The Royal Australian Air Force (RAAF) was established in 1921, building on the foundations laid by its forerunner, the Australian Flying Corps, during the First World War. Ever since, the RAAF has played a vital role in Australia's military operations.

From the Second World War, through Korea, Borneo, Malaya, Vietnam, the Persian Gulf and Afghanistan to peacekeeping and humanitarian operations, air force personnel have earned the respect of Australians and people around the world.

Please note: If you wish to march on behalf of a relative and you have their medals, (placed on the right side of chest) you are welcome to do so at the mid morning march.

SHIRE OF BEVERLEY PRESIDENT'S REPORT

Burning and Easter

The Restricted Burning Period is due to finish on 31 March 2021, however on this same day the Prohibited Easter Burning Period commences. NO BURNING is permitted over Easter. On Tuesday 06 April 2021 the unrestricted burning period will commence. Even though we've recently had rain and things are greener than normal, please take care with your burning.

LRCI Funding Updates

The Lesser Hall Courtyard is now finished with only minor works (plants and lighting) to go in.

At the Town Hall, the AV upgrade is complete and new doors have been installed. The sliding doors look fantastic and will allow those with wheelchairs and prams to enter with ease.

Work next to the playground (at the oval) is due to start in April.

Bridge 3197 – York Williams Road

Please slow down on approach to Bridge 3197 on York-Williams Road. Bridge and road conditions have been modified whilst the Shire lobbies for funding to carry out upgrades. The bridge is now single lane and you need to be able to stop for traffic which may already be on the bridge as you approach from either direction.

2019/20 Annual Report and Annual Electors Meeting

There is no change from March Blarney and Council and the Audit & Risk Committee are still waiting for final approval from the Office of the Auditor General to receive and adopt the Annual Report. Once adopted, the Annual Electors Meeting will be held. Advertising will take place when approval is given from the OAG.

Beverley Caravan Park – Onsite Units

The onsite units are nearing practical completion with approximately one month to go. Gyprock to the walls and ceiling is complete. The bathrooms and wet areas are being tiled now.

Copies of the Council agenda and minutes are available online from the Shire Website (beverley.wa.gov.au) under the Council tab. Agendas are available a minimum of 72 hours prior to the meeting date and minutes are available/published within 10 days of the meeting being held. You are also welcome to call into the Shire Office to collect a paper copy free of charge. Council minutes are also available in the Library.

Roadworks

Local Government Elections – October 2021

If you are interested in becoming a Councillor and running in the local elections in October 2021 please do not hesitate to have a chat with a current Councillor. Later in the year the Shire will hold information sessions that will cover training requirements, meeting expectations and legislative requirements. The Shire will also have a tent at the Beverley Show.

Vale Don Sax

Condolences to Heather, Shae, Liam, all the Sax family and staff at the Post Office on the sudden passing of Don. The town's postie of 16 years will be missed by all.

Happy Easter

Everyone knows Beverley is the place to BE at Easter! I trust everyone will enjoy the arts, the markets, the tennis, the socialising, the gliding and everything else that Beverley has to offer. Beverley Historical Society Dead Finish Museum

bhsdeadfinish@gmail.com

The Beverley Historical Society has recently installed in the Dead Finish Museum a fire-proof cabinet with acid free files to help in the preservation of fragile photos and documents.

This project was completed with the assistance of a Shire of Beverley Community Grant.

Thank you to the Shire President, CEO, Councillors and Staff for their ongoing support of the conservation of the history of Beverley & districts.

BEVERLEY HISTORICAL SOCIETY

Since opening in early March, the volunteers have been very busy with lots of requests for Beverley and family information.

On Monday 22 March, we had our annual visit from the Beverley District High School Year 2 class, which is always a pleasure for us to show them about the "Olden Days." More details hopefully in the May issue.

The Historical Society are looking for information on the Hospital Auxiliary Op Shop. We would like to have info on where it started and what buildings it has been in, plus any photos of their committees over the years.

We are also seeking information and photos of Balkuling and Jacobs Well Schools. Names of pupils, families and teachers plus years attended would be much appreciated. Although these schools are now closed. Many Beverley citizens started their schooling in these premises.

The Museum is open every Sunday 11am to 3pm. until last Sunday in November.

Contact us by email : bdhsdeadfinish@gmail.com

Next monthly meeting is Monday 12 April at 1.30pm.

New members are most welcome.

Beverley Branch News

Our March meeting consisted of 5 members and 1 visitor.

We had an exceptionally good example of how to make Sushi by Vicki and it was delicious with the ingredients being purchased at the local IGA. We would all like to thank Vicki for her educational efforts regarding Japan over the past months.

The CWA Hall gardens are progressing well now with the tidying up & the colourful display of the new plants.

