## SHIRE OF BEVERLEY PRESIDENT REPORT - OCTOBER 2019

### **Local Government Elections 19 October 2019**

Early voting in the Shire of Beverley Local Government elections is now open at the Shire office polling booth during normal office hours 8.30am–4pm up to Friday 18 October. The polling booth will be open on Saturday 19 October 8am–6pm. Anyone requiring a postal vote will need to contact the Shire no later than 11 October 2019. There are 6 candidates and whilst voting is non-compulsory I strongly encourage you to take an interest in your Council and cast your vote to fill the 4 vacancies.

### **Central Country Zone Meeting**

The Central Country Zone of Local Governments includes the 15 Shires of Beverley, Brookton, Corrigin, Cuballing, Dumbleyung, Kulin, Lake Grace, Narrogin, Pingelly, Quairading, Wagin, Wandering, West Arthur, Wickpin and Williams. A Zone meeting was held at the town hall on Friday 30 August 2019. Beverley last hosted this meeting in August 2015. Many of the delegates visited the Cornerstone building with glowing accolades for what has been achieved.

### **Roadworks**

Tree lopping has been occurring on the western side of the Shire. Whilst \$80,000 is included in the 19/20 budget to prune tree overhang along roadsides this task is a never-ending challenge. Maintenance grading has continued. The airstrip has been sprayed and minor repairs undertaken on the bitumen section of the runway.

### **Bridge Maintenance**

The Shire of Beverley is responsible for maintaining 34 bridges and to be eligible for bridge refurbishment and replacement funding the Shire is required to carry out annual inspections and keep up routine maintenance which includes vegetation control, bridge deck drainage, road surface on bridge and approaches, pile banding, stringer and corbel bolting, end grain treatment, bolt tightening, eradicate and prevent termite/fungi, deck and expansion joint maintenance, delineators and signs, guardrail maintenance, clear embankments and waterways. That's a lot of bridges to look after, including some of the oldest in the state and in the case of Kokeby East Road also one of the longest, without a lot of external funding to do so. Main Roads WA carry out detailed inspections every 5 years and have requested that fences be removed from bridges to allow them access, if they are unable to, the bridge could be load rated to 10 tonne. The Shire asks for your understanding in finding a solution to this request and will be in touch with various landowners in the near future.

### **Old School Building**

Council has resolved that the Old School Building become a Civic Centre to conduct all Council business and have requested that that a Concept Design be produced as proposed in the 19/20 budget. This change will enable much needed space in the Administration building to support day to day running of the shire.

### **360° Flights**

Did you know you can follow the flights of a glider and the Silver Centenary on the aeronautical booth in the Cornerstone Visitor Centre? The photographer set up a 360 degree camera in each of those planes to record the flights. Viewers are able to shift the screen around and see what the pilot and passenger are viewing from take-off through to landing. It's very easy to use however if you need help ask a CRC staff member during the week or come in on the weekend for a look when the volunteers are at the Visitor Centre.

### **Roadside Rubbish Concern**

Could the person who left me a phone message several months ago about roadside rubbish please ring me again, your details weren't saved before the message was deleted ... sorry!

### **Avondale Farm Community Day**

It was really pleasing to see so many visitors at the successful National Trust Avondale Farm Community Day which included the launch of short stay accommodation now available at the property, new signage around the heritage precinct and walk trail, potential of the Ag Museum as well as a range of activities and stalls for visitors to enjoy.

### **Councillors Ridgway and Shaw retiring**

Cr Lew Shaw and I have not renominated for the forthcoming Local Government Elections. We both commenced in 2007 and have greatly appreciated the opportunity to represent our community and share in the planning, development and progress which Council over that time has championed. Cr Shaw was Deputy President 2009 – 2011. I was Deputy President for 2 years and have been President for the last 10. With our retirement Council will no longer have broad acre farming representation. Thank you to our wonderful Beverley community and best wishes to the incoming Council.

Cr Dee Ridgway  
Shire President

**LOCAL GOVERNMENT ELECTION**

At the close of nominations, 4pm Thursday 12 September 2019, there were 6 nominations for Council. There are 4, four year terms. An election will be held on Saturday 19 October 2019.

Nominations were drawn for the ballot order, being:

<b>LAWLOR, Chris</b>
<b>BROWN, Darryl</b>
<b>GOGOL, Peter J</b>
<b>NORMAN, Matt</b>
<b>BUCKLAND, Thomas</b>
<b>MCLAUGHLIN, Terry</b>

Early and Postal Votes commenced Wednesday 18 September 2019.

**Early in person voting is available during normal Shire Office hours, Monday - Friday, 8:30am - 4:00pm and closes Friday 18 October 2019.**

Postal vote applications close Friday 11 October 2019.

The Election Day is Saturday 19 October 2019 at the Shire Office from 8:00am – 6:00pm. The counting of the votes will occur immediately after the close at 6:00pm in Council Chambers.

The Candidate profiles are published on pages 4 and 5 of the Blarney, and are in ballot list order.

If you have any questions in relation to the election, please do not hesitate to contact the Returning Officer or Deputies – 9646 1200.

## SHIRE OF BEVERLEY Election– Candidate Profiles

### **Chris Lawlor**

I made Beverley my home 15 years ago and have lived in the town for most of that time. Work commitments took me away for brief periods of time.

I started life in a small town in Victoria and was a farmer until 30 years of age then joined the Police Force, retiring after 28 years there as a front-line officer then a Police Prosecutor.

I recently ceased employment on a large farming property where I was involved in maintenance and grain finishing of domestic and export cattle.

Throughout my working life I have constantly been involved in the road transport industry.

I now have the time to give back to the community so am standing for Local Government.

If elected I will endeavor to listen to all sections of the community and present their thoughts and concerns to the Council.

M: 0429 996 040  
6 Smith Street, Beverley

### **Darryl Brown**

It's been 26 years since I arrived in Beverley and I've felt part of this Community for nearly all of that time.

I've worked here, shopped here and supported nearly all local business and sporting clubs.

The last 4 years on the Council have gone by in a flash and made a huge impression on the way I think about our wonderful community.

I feel there is still much to be done and I would be privileged to be an ongoing part of this Council and Community.

M: 0429 867 940  
203 Bennets Road, Beverley WA 6304

### **Peter J Gogol**

"I Stand For Accountability And Progress"

- o Beverley Shire Councillor 2007-2019
- o Married with 2 adult children
- o Beverley resident for 18 years
- o Retired Fire Fighter-32 years service with W.A.F.B.
- o 2 years with Airport Fire Service
- o 9 years service with R.A.N.

I am a strong believer in open and accountable government, I am ready to listen to rate payers and residents, and raise appropriate issues at Council Meetings.

I am aware of the need for employment opportunities for local youth in the community and that Local Business should be encouraged and supported.

I am keen to see implementation of future planning, development and conservation strategies and I support improving the services available to Beverley community, including retention of the hospital, medical facilities and Volunteer Emergency Services.

M: 0403 822 772  
Lot 200 Richardson Street, Beverley WA 6304

## SHIRE OF BEVERLEY Election– Candidate Profiles

### **Matt Norman**

My name is Matt Norman and I live in Westdale with my partner Ellie and our daughter.

