9.1 Development Application – Outbuilding (Shed) 72 (Lot 94) Vincent Street

SUBMISSION TO: Ordinary Council Meeting 28 August 2018
REPORT DATE: 16 August 2018
APPLICANT: Anthony Bassola
FILE REFERENCE: VIN 221
AUTHOR: B.S. de Beer, Shire Planner
ATTACHMENTS: Locality Map, Site Plan, Shed Plan

SUMMARY

An application has been received to construct an addition to an existing Outbuilding (Shed), in extent 33.75m² at 72 (Lot 94) Vincent Street, Beverley. It will be recommended the application be approved.

BACKGROUND

The subject site is located at 72 (Lot 94) Vincent Street, is 4,072m² in extent and zoned Residential R2.5. It contains two existing dwellings (one dwelling to be demolished) and an outbuilding (1 x Zinalume Outbuilding in extent 75m²).

In terms of the Shire's Outbuilding Policy, the maximum total individual area of any outbuilding on the property in this zone is to be no more than 75m², whereas the proposed addition to shed, will result in a total individual area of the Outbuilding to be approximately 108.75m².

The Outbuilding Policy furthermore prescribes that cladding material of walls and roof shall exclude Zinalume, whereas the proposal requests a continuation of the Zinalume material as per the existing Outbuilding structure.

In his submission the applicant indicates that the Outbuilding will be used for, amongst others, the storage of a caravan and other vehicles.

COMMENT

When considering the proposed increased individual Outbuilding area of the development proposal and the use of Zinalume cladding, Shire planner is of the opinion that the following aspects of the development should be taken into consideration:

- a) The general character of the immediate area;
- b) The size of the subject property;
- c) The location of the proposed development on the property.

The proposed siting, scale and bulk of the outbuilding is considered to be in pace with the character of the surrounding area. The Outbuilding is located to the rear of the block behind the existing house and is barely visible from Vincent Street. The proposal will not detract from the established streetscape.

It is also considered a better planning outcome to have sufficient under-roof storage available on a property as opposed to storage of items outside which could potentially negatively affect the amenity of an area.

Given the above site specific considerations and the size of the property it is not anticipated that the granting of Planning Approval for this application will create an undesirable precedent.

CONSULTATION

No consultation was deemed required.

STATUTORY ENVIRONMENT

The application may be approved under the Shire of Beverley's Town Planning Scheme No. 2.

FINANCIAL IMPLICATIONS

There are no financial implications relative to this application.

STRATEGIC IMPLICATIONS

There are no strategic implications relative to this application.

POLICY IMPLICATIONS

There are no policy implications relative to this application.

VOTING REQUIREMENT

Simple Majority

OFFICER'S RECOMMENDATION

That Council resolve to grant planning approval for an extension to the Outbuilding (Shed) at 72 (Lot 94) Vincent Street, Beverley, subject to the following conditions and advice notes:

Conditions:

1. Development shall be carried out only in accordance with the terms of the application as approved herein and any approved plan, prepared by the applicant and endorsed by Council's Shire Planner.
2. The outbuilding shall not be used for human habitation, commercial or industrial purposes.

Advice Notes:

Note 1: If the development the subject of this approval is not substantially commenced within a period of 2 years, or another period specified in the approval after the date of determination, the approval will lapse and be of no further effect.

Note 2: Where an approval has so lapsed, no development shall be carried out without the further approval of the local government having first been sought and obtained.

Note 3: Nothing in the approval or these conditions shall excuse compliance with all relevant written laws in the commencement and carrying out of the development.

- Note 4: The applicant is advised a building permit is required prior to commencement of any building works.
- Note 5: If the Outbuilding is to be used for the collection of rainwater for human consumption, all cladding and other material associated with water collection shall comply with Australian Standard 4020 (Products for use in contact with drinking water).
- Note 6: If an applicant is aggrieved by this decision there is a right of review by the State Administrative Tribunal in accordance with the *Planning and Development Act 2005* Part 14. An application must be made within 28 days of the determination.

COUNCIL RESOLUTION

9.2 Subdivision Application WAPC 157065: Lots 4865, 5164 & 6063 Qualandry Road

SUBMISSION TO: Ordinary Council Meeting 28 August 2018
REPORT DATE: 17 August 2018
APPLICANT: Department of Biodiversity, Conservation & Attractions
FILE REFERENCE: PL 157065
AUTHOR: B.S. de Beer, Shire Planner
ATTACHMENTS: Site Subdivision Plan & Application Documentation

SUMMARY

An application had been received from the abovementioned department for the subdivision of Lots 4865, 5164 & 6063 Qualandry Road, Beverley. The application will be recommended for approval.

BACKGROUND

An application has been received from the Western Australian Planning Commission (WAPC) to realign boundaries as per the attached sketch plans. The subject lots are Zoned 'Farming'.

The following email from Alex Errington from the Department of Biodiversity, Conservation and Attractions was presented to Council's Briefing Forum on 24 July 2018 - quoted below:

'We have been speaking to the owners of Locations 4865, 6063 and 5164 about purchasing the remnant bush on their property, with the goal of having it reserved as a Nature Reserve.'

'Attached are a map, plan and aerial photo showing the area - just west of the Yenyening Lakes.'

'The area of bush is about 323.6ha in area. The owners would retain two re-configured blocks comprising the area of the property which is cleared and cropped.'

'We would like to finalise the purchase as soon as possible. However, this will first require us to submit a formal subdivision application to the WA Planning Commission.'

'Before we do this, I would appreciate it if you could advise me whether the Shire would have any view, comments, information or recommended conditions which would be pertinent to the proposal. I will provide the Commission with a copy of your response.'

COMMENT

The subdivision proposal accords with the aims of the Shire of Beverley Local Planning Strategy i.e. to encourage the retention of remnant vegetation.

As per the July 2018 Briefing Forum discussion, Shire Planner proposes that the Department be informed that the Shire has no objection or conditions and no further comment on the matter.

STATUTORY ENVIRONMENT

Subdivision and amalgamation is determined by the Western Australian Planning Commission in compliance with state policies and the Shire of Beverley's planning

framework. Council's recommendation is considered when determining the application.

FINANCIAL IMPLICATIONS

There are no financial implications relative to this application.

STRATEGIC IMPLICATIONS

There are no strategic implications relative to this application.

POLICY IMPLICATIONS

There are no policy implications relative to this application.

VOTING REQUIREMENTS

9.3 Development Application – Outbuilding (Hay & Storage Shed) Lot 2539 Cooke Road

SUBMISSION TO: Ordinary Council Meeting 28 August 2018
REPORT DATE: 20 August 2018
APPLICANT: Gareth Draffin
FILE REFERENCE: COO 51180
AUTHOR: B.S. de Beer, Shire Planner
ATTACHMENTS: Locality Map, Site Plan, Shed Plan

SUMMARY

An application has been received to construct a Farm Hay & Storage Shed at Lot 2539 Cooke Road, Dale - Beverley. It will be recommended the application be approved.

BACKGROUND

The subject site is located at Lot 2539 Cooke Road, is 80.92 Ha in extent and zoned *Farming*. It is vacant at present.

The proposal is to construct a Zinacalume Farming Hay & Storage Shed, in extent 24m x 11.85m and 7m in height. The proposal complies with all aspects of the Shire's Outbuilding Policy.

In terms of the Shire of Beverley Town Planning Scheme No. 2 (TPS2) the required minimum setback of development from a side boundary in this Zone is 15m, whereas the proposed shed will have a setback of 6m.

The applicant submitted the following justification as part of his submission:

"The reason been 6m off the fence line is that the farm is 185 acres arable and we are chopping into the paddock as it is. 6m is still plenty of room to get a semi truck beside the shed and fence. We would have to completely reposition the shed to another area if we went any further across (away from the fence). The way rain falls and wind blows there isn't any other suitable options available to put the shed."

