### Vincent Street Streetscape Project

Great news - the Shire has been advised the construction of the project will commence on Monday 11 October!

There will be service disruptions, closures of footpaths, roads and carparks at various times. The "Fig Tree" carpark will be closed for the duration of the works and we apologise for the inconvenience. The Shire in conjunction with Western Power, GHD and MG Group will do its best to keep the community advised of all interruptions. Please be patient during the works as the end goal will be well worth the short-term inconveniences. A sign of what's planned for Vincent Street is located in the gravel carpark facing the mainstreet (next to the fire warning sign), please have a read.

### Early Warnings for the next Fire and Snake Season

As everyone would be aware, with very good winter rains comes excellent growing conditions, bringing long grass, extra fuel loads, snakes and mosquitoes! Now is the time to tend to your firebreaks, mow the lawns down and clear away inflammable material.

Under the Fire Break Order, by 1 November:

- If you live in town and your property is 2.01ha or less – clear your property of inflammable material or cut grass height to 15cm or less.
- If you live in town with a property or combination of lots greater than 2.01Ha – clear inflammable material or provide 2.20m firebreak on all external boundaries.
- All rural holdings must have a mobile firefighter with 600L + capacity.
- Small rural holdings less than 100Ha must maintain a 2.20m firebreak and have a mobile firefighter with 600L + capacity.

For full details on the Fire Break Order you can refer to the Shire website or the leaflet sent out with the Shire rates.

The Shire Rangers have begun assessing properties that may be a potential hazard and to allow maximum time for owners to comply. If you need assistance with property maintenance, you can contact the Shire Office for a list of people who provide this service (at owners cost).

The Shire has started spraying for verge-side weeds and will commence mosquito fogging once the rain appears to slow.

### ANZ Bank

Thank you to everyone who participated in the survey which assisted us to lobby the ANZ Bank to keep our branch open. Unfortunately, we received a very recent reply that the Bank would continue to close as planned. The ANZ advised in **their response**: "Although the use of cash continues to decline, we recognise that there are some local businesses in the community that continue to transact in cash resulting in the need for a deposit solution. We therefore intend to leave a SMART ATM behind at the current branch location and are currently in negotiations with the landlord. This will enable customers to withdraw and deposit cash."

We wish the staff at the ANZ Beverley all the best for the future.

### Spring Back to Beverley 2022

It is now less than a year until the Spring Back to Beverley 2022 event! The event is to commemorate 150 years of the Dead Finish Museum and the Beverley Road Board. Please save the long weekend 24 - 25 September 2022.

### Last President Notes!

These are my final Blarney notes as Shire President. At the September call of nominations I decided to step away as President but remain on Council. Thank you to the Beverley Community, my fellow Councillors and Shire of Beverley Staff for your support during the last two years. I have thoroughly enjoyed leading Council, the public engagements such as opening Moort Wabiny Park and welcoming our new Australian Citizens, but I am very glad to pass the public speaking baton on to the next person.

In October (date to be confirmed) two new Councillors will be sworn in, being John Maxwell and Alan Sattler. On this same day a new President and Deputy President will be elected by Council. Best wishes to outgoing Deputy President Cr Chris Pepper who officially retires from Council when the new Council is sworn-in. Thanks also to Chris for being my right-hand man and very capable Deputy.

Once again, thank you to the Community for your support over the last two years and best wishes to the new Shire President and Council.

Cr Don Davis  
Shire President

# VALE BEVERLEY ANZ

Earlier in the year most Beverley ANZ customers were advised that the Beverley branch was closing on Wednesday 29 September 2021. Concern and distress at this impending closure was evident in the large number of responses to a whole of community feedback and comment questionnaire.

Collated information from this survey was used by the Shire in correspondence to ANZ's hierarchy, which as we now know was to no avail as ANZ and other banks were closing branches all around Australia. Customers were directed toward online banking, smart phone app's and having to travel further if requiring in person bank service.