We have been at our property for 5 years and made it our home for the past two. Our family is committed to making Beverley our home and representing our community on Council is part of that commitment. We love the country atmosphere and community feel that Beverley offers and it would be a privilege to contribute to that social fabric.

I have previously served on a Metropolitan Council for 8 years and understand the Local government process and strategic decision making required to plan, develop and provide for a community. Experience and knowledge that I would like to offer.

I believe Beverley has the right ingredients to be an attractive destination for business, tourism and families. I offer my enthusiasm, perspective and commitment to this endeavor and ask for your support.

Ph: 9647 1162

M: 0418 656 448

6735 Brookton Hwy, Westdale

### **Thomas Buckland**

Hello my name is Thomas (Tom) Buckland

I moved to Beverley in 2009, in which time I have taken an interest in the town. I am a member of the RAOB (Buffs).

I have previously had one term on the Beverley Shire Council 2013-2017. I have had five years on the Local Health Advisory Group.

There is a lot to do here, as I have also been a Shire Works Supervisor prior- these things stand out.

I would try to get Edison Mill Rd bituminised and opened up with signs showing Beverley off the Brookton Highway.

I have seen the town slowly growing since I arrived and would like to see it grow further. This would be a benefit to all the community. We have a lot of road work to be done in our area which I support all the way.

Tourism in Beverley I look towards increasing.

M: 0419 945 240

16 Simmons Rd, Beverley

### **Terry McLaughlin**

I nominate for Community Service and the promotion of the Shire and Community of Beverley.

I have farmed a property in Westdale for 21 years. I have three children and two grandchildren. I worked 40 years in Education including Principal of three District High Schools, Narrogin Agricultural College and three city Senior High Schools.

My interests include country lifestyle; community involvement; music; the arts; and outdoor activity.

I am an active member of Beverley Gun Club and Beverley Men's Shed. For 6 years through CRC provided voluntary tax help to people of Beverley. Volunteered for Beverley Ambulance. Worked 6 years as Sampler at Dale CBH Bin. Have supported several Beverley organisations with music.

I have no vested interest. Maintenance and development of all roads is important. Maintenance and development of Community facilities in line with responsible budgets and community needs will also be important.

## BEVERLEY HISTORICAL SOCIETY

At our last meeting on 09 September, it seemed ages since we had last gathered as it was very informative with lots of discussion. As per usual lots of research been enquired about.

What a lovely day was the Beverley Agricultural Show and even better the weather was enjoyable. Thanks to the committee for getting together and finding photos of interest for our display, also volunteers to deliver and pick up the boards from the Show and special thanks to our "Fairy" that does all the behind the scenes organizing.

October brings the Heroic Bike Race to Beverley, which is great for the town.

We also look forward to our annual Year 2 visit in October which is a lot of fun and hopefully not so cold this year for them.

We are still looking for any information regarding history of farms in the Beverley district such as owners in the past, have farms changed their names with change of owners etc.

The annual Wheatbelt Chapter Meeting was held this year in Southern Cross and Beverley was represented by Morag plus Bill.

**Italian POWs:** From 1944 to 1946 many farms in the Beverley district were assigned Prisoners of War shipped out from Italy to do farm work. Such men were fed and housed by farmers and their families without guards. We are seeking information concerning activities of the Italian POWs and any stories or photos that shed light on their experience here. We want the information for the Society archives but also to assist a Murdoch University Honours Student doing a thesis on the subject.

Our Annual General Meeting will be held on 14 October 2019 at 1:00pm at the Dead Finish Museum followed by the Monthly Meeting at 1:30pm.

New Members are always welcome so please come and observe what we are up too. We can be contacted by [bhsdeadfinish@gmail.com](mailto:bhsdeadfinish@gmail.com)

Well that month surely went quick. But it was great to get around and see some familiar faces and also some new faces. I want to say a big thank you to the organising committee and all the volunteers that put on another great Beverley Show. It was well attended and from a police perspective the crowds were very well behaved.

The only disappointing part of that weekend was that there were some windows smashed at the school, the old convent on Dempster Street and also a house on Bartram Street. All the windows were smashed by small rocks. If anyone has information in relation to those damaged windows then give us a call.

**BICYCLE SAFETY**

October sees the return of the Beverley Heroic and also as the warmer weather approaches there will be more people riding their bicycles **(including many school children)**. There is a lot of laws out there in regards to both motorists and cyclists, but a couple of main rules are:

A driver of a motor vehicle must pass a bicycle travelling in the same direction at a safe distance, being 1 metre on roads where the posted speed limit is 60 km/h or less; and 1.5 metres on roads where the posted speed limit is more than 60km/h.

This law allows drivers to cross centre line markings, including single and double continuous white lines and painted islands, to give the correct amount of space to the cyclist, but only when it is safe to do so, and when the driver has a clear view of oncoming traffic. The penalty for contravening this law is \$400 and 4 demerit points.

The driver of a vehicle shall not permit the rider of a bicycle to attach himself or herself to, or be drawn by, the vehicle. \$100 infringement.

A person shall not ride a bicycle within 2 metres of the rear of a motor vehicle, over a distance of more than 200 metres. \$100 infringement.

Cyclists can ride two side-by-side on the road, with up to 1.5m between riders; \$50 infringement if more than two and more than 1.5 metres apart.

Cyclists must wear a secure helmet; \$50 infringement

Cyclists not allowed to pass on left of a vehicle that is turning left; \$100 infringement

For more rules go to the below website.

## Avondale Farm shines for community day

A big thank you to all who were involved in making the Avondale Farm Community Day on Sunday 22 September a great success.

Around 300 people enjoyed the beautiful spring weather browsing a great range of local products at the stalls. There were activities for the kids making bee hotels, seed bombs and creating farm animals at the craft table. Displays of old and new tractors and machinery fascinated many and John, at the wheel of the bus, took visitors around the farm drive trail to the bush reserve, with its new walk trail and signage. Those lucky enough caught a fascinating talk by Oral McGuire on the connection Ballardong people have to this beautiful place from the beautiful vantage point at the top of the hill.

The Hon Darren West, standing in for Minister McTiernan, opened three houses which have recently been refurbished for short term accommodation, including one which is fully fitted for universal access, thanks to a Royalty for Regions grant. Miriam Borthwick, from Lotterywest, launched the informative new signage and brochure they had funded.

It was great to meet people who had lived and worked on the farm, many surprised to see their old homes now spruced up and ready to receive visitors. There was lots of sharing of stories. At one stage, sixteen children lived there in the various families, catching the school bus together down at the front gate.

With each house able to take 5 or 6 people, they are perfect for groups. The Beverley CRC is managing the bookings so get in touch if you have friends or family arriving and don't have much space to put them. You can find details on their website at [www.beverleywa.com/bnbfarmstay.html](http://www.beverleywa.com/bnbfarmstay.html), **give them a call, 9646 1600 or send an email, [beverley@crc.net.au](mailto:beverley@crc.net.au).**

There was wonderful support from Mon Van Der Snoek, the National Trust's warden at Avondale Farm, and a group of local volunteers whose hard work over many years has assured the integrity of the machinery museum's collection and its ongoing care.