COMMENT

The proposal to have the shed closer to the side boundary as prescribed by TPS2 is deemed practicable under the specific circumstances and on the grounds of the justification submitted.

The proposal is not considered to have an adverse effect on the neighbouring property or future agricultural land use thereof, and is therefore supported.

CONSULTATION

No consultation was deemed required.

STATUTORY ENVIRONMENT

The application may be approved under the Shire of Beverley's Town Planning Scheme No. 2.

FINANCIAL IMPLICATIONS

There are no financial implications relative to this application.

STRATEGIC IMPLICATIONS

There are no strategic implications relative to this application.

POLICY IMPLICATIONS

There are no policy implications relative to this application.

9.4 Proposed Disposal of Shire Owned Land – Lot 51 Lukin Street

SUBMISSION TO: Ordinary Council Meeting 28 August 2018
REPORT DATE: 21 August 2018
APPLICANT: Shire of Beverley
FILE REFERENCE: LUK 394
AUTHOR: B.S. de Beer, Shire Planner
ATTACHMENTS: Locality Map, Easement Diagram, Sect 30 Local Government Regulations

SUMMARY

Council is requested to resolve to dispose of Lot 51 Lukin Street and to offer the subject land to the neighbouring land owner (Lot 50 Lukin Street).

BACKGROUND

Council recently acquired Lot 51 Lukin Street, for reasons relating to outstanding rates.

The subject land is zoned Residential R10/25 and is 293 m² in extent. There is an Access Easement on the subject land in favour of Lot 50 Lukin Street – please refer to attached diagram on DP27572. As can also be seen from the attached locality map, Lot 50 Lukin Street is located on either side of Lot 51.

COMMENT

It will be recommended that Lot 51 Lukin Street be offered to the neighbouring land owner (Lot 50 Lukin Street) as he would be the only party that would gain any benefit from the property. A section of Lot 50 Lukin Street is landlocked as a result of the present cadastral arrangement, and even though Lot 51 does have a perpetual access easement burden over the entire lot to the benefit of Lot 50, it is considered to be a better outcome to have Lot 51 disposed of and amalgamated with Lot 50. This would also enable the present owner of Lot 50 the opportunity to redevelop and/or subdivide, should he so wish.

STATUTORY ENVIRONMENT

Local Government Act, 1995.

Local Government (Functions and General) Regulations 1996.

Council is not required to give public notice of the disposal as required by Section 3.58 of the *Local Government Act 1995*, as the value of the land is considered to be below the \$5,000 threshold and is deemed to align with the circumstances described in Section 30 of the *Regulations* - see attached.

FINANCIAL IMPLICATIONS

That any financial costs associated with Lot 51 Lukin Street will be written off as the land has been transferred to the Shire of Beverley.

The estimated Market Value of Lot 51 is \$4,450.00.

STRATEGIC IMPLICATIONS

Goal 3: To have land available for domestic and commercial growth

POLICY IMPLICATIONS

There are no policy implications relative to this application.

VOTING REQUIREMENT

Simple Majority

OFFICER'S RECOMMENDATION

That Council resolve to;

1. Dispose of the subject land (Lot 51 Lukin Street);
2. Offer the subject land (Lot 51 Lukin Street) to the owner of Lot 50 Lukin Street at Market Value;
3. Authorise the Chief Executive Officer to deal with the transaction as required.

ATTACHMENTS: Locality Map, Minutes of Yenyening Lakes Management Group Meeting 14 February 2018.

SUMMARY

Council is requested to consider agreeing to the change of purpose of Reserve 31837 from *Nature Reserve* to *Conservation Park* to enable water skiing and other recreational activities.

BACKGROUND

The Yenyening Lakes Management Group met in February 2018 to discuss a number of matters in relation to the Yenyening Lakes and its usage. Role players at this meeting included representatives of:

- Department of Water & Environment Regulation;
- Department of Biodiversity, Conservation & Attractions;
- Beverley Ski Club;
- Beverley Shire;
- LGIS

Please refer to the attached minutes of the meeting.

Amongst others a discussion was had in regards to a renewed focus on tourism and the role the Yenyening Lakes plays in this.

It was reported at the meeting that the Department of Transport, after having done surveys, has deemed the lake to be compliant for purposes of skiing. This needed to be formalised through Gazettal of the Ski Lake as such.

Greg Durell, representative from the Department of Biodiversity, Conservation & Attractions (DBCA) made the following submission via email on 28 February 2018:

After consulting with DBCA's Head office staff, I am pleased to be able to provide the Department's position concerning any future land category changes for Reserve 31837 (Western portion of the Yenyening Reserve system).

1. *the Conservation and Parks Commission is to retain the Management Order for the reserve, DBCA to retain management responsibilities of the reserve under the CALM Act.*
2. *Subject to a letter of confirmation from the Shire of Beverley expressing a desire to enter into a Lease arrangement over a portion of the reserve (Ski lake and adjoining areas for picnicking etc.), DBCA will progress a change in purpose of the reserve from Nature Reserve to Conservation Park. This will then legally allow for: a Lease, powerboating subject to gazettal approval, and under a Lease the Shire of Beverley can develop a picnic and camping place based on DBCA standards (We would work with the Shire of Beverley on concept design etc.).*

The intent from DBCA would be to work towards making this happen. There are several challenges that we foresee in working towards these changes:

- a) The Department of Mines, Industry Resources and Safety could be an impediment to changing the purpose.*
- b) Native Title should not be an issue given the reserve was created in 1973. DBCA will need to advise the Ballardong Working Group about the proposal to change the purpose. Although no formal registered sites it may raise interest given there is a registered site on the Avon River.*
- c) DBCA is unable to provide any direct funds into any developments at Ski lake.*

Note: The intent for progressing this change is to provide a situation for the Shire of Beverley and the Beverley Ski Club to make good use of the area around the Ski lake subject to their capacity to make improvements over time. DBCA has no intent on offering other lakes such as Racecourse and Ossigs for power boating, nor developments because of high costs and compliance issues. Ski lake will be the only focus for non-passive recreational pursuits on lands DBCA manages at Yenyening. DBCA believes that this best suits the public interest, and a future way forward for regional tourism and acknowledges the work already done by the Shire & YLMC and others to solve outstanding access issues.

Should the Shire of Beverley, in collaboration with the Beverley Ski Club, wish to recommend a change in purpose for the reserve a letter stating your intent would be appreciated in due course. By doing this it will define the intent of the Shire, the ski club and broader community and then DBCA can begin a process to change the purpose, enter into a Lease Arrangement over the Ski lake and adjoining lands (to be decided on extent) and work together to allow for people to legally enjoy the area.

COMMENT

The Yenyening lakes, and specifically Ski Lake and surrounds, had for many years, and are still being used for various recreational activities including water skiing and camping. This process seeks to formalise an existing situation and add further value to an untapped tourism treasure as referenced in the Beverley Tourism Plan.

STATUTORY ENVIRONMENT

CALM Act, 1984.

FINANCIAL IMPLICATIONS

The Shire will be required to enter into a lease agreement with the DBCA for a portion of the Ski Lake Area, and will bear the costs associated with the required public liability insurance (costs unknown).

STRATEGIC IMPLICATIONS

Goal 10: Rivers, lakes and reserves are an attraction for locals and visitors.

Strategy 10.5: Continue to engage with key stakeholders regarding access to and management of the Lakes.

Strategy 10.6: Support the development of sports tourism at the Lakes.

POLICY IMPLICATIONS

There are no policy implications relative to this application.

VOTING REQUIREMENT

Simple Majority

OFFICER'S RECOMMENDATION

That Council resolve to:

1. enter into a Lease Arrangement over the Ski Lake and adjoining lands (to be decided on) with the Department of Biodiversity, Conservation & Attractions;
2. request the Department of Biodiversity, Conservation & Attractions to progress a change in purpose of Reserve 31837 from Nature Reserve to Conservation Park in order for the subject area to be used for recreational purposes including power boating/water skiing, camping & picnicking.