Concerns raised at the time "...no bank in our town, loss of 24/7 Smart ATM, no cash handling facilities, reliance on internet based banking, no reasonably accessible "in person" branch, loss of knowledgeable and helpful local staff".

Some commentary on those various concerns:-

- ◆ No bank in our town – This is true, we will have no bank in our town, however did you know Australia Post is an agency for around 70 financial institutions (currently not ANZ though). Our local post office managers John & Vicky Fregon did what they could to assist those interested in utilising banks serviced by Australia Post by bringing bank reps to Beverley for accounts to be established without the need to travel.
- ◆ 24/7 Smart ATM – The potential loss of the ATM drew most attention from survey respondents, fortunately one will remain in Beverley. You can withdraw cash and deposit cheques and money notes via the Smart ATM.
- ◆ No cash handling facilities – this is going to be a problem for businesses and community groups undertaking fundraising activities. I've been advised that the PO is not able to provide bulk change to other businesses as it is an agency, not a bank. Perhaps as a community we can all help out local businesses by using loose change when purchasing items? Business will have to go out of town to get more change.
- ◆ Reliance on internet based banking – our wonderful local ANZ staff have been working hard to assist those who required training to learn more about this and ATM use before the closure. In the future if you need some help, are unsure about anything or something looks suspicious, make sure you trust who you are seeking help from.
- ◆ **No reasonably accessible "in person" branch** – this is an incredible shame and some customers may not have access to transport. Unfortunately it may also encourage out of town shopping which was a concern raised in the survey.
- ◆ Loss of knowledgeable and helpful local banking staff – perhaps the biggest loss of all - staff and the service provided will be immeasurably missed.

## Don't fight the flight of the termites!

Left: Alate termites. Middle and right: termite workers and soldiers.

### Should termites cause a fright?

When we hear the word termite, we all get a bit concerned, given their associated risk of damaging wooden infrastructure, especially if left untreated or unmonitored. But did you know that not all termites cause damage to buildings, and are all in fact, a beneficial part of our natural environment?

Termites are social insects that build large nests in soil or wood and are an integral part of the Australian ecosystem. There are more than 150 species of termites occurring in Western Australia, and only 12 of these are known to damage timber. Termites help to recycle organic materials and aerate soils. They are also an important part of the diet of other animals, and their feeding activities even provide hollow logs for birds and mammals, like the endangered numbat, to use for nesting.

### What does a termite look like?

Termites are small, soft-bodied insects that feed on wood, grass, dead leaves, bark, fungi or the dung of herbivores. Although they are commonly referred to as white ants, they are not related to true ants. They have no waist between the thorax and abdomen as seen with ants, bees or wasps. A termite colony is split into three groups known as castes: workers, soldiers, and alates. The worker termites lack eyes and help to build and maintain nests, while the soldier termites are responsible for defending the nest from predators. Alate termites are the winged,

reproductive castes of the colony. These can often be observed in their thousands in spring, flying up from the ground, trunks or termite mounds. Alates are the future kings and queens of their new colonies and will congregate in the air and shed their wings after successfully mating. Termites are active year-round in their colonies, but reproductive termites are only active under certain environmental conditions.

### What if I find termites in my property?

Finding termites isn't necessarily a cause for concern, as thousands of termites take flight in spring and can often enter the home through open doors, windows, chimneys, or eaves. Cut off from the soil, which provides a suitable nesting site, these termites will perish, posing no risk to the home. The important thing is to conduct regular inspections to determine if these termites are emanating from an active colony inside the timbers of your home and aren't just seasonal blow-ins. Licensed pest controllers can provide inspections and treatment services if needed. If termites are seen in the garden (winged or otherwise) do not fret, as they are doing an important job by recycling nutrients. To avoid termites recycling your stacked timbers, keep them off the ground, and use treated timbers for garden beds if you want them to last longer. ## CWA York & the 174<sup>th</sup> York Agricultural Show