They were joined by a hardy band of National Trust staff and volunteers whose early arrival ensured the site was ready to welcome visitors and VIPs. A very warm thank you to them all.

The Trust would also like to thank the Shire for their ongoing support through our great partnership. Avondale Farm is open on the third weekend of each month. If you didn't have a chance to get to the community day, come and visit soon.

## ELECTION CANDIDATE

Dear Resident,

As a candidate contesting the upcoming Shire of Beverley Local Government election, I am writing to introduce myself and seek your support.

I have lived in Westdale with my family for 2 years now but have been a part of the Westdale community for over 5 years since purchasing our small hobby farm block. My partner and I breed and train harness race horses and found the environment and location of Westdale perfectly suited to our small hobby and part-time business. Since then, we have become more involved with our local area but increasingly so in the facilities and opportunities found in town after the birth of our daughter 2 years ago. My partner and our daughter attend the local playgroup and have formed wonderful friendships with other young families in Beverley. Friendships which have opened our eyes to the wonderful opportunities and prospects that our community offers.

Prior to moving to Westdale, I was a long term resident of Armadale / Kelmscott where I served two terms (8 years) as a Councillor at the City of Armadale. I am a diesel mechanic by trade and have also completed a Bachelor of Commerce Degree at Curtin University.

My working career has predominantly been in the machinery and equipment business where I have held Service, Sales and Corporate Management roles. My current employment is for a large State and National turf equipment business where I am responsible for National Operations and Development.

My current and previous experiences have developed a clear understanding and appreciation for;

1. Strategic decision making and planned outcomes that deliver for all
2. Prudent and sound financial management of an organizations resources and infrastructure
3. Long term planning that delivers on a community's expectations
4. Consensus and collaboration in decision making

I know from my time at the City of Armadale, that these are some of the skills and qualities that are required by a Councillor to act in the best interests of the community. Having had that experience before, I would like to offer my passion, enthusiasm and this knowledge to the Shire of Beverley.

Although not having been in the District for a long time, my partner and I have chosen to build a life here. We have a vested interest for our family and other young families like ours, to plan for and deliver a strong community that provides opportunities for growth and a sense of place. I believe that Beverley is a wonderful area in which to raise a family and I would like to bring a younger, fresh perspective to Council and the decision making process to build on that environment.

I am happy to hear from you at any time and it would be a privilege to represent your views, address your concerns and work tirelessly on your behalf.

Matt Norman  
6735 Brookton Hwy, Westdale

I have no hesitation in supporting Matt Norman in his nomination for election for the Shire of Beverley. I spent eight years with Matt as a Councillor at the City of Armadale, 6 of them during my term as Mayor.

Matt was a proven and effective performer and prided himself on his community engagement throughout his time as a Councillor. He would be a wonderful edition to any community organization.

# AGRICULTURAL MUSEUM

WATERHATCH RD, BEVERLEY

Once again the third weekend of the month saw the Beverley Ag Museum open to the public. On the Saturday morning our small group of dedicated volunteers were set the goal of providing working items from the museum to contrast with Beverley Transport and Boekeman Machinery's modern equipment as a part of an 'old & new' display of transport and farming technology. This was exhibited near the Shearing Shed for the National Trust Avondale Farm Community Day held on Sunday 22 September.

As can be the case with older machinery there were starting problems, the cooler air did not help our efforts, but with the use (in some cases) of the crank handle the air was soon filled with oily smoke from the engines.

Bola was seen perched atop of the 585 Harvester which had not been moved for several years, he also enjoyed operating his beloved Chamberlin Tractor towing a Sunshine Harvester to the site. The return trip on Sunday was a lot more exciting as he had to wrestle with the steering wheel (no power steering) to back his unit into the Museum, and then tried to reverse up the Tractor into the wrong bay, another struggle as it was too narrow, and that was before he enjoyed the amber fluid! Fortunate for him Nooky Ridgway was on hand to provide some extra muscle to manage the steering wheel.

John Hawke had to crank his beloved Fargo Truck to start, but apart from the usual pollution all went well.

The Farmall Tractor was not so obliging. Duayne needed to fit a new ignition switch before driving it with the Jones Bailer to site after negotiating the tighter areas of the museum. He also hitched up a Sunshine Sheathe style Bailer behind the Ferguson X35 for display near the Museum.

During these proceedings Eric and John Alexander were busy pumping tyres, distributing chairs for the not so young guests who would attend the Museum, and generally assisting where batteries and 'easy start' were required.

A very big 'thank you' to all of the group for their time on Saturday preparing for the open day, on Sunday at the machinery display and in the museum, including Pat A and Councillors David White and Lew Shaw, and the efforts of everyone involved in the preceding weeks in preparation and then the "packup" on Sunday.

The maintenance and restoration group will again be meeting on the third Saturday of October for further Machinery activities. The museum will be open on two weekends in October, the usual third weekend being 19 - 20 October, and the weekend of the Beverley Heroic on 12 - 13 October. Opening times are 10am - 3pm. These will be the last weekend openings for 2019.

If you would like to become involved with the Beverley Ag Museum restoration and maintenance group or volunteer in opening our collection to the public please feel free to call Dee Ridgway M 0428464007 or John Alexander Ph 96460768.

## THANK YOU

On the passing of our Husband and Dad, DONALD NICHOLLS, we would like to thank all the community who have offered up prayers, condolences and words of comfort to the family for Sylvia, Mark and I, Evelyn and Linda.  
We have appreciated them all.

We thank the staff of Kalkarni, who have done a brilliant job caring for dad in his last series of illnesses, and the medical staff of the Beverley Medical Group, especially Dr Remi, who attended Dad in the last days.

Thanks to you all.

Beverley is such a fine community.

## PRIMARY HEALTH SERVICES

Available to the community of Beverley

You can refer yourself or your child to the following health professionals:

**Child Health Nurse** - 9646 3200  
to make an appointment, Hospital Admin Staff will assist you in setting an appointment time, which will be on most occasions a Monday.

**School Health** – 9641 0200

**Dietetics** – 9690 1320

**Occupational Therapy** - 0429 466 224

**Physiotherapy – a Doctors referral is required** – Please send all referrals to P.O Box 140 Beverley or drop them into the Beverley hospital. All referrals are forwarded onto Northam Hospital where they are prioritised and wait listed. Clients will be acknowledged with a letter informing them of the approximate wait time and will be seen in Beverley

**Podiatry – a Doctors referral is required**  
Please send to PO Box 142, Beverley or drop referral to the Beverley Hospital (attendance Fridays) \*\*

**Social Work** – Phone 9690 1320

**Speech Pathology** – Phone 9690 1321

- Services are provided at the Primary Health Building, on the corner of John and Forrest Streets, Beverley. There may be a waiting time for services.
- These services are provided by WA Country Health Service and are free of charge. (Please note that the Podiatry Service is a private practice and is not free of charge - there is a fee at first consultation but the WACHS/Beverley Health Service do not get involved in taking fee payments – only assisting at receiving the referrals for appointment. The Doctor's referrals are usually faxed to the service provider, Como Podiatry, who contact the patient by phone and make an appointment).
- If you have any concerns about your own health or your child's health and development, please phone the relevant health professional to discuss your concerns. Alternatively, you can speak to the Child Health or School Health Nurse, or your GP, to discuss your concerns and to determine the most appropriate referral.