COUNCIL RESOLUTION

M9/0818

Yenyenning Lakes Management Group

Meeting Minutes

Wednesday 14th February 2018 meeting opened 1.10pm

Shire of Beverley Council Chambers

In Attendance

Stephen Gollan	CEO, Shire of Beverley	SG
Stefan de Beer	Shire Planner, Shire of Beverley	SB
Scott McLean	YLMG, TAG	SMc
Dee Ridgeway	Shire President, TAG	DR
Adam Smith	Beverley Ski Club – President	AS
Tim Kilpatrick	YLMG, Beverley Ski Club	TK
Greg Durell	Dept Biodiversity, Conservation & Attractions	GD
Paul McBride	LGIS	PM
Jorden Reid	LGIS	JR
Susan Martin	Shire of Beverley – councillor	SM
Tim Seed	Shire of Beverley – councillor	TS
Rachel Lucas	Technical Officer - Shire of Beverley	minute taker

Discussion points

SMc opened meeting, introduced everyone, thanked those attending and summarised the previous meeting. With renewed focus on tourism Yenyenning Lakes has been identified as a tourism attraction. The lake complies with the DoT audit.

Concerns around public liability over skiing and camping at the lakes. It is all free at present. Need to improve facilities – enviro- toilets and shade.

Agenda - discussion between Shire, YLMG, Ski Club, DBCA for agreement for insurance around camping, skiing and facilities.

JR: It is not cut and dry, there are risks, but it can be achieved. Comes back to the Shire for costs. LGIS is there to protect Shire.

PM: What were the DoT requirements? Indicator at the ramp, under 1.5m the lake is closed for skiing. Clear rules on signs. The DoT put up the signs with requirements – direction of skiing, area marked for swimmers. AS – skipper tickets rules apply. SB – DoT have provided a draft agreement.

Attachment 9.5

Need the DBCA approval for land management.

As a point of clarification given the long history to avoid confusion: The National Parks and Nature Conservation Authority (NPNCA), The Conservation Commission of WA (CCWA) and the Parks and Conservation Commission of WA (PCCWA) are effectively the same entity albeit name changes since 1996 has caused confusion to many. This entity has the Management Order for all lands under the CALM Act and DBCA manages the land on the Commission's behalf. The current Commission, The Conservation and Parks Commission, as per the previous entities, are a public commission working on behalf of the interests of the people of Western Australia.

GD: have a historical back ground of the lake through the different State Government Depts that have managed it. A letter sent in 1996 by the then National Parks and Nature Conservation Authority (NPNCA) to the Chair Yenyening lakes Management Committee providd guidance to the Committee about the laws of camping at Ski lake. GD will be provide a copy of this letter. In effect the letter says that camping is not permitted at Yenyening Lakes because of the current land tenure. GD said that DBCA could only permit camping through a change in the purpose of the land to another land classification such as a Conservation Park"; or through de-vesting of the reserve to another authority such as the Shire of Beverley. Discussion re de-vesting the area to the Shire. At present the DBCA manage it under the CALM act.

Skiing: In 2005 the then Conservation Commission of W.A. authorized skiing to be permitted on ski lake in July 2005. This advice was tabled at a yenyening Lake Management Committee meeting shortly after. The Commission resolution was that subject to ski gazettal (under the Navigateable Waters Act and that the Ski Club enter into a management agreement (lease) with the then Dept. of CALM (now DBCA)..

GD explained that he had discussed what was needed: A Lease would be required by DBCA and the Beverley Ski club or the Shire of Beverley and that public liability insurance of \$10 million would be a minimum.

TK: sticking point has always been lack of access to lakes, this is now resolved with the road in.

GD explained that Ms. Lyn Phelan is the Leasing Officer at DBCA and would be responsible for development of a Lease and could explain the process if needed..

JR: Camping is out of the control of the Shire. CALM currently says no – who controls this. Not the Shire. Does the State (Government)? Now there is access and egress to the lakes public liability for skiing. Ski club needs indemnity insurance. 3 entities involved – ski club, Shire and State.

SMc: want to allow both skiing and camping for tourism, Insurance covers the club not the individual (skiing). Camping – who is responsible? If camping is to go ahead land needs to be vested in the Shire.

Following points bought up:

Attachment 9.5

DR: if people injured camping – not a problem; if injured skiing it is a problem.

PM: difference between licensee and lease.

TK: Camping is important, now that's there's road in. Need to do what needs to be done, road access has changed the needs.

JR: Who is paying?

TK: Want to be able to do what we are already doing but legally.

AS: No resources, Ski club has been closed for a number of years. They have a small membership fee. Aren't eligible for grants at present with the way everything is.

DR: How much duty of care is discharged through signage?

PM: Signage is required as it is a small area for duty of care and to extend to campers.

SMc: Ski Club could be managers with State or LG as managers of the land.

PM: Risk transfer = State>LG>Ski Club. Ski club can't meet the liability.

SB: What if privately owned? PM if you assert control over the land.

GD: Goes from being under the CALM act to under the Lands Act.

SB: What resources would be need if privately owned – bush fire risk etc.

GD: The Flora and Fauna Reserve is a vesting??? Not sure here. I think at some point here I mentioned the types of reserve classifications under the CALM Act, one of which was a Conservation park which is similar to the classification of a National Park. Conservation Parks are usually established over lands that have a dual people and conservation value but are not as iconic or as large as national parks.

DR: Can the vesting be changed, ie to make it similar to a National Park so camping would be allowed?

TK: Way forward?

GB: Has been a Flora and Fauna Reserve (historically), needs to be recreational – Conservation Park.

DR: Keep it under State control but change the vesting from Flora and Fauna to Conservation Park to allow what is already happening out at the lakes. Shire can't take it. What are the costs ? Then can there be a lease between DBCA & Ski Club.

AS: Wants to improve the facilities.

DR: Who would approach the State – Shire and Ski Club together? Advise local member Mia Davies?

Agreed to apply to change the vesting of the reserve from Flora & Fauna Reserve to Conservation Park.

Attachment 9.5

SMc: will still need a management or lease agreement with the DBCA re skiing and camping.

Discussion around comparing Yenyenning Lakes with Dumbleyung and how that lake is managed.

GD: Changing vesting maybe a challenge, there may be other considerations.

JR: vesting to conservation instead of vesting in the Shire.

DR: We are short on resources (people) – SMc assured there were people through the YLMC, the Ski Club and surrounding land owners. DR: Partnership with Shire?

PM: There should be no problems underwriting the risk. Shire needs to work out what it wants.

Needs the facilities for the tourists. There are the YLMG and Ski Club to help. Both groups are incorporated.

TK: to GD – Process of vesting in Shire - it would only be the reserve at the lake.

Shire would need to write a letter of request to DBCA.

Shire needs to do some homework re changing the vesting to Conservation Park or vesting the land in the Shire.

YLMG needs to formally request that the Shire do this. SMc to email SB

Meeting closed at 2.25pm

9.6 Proposed Causeway across Avon River – Road Dedication – Railway Street

SUBMISSION TO: Ordinary Council Meeting 28 August 2018
REPORT DATE: 21 August 2018
APPLICANT: Shire of Beverley
FILE REFERENCE: R 005
AUTHOR: B.S. de Beer, Shire Planner
ATTACHMENTS: Main Roads Drawings – Land Dealings, RAV4 Routes Map, Submission from Jon & Michelle Rothwell

SUMMARY

Council is required to consider the responses to the public advertising of the Railway Street Road Dedication exercise and to resolve to request the Minister to formally dedicate the subject land as Public Road.

BACKGROUND

Council at its meeting of 28 November 2017 resolved, amongst others, as follows:

....Instruct the Shire Planner to progress the Road Dedication exercise pursuant to Section 56 of the Land Administration Act 1997.

