by staying focused on the job at hand, so we all can get to enjoy the upcoming holiday break.

Merry Christmas and we wish everyone a safe and festive new year.

Owen and the Team

## **BEVERLEY HISTORICAL SOCIETY CELEBRATES THEIR 40<sup>TH</sup> ANNIVERSARY ON 18<sup>TH</sup> OCTOBER 2017**

On the exact day that a meeting was held to form the Beverley Historical Society we had a wonderful gathering of around 60 people to acknowledge and celebrate the societies achievements. Guests included our current and past members and their families, Shire councillors and members of the York Society and Museum and many Beverley locals.

The Dead Finish Museum was open to visitors for morning tea and a look around to see how the Museum has developed since it was opened in 1984. They also enjoyed the "Remembering Them Exhibition" celebrating the Centenary of Beverley's complete involvement in WWI.

This was followed by a wonderful lunch at the Lesser Hall arranged by Glenys Petchell. Morag Whitney had done a timeline of our 40 years and people perused this and the display of the minute books, photo albums of our activities, trips and exhibitions over time.

President Di Smith outlined the Societies history and many achievements. She acknowledged the hard work of early members – in particular Mrs Ruth Mann, Mrs Maree Hutchinson and Mrs Beth Hutchinson – the first office bearers - for their wonderful efforts to set up the Society properly, become affiliated with the RWAHS and to secure a home for the society at the Dead Finish Museum.

We are proud to have fought for and saved the "Settlers Arms", the Railway Station and much of Beverley's written history. This is an ongoing process. Di pointed out our continual involvement in helping the Shire, many families and organisations research and record their history. Since 1994 we have enjoyed the Year 2 class 'Olden Days' activities morning each year. (see pages 28-29) Another significant project was to see all former schools in the district remembered with a plaque.

Di thanked the Garden Club for their planning, planting and ongoing maintenance of the lovely museum gardens.

After much fine food and chatter our first Secretary and only continual member Maree Hutchinson cut a beautiful cake with Bruce Mann – in remembrance of his mother – our first President Mrs Ruth Mann.

We thank everyone for their attendance and appreciation of the efforts of the Beverley Historical Society over 40 years.

## UNCOVERED

"The details of 1990s research that our government has ignored".

#UNCOVERED – Borrelia, similar to the European strains that cause Lyme, confirmed in Australian ticks by international expert!

Michelle Wills was a lead researcher of Lyme-like illness in the 1990s, before the government decided "There's no Lyme here." Last year, as a result of the Senate inquiry, we became aware that some of the work in her 1995 thesis has never been published online.

We are now pleased to announce that, in partnership with Dr Wills, we have ensured the entire thesis is publicly available at

<http://hdl.handle.net/1959.13/1350473>

The 'new' information includes:

- details of how spirochaetes found in Australian ticks in 1991 were confirmed to be Borrelia species, by one of the international experts that first discovered Borrelia burgdorferi (p123-124)
- tests indicating the Australian Borrelia were more closely related to European strains that cause Lyme, than American (p169)
- an experiment showing that immobile objects found in the ticks were identical to dead Borrelia afzelii, a European strain that causes Lyme disease (p120)

her response to the 1994 Russell and Doggett study, that the government has relied on for so many years (p164-170)

Michelle made appropriate recommendations for further research.

These recommendations were ignored, and her thesis isn't mentioned in any of the reviews of evidence we've read. Do you think this has contributed to our current situation?

Hello Everyone,

Ian and I would like to wish you all a Very Merry Christmas. Last month we spoke a lot about road safety in the lead up to Christmas and the New Year, so our message to you today is simple; wherever you go and whatever you do, give the most precious gift of all, **LIFE**, arrive alive.

For those of you who missed last month's edition, you can catch us in the main street of Beverley on Saturday morning 16 December 2017 at 9.00am - 1.00pm to sign up and take the 'Safe Speed Promise'. Come on down if you'd like to know more about this road safety initiative.

Until next year, stay safe.

# FARM SHOP AG

**It's with great pleasure to advise you that Farm Shop Ag have been appointed a distributor for ONE GAS for the Beverley, Brookton and York district.**

One Gas, Who are we...

A 100% WA owned and operated Industrial Gas Supplier. With a range consisting of Argon, One Gas 52, Oxygen, Acetylene, Nitrogen plus more to come.

One Gas Australia entered the Industrial Gas Industry with a mandate to create a business model that is unique, transparent and open to all.

The core of our business is a **NO RENT** but a Cylinder purchase program, giving control and ownership of the cylinders to the customer as if purchasing any other tool or equipment.

The model provides our customers the benefits of ongoing savings, convenience and flexibility. All our Cylinders and valves are registered and certified to Australian standards.

One Gas strives to be a leader in continuing Innovation, service and value to the highest standard for all our customers within the Industrial and retail gas markets. One Gas has a passion for making a difference and is focused on partnering with stockists servicing both metropolitan and the rural communities.

Previously, the only gas supply services available to customers involved a lifetime of lock in rent and hidden fees .... Not with One Gas.