**Artists-in-Residence Programme for the remainder of 2019:**

September 24-08 October: Trish Davis (Perth)

October 13-01 November: Lyn Nixon (Perth)

November: Rod Brown (Perth)

December: Bridget Chappell (Melbourne)

From **September 24 to October 8** Perth artist **Trish Davis** (left) will be at the Station so do drop by to welcome her.

Please keep an eye on the weekly Bulletin for further information regarding residencies, workshops or any changes to schedule - or contact Artist in Residence Coordinator Marylou on 96471027 / [0427085511](tel:0427085511) or email: [hutchinson@wn.com.au](mailto:hutchinson@wn.com.au)

From **October 13 to 1 November** we welcome **Lyn Nixon** as Artist-in-Residence

Lyn Nixon is an emerging West Australian artist exploring the fragility of human existence and the relationships we have with the planet and each other. She works primarily with photography and printmaking to investigate how we deal with uncertainty and change.

Lyn would like to invite everyone to join her in creating artworks by dropping into the Beverley Station and bringing along an object you have in your house, that has been with you for as long as you remember and/ or that you might think 'why do I have this thing' and/or 'I can't part with this' as it holds so many memories, or it came from Granny etc....and learn tips and techniques in

photography at the same time.

Lyn would also like to hear from anyone who has buildings with cracks and buildings falling down, as she would love to photograph them.

**WORKSHOP:** On Saturday 19 October 11-12pm, Lyn will be demonstrating Solvent Transfer printmaking using colour photocopies. If you want to try your own picture, bring along a colour photocopy (not ink jet print). FREE

You can contact Lyn on 0408005379 or email : [lynnixonartist@gmail.com](mailto:lynnixonartist@gmail.com)

### **Beverly Station Singers**

September was a very busy month for the Station Singers with the Country Choir Bash here in Beverley and the Guildford Songfest the following weekend. The Beverley Bash is a very popular event amongst choirs and the organisers (VoiceMoves) had to extend the programme by half an hour plus have one group perform during the afternoon tea break.

The next practice will be 7pm Wednesday October 2 in the Platform Theatre greenroom when practice will commence for the Dunsborough Songfest on November 8, 9 and 10.

Kelly Newton Wordsworth directs the group on a monthly basis at \$50/session or \$105 for 3 months. Anyone interested in joining the singing group contact Tracey Fleay 0409 481 029 or [traceyfleay67@gmail.com](mailto:traceyfleay67@gmail.com)

**BEVERLEY CHOIR BASH** - We could not have asked for a more perfect day to 'sing into spring' on Saturday 07 September. The Choir Bash was an outstanding success with 220 through the gates (of those 150 would have been choir singers). And as expected, our country style afternoon tea at intermission was a hit. As many stayed in Beverley for the night, the hotels were busy and full of good cheer and of course singing!

### **Mural Unveiling at the Platform Theatre**

The official unveiling was just prior to the Choir Bash at the Platform Theatre on Saturday September 7 at 1.30pm. The mural is a dedication to the wonderful Ann Rayner who was tragically killed in a road accident 9 years ago and who is still sadly missed by the community. As secretary/treasurer of Beverley Station Arts she oversaw much of the construction of the Platform Theatre and it seems fitting to have a light hearted portrait of her displayed in the place she was never to see completed. Her husband Haydn unveiled the plaque which accompanies the mural and complimented the artist Sharon Peterkin for her representation of this special lady.

### **Volunteer Thank You**

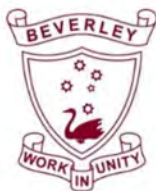

- ◇ To all those who kindly donated cakes and sandwiches for the Choir Bash afternoon tea
- ◇ To 'our men' for setting up and putting away the marquees and seating for the Bash
- ◇ To Belinda Foster for providing the eats for the high tea at the 'Women and Wildflowers' exhibition
- ◇ To Steve Ramm for all his years of invaluable expertise with sound production at the Station – finishing on a high as the Choir Bash sound was exceptional, attracting much acclaim from all the choirs. Steve has retired from committee and volunteer duties with Beverley Station Arts. He will be missed by us all. Bon voyage Steve!
- ◇ To the staff at the school for promoting so well the upcoming event THE TWITS being performed at the Station on Tuesday 8 October
- ◇ Sarah Miller for taking time out to attend the national Performing Arts Conference in Queensland

## BDHS Faction Athletics Carnival

The Faction Athletics Carnival was a great day with fantastic weather and wonderful supporters to cheer our students along in their running and field events! Over the day we saw great sportsmanship from our factions of Eyre, Dale and Forrest!

We have an amazing group of parents who volunteered to help out on the day as timers, raking the jump pits, measuring and recording. Thank you, these fantastic days would not be possible without you!

Thank you to our K/PP Committee who ran the canteen on the day and to all who made donations of the scrumptious morning tea!

A **BIG THANK YOU** to the Shire of Beverley and their ongoing support of the school and our events. You have once again provided us with amazing facilities and flexibility around the re-scheduling of the carnival due to weather. We are most appreciative of everything you support us with.

When it came down to who took the shield home.... **CONGRATULATIONS DALE!!!!!!!!!!!!!!**

## CGSISA Interschool Athletics Carnival

The CGSISA Interschool Athletics Carnival was hosted by Pingelly this year. Our team of selected interschool competitors competed in the carnival with great spirit and sportsmanship.

Thank you to all of our Beverley parents who helped on the day with the running of events! This enabled the carnival to run smoothly and efficiently to ensure students could be back at school for buses.

Congratulations to all of our team members: you represented our school proudly and the staff were so impressed by your efforts on the day. Beverley had a fantastic day and we brought home the Secondary Handicap Shield!

**A HUGE congratulation** to Abigail, Carly, Jamie-Lee, Georgiana, Mark, Lexi and Mac for winning medals at the carnival!

## URStrong Program

At Beverley DHS we are committed to developing and supporting our students to have positive social-emotional wellbeing.

We have recently introduced a new program to our school and students that explicitly teaches children friendship skills and gives them the tools to identify healthy and unhealthy friendships.

Our Year 1 & 2 class went through some of the elements of what they have learnt through this program with our students and community at our last assembly.

If you have a conversation about friendships with our students they may use language about 'friendship fires', 'must haves' and 'deal-breakers'. We are aiming to give our students the self-confidence to analyse their friendships and recognise how they can respond in different situations.

It has been a fantastic learning experience for many of our students thus far!

## **Beverley Voluntary Community Services. BVCS**

Firstly please note our services are strictly for the needy and Centrelink recipients (office behind Beverley Medical Practice).