ADVERTISING

The Road Dedication has now been advertised for a period of 35 days, and the submissions listed below. Selected submissions received have also been attached to this report.

	Respondent	Property	Comment	Planner's Response
1	Telstra	-	No objection to proposal.	The submission is noted.
2	Water Corporation	-	Currently the Water Corporation & Waste Water Planning hasn't any proposed infrastructure along this route. The proposed crossing does not appear to impact on the Water Corporation existing infrastructure apart from maybe a Water Main in Lukin Street.	The submission is noted.
3	Western Power	-	Only a general automated response received referring to dial Before You Dig protocols.	The submission is noted.
4	Department of Planning, Lands & Heritage	-	No objection to proposal.	The submission is noted.
5	Princie Read	1 Forrest Street Beverley	The proposed bridge/causeway, I feel, will have a negative impact on any future resale value of my property as well as the negative impact of the noise pollution that will be created from road trains. Considering how close my home is to this new road proposal, I strongly oppose this plan.	The submission is noted. Please see 'Comments' section below. It is worthwhile to note that the respondent's property is located on an existing RAV4 classified route – please see attached plan.
6	Jon & Michelle Rothwell	98 Harper Street Beverley	1. Vehicles slowing down to turn and accelerating away from the causeway will generate extra noise. 2. At night vehicles exiting the causeway will shine their lights directly into our bedrooms. 3. Any vehicles failing to stop or losing control at the end of the causeway have the possibility of crashing into one of the nearby houses. Our concerns can easily be alleviated by putting up fencing and trees to alleviate the light and noise problem and sufficient crash protection. There is a large block of vacant land opposite the causeway exit and a fence in that location would be ideal. We have enclosed a map of the causeway exit and marked on it where we believe a fence would be useful.	The submission is noted. Please see 'Comments' section below. It is worthwhile to note that the respondent's property is located in close proximity to an established RAV4 classified route (Lukin Street) – please see attached plan.
7	Tony Bassola & Karen Humphrey	72 Vincent Street Beverley	We live at 72 Vincent Street and have some concerns with the amount of traffic coming pass our place. The reason is being: 1. Rarely does anyone do the speed limit, 50kms, especially	The submission is noted. Matters in relation to compliance with the

	Respondent	Property	Comment	Planner's Response
			<p>trucks and huge tractors who are going into town or coming out, anytime day or night.</p> <ol style="list-style-type: none"> 2. On purchasing this property the vacant block next door had also been sold. The new owner had it surveyed and the new boundary took away one of two driveways. The entrance and exit of the driveway we have left is on a blind bend. On several occasions we have had near misses with vehicles coming around that blind bend. 3. Engine breaking is also a concern, this should not be necessary in a 50kph zone. This could possibly get worse if they are turning into Lukin Street. <p>These are just a few concerns we have and would like to know if you have considered Brooking Street, right onto Dempster St as an alternative route. Also to change the intersection at Lukin St would not be necessary, and less money. There are many visitors who come to camp for a few days in the park and spend money in town, who may be put off because of the constant truck noise.</p> <p>As it is a 50kms zone needs to be enforced more, with signs, plus a flashing 50km sign to make traffic more aware because living with constant noise from trucks and banging along the road speeding is very annoying. Since we have moved here there are a lot more trucks on this road.</p> <p>Thank you for the opportunity to voice our concerns.</p>	<p>WA Road Traffic Code and otherwise are beyond the scope of this road dedication exercise.</p> <p>It is worthwhile to note that the respondent's property is located on an established RAV4 classified route (This section of Vincent Street) – please see attached plan.</p> <p>Please also refer to the 'Comments' section below.</p>
8	Martin Eloury	84 Lukin Street Beverley	<p>I also have some concerns re the realignment of the heavy haulage route through our Street. The first part of Lukin St contains many old heritage buildings, mine being one of them. As well as a church. My house is significant as being built by the inventor of the Stump Jump Plough. Robert Bowyer Smith.</p> <p>I am deeply concerned not only with the prospect of increased noise and traffic. But also damage to my house through vibration. Can you clarify exactly what is planned and how it is likely to impact</p>	<p>The submission is noted.</p> <p>The existence of heritage listed buildings in Lukin Street is noted. Council is in the process of reviewing the Heritage Inventory and consideration will be given to including 84 Lukin Street on this list.</p> <p>It is worthwhile to note that the</p>

	Respondent	Property	Comment	Planner's Response
			our previously quiet street.	<p>respondent's property is located on an established RAV4 classified route (Lukin Street) – please see attached plan.</p> <p>It might be argued that traffic volumes might even decrease at this section of Lukin Street as a result of the Causeway, with trucks entering town from Bremner Road, turning left onto the Causeway.</p> <p>Please also refer to the '<i>Comments</i>' section below.</p>

COMMENT

The concerns received from the public notification are noted. The proposal needs to be viewed on balance though, i.e. the anticipated benefits to the broader community of the shire against a potential adverse effect on others. It is submitted that the nett benefit to the broader community should take preference.

The proposed 'second crossing' of the Avon River, as proposed by this project, will benefit the community of Beverley in a profound way and should be pursued.

CONSULTATION

Certain affected land owners and Service Providers were contacted directly for comment. An advertisement was published in the *Beverley Blarney* inviting comment for a period of 35 days.

STATUTORY ENVIRONMENT

Land Administration Act 1997.

FINANCIAL IMPLICATIONS

Council will be required to pay for any land surveying costs associated with the road alignment – approx. \$10,000.

Contribution for Construction of Causeway – undetermined.

STRATEGIC IMPLICATIONS

The new road will bring a much needed 'second crossing' across the Avon river which will benefit the Beverley Community.

Strategic Community Plan

Strategy 10.1: Continue towards a second crossing of the river within town boundary

POLICY IMPLICATIONS

There are no policy implications relative to this application.

VOTING REQUIREMENT

Simple Majority

OFFICER'S RECOMMENDATION

That Council resolve to:

1. Concur to the subject land, as described by the attached Main Roads WA Drawings, being dedicated as Public Road under Section 56 of the Land Administration Act, 1997;
2. In accordance with the Regulations, prepare and deliver the request for the dedication of the subject land as public road to the Minister for consideration.

Stefan de Beer
Manager: Planning & Development Services
Shire of Beverley
BEVERLEY WA 6304

7th June 2018

Dear Stefan,

Further to our conversation on Wednesday morning, we would just like to outline our concerns regarding the new Causeway.

Concerns.

1. Vehicles slowing down to turn and accelerating away from the causeway will generate extra noise.
2. At night vehicles exiting the causeway will shine their lights directly into our bedrooms.
3. Any vehicles failing to stop or losing control at the end of the causeway have the possibility of crashing into one of the nearby houses.

Our concerns can easily be alleviated by putting up fencing and trees to alleviate the light and noise problem and sufficient crash protection.

There is a large block of vacant land opposite the causeway exit and a fence in that location would be ideal.

We have enclosed a map of the causeway exit and marked on it where we believe a fence would be useful.

Any further questions please feel free to contact us.

Regards

Jon and Michelle.

11. FINANCE

11.1 Monthly Financial Report

SUBMISSION TO: Ordinary Council Meeting 28 August 2018
REPORT DATE: 10 August 2018
APPLICANT: N/A
FILE REFERENCE: N/A
AUTHOR: S.K. Marshall, Deputy Chief Executive Officer
ATTACHMENTS: July 2018 Financial Reports

SUMMARY

Council to consider accepting the financial report for the period ending 31 July 2018.

BACKGROUND

There is a statutory requirement that the Local Government is to prepare, each month, a statement of financial activity reporting on sources and applications of its funds and to present the statement to Council.

Council adopted a budget variance reporting parameter of 10% on budgeted items of \$10,000 or greater at the July 2018 Ordinary Meeting, item 11.3.