We are holding our next social morning at 10am on Wednesday 07 April. Everyone is welcome to come in for a natter, and our usual monthly meeting will be on Wednesday 21 April at the CWA hall.

If you wish to hire the hall, the cost is \$30, please contact Wendy Hambly on 9646 1481 and if you have any other enquiries regarding the CWA our President Pat Hambly will be happy to assist you, also on the same number.

We hope everyone has a relaxing and safe Easter.

BIG ENOUGH TO DO THE JOB SMALL ENOUGH TO CARE

Beverley Community Garden

The Community Garden had a quiet period over summer although maintenance, weeding and watering were continued. Shade cloth was erected over the productive vegetable beds and a shade tunnel has been erected enabling us to propagate vegies from seed. In anticipation of some cooler weather the raised beds are being refreshed with sheep manure and pelletized chicken manure in readiness for Autumn planting.

We would like to invite all members and potential members to attend our monthly barbeque get together at the garden. This will be at 5pm on the 3rd Saturday of the month, the next one being on the **Saturday 17 April**. We look forward to seeing you there. This is a BYO event so please bring your own meat, refreshments and a salad or dessert to share.

We also urge community members to donate recyclable bottles and cans to the garden to assist with the ongoing costs of maintenance and new items which are needed. You can drop them into the garden or call the numbers below for collection.

If you have any items that you would like to donate, please ring Betty on 0400 569 971, Maureen on 0429 460 073 or Dorothy on 0429 989 031 to arrange a pick up or for any further inquiries.

Community Garden Donations

-  Peter and Robyn for the shelving for the shed and the bamboo fencing.
-  Michael for shelving and steel for the shade tunnel, the hose and trolley.
-  Terry for his hard work in welding the shelving stands.
-  Morag and Bill Whitney for the mulcher
-  Lorraine Bessant for the shade house
-  Szczecinski family for the old car body.

Thank you all for your continued support.

Beverley Garden and Tree Society

The March meeting of the Garden Club was the first for 2021 with 19 members present and 8 apologies.

The agenda for the year was discussed and accepted.

- Membership fees will be kept at \$5 per year and morning teas \$2.
- The annual Beverley Rose Show discussed and it was generally accepted that we will retain the format of opening and judging on Friday 22 October and open again on Saturday morning. This year we will add interest with a display of teapots.
- We will be having a busy bee at the Dead Finish garden on Wednesday 31 March from 8.00am.

After the meeting we visited the Bonsai garden owned by Pat Broissant and what an interesting visit it was with Pat's cheeky parrot determined to be part of the fun, much to Delys's delight. Pat is obviously very keen on his bonsai having many plants on display and he also showed us how to care for and pot up some plants. Thank you very much Pat for a delightful morning with tea and cakes to follow.

Our next meeting, on Tuesday 06 April will be a visit to an Eremophyla Nursery in Kalamunda. We will meet the Dead Finish at 9.30am to leave on the bus at 10.00am, aiming to arrive at the nursery around 11.15am to 11.30am. You may wish to bring some morning tea with you to have on the bus. We will have lunch in Kalamunda before returning home. Please contact Dorothy on 0429 989 031 if you wish to go and haven't yet put your name on the list as seats are limited.

What a great time to be gardening in April. The days are getting shorter and the nights are much cooler. A perfect time to be planting in the garden. April is a great time to attend to the following tasks in the garden:

- Aerate compacted lawns with a garden fork
- Lift and divide bearded iris
- Remove and discard any diseased or rotten fruit that may be hanging in trees
- Repot plants that have outgrown their containers. Use fresh potting mix and a slow release fertiliser
- Mass plant ground covers to create a living carpet to suppress weeds. Good native ground covers include native violet and grevillea
- Empty compost bins and use it to condition vegetable and flower beds and spots where you plan to plant bare-rooted trees and shrubs in winter
- Prune hedges of lavender and rosemary
- Plant annuals for winter and spring colour. Try pansy, cineraria, viola, poppy, primula and stock
- Prune summer fruiting trees that have finished cropping. Pruning after harvest reduces the risk of fungal disease and gives the trees a chance to put on some growth before winter
- Trim native shrubs by about a third after they have finished flowering
- Prune any potted plants that are looking tired and lanky by half
- Top up slow release fertilisers in all pot plants to replace nutrients leached out by regular summer watering
- Apply a wetting agent to pots if water runs straight down the side of the pot and the potting mix below the surface stays dry
- This is the perfect time to establish native trees and shrubs such as bottlebrush, wattle and banksia.

VEGETABLES TO PLANT

BROCCOLI, CABBAGE, LEEK, LETTUCE, ONIONS, PEAS, RADISH, SHALLOTS, SPINACH, SPRING ONION AND TURNIP.