No 2. Very Important Information. For all Australian families - New rules and criteria for people with disability (DSP) and new start allowance. TV Channels - Radio Reports – 7-12 September 2019. Due to a new Centrelink point system, around 30% of recipients, have been taken off the DSP and transferred to new smart allowances. The savings, shown of TV channels, is 4 to 5 billion dollars. According to TV reports most affected are those recipients that are in the 50-65 age group, and the younger groups. Also affected are those who have a disability. TV showed a young lady with MS who is constantly in pain with mobility problems. Was on the DSP Centrelink cancelled it. Put her on Newstart telling her she was fit to work. Her family were devastated. Both these groups and their families will be facing serious financial hardships. They all believe because of their disability, no one will give them a job. The financial loss is huge, from \$880 a fortnight to \$560 new start per fortnight. These battlers now have to live on \$40 per day. Apart from cutting down centre benefits, they now have to face, that payment will be made. So far we know that 80% will be on the card and 20% is yet to be decided. On the spot drug tests may be ordered.

A few months ago, the Salvation Army officer stated that 30% of homeless (mainly women) are in the age group of 56-65. The burden on the Salvation Army to help these people. Whole families are affected and will all be facing financial hardship. Please contact your member for Pearce for information as to what centre current point system means and what the medical requirements are and who actually qualifies for the DSP suggestion only. Those who have long term medical conditions and also currently in pain and suffering, keep all medical reports, Centrelink may ask for these documents. According to national radio 12-09-2019, there are some lawyers who are giving legal advice on the Newstart and DSP matters.

Consumer Protection - Fair Trade Act. Once again TV reports show offices of fair trading consumer protection commission. RECD May complaints Re. Faulty goods (2) examples were shown (children strollers and cots) were cited, some to be dangerous. There is talk now about forming a register to name and shame sellers who sell family goods, and who breach the fair trading act. Currently the fair trading act seems to tell us the buyers and the seller's rights. The purchasers who buy the goods that are faulty, have the right to return them to the seller/s. For either repair or full refund. Most sellers to keep their good name, refuse to comply with the act. Inform the FTC for further action. Lodge a formal complaint. Note. In further (no-one is above the law).

If you are having legal issues, contact a lawyer for legal advice. Do not contact Mal Roberts.

We are totally Independent BVCS Legal documents, EPA, Wills, Other Documents, and Affidavits (sworn) can also be witnessed at the Town Hall (for large amounts of documents).

## What does the Aboriginal flag represent?

### QUICK ANSWER

The Aboriginal flag of Australia is a symbol of national unity for the Aboriginal people. The top half of the flag, which was created in the 1970s, is black, which represents the Aboriginal people. The bottom half of the flag is red, representing the country's red earth. In the center of the flag is a yellow circle, which is meant to represent the sun.

### FULL ANSWER

In addition to representing Australia's red earth, the red color on the bottom half of the flag also reflects the spiritual connection that the Aboriginal people have to the land. The yellow circle representing the sun also has a special significance, as Aborigines believe that the sun is the giver of life and the protector of the people

The Aboriginal flag was created in 1970 by Harold Thomas, a Luritja man, and was first flown in Adelaide's Victoria Square to commemorate National Aborigines Day on July 12, 1971. The next year, it was used at the Aboriginal Tent Embassy in Canberra. In 1995, the Australian government made the Aboriginal flag one of the country's three official flags, along with the flag of Australia and the Torres Strait Islander flag. The latter flag represents another subsection of Australia's aboriginal population.

### Exposure draft legislation for an economy-wide cash payment limit of \$10,000

#### Quick Facts

**Rationale:** The introduction of an economy-wide cash payment limit is a recommendation from the Black Economy Taskforce and sends a strong signal to the community that it is not acceptable to avoid tax and other obligations by paying with cash.

**Start date:** 1 January 2020 and for certain AUSTRAC reporting entities from 1 January 2021.

#### What transactions are covered by the cash payment limit?

The limit applies to all cash transactions equal to or in excess of \$10,000, except for those that meet the conditions specified in the draft Currency (Restrictions on the Use of Cash—Excepted Transactions) Instrument 2019.

#### What are examples of exempt transactions?

All cash deposits and withdrawals from your bank account with an authorised deposit-taking institution (ADI), exchanging foreign currency and all consumer to consumer transactions such as selling a second-hand car but excluding real property transactions.

#### Are there any new reporting requirements?

This will not impose additional reporting requirements on businesses and consumers.

#### What happens if you break the limit?

From 1 January 2020 it will be a criminal offence to make or accept a payment from businesses that includes \$10,000 or more of cash. It is also offence to make or accept a cash donation equal to or in excess of \$10,000. The maximum penalty is up to two years imprisonment and/or 120 penalty units (\$25,200).

#### How does the cash payment limit apply to payment plans?

The cash payment limit will apply to the total price of a single supply of goods or services, regardless of whether the price is split into a series of payments over time.

The total cash payments made towards the final price paid must not equal to or exceed \$10,000. The remainder of the payments must be made electronically or by cheque.

## Managing Passwords

With the increasing criminal activity on the Internet (e.g. break-ins to Internet sites; theft of personal information; identity theft; and scams), it is time to consider how you protect your information better, particularly using passwords.

**What prompted me to write this article?** In my June 2019 article I described a video recording scam. More recently I have been receiving more scam emails from several different scammers, with a new twist. They claimed to have my 'password'. I found that it IS one of my passwords – for an Asian airline website. Obviously, the website has been broken into and any personal information including the login and password, has been sold to scammers. The password is not used elsewhere and there is no critical personal information there. So, I am not worried.

However, what is more worrying is that the airline has not advised me or their other customers of the security breach – which they have a moral obligation to do. This indicates that if a website has been compromised you are unlikely to be informed to enable you to take action to protect your private information. You therefore need to use good password practice.

### Password good practice

- Have a unique password for EACH device and website
- Avoid giving passwords to potentially dangerous sites
- Do not keep passwords in an easily accessible place, e.g. on your desk, in your handbag, in a notebook, in an unencrypted file on your PCs, phones or tablets.
- Use long passwords – less than 11 characters is easy to crack – 21+ random characters takes years to hack
- Use all different character types, lower and upper case letters, numbers and other characters – e.g. {}-+=\_!@#%&^\*{}|].
- Do not use names or dictionary words - a computer-based dictionary search takes little time or effort these days.
- Avoid recycling old passwords.
- Be especially careful with passwords for banks, medical information etc.
- Avoid keeping the passwords in the 'cloud'. If you do,

## Are you still using Windows 7?

**Windows 7 support ends in January 2020.**

Free upgrades from Windows 7 to Windows 10 ended on 29/7/2016. Now it costs \$225+ to buy Windows 10, plus the time/cost of rebuilding your PC, which is at least 7 years old.

You may need to consider purchasing a new PC.

**See my Apr 2019 Blarney article for more information.**

take special care where passwords are kept (physically) and whether they are encrypted, and who has the encryption keys. You cannot afford to trust anyone or any organisation you do not know with passwords.