COMMENT

The monthly financial report for the period ending 31 July 2018 has been provided and includes:

- Financial Activity Statement;
- Statement of Net Current Assets;
- Statement of Financial Position; and
- Supplementary information, including;
 - Operating Statement by Nature and Type;
 - Road Maintenance Report; and
 - Investment of Surplus Funds Report.

STATUTORY ENVIRONMENT

Section 6.4(1) of the *Local Government Act* provides that a local government is to prepare an annual financial report for the preceding financial year and such other financial reports as are prescribed.

Regulation 34 of the *Local Government (Financial Management) Regulations* requires a Statement of Financial Activity to be prepared each month which is to contain the following details:

- (a) annual budget estimates;
- (b) budget estimates to the end of the month;
- (c) actual amount of expenditure and revenue;
- (d) material variances between comparable amounts in (b) and (c) above; and
- (e) the net current assets at the end of the month to which the statement relates (i.e. surplus / (deficit) position).

The Statement is to be accompanied by:

- (a) explanation of the composition of net current assets, less committed assets and restricted assets;
- (b) explanation of the material variances; and
- (c) such other information considered relevant by the local government.

FINANCIAL IMPLICATIONS

All revenue and expenditure, unless disclosed in the notes to material variances, are as per the 2018/19 Budget.

STRATEGIC IMPLICATIONS

Nil

POLICY IMPLICATIONS

AF004 – Investing Surplus Funds

VOTING REQUIREMENTS

Simple Majority

OFFICER'S RECOMMENDATION

That the monthly financial report for the month of July 2018 be accepted and material variances be noted.

COUNCIL RESOLUTION

M10/0818

Moved Cr White

Seconded Cr Martin

That the monthly financial report for the month of July 2018 be accepted and material variances be noted.

11.2 Accounts Paid by Authority

SUBMISSION TO: Ordinary Council Meeting 28 August 2018
REPORT DATE: 16 August 2018
APPLICANT: N/A
FILE REFERENCE: N/A
AUTHOR: S.K. Marshall, Deputy Chief Executive Officer
ATTACHMENTS: July 2018 – List of Accounts

SUMMARY

Council to consider authorising the payment of accounts.

BACKGROUND

The following list represents accounts paid by authority for the month of July 2018.

COMMENT

Unless otherwise identified, all payments have been made in accordance with Council's 2018/19 Budget.

STATUTORY ENVIRONMENT

Regulation 12 of the Local Government (Financial Management) Regulations provides that:

- (1) A payment may only be made from the municipal fund or the trust fund —
 - (a) if the local government has delegated to the CEO the exercise of its power to make payments from those funds — by the CEO; or
 - (b) otherwise, if the payment is authorised in advance by a resolution of the council.
- (2) The council must not authorise a payment from those funds until a list prepared under regulation 13(2) containing details of the accounts to be paid has been presented to the council.

Regulation 13 of the Local Government (Financial Management) Regulations provides that:

- (1) If the local government has delegated to the CEO the exercise of its power to make payments from the municipal fund or the trust fund, a list of accounts paid by the CEO is to be prepared each month showing for each account paid since the last such list was prepared —
 - (a) the payee's name;
 - (b) the amount of the payment;
 - (c) the date of the payment; and
 - (d) sufficient information to identify the transaction.
 - (2) A list of accounts for approval to be paid is to be prepared each month showing —
 - (a) for each account which requires council authorisation in that month —
 - (i) the payee's name;
 - (ii) the amount of the payment; and
 - (iii) sufficient information to identify the transaction;
- and
- (b) the date of the meeting of the Council to which the list is to be presented.
 - (3) A list prepared under sub regulation (1) or (2) is to be —

- (a) presented to the Council at the next ordinary meeting of the council after the list is prepared; and
- (b) recorded in the minutes of that meeting.

FINANCIAL IMPLICATIONS

Unless otherwise identified, all payments have been made in accordance with Council's 2018/19 Budget.

STRATEGIC IMPLICATIONS

Nil

POLICY IMPLICATIONS

Authority to Purchase – All acquisitions should be in accordance with budget provisions or to a maximum specified cost.

VOTING REQUIREMENTS

Cr's Ridgway, White and Pepper all declared an Interest of Impartiality at the start of the meeting (Item 3). It was agreed by Council that the Councillors stay in the meeting, as the item is put forward by the Economic & Community Strategy Committee and there is no financial or strategic gain for any Councillor.

11.3 Community Grants

SUBMISSION TO: Ordinary Council Meeting 28 August 2018
REPORT DATE: 15 August 2018
APPLICANT: Various Community Groups
FILE REFERENCE: ADM 0428
AUTHOR: S.P. Gollan, Chief Executive Officer
ATTACHMENTS: Grants Table (within report)

SUMMARY

Council to award grant funding for various Community Groups.

BACKGROUND

At the July 2013 Council meeting, it was agreed to set up a Community Grants scheme to assist Not for Profit and Incorporated local organisations in the development of their respective interests.

COMMENT

The first round of Community Grants for 2018/19 financial year was advertised in the June and July 2018 Beverley Blarney and on the Shire of Beverley website. Applications opened on 3rd July and closed on 31st July 2018. A total of four applications were received, two for Major Grants and two for Minor Grants.

Clubs had to pass the compliance criteria to be considered eligible. The compliance criteria consisted of: Incorporation, Beverley Based Group/Club and 50:50 matched funds (for grants over \$1,001).

Minor Grants: Applications for under \$1,001 have to fall within one of the following categories: Early Years (0 to 4yrs); Environment; History and or Heritage; Seniors; Tourism; Volunteer/Upskilling; or Youth (5 to 18yrs)

Major Grants; Applications for over \$1,001 have to fall within one of the following categories: Art and Culture; Disability/Aging; Education & Training; Environment; Event; Minor infrastructure/equipment or development; or Sport and Recreation.

The total major grant funding requested \$5,950.00, the total minor grant funding requested \$2,000.00. As it is the start of the new financial year, there is \$10,000.00 available in both the major grant category and minor grants category.

The table on page 9 outlines the Grant Applications, the activities groups wish to use the money for, the amount they requested and the amount with reasoning that we are suggesting they receive.

Club/Group	Members	Activity	Amount Requested	Amount Suggested	Reasoning
MAJOR FUNDING (50:50 Matching Funds)					
Beverley Community Resource Centre	60	Major Category: Sport and Recreation Total Project Cost: \$12,000.00 To assist with administration and advertising of Beverley Triathlon hosted at the Beverley Swimming Pool which caters for professional and amateur triathletes, novice competitors, families, seniors and juniors.	\$2,500.00	\$2,500.00	Promotes a positive lifestyle and health message to the Wheatbelt community. Promotes social inclusion and volunteers. Engages Beverley locals and visitors from other Wheatbelt towns and the metro area. Previous years events successful with an average of 120-140 competitors and 40 volunteers and 50-70 spectators.
Alex Miles Lodge	Committee of 10 Residents 7 + visitors and staff	Major Category: Disability/Ageing Total Project Cost \$6900.00 Installation of a concrete path from the Lodge to the Gazebo, across the lawn and beyond to Forrest Street. Replacement of pavers (under gazebo) with non-trip concrete floor. Painting of Gazebo.	\$3,450.00	\$3,450.00	Will enable the residents to utilise the outdoor gazebo, promoting physical exercise with confidence and interaction with visitors. Improve aesthetics of a community facility. Application supported in writing by Beverley Hospital Auxiliary (also contributing \$3150 to the project), Beverley HSM, Alex Miles Residents and LHAG.
MINOR FUNDING (Up to \$1000 no matching funds required)					
Beverley WIFE Group (Women in Farming Enterprises)	27	Minor Category: Volunteer Upskilling Total Project Cost: \$1620.00 Project – to upskill members and participants in finding grants, addressing grant criteria and applying for the grant for their business, as well as community organisations they volunteer for by hosting a Grant Writing Workshop.	\$1000.00	\$1000.00	Has potential to result in more successful grants and community programs for Beverley. The Information session will be opened up to non-members to attend.
Beverley Playgroup	18 Families	Minor Category: Early Years (0 to 4years) Total Project Cost: \$2020.00 Project – to host a First Aid Information Session for child specific first aid practises.	\$1000.00	\$1000.00	Training empowers people with the skill and confidence to save children's lives, prioritise and recognise injury and illness and apply appropriate first aid. Information session will be opened to non-members.