FLOWERS TO PLANT

ALYSSUM, CORNFLOWER, SNAPDRAGON, STOCK, STATICE, PANSY, SWEET PEA AND VIOLA.

There is certainly plenty to do to keep you busy in your garden in April!

The most common injuries for cyclists often occur as a result of a fall and generally in off-road locations such as footpaths, home driveways, cycle ways and skate parks. In WA, all cyclists must wear a bicycle helmet whether riding on the road, footpath, cycle paths and other off-road areas. Children riding bicycles with training wheels or sitting in a carrier seat on a bicycle must also wear a helmet. Children riding scooters, roller blades, rip-sticks and other wheeled devices are not legally required to wear a bicycle helmet. However, as many riding injuries are caused through falls it is recommended that children are encouraged to wear a bicycle helmet and protective gear such as elbow, wrist and knee pads and enclosed shoes.

A bicycle helmet is designed to offer the wearer protection and if worn correctly, decrease the risk of head injury by up to 85%. An Australian Transport Safety Bureau report that summarised multiple research papers on helmet issues concluded that:

- cyclists who do not wear bicycle helmets are twice as likely to suffer head, brain and facial injuries as cyclists who wear helmets
- non-helmeted cyclists are three times more likely to be killed as a result of a crash

A bicycle helmet that has been damaged by high force impact or heat damage cannot offer the wearer the same level of protection and should not be worn. Bicycle crashes and falls often occur when drivers of other vehicles fail to see the cyclist or wheeled device rider. Wearing fluorescent or bright coloured clothing can increase the visibility of riders in the traffic environment.

If you are over the age of 16 years and you fail to wear a helmet when riding your bicycle then you may receive an infringement for \$50.00.

Bicycle helmets are for your safety so make sure you wear one, and make sure your kids always wear a helmet when riding their bikes.

As the morning sun illuminates the imposing façade of Northam Senior High School each day, it is difficult to believe that it was first established a century ago.

Designed by William Hardwick, the state's preeminent architect, the school has been offering high quality educational services to Northam and surrounding areas since 1921.

To commemorate this impressive achievement, the school will host a Centenary Celebration on 15 May 2021, offering an exciting and comprehensive range of activities designed to appeal to everyone, young and old.

Apart from the formal ceremony, guests can enjoy historical displays, guided tours, classroom displays, musical items, kids' activities and tempting food options.

As the event approaches, further details will be posted on the school's website but booking details and official centenary merchandise are available via www.northamshs.wa.edu.au

CWA York

Working alongside other volunteers!

The CWA York ladies have again been busy cooking and baking, this time to support an organisation called BlazeAid. BlazeAid helps communities in rural Australia to re-build after natural disasters such as fires and floods. As we all know, these events can be devastating and are all too frequent. At the time of writing this article, people in parts of New South Wales and Queensland are affected by terrible flooding.

Currently, BlazeAid has set up base camp at the old tearooms in Forrest Street, York. CWA York's newly appointed Treasurer, Annie Birch (pictured on left) showed great leadership in coordinating the provision of a home-cooked evening meal for the volunteers. Dinner consisted of slow-cooked silverside and roasted vegetables accompanied by a white sauce; we don't have a photo of the food to share unfortunately but you can imagine how tasty it all was! Our Secretary, Helen Grainger, made a delicious cake, and another member, Jean Anderson, supplied two dozen eggs. On behalf of the BlazeAid team, Judy and Judith expressed their gratitude to the CWA ladies. We are very much looking forward to Judy joining us at our meeting on Friday 09 April, 2021 at our rooms, number 154 Avon Terrace, to talk to us about what BlazeAid does.

CWA York wishes our friends in Beverley and the whole Avon Valley community a safe and happy Easter 2021.

Arts Administrator Position

After many years of applying for grants to pay for administrative help with Beverley Station Arts, we were finally successful in receiving a grant through Regional Arts WA (Regional Arts Sector Investment 2021-2023) to employ someone for 8 hours per week. Following our advertisement in the blarney we were pleased to receive a number of strong applicants for the position. A panel of three was established to include two independent external representatives with regional arts backgrounds. The panel assessed written applications then proceeded to assess via interviews and the successful applicant was Joey Walter. Welcome Joey, as our first paid arts worker and we look forward to you putting some much-needed structure into our admin systems.

Local Actor in *The Sum of Us*

Local identity Bruce Denny has just completed a two-week run at the Perth Festival performing in *The Sum of Us* - an exciting revisioning of the much-loved story from the off Broadway hit and award-winning film. *The Sum of Us* is a combination of comic and poignant moments by Yirra Yaakin Theatre Company's all First Nations cast. The story is one about love, connection and the importance of living in the moment, and though 90 minutes in length it remains engaging and as relevant today as it was 30 years ago. Bruce played the observant and loving solo parent Harry, delivering monologues that had us spellbound, not to mention his dancing! A group of us from the Beverley Station Arts Committee and Beverley Amateur Dramatics to travelled to The Subiaco Arts Centre on Friday 26 February to see the play and were thrilled that our local hero evoked such laughter with his subtle gestures and laid-back manner.