### This sounds too difficult – how can I manage all these passwords?

You can see from my own experience above how vulnerable you could be if passwords are not managed securely. It is impossible to remember all those passwords, especially if you use random characters! What I do is keep all my passwords in an encrypted Excel file. I keep the file on my local PC and only open it when I need to access a password. Then I only need to remember one password.

### How to create an encrypted password file.

Many people are not aware that Microsoft Office programs (Word, Excel, etc) have an easy facility to encrypt and password protect files. Go to the 'File' tab – in the left hand panel select "Protect Document", then click on "Encrypt with Password" and follow instruction. CREATE A COMPLEX BUT MEMORABLE PASSWORD AND DO NOT FORGET IT! Preferably do not write it down.

**Password managers.** Opening a password file each time you need a password can be tedious and can also expose the contents of the password file to the Internet. Instead you can use a Password Manager. A password manager store all your passwords as you create then or creates them for you. Whenever you go onto the website it will fill in the username and password details for you.

Search on the Internet for a "password manager". Preferably use one that keeps the password file on your PC, phone or tablet - and NOT in the cloud – that is much more secure.

# Beverley GARDEN AND TREE SOCIETY

The September meeting was replaced by a trip to Toodyay. 15 members boarded the community bus at the Dead Finish Museum with our trusty driver, John at the wheel. We picked up another member in York and headed to Northam where we stopped for a quick morning tea by the Avon river. The weather threatened but finally decided to play nice so it was sunny by the time we reached Toodyay.

The first garden we visited was largely a dry land garden with a wonderful collection of succulents and cacti which were artistically displayed among rocks and gravel. There was also a great collection of old, rusty pieces of machinery and treasures. There were terraces down towards the river which flowed at the bottom of the block. We had a lovely wander along the paths until it was time to find some lunch.

Toodyay has a diversity of places to lunch so we made our various choices and afterwards somehow seemed to meet up at the Christmas shop for a browse before boarding the bus again to find the second garden. Thankfully Linley had her GPS working and we were soon at our destination.

This was another steeply sloping block, so typical of Toodyay and has been a labour of love for its owner. Up the steep driveway we found a shady patio area which we passed through to the back yard. Once again it was well terraced but upward this time and planted with mostly natives apart from the lowest area which was a lawn. For those with the energy and good knees, a great view was visible from the highest terrace. A great day was had by all and we returned to Beverley by 4pm.

Next meeting will be on Tuesday 01 October at the Dead Finish at 10.30am. Please bring items for the "Bring and Buy".

The weather is certainly warming up and summer is fast approaching but there is still plenty to do in the garden during October.

Vegies to plant in October include – beetroot, capsicum, cucumber, lettuce, pumpkin, tomato, zucchini, carrot and sweet corn.

Flowers to plant in October include – alyssum, marigold, petunia, portulaca, salvia, cornflower, lobelia and snapdragon.

October is a great time to attend to the following tasks in the garden:

- Repot orchids as soon as they have finished flowering. They need repotting every 3-4 years
- Cut stems of kangaroo paw flowers and display inside. Leave a stump 10-20cm long where a second flush of flowers will appear from dormant buds
- Ensure your irrigation system is in good working order. Clean filters, flush the drip lines, sprinklers and drippers and repair any holes
- Composting worms start to eat more food now that it is warming up. Chop up scraps finely to speed up the process
- Be sure to keep on top of couch grass and kikuyu in garden beds. These can regrow from any tiny pieces that are left in the ground
- Tomatoes should be rotated to new parts of the garden every year to reduce the chance of diseases ruining your crop
- Buddleja, tea tree, daisies, marigolds, lavender, bottle brush and grevillea are all great for attracting butterflies to your garden and now is a great time to plant them
- Prune native shrubs by about a third every 12 months or so to keep them compact and bushy and to stimulate new growth
- Plant native succulents such as pigface around your house as a fire retardant barrier
- Prune only the flowered stems of proteas. Un-flowered stems are next season's blooms
- Plant annuals now for Christmas colour. For sunny spots plant alyssum, petunia, salvia and vinca. For shade plant impatiens

Enjoy your time in your garden in October.

## **About Us**

St John has been serving and operating as an integral part of the Western Australian community for more than 125 years. While the look of our organisation has changed over that time, the dedication and commitment of our people has remained the same. Our organisation is ever changing to better serve humanity and we couldn't do it without our committed staff and volunteers.

### *Our Purpose*

Our purpose in Western Australia is to serve humanity and build resilient communities through the relief of sickness, distress, suffering and danger.

We do this by:

- Making first aid a part of everyone's life.
- Delivering high quality cost-effective ambulance services to Western Australians.
- Providing appropriate, timely and equitable access into the health system for unscheduled care.

### *Our Values*

- Conservative in finance
- Sensitive to our environment
- Strong sense of identity
- Encouraging of new ideas
- Valuing people
- Allowing mistakes
- Organised for learning
- Shaping the community

### Unknown Benefit Fund Payment

We received a payment for \$93.00 into our account on 02 September 2019 from Bendigo Bank. Unfortunately, we have no idea who has paid their family membership. We would very much appreciate it if you could contact the sub centre office: [beverley@stjohnambulance.com.au](mailto:beverley@stjohnambulance.com.au), so that we may process and acknowledge your payment.

## **St John First Responder App**

### *Help us find you in an emergency*

Pinpointing your exact location can become difficult in an emergency situation. The St John First Responder App sends your GPS coordinates to the operator when you call Triple 000 for an ambulance, speeding up the time it takes to confirm your location and dispatch and ambulance.

Over 130,000 Western Australians have downloaded the app which also contains a number of other resources, including:

- First aid instruction guides – helping you to treat a range of injuries and illnesses.
- Defibrillator (AED) locator - showing all the defibrillator locations near you.
- Upload the location of new defibrillator (AED) locations that aren't currently appearing on the app.
- Locate nearest medical centres and emergency departments - including live ED waiting time information.
- Patient transport services information.
- Your first aid course information and refresher reminder notices
- First aid tips and special offers - keeping you up to date with handy first aid information.

### *Help others in an emergency situation*

The St John First Responder app allows qualified first aiders in Western Australia to sign up and become a registered first responder. If a nearby emergency occurs (in a public place within 500 meters), you will be notified and given the opportunity to assist until the ambulance arrives.

To become a first responder, you will need to provide evidence of having completed a first aid course within the last three years. Minimum qualification level of HLTAID001 Provide cardiopulmonary resuscitation. We now offer the ability to become a BASIC level first responder in the app, by uploading your Photo ID.

St John First Responder is a free app and available on Apple's App Store and Google Play.

The Beverley Sub Centre congratulates Kelly and Justin Mann on the birth of Kira Piper and we thank Kelly for her contributions to our committee over the past 3 years.

Kelly's contribution as a committee member and our Publicity Officer has been highly valued and greatly appreciated.

### THE BLOKE WHISPERER ... (Talking to Blokes About Health And Wellbeing)

Getting blokes to talk openly and frankly about health issues can sometimes be a struggle, especially if they feel like they can't show vulnerability, or they don't want to worry others with their problems. Whilst I'm the first to admit that talking about fishing and footy is great, we need to be open to broadening the range of topics that we are happy to cover in general conversation.