The applications were considered by myself and Executive Assistant, Alison Lewis. In assessing the applications, I declare that I have no association or membership with any of the applicant groups. Alison Lewis declares that she is an annual volunteer of the Beverley Triathlon.

All applications met the compliance criteria.

The criteria for assessment consisted of: membership base, benefit to community, area of interest.

It was pleasing that four different category areas were applied for and everyone in our Community from the very young to our older population will benefit from this round of grants. All applications were completed entirely and supplied the appropriate quotes and budget information.

The Community Grants were considered at the Economic and Community Strategy Committee meeting on Tuesday 14 August 2018 with the agreed recommendation below.

11.4 Inclusion of Beverley Triathlon into Future Budgets

SUBMISSION TO: Ordinary Council Meeting 28 August 2018
REPORT DATE: 15 August 2018
APPLICANT: N/A
FILE REFERENCE: ADM 0092/0428
AUTHOR: S.P. Gollan, Chief Executive Officer
ATTACHMENTS: Nil

SUMMARY

Council to consider including the Beverley Triathlon contribution into future annual budgets.

BACKGROUND

The Beverley CRC and Triathlon Sub-Committee have been applying for a Community Grant each year since 2015. The next triathlon in 2019 will be the 5th annual event. It was suggested that a budget provision be included in the annual budget, rather than the CRC committee applying for a grant every year.

COMMENT

The Beverley CRC submit a comprehensive grant application each year, with the success of their Shire grant contributing to other organisations providing funding towards to the event. Without external funding the Committee could not run the \$12,000.00 annual event.

Council makes several annual budget contributions (cash and in-kind) to Community events and initiatives which are considered significant, bring regional visitors to Beverley and promote either education or a healthy lifestyle. These include: the Beverley Station Arts, Beverley Agricultural Society, Beverley Heroic and Beverley District High School.

By promoting the Triathlon to the Annual Budget, extra funds will be available to other groups applying to the Major Grants Category and it will allow the CRC to plan and apply for other external funding knowing a \$2,500.00 contribution from the Shire is available. The Economic and Community Strategy Committee agreed that the triathlon is considered significant, brings in regional visitors and promotes a healthy lifestyle and should be considered for annual budget line item in future budgets.

The funding for the Triathlon will continue to come from the Cropping Reserve which is dedicated to community purposes.

The Economic and Community Strategy agreed in principle at its 14 August 2018 and requested an Agenda item be presented to Council for formalisation.

STATUTORY ENVIRONMENT

Section 6.2 of the *Local Government Act* provides that:

- (1) Not later than 31 August in each financial year, or such extended time as the Minister allows, each local government is to prepare and adopt, in the

- form and manner prescribed, a budget for its municipal fund for the financial year ending on the next following 30 June.
- (2) In the preparation of the annual budget the local government is to have regard to the contents of the plan for principal activities accepted by a local government under section 5.58 and to prepare a detailed estimate for the current year of –
 - a. the expenditure by the local government;
 - b. the revenue and income, independent of general rates, of the local government; and
 - c. the amount required to make up the deficiency, if any, shown by comparing the estimated expenditure with the estimated revenue and income.
 - (3) For the purposes of subsections (2) (a) and (b) all expenditure, revenue and income of the local government is to be taken into account unless otherwise prescribed.
 - (4) The annual budget is to incorporate –
 - a. Particulars of the estimated expenditure proposed to be incurred by the local government
 - b. Detailed information relating to the rates and service charges which will apply to land within the district including –
 - i. the amount it is estimated will be yielded by the general rate; and
 - ii. the rate of interest (if any) to be charged by the local government on unpaid rates and service charges;
 - c. the fees and charges proposed to be imposed by the local government;
 - d. the particulars of borrowings and other financial accommodation proposed to be entered into by the local government;
 - e. details of the amounts to be set aside in, or used from, reserve accounts and of the purpose for which they are to be set aside or used;
 - f. particulars of proposed land transactions and trading undertakings (as those terms are defined in and for the purpose of section 3.59) of the local government; and
 - g. such other matters as are prescribed.
 - (5) Regulations may provide for –
 - a. The form of the annual budget;
 - b. The contents of the annual budget; and
 - c. The information to be contained in or to accompany the annual budget.

11.5 Asset Capitalisation Policy – Update

SUBMISSION TO: Ordinary Council Meeting
REPORT DATE: 21 August 2018
APPLICANT: N/A
FILE REFERENCE: N/A
AUTHOR: S.K. Marshall, Deputy Chief Executive Officer
ATTACHMENTS: AF010 – Asset Capitalisation Policy (Updated)

SUMMARY

Council to consider adopting the updated Asset Capitalisation Policy to align with recent changes to the *Local Government (Financial Management) Regulations 1996*.

BACKGROUND

The *Local Government (Financial Management) Regulations 1996* have been updated to set a capitalisation threshold for assets at a minimum of \$5,000. (See attached department circular 02-2018).

This regulation came into effect on 1 July 2018. Council's current capitalisation policy, AF010 Asset Capitalisation Policy, stipulates that assets to a minimum value of \$2,000 are to be capitalised.

COMMENT

To remain consistent with the *Local Government (Financial Management) Regulations 1996*, as revised, it is recommended that policy AF010 be updated to alter the capitalisation threshold from \$2,000 to \$5,000.

The updated policy is attached.

11.6 Transfer of Land – Lots 16, 17 and 18 Great Southern Hwy, Kokeby

SUBMISSION TO: Ordinary Council Meeting 28 August 2018
REPORT DATE: 22 August 2018
APPLICANT: N/A
FILE REFERENCE: ADM 0439
AUTHOR: N.J. Ashworth, Finance Officer
ATTACHMENTS: Map & Email from Ratepayer

SUMMARY

Council to consider writing off and refunding of rates and offering a market value payment for Lots 16,17 and 18 Great Southern Hwy, Kokeby as per the Anglo Estate (Mount Kokeby) Town Planning Policy.

BACKGROUND

As per the Anglo Estate (Mount Kokeby) Town Planning Policy, Council are able to consider offering to refund the 2017/18 rates and write off the 2018/19 rates on Lots 16, 17 and 18 Great Southern Highway on the understanding that these properties be transferred to the Shire of Beverley and all settlement costs be covered by the Shire of Beverley.

COMMENT

The ratepayers listed below contacted the Shire initially in regards to the amalgamation of the three Lots to sell them. They were advised that even if the blocks were amalgamated, the Town Planning Scheme would not allow for them to be built on.

After this advice, the ratepayers produced a letter dating back to 2006 signed by Keith Byers, as well as the Council Resolution stating that they would be refunded the total amount of rates that they had paid in full for the transfer of the Lots to the Shire of Beverley. Consequently they are now claiming an amount of \$18,281.86 in exchange for the land transfer.

Previous land transfers in the Anglo Estate have only allowed for one year previous rates to be refunded and the current year to be written off. The majority of the Anglo Estate owners had not paid their rates for many years, unlike these applicants, who have continued to pay annually and on time.

If Council choses to continue with the current precedent the amounts are listed below:

Assess #	Address	Description	Owner	Current Yrs Rates to be Written off	Previous Yrs Rates to be refunded
51222	Lots 16, 17 and 18 Great Southern Hwy	Vacant Land	Derek & Elaine GUNN	914.00	887.00
			Total	\$914.00	\$887.00

As these owners have continuously paid their rates, Council could also offer the current market value of each block which has been advised by York Real Estate as being in the range of \$1,500.00 - \$2,000.00 along with the refunding of the previous years rates.