The CWA York ladies have once again been buzzing with activity; this time they were flat out providing the catering for the York Agricultural Show held on Saturday, 4<sup>th</sup> September. It was a sunny day and no doubt that contributed to the magnificent turnout. The number of visitors to the tea rooms where the ladies were set up fluctuated during the day, but it was certainly all hands on deck churning out soup, scones, cakes, and sandwiches, as well as hot beverages. Jean Wykes, our Vice-President, is pictured on the left, and (from left to right) there's Felicity Ranger, Margie Barrett-Lennard, Robin Jenkinson, and Kay Anderson...you can sense their concentration to the task in hand! Two of our members, Jean Anderson and Paula Armstrong, manned our promotional table in the exhibition hall. Paula and Jean were kept busy selling cook books and the delectable lemon butter and jams made by another of our members, Grace Della-Bosca. Also, most of the chocolate mix gift jars that Paula made were sold. Jean and Paula handed out a number of information bags to women who are new to York and who had asked about joining the CWA.

Our hardworking President, Dawn Ainsworth, headed north for a well-earned break recently, but others rose to the challenge so we had another enjoyable and productive Branch meeting in the CWA rooms at 154 Avon Terrace on Friday, 10<sup>th</sup> September.

And the month of September was cause for birthday celebrations for no less than eight of our members!

In acknowledgment and recognition of the culture of our Indigenous friends, please note that October is the Season of Kambarang.

### BDHS Faction Athletics Carnival

This year's Faction Athletics Carnival was a great day with fantastic weather and wonderful supporters to cheer our students along in their running and field events! Over the day we saw great sportsmanship from our factions of Eyre, Dale and Forrest with numerous records broken from a number of different age groups!!

We have an amazing group of parents who volunteered to help out on the day as timers, raking the jump pits, measuring and recording. Thank you, these fantastic days would not be possible without you!!

**A BIG THANK YOU** to the Shire of Beverley and their ongoing support of the school and our events. You have once again provided us with amazing facilities. We are most appreciative of everything you support us with. A big thank you also to the Beverley playgroup for organising and offering canteen facilities for students and spectators!!

When it came down to who took the shield home.... **CONGRATULATIONS DALE!!!**

## CGSISA Interschool Athletics Carnival

Brookton hosted the CGSISA Interschool Athletics Carnival this year for our Primary. The day went smoothly and the event was enjoyed by all towns and competitors.

Our team of selected interschool competitors competed in the carnival with great spirit and sportsmanship.

Thank you to all of our Beverley parents who helped on the day with the running of events! This enabled the carnival to run smoothly and efficiently to ensure students could be back to school early.

Congratulations to all of our team members: you represented our school proudly and the staff were so impressed by your efforts on the day.

Beverley had a fantastic day but unfortunately didn't bring home any shields. A big congratulations to those who won a medal at the carnival!

***A HUGE Congratulations to Mrs Bailey and her team for running a very well organised carnival!***

**The Station Garden is available for public use at any time; just open the gates and enjoy!**

**COVID-19:**

## Artists-in-Residence at the Station

**Artist in Residence for all of September was Carollyn Rhodes-Thompson.**

Carollyn so enjoyed her time back in Beverley, getting to know old and new faces, and though she did some painting during the month, she concentrated on her other creative path, song writing. Below - Carollyn revelling in the blossom fall; and a Zen Tangling example from her workshops.

## **Artists in Residence during October 2021**

### **Alan Pickering - Weeks 1 & 2**

Our Artist-In-Residence for the first half of October will be Alan Pickering from Perth, and he returns having been in residence at Beverley in October 2016.

Alan is originally from Pithara in WA, just south of Dalwallinu and spent his high school years in Northam (1974-78). His early work career was as an Engineer and IT Consultant, before taking up art in 2007 in between work projects. He paints mostly in oils, occasionally in acrylics and also sketches in pen and wash when he travels. He has painted in various parts of Europe, but still likes to capture the Australian landscape.