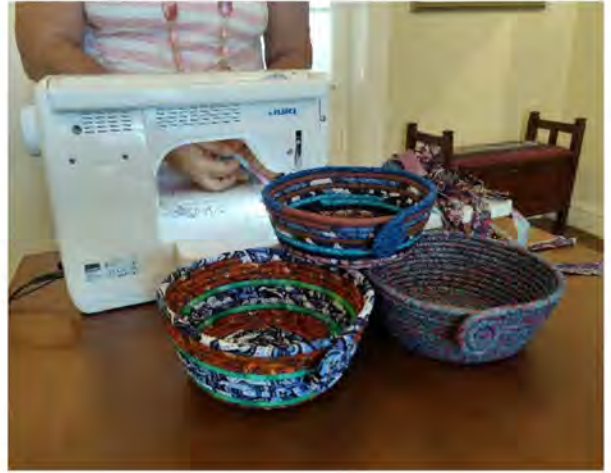

The *Bruce Denny Fan Club* at the Subiaco Arts Centre after the show.

Artists-in-Residence at the Station Gallery

Artist in Residence for March was **Jo Nelson** who enjoyed her stay at the Station immensely working on her lino cut printmaking projects. Weekends were spent making baskets with the cotton fabric and rope, passing on her skills to locals; 5 were at the workshop on March 21.

Artists in Residence for April

This month we welcome Howard Laylor for the first half of the month, then Lorraine Pichugin 14-30 April.

Over this Easter period, **Howard Lalor** will be our Resident Artist. He is a Botanical Artist having trained with the London Society of Botanical Artists and recognised with a DipSBA. Over a number of years Howard has been tutored by Dianne Sutherland, Leonie Norton and Anna Mason. In recent years, Howard has broadened his interests with his *'Flora and Fauna Art'* business with a focus on birds and other Australian wildlife.

Howard is retired and is married with two daughters and 6 grandchildren. His interests also include caravanning, bowls and reading.

Howard will be displaying around 17 of his works in the Beverley Station Arts Gallery and he looks forward to meeting fellow artists and discussing his works with interested people. Though the works are displayed, orders will be taken for similar works or special flora or fauna requests.

Lorraine Pichugin is a Western Australian artist who will be at the Station 14-30 April. Form brought out through the interplay of light and shadows features consistently in her work, regardless of the subject. Drawn to morning and evening shadows dancing across a wall or a kitchen bench, the object caught in this interlude becomes the vehicle Lorraine employs to describe this wonderful interaction. Whether working in oil on canvas, pastel or pencil on paper, she uses layers of colour to convey aesthetically realistic and lifelike artwork that has a captivating beauty and presence. Lorraine's artwork is about finding and sharing the beauty, grace and elegance that is all around us.

WORKSHOPS

Both Sundays (18 and 25 April) 1pm – 4pm

Basic Materials & Afternoon tea included. \$65

Suitable for beginners wanting to try their hand at drawing but not knowing where to start as well as the more developed artist looking to improve their skills.

"Power of Observation and The Art of Drawing (essential keys to drawing what you see)"

Essential drawing techniques are the building blocks that lead to great drawings.

In this half day workshop Lorraine will guide you through fun and practical exercises designed to help you gain skills and confidence as you draw. Fundamental techniques such as:

- breaking down your subject into simple and abstract shapes,
- composing drawings with interesting arrangement of objects and
- simple but effective lighting to create narrative will be approached.

Easter Art Exhibition

BEVERLEY ART PRIZE

52nd ANNUAL EASTER ART EXHIBITION

Thursday 1st to Monday 5th April 2021
Beverley Town Hall

Beverley's 52nd Art Purchase Exhibition is on Thursday 01 – Monday 05 April 2021. With more than 400 artworks from renowned artists across Western Australia, this year's Art Prize & Exhibition will be one of the biggest ever! Open Thursday through Monday, the art exhibition is one of many popular events attracting visitors to Beverley over Easter long weekend.

A huge week awaits setting up screens and lighting, unpacking, curating, hanging, judging, and then the official opening on Thursday April 01. Always an exciting event – we look forward to seeing a large crowd, and hopefully many buyers! Don't forget the exhibition opens on Thursday 01 April 10am – 4pm for those wishing to preview the works if leaving town for Easter or wanting to get in first to buy a painting when the doors open at 7pm for the official opening. Admission to the opening is \$10, U/18 \$5 – includes one drink at the bar. Other opening

hours are Friday, Saturday and Sunday 10am – 4pm and Monday 10am – 2pm.