As the 2006 offer was not taken up and Council has made further resolutions in regards to the Anglo Estate since then, the 2006 offer should be considered null and void.

STATUTORY ENVIRONMENT

The following sections of the *Local Government Act 1995* provide for the actions to be taken for the sale or transfer of land for non-payment of rates:

6.64. Actions to be taken

- (1) If any rates or service charges which are due to a local government in respect of any rateable land have been unpaid for at least 3 years the local government may, in accordance with the appropriate provisions of this Subdivision take possession of the land and hold the land as against a person having an estate or interest in the land and —
 - (a) from time to time lease the land; or
 - (b) sell the land; or
 - (c) cause the land to be transferred to the Crown; or
 - (d) cause the land to be transferred to itself.
- (2) On taking possession of any land under this section, the local government is to give to the owner of the land such notification as is prescribed and then to affix on a conspicuous part of the land a notice, in the form or substantially in the form prescribed.
- (3) Where payment of rates or service charges imposed in respect of any land is in arrears the local government has an interest in the land in respect of which it may lodge a caveat to preclude dealings in respect of the land, and may withdraw caveats so lodged by it.

6.68. Exercise of power to sell land

- (1) Subject to subsection (2), a local government is not to exercise its power under section 6.64(1)(b) (in this Subdivision and Schedule 6.3 referred to as the *power of sale*) in relation to any land unless, within the period of 3 years prior to the exercise of the power of sale, the local government has at least once attempted under section 6.56 to recover money due to it.
- (2) A local government is not required to attempt under section 6.56 to recover money due to it before exercising the power of sale where the local government —
 - (a) has a reasonable belief that the cost of the proceedings under that section will equal or exceed the value of the land; or
 - (b) having made reasonable efforts to locate the owner of the property is unable to do so.

(3A) A local government is to ensure that a decision to exercise a power of sale without having, within the period of 3 years prior to the exercise of the power of sale, attempted under section 6.56 to recover the money due to it and the reasons for the decision are recorded in the minutes of the meeting at which the decision was made.

(3) Schedule 6.3 has effect in relation to the exercise of the power of sale.

6.69. Right to pay rates, service charges and costs, and stay proceedings

(1) Up to 7 days prior to the time of the actual sale of any land for non-payment of rates or service charges a person having an estate or interest in the land may pay the rates or service charges and the costs and expenses incurred to that time in proceedings relating to the proposed sale.

(2) At any time after the 7 days referred to in subsection (1) but prior to the time of the actual sale of any land the local government may, upon such terms and conditions as are agreed between the parties, accept payment of the outstanding rates or service charges.

(3) On payment being made under subsection (1) or (2) the proceedings relating to the proposed sale are stayed and the local government is required to make such notifications and take such measures as are prescribed in relation to the payment and the cancellation of the proposed sale.

6.71. Power to transfer land to Crown or to local government

(1) If under this Subdivision land is offered for sale but at the expiration of 12 months a contract for the sale of the land has not been entered into by the local government, it may by transfer, where the land is subject to the provisions of the *Transfer of Land Act 1893*, and by deed, where the land is not subject to the provisions of that Act, transfer or convey the estate in fee simple in the land to —

- (a) the Crown in right of the State; or
- (b) the local government.

(2) When a local government exercises the power referred to in subsection (1)(a) in relation to any land all encumbrances affecting the land are, by virtue of this section of no further force or effect against that land and the Registrar of Titles or the Registrar of Deeds and Transfers, as the case requires, is to give effect to this section.

(3) When exercising the power referred to in subsection (1)(b) the local government is required to pay the sum secured by, or payable under, a mortgage, lease, tenancy, encumbrance or charge in favour of the Crown in right of the State or a department, agency, or instrumentality of the Crown in right of the State.

FINANCIAL IMPLICATIONS

\$914.00 to be written off

\$887.00 to be refunded plus settlement costs (estimate \$3,600 or \$1,200 per block)

\$6,000.00 market value of three lots.

Total \$10,487.00 cash funded by Land Purchase Budget.

STRATEGIC IMPLICATIONS

Attachments: Minutes of the Ordinary Meeting of Council 28 November 2006.docx; letter beverley shire .pdf; Rates paid to Beverley Shire by Derek and Elaine Gunn owners of Lots 16.docx

Dear Natalie, thank you for your correspondence regarding the above lots. Derek and I are prepared to consider transferring the blocks to Beverley Shire on condition that all rates that we have paid are refunded to us in full. The attachments include agenda item 10.2 (page 55) from the council meeting 28/11/2006 where this motion was passed unanimously by council, letter from CEO Keith Byers confirming the carried motion from that meeting and a detailed list of monies paid for all three blocks up to last year's assessment. I have been unable to provide you with amounts paid by us for 2001, 2002 and 2003 as they are missing from our records. With those 3 years omitted the total is \$18,281.86. I have detailed accounts confirming these payments and records showing our correspondence with Council regarding the blocks. We look forward to a reply on our counter offer at Council's earliest convenience. Regards, Elaine and Derek Gunn.

Subject: Shire of Beverley - Lot 16, 17 & 18 Gt Southern Highway, Kokeby

Good Morning Elaine

Thank you for your enquiry yesterday, please find attached letter as discussed.

I have found out some information for you – you purchased Lot 18 in August 1998 and I believe the sale of Lots 16 & 17 was processed in November 2002. I am not certain of the date of the last two lots as it didn't detail who the bailiff sold the blocks to. The dates should be on the titles that you have.

I have the costs from 2007/08 year onwards –

2007/08	\$526.30
2008/09	\$640.00
2009/10	\$643.00
2010/11	\$670.00
2011/12	\$700.00
2012/13	\$727.00
2013/14	\$757.00
2014/15	\$803.00
2015/16	\$837.00
2016/17	\$863.00
2017/18	\$887.00
2018/19	\$914.00

Hope this information helps.

SHIRE OF BEVERLEY
BEVERLEY, WESTERN AUSTRALIA 6304

1 December 2006

D. & E. Gunn
20 Fraser Way
PADBURY WA 6025

Dear Mr. and Ms. Gunn

Lot 18 Great Southern Highway, Kokeby

I refer to your correspondence of the 25 November 2006 and regret to advise that Council is not prepared to sell lot 19, which adjoins your property. Council's original intention for these lots was to ultimately amalgamate as many as possible into one holding and to do anything contrary would be a deception to those who have handed them back to the Shire in lieu of the rates they had paid.

Should you still wish to forfeit ownership of the land, Council is prepared to refund, in full, all rates paid since your original purchase.

Yours sincerely

A handwritten signature in black ink, appearing to be 'K. Byers'.

12. ADMINISTRATION

12.1 Companion Card Program

SUBMISSION TO: Ordinary Council Meeting 28 August 2018
REPORT DATE: 15 August 2018
APPLICANT: National Disability Services
FILE REFERENCE: ADM 0048
AUTHOR: S.P. Gollan, Chief Executive Officer
ATTACHMENTS: Companion Card Terms and Conditions

SUMMARY

Council to consider affiliating with the National Disability Services Companion Card Program.

BACKGROUND

The Companion Card program promotes fair ticketing practices and increases community participation for people with severe or profound life-long disability. It is not for everyone with disability. It is specifically for people who have a life-long need for an attendant carer to attend community activities and events with them.

Currently many people are required to pay two admission fees when they go out, one for themselves and one for their companion (carer). If the Shire chooses to join the Companion Card program, it will be agreeing to issue a second ticket/entry for the cardholder's companion (carer) at no charge, at our venues and activities and events. Acceptance of Companion Card makes a substantial difference to whether cardholders are able to go out, as it greatly reduces the cost.