One Gas will suit the Small business owners, Farmers, Home handy –man, Hotels and the Car enthusiast. So visit Farm Shop Ag to discuss your One Gas requirements.

### For the Information of the Beverley Community

I am a former Catholic school History and Religious Education teacher who has had the privilege of studying most of the world's major faiths in depth at university and elsewhere since the 1980s. Islam and Judaism were particular focuses of my studies. In the course of my teaching career, I had the good fortune to meet people from many different faith backgrounds and some with none at all. Indeed, my expertise in the area of comparative religions was recognised by the Western Australian government which in 2002 commissioned me to co-author the *Religion and Life* course of study which is offered to Years 11 and 12 students in many private schools across WA.

In the many interactions I have had with Australian Muslims over 30 years, both professionally and in my private life, I've been greatly impressed by their decency, humanity and loyalty to our great nation – it was my concern that the Muslim Community is being discriminated against which led to erecting a sign on my property welcoming them to "COME IN AND SHARE A CUPPA". This has unfortunately been vandalised on several occasions.

More recently I have been subjected to further vandalism as a sign reading RESIST ISLAMOPHOBIA on the rear of my 4WD vehicle was ripped off while the car was parked in Vincent Street on 21 October. I was inside the Beverley Council chamber at the time following the count for the local election in which I was a candidate. It dismays me, as I'm sure it does most fair-minded Aussies that a few individuals in our community are prepared to violate another person's right to free speech.

## Lew and Sandy Shaw Handicap Mixed Doubles

On Sunday 29 October, 15 pairs took to the courts for a great afternoon of mixed doubles. The Captains set the handicaps, sometimes they're spot on and other times, the mark isn't quite on target! This year was pretty good! Rob de Gruchy was weighed down with a huge handicap, but it didn't stop him from going into overdrive and taking out the trophy with his partner Valda Morton over Andrew Broun and Ali Lewis!

Congratulations to everyone who participated, and thanks to sponsors Lew and Sandy for a fabulous day and spaghetti dinner.

## Championship Mixed Doubles

On Sunday 12 November, 16 members battled it out for the Club Championship Mixed Doubles. With seven sets each to play, the day started early to get through the large amount of games. The games were a high standard and made for fantastic viewing. The results were extremely close and the eventual winners on countback were Graeme Lewis and Carissa Shaw from runner's-up Rob Fisher and Annie Budiselik.

Winners - Carissa, Graeme, Runner-up - Rob and Annie

## Juniors Wrap-Up

Junior coaching ran for 6 weeks and has now finished. 40 children fine tuned their tennis skills with coach Keith O'Brien. The groups were slightly smaller than previous years to enable all the kids to have more ball time. Thank you to the parent helpers who assisted Keith throughout the coaching. Thanks also to Carissa Shaw for running the coaching programme.

## Should I Connect to NBN?

As I said in last month's article, you do not have a choice which NBN service will be connected to your home. However in some cases you can choose whether and when to connect.

**NBN Fibre to the Node (FTTN).** If fibre is installed in your area then connection to the NBN is compulsory. You can choose when to change over to NBN, but after 18 months the existing ADSL and telephone service will be disconnected. **If you don't change over to NBN by then you will have no data or telephone services to your home.**

[Note: NBN Fibre is currently being installed in Beverley but has not yet been activated. Fibre has been activated in York and Brookton]

**NBN Wireless.** If NBN Wireless is installed in your area then changeover to NBN is **not** compulsory. In most cases NBN Wireless is faster and cheaper than existing ADSL services. If you have ADSL1 (on the ADSL fringe areas) NBN Wireless will definitely be faster.

[Note: if you currently have ADSL then the 18 month rule will apply - see the comments for NBN FTTN above.]

**NBN Satellite.** Connection to NBN satellite is **not** compulsory. However NBN Satellite is faster than all existing data services (except ADSL2) and is available to every home in Australia not covered by NBN Fibre or NBN Wireless.

[Note: if you currently have ADSL then the 18 month rule will apply - see the comments for NBN FTTN above.]

### Replacement phone service (all NBN services).

You can replace your existing telephone with a mobile or use a fixed phone service over the NBN. If you choose an NBN fixed phone service you can transfer your existing phone number to the NBN. If you have poor mobile coverage in your home then a new mobile service is available called WiFi Calling. See the panel for more information.

### Mobile WiFi Calling

Do you have poor (or no) mobile coverage in your home? If so there's an amazing new service you should investigate - and it's free. The mobile operators are offering it free as it saves them money on their mobile network! The service is ideal for many farmhouses and other locations with a good data service (e.g. NBN Satellite) but poor mobile services.

This service has been available in the US for some time and is currently creeping into use in Australia. Currently it is only available if you have a post-paid service directly with a mobile operator (Telstra, Optus or Vodafone). Mobile resellers, e.g. Boost, Virgin, iiNet etc. are not able to provide this service yet.

It works like this - A mobile phone is always searching for a mobile signal. If you have WiFi Calling on your mobile phone and there is a weak or no mobile signal, the mobile instead connects via your WiFi and the Internet to the mobile network.