The importance of this is brought into sharp focus when you see that blokes are on the wrong side of the ledger in terms of all the preventable cancers, cardiovascular disease, suicide rates, workplace accidents/deaths and motor vehicle trauma. There's some serious stuff we need to talk about, but currently, many of us aren't!

Sometimes when trying to address this, the old adage about getting in touch with our feminine side gets wheeled out, but it's important that we realise that men and women are hard-wired differently. We communicate differently, show our emotions differently, take risks and like to win, however if a bloke feels in a safe place he will talk. The following are some useful tips when chatting to blokes:

- **Shoulder to Shoulder Talk:** Blokes tend to feel much more comfortable talking side by side. A shared task or sport is often a great starting point. A few explanations have been offered as to why this is our favoured stance: Blokes can find direct eye contact challenging; They place less emphasis on reading someone's face and tend to take others by their word.
- **Steer Away from the Language of Failure:** Blokes can be quite sensitive to turns of phrase like "suffering from" or "needing help". This to them may suggest that in some way they are failing themselves or their family. Therefore rephrasing "seeking help" to "taking control" may help your cause.
- **Don't Make it a Big Conversation:** If you are concerned for a bloke in your life, it can be tempting to prepare yourself for one big chat. This can feel like an ambush and be counterproductive. Instead, mention health and wellbeing in passing, even if initially it is framed around someone else. Once the topic is introduced, let it run its course. It may take a couple of conversations to explore or explain your concerns and get him talking comfortably.
- **Persist:** If it's worrying you, it's probably worrying him. A bloke's initial reluctance to engage may just reflect a nervousness around the subject matter. A second or third approach won't go astray. After that it's probably time to give him some space with the option to take up the offer when it suits him.
- **Mr Fix It:** Guys tend to be task oriented and prefer that approach when talking about and tackling problems. They want to have a clear purpose, therefore a general discussion around feelings just doesn't cut it! Conversations that are goal oriented and have a clear direction are the most effective.

Of course, every bloke is different, but if we start to play to our strengths rather than highlighting our weaknesses, inevitably the lines of communication will become stronger. If we can achieve this then the health and wellbeing outcomes for men can only improve.

# LADIES GOLF

Welcome to our notes for September. It has been a very busy month with our Open Day-Valarie Strange Day and on the same week, our club hosted Open Teams Weekend for Ladies and Men. Thanks to the ladies who filled in for me while I was away.

Special thanks to Jane Murray who purchased vouchers for all winners of our Open Day (I only gave her 2 weeks' notice, so sorry Jane). Big thank you to Heather McLean and Anne Szczecinski for running the kitchen while the rest of us were playing golf. We appreciate your help. Thanks to Fred and crew for mowing our fairways, sweeping our greens and everything else that you have done to make our day a success. Thanks to Mark Kont, John Islip for helping with cards, Darrell Hagan for manning the bar for the thirsty ladies and of course Graham Hagan for putting out the pins and picking them up for me.

## Club Championships

The Match Play event to determine this year's Club Champion was finally held on Wednesday 18 September. Club members applauded Darrell Hagan's sportmanship in allowing Steve Johnson to compete at a later than scheduled date following Steve's recent health scare. The match was closely fought with the result turning over at just about every hole. At the 34<sup>th</sup> hole Darrell Hagan finally won the match and became the 2019 Club Champion with a result of 3 & 2. In the Plate Division, Mark Kont eventually defeated Eddie Willis at the 39<sup>th</sup> hole.

Congratulations to both winners.

## **OTHER RESULTS**

The annual **Elders Ambrose Day** was held on Friday 23 August and 33 players participated with a good days outing being reported by all.

The winning combination was the team of Wayde McLean, Bruce Kilpatrick and Ben Murray with Nett 59 5/6 (Gross 70). Runners-up were Mark Bickley, Darrell Hagan and Jarryd Morton with 61 (70).

We thank **Noel and Valda Morton and the team at Elders** for their support of this event.

Sunday 25 August had six members competing for the **Les Annison Trophy** while the Championship final Match Play event was also being played. Stephen Gollan was the successful player with 36 Stableford points and Alan Hammond was the runner-up with 34 points. Our grateful thanks again go to **Les Annison** for supplying the trophy for the event.

Saturday 31 August must have been a very busy day elsewhere because only 3 players showed to compete for a Member's Day event which was won by Ed Willis with a score of 30 Stableford points.

Things were back for normal for the **Wansbrough Family Trophy** on 07 September. Twelve players competed in the event which was won by Darrell Hagan with a Nett score of 69 (Gross 77). Marc Edwards was second with 70 Nett (Gross 80). Thank you to the **Wansbrough Family** for their continuing support of this annual event.

On Saturday 21 September, the **Dave Adams Trophy** event was held. Winner of the event from the eight who contested was Liam Gollan with -1. Runners-up were Mel Vivian and Alan Hammond with -2. Thanks again to **David and Gina Adams** for their sponsorship of this event

Our annual AFL Grand Final Day sponsored by Beverley Gas and Plumbing was held on 28 September. Results will be reported in next months Blarney

The final event for the season will be a Flag Tournament to be held on Saturday 05 October.

## **Wednesday Scroungers**

This 6 hole Stableford event continues every Wednesday. This format is an excellent introduction to golf as the format is relaxed with an emphasis on the social aspect of golf. Games will continue through summer as long as players wish to continue and anyone interested in attending is welcome to join us. We generally assemble at around 3:30PM for a 4:00PM tee-off.

Results for September were:

28 August - 13 players – won by Alan Scales – 15 points

04 September – 11 players – won by Ed Willis – 13 points

11 September – 10 players – won by Mike Carthew – 14 points

18 September - 12 players – won by Alan Scales and Mike Carthew jointly – 13 points each.

## Tee Boxes

The renewal and refurbishment programme is progressing with 6 of the tee boxes now repaired. This on-going project will take some time but with determination we should have the major portion completed by the end of next season. The club thanks those older members who give up a small part of their day, once every few weeks to help out. Thanks also to Chris Pepper and Garry Miller for supplying equipment to make the job easier.

**Hard at work on the Ladies' 11th Tee**

# BEVERLEY NETBALL CLUB

Welcome back to another month of netball.

The Northam team played on 03 August with the girls taking on the Falcons. It was a fought out game to the end with Falcons taking the win 23 – 21.

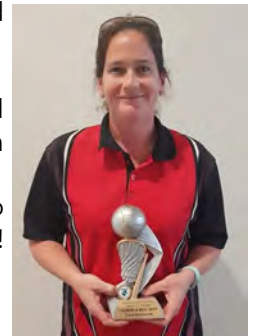

We next played Tigers on 10 August and while it was a thrilling game unfortunately the Tigers took away the win 44 – 33.

17 August saw us take on the number one team on the ladder, for the final game of the round, the Renegades.... It was a hard game from the first whistle both side playing for those hard earned points, in the end it was a win for Beverley 41 – 37.