Purchased and unsold paintings may be collected at the end of the exhibition from 2.30pm on Monday April 05.

Volunteers are always in short supply to repack the unsold works on the Monday - please email beverley.art.exhibition@gmail.com or call Marylou 0427 085511 if you are able to help.

Easter Markets - a wonderful array of arts and craft stalls, clothing, shoes and bags, jewellery, honey, plants, free face painting for kids, and other entertainment all combine to be the height of activity on the Saturday of Easter – come and see for yourselves! As well, you can sit at the pop-up café and indulge in home cooked morning tea as you take it all in. This year also, BSA has engaged in some roving entertainment – a Bavarian music band called **Oompah!** When Bavarian Folk meets Aussie Rock! From 11am - 1pm, Oompah! will perform 2x45 minute sets with a short break in between. They are such a fun and energetic band that you won't be able to tear yourselves away.

Beverley Amateur Dramatics (BAD)

BAD is busily rehearsing for their next show end of April! *Secret Bridesmaids' Business*, a script written for theatre by Elizabeth Coleman in true Australian style, is a funny play about serious issues like truth, loyalty, denial, sex, love, the meaning of marriage, female friendship and the plight of Modern Woman with a biological clock that just won't keep up with the times!

Never far from reality, it exposes the insanity that can be created as the wedding juggernaut threatens to swerve out of control. Marriage may be a wonderful thing, but after a night like this, well, could it really be worth it? Intrigued? You don't have long to wait! The play will be performed by our local drama club over four nights – **Friday 23 April, Saturday 24 April, Thursday 29 April and Saturday 01 May**.

If you would like to be involved in future productions, contact Britt Hadlow by email: britt.hadlow47@hotmail.com or beverleyamateurdramatics@gmail.com

Beverley Station Singers

It was a great turnout on March 10 with new members to the throng. Station Singers will continue to meet on a Wednesday every 2 - 4 weeks. Next session will be **March 31 at 7pm**.

Singing is directed by the talented Kelly Newton Wordsworth, cost \$20per night. Sarah Miller is coordinating singing so if you are keen to come along you can phone 0427464078. Station Singers are practicing to perform at Merredin Songfest 2021 on 14-16 May.

Desperately Seeking Thommo

During April from Sunday 18 – Wednesday 21, a caravan will be parked in the main street, and in this caravan will be Sam Lynch from CircuitWest, and star of radio and stage Andrea Gibbs, who are travelling to five regions in the search of 'Thommo'. The man they have nicknamed 'Thommo', is often absent from performing arts' databases and when trying to get him to regular research he simply says, 'nah mate'.

The challenge is to dig deeper with the naysaying Thommo's and understand resistance to performing arts experiences by aiming to look back at the life experience that has formed that opinion. Do they have bad arts experiences, do they have any experiences, who has influenced their thinking, what was the school or early childhood or youth exposure to art. How does art portray itself to Thommo?

So basically, it's a project about conversations with the most absent ticket buyer to arts shows – typically middle-aged men! If you know of any men who fit this picture, please let us know at Beverley Station Arts before mid-April!

BALLET at SUNDOWN – a spectacular performance by Youth Ballet WA! And prior to the main event, The dancing instructors worked with the K-Yr6 Primary School children at the town Hall. It was such a treat to see them all so engrossed and having fun for a full hour and a half.

Then we were treated to Youth Ballet WA preview ballet warmup class before the main performance of an hour of thrilling dance – so many genres all so beautiful and especially produced just for us in Beverley.

From our archives
75th Anniversary of Beverley sub centre - 31 October 2009

'The celebrations marking the 75 years of service of the Beverley St John Ambulance Sub-centre was held on the 31 October at the Beverley Town Hall. This magnificent event was well attended by locals, invited guests and visitors who travelled from various parts of the state. Ask anyone who attended and the response is the same; 'What a wonderful day!', and indeed it was just that, a wonderful day. Everyone involved in making it happen are to be congratulated and deserve to be very proud of what they achieved. The professional displays, acquainting us with the history of our local ambulance services from its humble beginnings to the well-established service it is today, and overall presentation were first class. The hall looked beautiful, the food was in abundant supply and the lively, cheerful atmosphere was testament to the good time had by all. John was entertaining in the delivery of his opening address, with his usual charm (and cheek), as he ably summed up the past 75 years. Congratulations to all those who received awards for various achievements and training they have undertaken. A huge thankyou to the Anniversary committee, Amor Moulton, John Lane, Liz Kehlet and Steve Ramm for their tireless efforts and excellent attention to detail.'