There are over 700 Western Australian organisations, including Local Governments who are an 'Affiliate' of the Companion Card program (under separate cover)

There is no charge to affiliate with the Companion Card program and National Disability Services will provide the Shire with promotional material to advertise our support of the program.

Benefits of affiliation include:

- The Shire will be listed on the Companion Card Facebook and webpage . Cardholders and carers use these platforms as their 'entertainment guide', giving affiliates preferential business
- The attraction of a new untapped market, people previously unable to afford to pay for themselves and their carer to go out
- Enhancing positive public image of the Shire
- Contributing to an inclusive Western Australian community

COMMENT

The Shire can offer free entry for the Companion Card holder to the Beverley Swimming Pool, Beverley Gymnasium and any admission/entry fee should it hold an event.

The terms and conditions of the program are attached.

The NDS Companion Card was considered at the Economic and Community Strategy Committee meeting on Tuesday 14 August 2018 with the Committee providing the recommendation below.

CARRIED 8/0

Attachment 12.1

COMPANION CARD AFFILIATE TERMS AND CONDITIONS

1. Affiliates understand that the Companion Card will only be used when the cardholder requires the assistance of a companion to participate at a particular venue/activity.
2. The minimum expectation of Companion Card affiliates is that they will issue Companion Card Cardholders from any Australian State or Territory with one Companion Ticket, or admission, at no charge. This ticket will be exempt from all booking fees.
3. Where a cardholder needs more than one companion, to provide attendant care support, the cardholder will negotiate this with the venue/activity at the time of booking.
4. The Companion Card can be used to obtain a Companion Ticket for any programs, services and sessions run by affiliated venue/activity operators. This will be subject to the usual admission availability and conditions.
5. Booking and ticket distribution practices for Companion Tickets should not be more difficult than the standard ticketing practices of the affiliated venue/activity.
6. The Companion Card can be used in conjunction with any recognised concession cards.
7. The venue/activity must ensure cardholders are able to be seated or located physically close to their companions. Companions will remain close to cardholders to assist them as required. Cardholders with specific seating requirements will inform the venue/activity at the time of booking.
8. Some venue/activity operators may charge for participation over and above general admission costs (e.g. a fee for rides in addition to an entry fee at a fun park). Affiliated venue/activity operators must issue a Companion Ticket for both admission, and for additional components, such as rides etc., if the cardholder requires assistance in order to participate.
9. Companion Cards may be used to purchase a package deal that combines admission costs with ancillary components such as meals etc. When taking a booking for a package deal, affiliates should provide details of what is included with the Companion Ticket. It is essential that the companion's support to the cardholder is not disrupted if the ancillary components are not included in the Companion Ticket. For example; if meals are not included, the companion must be able to bring or access food in a manner that enables them to provide continual support to the cardholder.
10. Affiliated venues/activities agree to, where possible, display the Companion Card logo in a prominent position at their business premises or ticketing outlet, and in promotional material.
11. Only the person whose photograph and details appear on the Companion Card can use the card.
12. Companion Tickets cannot be used without the Companion Card cardholder being present.
13. Companion Card cardholders must inform the venue/activity of their requirement for a Companion Ticket at the time they book or purchase their own ticket.
14. Acceptance of the Companion Card does not indicate that the venue/activity is accessible. Cardholders will be advised to check accessibility with the venue/activity before booking tickets.
15. Cardholders must provide their Companion Card details when making telephone bookings, and must present their valid card during ticket collection and at any time when asked during the activity. If cardholders cannot present their card, they may be charged for the Companion Ticket.
16. If a venue/activity suspects a Companion Card is being misused, they can report this to the Companion Card program, which will investigate the report. Proven misuse of the Companion Card may result in card cancellation, and the cardholder being ineligible to reapply.
17. It is understood that venue/activity operators and organisations agree to and accept the Companion Card Affiliate Terms and Conditions when they submit the Industry Affiliation Form.

12.2 Electoral Caretaker Period Policy

SUBMISSION TO: Ordinary Council Meeting 28 August 2018
REPORT DATE: 15 August 2018
APPLICANT: N/A
FILE REFERENCE: ADM 0428
AUTHOR: S.P. Gollan, Chief Executive Officer
ATTACHMENTS: WALGA Template Policy (under separate cover)

SUMMARY

Council to adopt WALGA Electoral Caretaker Period Policy after the WALGA template was reviewed by the Economic and Community Strategy Committee on 14 August 2018.

BACKGROUND

At the July 2018 Council briefing, the WALGA template policy was tabled to Council. It was agreed to review the template at the next Committee Meeting (14 August 2018).

COMMENT

It is hoped that Council would be unlikely to be in a situation to need the Caretaker Policy, but Council agreed it was best to be prepared so that Major Policy Decision's cannot be made during the caretaker period if the decision is contentious or likely to cause Community angst.

The WALGA template is very comprehensive and has been adapted to suit Councils requirements.

12.3 Wheatbelt Secondary Freight Route

SUBMISSION TO: Ordinary Council Meeting 28 August 2018
REPORT DATE: 15 August 2018
APPLICANT: Regional Road Group
FILE REFERENCE: ADM 0173
AUTHOR: S.P. Gollan, Chief Executive Officer
ATTACHMENTS: Wheatbelt Secondary Freight Route Briefing Note (under separate cover)

SUMMARY

Council to consider endorsing the progression of the Wheatbelt Secondary Freight Route (WSFR) Project that involves the inclusion of the WSFR project on the Infrastructure Australia Infrastructure Priority List and an application to *Building Better Regions Fund* to aid the efficiency of supply chains serving the Wheatbelt.

BACKGROUND

At the Wheatbelt South Regional Road Group (WSRRG) meeting held Thursday 26 July 2018 attended by the Chief Executive Officer and Cr L Shaw, it was resolved that each Council be requested to allocate \$6,000.00 towards the Secondary Freight Route Project to undertake detailed planning and design works.

COMMENT

The Chair of the WSRRG, Cr Katrina Crute has provided a briefing note for Council, and further the below email received Monday 6 August 2018:

At the most recent meeting of the WBS RRG the delegates asked me to write to you all requesting that all Council's reaffirm their commitment to the Wheatbelt Secondary Freight Project and commit \$6000 in their 19/20 budgets as the co-contribution required from all 42 LG's for the funding application we will be submitting over the coming months to undertake the detailed planning and design works to enable us to have a Level 4 Infrastructure Australia Submission prepared.

We acknowledge that a lot of councillors will not be intimately aware of the project, so to that end Garrick Yandle together with the Working Group have prepared a detailed Briefing document that we would like you to include with the agenda item for your councillors.

We are requesting that all LG's present the motion as is below, our intent is to have 42 LG's adopted the exact same position, so that we continue to present a united front. It is this collaboration and agreement that is getting us significant traction both at a Federal and State Government Level. We would like you to present this recommendation and supporting documentation to your councils in the August round of Council meetings, following these meetings we would like you to write back to me as Chair of WBS RRG confirming the motion that was passed by council.

For those that aren't away the WSFR Project has been working on this project since mid 2016; the project stemmed from considerable work done by both WBS & WBN in looking at their road networks in attempt to improve connectivity through our RRG funding and road projects. This mapping process started in 2014, once the RRG

together with Main Roads identified that improving the connectivity was a major project that would bring significant economic benefit to the Ag Region a working group was formed and RDA via Juliet Grist helped us obtain initial funding to further progress this as a regional road project. The last 2 ½ years have seen considerable work undertaken by all 42 LG's and the working group to get this project to a point where we are starting to have constructive and positive meetings with the State Government, Federal Government, Infrastructure Australia, Freight & Logistics Council WA, CBH and other key stakeholders.

Hopefully this provides your councils with sufficient information about the background of the project and the plan going forward to enable them to provide the working group with formal support, so we can continue to work for what is a significant regional project for Wheatbelt Region.