Due to the Beverley Show being on the same day as our semi-final game we were lucky enough to play the Thursday night instead (22 August). We were scheduled to play Falcons in what was turning out to be a fantastic game with most of our supporters there to watch. Could we finally defeat the Falcons who had plagued us all season? While it was a very close contested game with scores being even throughout the game at times, unfortunately Falcons just stole away to take the win and well deservedly earned with the final score being 24 – 28.

That was it for the Beverley girls having their first year in Northam. Unfortunately we didn't get past the semi-finals but now they are just more determined next year to get to the grand final!

On 07 September the Northam girls and supporters went across to watch the grand final between Renegades and Falcons. It was a very highly fought out game with both teams fighting for the victory spot, in the end it went to Renegades 25 – 21. We then had presentations for the association and a surprise for one of our girls who took out the Northam Netball Association Fairest and Best for C grade! Congratulations Cara Hammond on a well-earned win!

We saw the girls having their windup and presentations at The Freemasons on Saturday 14 September and what a night it was! The theme was the letter "B" and nobody disappointed in their costumes. There was a Bimbo who did not disappoint, a Boxer with her Bank Manager and Bank Robber, Burlesque with a trail of feathers everywhere she went! A Bogan, a Braveheart, a few Bees and Butterfly's there was also Bo-Peep, Batgirl and a few borings!

Our presentation awards for the season went to  
**Cara Hammond** - Most Consistent - *Hydraboom*  
**Kelly Aaron** - MVP for Semi Final - *Mark and Glenys Petchell*  
**Laura Ludgate** - Best Dressed - *Glenys Petchell*

The Fast 5 awards go to  
**Beverley 1** - *Glenys Petchell*  
**Cara Hammond** - Fairest and Best - *Glenys Petchell*  
**Riley Hammond** - Junior Encouragement Award - *Linda Lewis*

Well done to all who played this year and we hope you all enjoy a well-earned rest to start again next year.

Freemasons Tavern and Waterbrae Pastoral.**

## **Friday 23 August: York Storm vs Beverley in York 6:15pm**

Friday night action tonight in York before one of the biggest days in Bev town tomorrow with the Agricultural Show. And.....what a ripper of a game it was to finish on against York Storm.

Beverley were the first to score with a lovely goal from Lisa Mourach but unfortunately couldn't quite see the leading spot continue for the whole game finishing with a 2-1 loss.

Award winners: Penny Cann and Carly Veitch

Big thanks to Moofy for helping us out with this week's umpiring roster!

And with a blink of the eye that's the last game of the season with no finals berth for the team this year.

## **END OF SEASON WINDUP**

The team enjoyed the perfect weather and company on Saturday 07 September to celebrate our season with a lovely lunch and drinks at Core Cidery in Pickering Brook.

Congratulations to our Award Winners on a sensational season and thank you to our generous award sponsors.

Avon Trading Fairest and Best: Carissa Shaw

W & K Mclean R/Up Fairest and Best: Nicola Broun

Di Smith Highest Goal Scorer: Carissa Shaw

Redbacks Club Most Improved: Ali Lewis

Members and Potential Members are warmly welcomed back to the start of the season on Saturday 12 October at 2pm. A friendly East v West social competition will kick off after we've all had a chance to blow out a few cobwebs! The Official Opening will occur during afternoon tea.

Running along-side the tennis open day will be the Beverley Heroic Cyclocross event. The cyclocross gains popularity each year and again will be using a section of our tree lined carpark. We look forward to welcoming cyclists and spectators.

The Mid-week Ladies team competition is back! Please contact secretary Chantelle Meade as soon as possible if you would like to play. Competition begins Wednesday 23 October.

The Junior coaching will be coordinated by Narelle Bailey. Please see details on page 36 of this Blarney. The Tennis club regards our junior members as the future of the Club and we look forward to using recent catering fundraising money to assist them in their progress. Speaking of catering thank you to all members who contributed to Ag Show and Avondale catering, your generosity is amazing!

# Beverley Horse and Pony Club

## Who's been out and about:

- ◆ **Beverley Show 24 August.** Eliza Higgins, riding Man-tango, Tealah Hawke, riding Falcons Temptation and Carly Ballantyne, riding Thorne Park Songbird all entered and competed in the equestrian events with great results and going home with lots of ribbons. Eliza won Reserve Cham-pion Rider, local rider 14-17yrs and the barrel race and Carly won local rider 11-13yrs.
- ◆ **Wallangara ODE 25 August.** Tealah Hawke competed and placed 10th in the PC80cm. She has now qualified for the State Eventing Championship at Dardanup PC on the 26 and 27 October.
- ◆ **State Active Riding Championship 07 and 8 September** at Serpentine Pony Club.

Mac (riding Jack) and Carly (riding Jazzy) Ballantyne, Emily (riding Peppermint) and Jessica (riding Eddie) Maxwell and Jamie -Lee Speedy made up our clubs junior Prince Phillip Mounted Games team, coached by our awesome coach, Jessamin Pain. Emily, Carly and Jessica also competed in the Novelties events and Jessica's Zone Team placed 1st in the Handy Pony!

- ◆ **C Exam:** Congratulations to Emily Maxwell on passing her C Certificate at South Midland Pony Club.

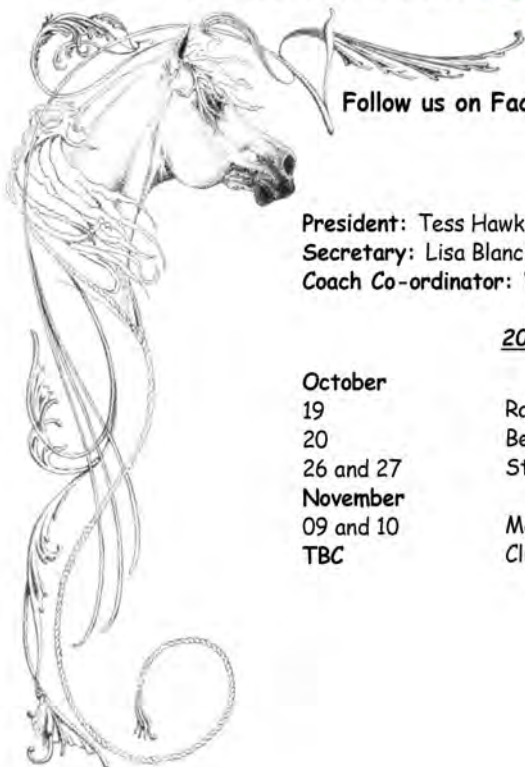

**September Rally:** A beautiful spring day saw keen and energetic families, horses, ponies, riders and coaches busy at the Pony Club grounds at 7:30am setting up show jumping equipment, dressage arenas and games equipment. All riders worked through a flatwork (aka. dressage) lesson, Horsemastership session (learning how to care for our equine partners), showjumping lesson and then they could pick either games or cross county lesson to wrap up the day. By 3pm all the equipment is packed away by our awesome families and everyone gets to travel safely home and hopefully put their feet up.

**Welcome:** To the McCabe family who came for a visiting rally. Great to meet some new faces and equine friends.

**New Uniform Addition:** Check out our new caps that are coming soon! Looking good.