Honorary Life Member

*'Definitely one of the highlights of the day was when Peter Jenkins was made an Honorary Life Member of the Beverley SJA sub-centre. Taken completely by surprise, Peter was overwhelmed with the honour and he wasn't the only one there who got teary, as his emotion affected us all. Robyn Murray gave a moving tribute to the wonderful service Peter has given the Beverley community over the last twenty-one years he has served with SJA, describing him as a dependable, conscientious dedicated and a selfless member of the team.
Congratulations Peter!*

Do you hate cooking or need new recipe ideas?

Own a thermomix and aren't getting the value you want out of it? Or want to get out of the house?

Would you be interested in having a 'club' or similar where once a month, in one of the town kitchens, where people who own Thermomix's or anyone can come and we could do a monthly bulk cooking afternoon. People can share their favourite recipes & at the end we all split the food.

Dependent on numbers, hire & ingredient costs a monthly kitty system would be set up to pay for ingredients and kitchen hire.

Warrior Wellbeing Article
Living our Life by Quarters

Just like a lot of sports, if we view our life through the paradigm of life taking four quarters to play then we find there are many common themes. A blokes life expectancy is 80 to 82 years and I have had fruitful discussions with several blokes who have died around this age. Subsequently I feel it is apt to be able to breakdown our life's journey into four quarters.

First Quarter (0 to 20 years). This is where we are learning the rules and getting into the game (establishing who we are in our life). Sometimes it takes time to get warmed up, (educated and starting work). The conditions we play in also affects our influence on the game (just as the different situations in our life). First quarters are often tough, and the opposition is unknown, (life throws up many curve balls like it does in adolescence).

The second quarter (21 to 40 years) is when we are getting used to our game plan and our teammates, there are many challenges such as injuries, opposition strengths and playing conditions (getting a head of steam up, forging our identity, sorting out our life plan and putting things into place to set us up for the future). We then look to see if we are in front or behind on the scoreboard (are we heading in the right direction?)

Half time. We get to have a rest, (a time for self-reflection) make some changes, reset the game plan and off we go again.

The third quarter (41 to 60 years) is often referred to as the premiership quarter. This is when we put in the tough yards, work hard, and put ourselves and the team in a winning position, giving up is not an option (this is part of mid-life, sometimes we must earn respect, and make tough decisions which will ultimately set us up for the last quarter and transition us easier into retirement).

The four quarter (61 to 80 years) is the time we get to enjoy the spoils of the game. We hope we have some distance between us and the opposition and are kicking with the wind, consolidating our position and winning the game (we can smell the roses and reflect on the hard yards we have put into life and hopefully enjoyed the journey).

Unlike sport, in life there are often no rules:

- We can get injured and/or taken out at any point throughout any quarter of the game.
- We need to participate in all quarters of the game and it is often said "you get out what you put in". Like with everything in life, we must make an effort.
- A couple of my friends passed away in the third quarter of life and when reflecting they have said to me, "they wished they had enjoyed their life a bit more".
- Recently I had a special mate who died after his 80th birthday. Before he passed away, he told me how he had a great game, and was in time-on and still enjoying himself.

I am a firm believer that "the world is run by people that turn up" and this is true both for sport and the game of life. Turn up; put in an effort, train and work hard, take calculated risks, have repeated efforts, stick to the game plan, hold out for the whole four quarters and ultimately celebrate success. Ultimately, we must enjoy ourselves along the way, it is not about the final siren but the way we played the game.

Beverley Historical Society presents another
BEVERLEY PIONEER -

Andrew 'Sonny' Strange 1880-1966

Andrew Strange

*Born – 21st October 1880 at Beverley,
Western Australia*

*Married – 19th February 1920 to Julia
McLeod at Beverley*

*Died – 6th June 1966 at Narrogin,
Western Australia*

Andrew & Julia had four children. Roy, Hilda, Freida & Fred.

Andrew Strange moved to the 'Dale' west of Beverley in about 1946 to farm "Oakland Valley" with his brother Fred.

He had previously farmed a property west of Brookton named 'Oak Hill', where he left his eldest son Roy to continue farming.

Andrew supplemented his income from the farm by trapping dingoes which were a problem to farmers in the area who were losing stock. Andrew was known as an excellent bushman.

Andrew lived on the property until his death in 1966 even crutching his sheep up until the age of 78. His youngest son Fred, took over the running of the farm and still lives there today.

Death of "Sonny" Strange

The death of 86-year-old 'Sonny' Strange of the Dale which occurred on Thursday of last week and was briefly referred to in last issue of this paper removed one of the district's finest bushmen whose lifetime spent in the Dale country was lived in the best traditions of the Australian outback. He was known far and wide in these parts and although he never appeared burdened with the material riches of life he accumulated a wealth of friends who recognised him as one well-endowed with the basic humanities of goodwill, kindness and tolerance. All who knew him were sorry to learn of his passing which occurred at the Narrogin hospital only a few weeks after the death of his life partner, Julie, who died suddenly whilst she was accompanying her husband to the Beverley hospital some weeks ago. Pioneering blood flowed in "Sonny's" veins as he was a member of a family with the very earliest associations with the Dale area. The funeral took place at the Anglican cemetery following a service at St. Mary's church on Saturday morning. The Rev. Henry Tassell officiated and friends and relatives came from far and wide to pay their last tributes of respect.