It's a no-brainer where there is no mobile coverage, but also where there is poor mobile coverage. All you have to do is hide in a corner of the house which has no known mobile coverage but has good WiFi coverage and you can make/take mobile calls via your WiFi!

To use the service now you must have:

- A post-paid service with a telecom mobile operator (Telstra, Optus or Vodafone).
- The right type of (new) mobile phone with WiFi Calling (check in the settings to see if it's available on your phone)
- A type of phone that is approved by the mobile operator
- WiFi-Calling turned on.
- 4G turned on.
- Be within range of WiFi from a fixed Internet service, e.g. NBN or ADSL.

In low coverage areas you can use WiFi Calling instead of expensive mobile booster boxes.

To find out more information put "WiFi Calling" and the name of your operator (Telstra, Vodafone Australia or Optus) in your Internet search engine (e.g. Google).

INKOSI DESIGN

## BEVERLEY CRICKET CLUB

INKOSI DESIGN

The Beverley Inkosi Design Redbacks once again has a young side and with a few old boys is looking forward to a successful season. We have had a number of new recruits in Darrell Bennell, Sam Bennell, Bevan Bennell Snr, Phil Collard, Nathan Whitely and also welcome back Kodie Fleay, Blake Wansbrough, Daniel Gollan and Luke Gollan.

Our first game for the 2017/18 season was against Quairading.

**Saturday 28 October 2017**

***Beverley 9 for 189 defeated Quairading All Out for 86***

**Beverley Batting:** Liam Gollan 73, Stephen Gollan 58, Thomas McLean 17

*Game Highlights:* The batting of our two you guns in Sam and Luke and the return to bowling of Daniel Gollan after his knee injury along with the bowling of boom recruit Nathan Whitley.

**Sunday 12 November 2017**

***Beverley All Out for 170 lost to Brookton All Out for 211***

**Beverley Batting:** Luke Gollan 61, Darrell Bennell 61 not out, Daniel Gollan 14

**Brookton Bowling:** Damien Rushton 2 for 17, Toby Blechynden 2 for 23, Time Evans 2 for 24

**Brookton Batting:** Damien Rushton 73, Roy Yarren Snr 56

**Beverley Bowling:** Phil Collard 3 for 17, Darrell Bennell 2 for 14, Troy Granville 2 for 21

*Game Highlights:* The all-round game by Veteran Darrell Bennell and the bowling of young Phil Collard and Troy Granville. Well done to Mitchell Ashworth and Warky Ugle Jnr who played this game.

The club has started off the season well with a great win over Quairading and has been competitive in our games to date. It is great to see that we have a number of new players along with some junior players who have play very well. All goes well for a successful summer.

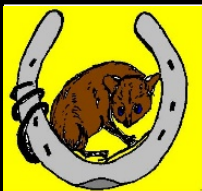

The Inkosi Design Redbacks wish all a safe and enjoyable festive period and look forward to 2018.

## Jenifer Petchell Life Membership

Life membership is the highest honour that a club and committee can award to a person and we believe that Jenifer Petchell has more than earned it. This honour is earned by giving countless hours and years, selflessly dedicated to our club and the knowledge that Jenifer will keep on giving her time generously for many more years.

Jenifer first joined our club in 1986, making 2017 her 31st year as a member. Throughout her many years at the club she has tried her hand at pretty much everything; which has given her a wealth of knowledge. She is our go to person whenever any of us has a question.

She has always been an asset to Beverley Horse and Pony Club. She was invited onto the committee as the junior representative in the early 1990's. Since then she has only taken one year off from the committee whilst pregnant. She has had numerous rolls while on the committee including Chief Coach Coordinator, President, Vice President, general committee, Event Organiser and various other sub committees. She has been Avon Zone Delegate since 1997, PPMG subcommittee 17 years ongoing, zone representative to State Council for nearly 11 years and recently joined the State Advisory Panel.

In April 1994 Jenifer taught her first lead rein class. Fortunately for the club, Jenifer really found her passion for coaching and she has not stopped since. She has an amazing wealth of knowledge and is so willing to share it with anyone ready to learn.

Many of you see the work that Jen does around the club – from coaching to busy bees to being a mum; but what we do not see is the endless hours behind the scenes. Creating lesson plans to suit each rider, organising events for a huge amount of people to enjoy, printing certificates and answering endless questions. Then there's never ending trips to Bunnings when we have a great idea that something needs updating; offering to take those less fortunate to our windups or shows, helping them and teaching them how to prep and make their horses look a little less like country bumpkins. When you need help or answers Jenifer always finds the time. She is one of a kind and we are truly fortunate to have her.

We only have two other life members within the club; Mrs Leslie Barret-Lennard and Annette Peart. Therefore, it is our pleasure to give Jenifer Petchell this badge and the honour that comes with it. You have work tirelessly for years and without you and your family the club would not be what it is today. This award is just a small token from past, present and future members to you for all the years of work, sweat, blood, tears and never-ending love you have given Beverley Horse and Pony Club.

Thank you from the members of the Beverley Horse and Pony Club.