TRIBUTE

A Dale resident who has known the deceased citizen for many years has forwarded the following tribute to "Sonny" and his late wife: —

In the passing of Julie and "Sonny" Strange the district has lost two very fine people. A real "Darby and Joan" with real devotion to each other, their hospitality was known far and wide: it mattered not what walk of life a visitor came from, he or she was always invited in for a meal and made very welcome. Julie never had a bad word for anyone. She had a humble and retiring nature and although she never took a leading part in communal affairs she used to attend every 'do' and always enjoyed herself. She and 'Sonny' were always asked to any party that was on even if it was for the young people.

'Sonny' was a unique character with a wonderful sense of humour and marvellous memory. He used to shear his own sheep at 78 and until he suffered a heart attack. He could also tell a good tall story and many people have filled in hours listening to his tales about the dingoes and brumbies he has trapped or the roos he shot. A lover of the outdoors he was a great bushman with the reputation of never having been lost in all his life. The Dale will not seem the same without him, and with these two gone it could be said that an era has ended for they were certainly pioneers in the true sense of the word. Julie in her early married life faced great hardships and the pair helped make the country what it is to-day. They reared a family of four and it would take a lot of space just to relate a few of the things accomplished in their lifetime. It was a fitting tribute to see such a big crowd of people come along to see them laid to rest.

A pain in the bud

April 2021

Chilli thrips – a hot topic across Perth

The Department of Primary Industries and Regional Development (DPIRD) has been inundated with reports of unfamiliar rose damage from the metropolitan area over the past few weeks.

Department testing has confirmed damage to rose samples were caused by the culprit: **chilli thrips**. Viral threats have been ruled out.

Chilli thrips (*Scirtothrips dorsalis*) are found throughout the world and were first reported in the State's north about 20 years ago.

The recent rainfall and humidity has created conditions that are conducive to chilli thrips, which like to feed on the sugars in new shoots.

Chilli thrips have moved down from the north of the State to the south in recent years and have been very active during the past few weeks in Perth gardens.

Also known as strawberry thrips and tea thrips, chilli thrips feed not just on roses but also on all citrus and their hybrids, as well as a range of fruit and vegetable hosts.

Chilli thrips are tiny and difficult to distinguish from other thrips species with the naked eye. The pest is about two millimetres long, pale or translucent in colour with an elongated body.

Plants infested by chilli thrips have damage similar to that caused by other thrips species, such as wrinkled, curled or distorted leaves with distinctive brown scarring along leaf veins, flower buds and the calyx or outer casing of fruit.

Management/Control

Thrips are difficult to control, however, thrips rarely kill or threaten the survival of trees and shrubs. Inspect early and often for damage symptoms and take immediate action to minimise the pest's impact. Once damage is seen, it's almost too late to take preventative measures, so act when thrips first arrive.

An option is to encourage new growth by doing a hard prune of infested plants to remove damaged plant material. If feasible, bag the offcuts before binning to prevent the pest from spreading.

Chilli thrips can be managed via a range of products registered to treat other species of thrips, scale or aphids. Multiple applications of treatments, whether organic or not, will probably be required and it may be wise to apply treatments to other nearby host plants to protect them from the pest.

Lots of information and advice on how best to control thrips on ornamental plants is available online, but advice can also be sort from local garden centres. As always, if you notice damage you've never seen before – please report it for screening.

BEVERLEY GOLF CLUB

Results for March

On Sunday, the pre-season East vs West Challenge event was held. 12 players competed with the East teams being victorious – winning two matches to one. Congratulations to the winning teams. Maybe the West can wrestle the trophy back next year.

The T-Bone and Sons Opening Day was this year held on Sunday 28 March. Results will be notified next month.

Scroungers

These events continue on Wednesday and Friday afternoons.

Results for March were:

Wednesday 24 February – 12 players – won by Mel Vivian 16 points

Friday 26 February – 6 players – won by Alan Hammond and John Donovan – 12 points each

Wednesday 03 March – 10 players – won by Mel Vivian – 14 points

Friday 05 March – 7 players – won by J Donovan, Darrell Hagan & Alan Scales – 12 points each

Wednesday 10 March – 15 players – won by Matt McLean – 17 points

Friday 12 March – 6 players – won by Chris Lawlor – 15 points

Wednesday 17 March – 14 players – won by Mark Kont – 15 points

Friday 19 March – 4 players played a two person Ambrose which was tied.

Scroungers golf is played at 4.00pm on Wednesdays and Fridays. We play six holes with an emphasis on the more social aspects of the game. Any players, new or experienced, are welcome to join us.

Course Maintenance

The course maintenance crew has worked hard over the pre-season to present the course in great condition. Much work has been done to the fairways to attempt to improve drainage and grass coverage. We should start seeing the benefits of their efforts once the rains start. Our thanks to the Course Committee, Fred Sing, Terry Woods and Mike Carthew and to the various other members who supplied their time and or equipment to get the course in shape.

The Beverley Inkosi Design Redbacks have completed a magnificent 2020/21 season by winning the Avon Cricket Association Premiership in Beverley on Saturday 13th February in front of a very large crowd.

Saturday 27th February 2021
2nd Semi Final
Beverley 7 for 129 defeated York All Out for 71

Beverley Batting: Kodie Fleay 25, Beau McLean 24, Stephen Gollan 18, Jarryd Morton 17n.o.
York Bowling: Darren Chitty 2 for 19, Mike Mount-Bryson 2 for 37
York Batting: Darren Chitty 26, Jason Harris 13
Beverley Bowling: James Adams 5 for 12, Dale Wansbrough 2 for 10, Richard Gillespie 1 for 5

York won the toss and elected to bowl first, surprising the Beverley boys. After a solid start against some very good bowling Beverley scrambled there way to 129 which was a competitive score if Beverley bowled well.

Opening bowlers in Beau McLean and Dale Wansbrough bowled a fine opening spell to have both opening batsmen out with the score on 24. York then steadied and placed some pressure back on Beverley. Then entered Beverley's Captain in James Adams who bowled beautifully taking 5 for 12 to destroy York's batting which saw York lose 6 for 7 to be all out for 71. York's Darren Chitty batted well in making 26.

This win meant that Beverley progressed to the Grand Final, to play the winner of the Preliminary Final between York and Tammin.

Saturday 13th February 2021
Grand Final
Beverley 8 for 139 defeated Tammin All Out for 108

The Inkosi Design Redbacks took on Tammin in the 2020/21 Avon Cricket Association Grand Final that was held in Beverley, after Tammin defeated York in the Preliminary Final.

Beverley Captain James Adams won the toss and had no hesitation in batting first. Tammin struck early when Khyle Ugle was bowled for 2 in the second over. Tammin were bowling extremely well and applied great pressure on the batsmen. When Kodie Fleay was caught for 18 Beverley were 5 for 62 off 30 overs. At this stage both Luke Button 2 for 22 and Rowan Ward 1 for 18 had completed their maximum 10 over spells. Beverley needed a strong batting effort for the final 15 overs of their innings. Beau McLean 20 and Dale Wansbrough 46 added 62 for the

6th wicket and a quick fire 10 from Jarryd Morton saw Beverley reach a competitive score of 8 for 139 from their allotted 45 overs.

Beverley's bowlers needed to make early inroads into the strong Tammin batting line-up, and this was achieved when Dale Wansbrough had Scott Button caught by his brother Robbie for 4. Tammin were batting well but the introduction of spin saw Stephen Gollan 0 for 15 off 10 overs and James Adams 3 for 35 off 9 overs slowed Tammin run scoring down, with James picking up the key wickets of Isaac Stokes (26), Cory Dixon (6) and Curtis Mackin (11) along the way. When Mackin was dismissed Tammin was 4 for 55 off 23 overs, with the game evenly poised. However, Tammin had a 44-run partnership between Luke Button and Blake Dixon that had Beverley concerned.

After drinks Dale Wansbrough and Robbie Wansbrough took the game away from Tammin with an inspired spell of fast bowling that lit up the Beverley Oval and crowd to take the remaining 6 wickets for 9 runs to see Tammin bowled out for 108 and hand Beverley their 1st Premiership in 9 years. Dale finished with the figures of 5 for 18 off 8.4 overs and Robbie 2 for 10 off 6 overs.

Dale capped off a tremendous day by winning the *Man of the Match Award*.

It has been 39 years since Beverley has won the ladies pennants and we are very excited that our 2020/2021 team broke the drought winning the flag from York.

Beverley won on last end with 3 shots up, the winning team combination (pictured above) were Glenys Collins, Verna McKelvie, Dot White, Glenys Hastings, Anne Behn, who was our reserve who played earlier in the season when Dot White wasn't available, and also played for other teams when they were short. Also Margie Peck, Lyn Mactaggart, Lesley Heal, Maxine Watts.

It was lovely to see so many spectators who had travelled from various clubs to support the semi-finals and the grand final, great bowls were played by all four teams that participated over the two weeks.

We look forward to retaining the flag in the 2021/2022 season.