During his stay in Beverley at the Station Gallery he plans to be painting street scenes which include the historic buildings of the Beverley township and landscapes of the surrounding district. He will be working mostly in oils in the tradition of an "En Plein Air" artist, being "In the Open" and on location.

If you see someone with a portable paintbox, on a tripod, and possibly an umbrella it will be Alan painting a study of a scene or completing a finished artwork. If you are interested to know more, he says you are welcome to stop for a chat or call into the Station gallery on open days to see his paintings, either in-progress or finished works. Alan is happy to talk about his art, what he is doing in Beverley and what he is creating.

Recent Awards – WASA 2020 Best Plein Air, WASA 2021 Highly commended Plein Air

### Jane Li - Weeks 3 & 4

Our Artist-In-Residence for the second half of October will be Jane Li, arriving on the 20th. She has planned two bird painting workshops on Saturdays 23 and 30 Oct 1-4pm, \$60pp material included, and if there is a demand she can run more workshops as she has much to share by way of wildflower drawing, Chinese brush painting, perspective etc.

**Exhibition:** A small running exhibition, Jane will bring some artwork, sketch books and notes that shows her journey of art.

Everyone will get a printed handout that covers the bird drawing theory, bird anatomy, feather group, beak and feet drawings. When the theory is understood the drawing will be a lot easier. You will also learn how to shade and colour a feather and bird. Everyone will finish two art works, a feather and a budgerigar bird.

### Beverley Station Singers

Station Singers will continue to meet on a Wednesday every 3 - 4 weeks either in the Station Gallery or in the Platform Theatre Greenroom. Next session will be **Wednesday October 13 at 7pm** when practice begins for the Dunsborough Songfest 12 - 14 November.

Singing is directed by the talented Kelly Newton Wordsworth, cost \$20 per night. Sarah Miller is coordinating singing so if you are keen to come along and sing your heart out you can phone 0427464078. New singers always welcome.

### CHOIR MUSTER presented by Voice

Moves, was a most successful day and even though two choirs pulled out, there was still 240 people through the gate! And as we have such a reputation for our home baked afternoon tea, we were a tad anxious whether we had enough food, but there was just a bit left over so our worries were unfounded.

The following pictures tell the story of a fantastic afternoon of singing and merriment by both choirs and spectators.

## Favourite Fruitcake

From the Beverley CWA

*This recipe appears in a Hyden CWA cookbook.*

(WARNING--please read carefully from start to finish before attempting)

*You'll need a cup of sugar, four large eggs, a cup of dried fruit, 1 teaspoon baking soda, a teaspoon of salt, 1 cup brown sugar, lemon juice, nuts, and a bottle of whisky.*

*Sample the whisky to check for quality. Take a large bowl. Check the whisky again. To be sure if it is of the highest quality, pour one level cup and drink. Repeat.*

*Turn on the electric mixer, beat one cup of butter in a large fluffy bowl. Add one spoontee of sugar and beat again. Make sure the whisky is still okay. Cry another tup.*

*Turn off the mixer, break two legs and add to the bowl, and chuck in the cup of dried fruit. Nix on the turner. If the fruit gets stuck in the beaters, pry it loose with a drowsriver. Sample the whisky again to check for consisticity.*

*Next sift two cups of salt, or something. Who cares? Check the whisky. Now sift the lemon juice and strain your nuts. Add one babblespoon of brown sugar or whatever colour you find. Wix mel. Grease the oven, turn the cake pan to 350 gredees.*

*Don't forget to beat of the turner, throw the bowl out of the window, check the whisky again and bo to ged.*

## The Myth That Men Don't Talk

One of the things that never ceases to amaze me in the job we do, is that given the right circumstances (a safe place) blokes will disclose their issues and tell their story. Every bloke that I have met has a story and/or issues and is willing to talk.

Blokes do talk but we need to acknowledge the differences between how the genders go about this. There are also some other factors that need to be considered in how we go about talking with blokes. The differences are real and we need to recognise some of the communication disparities between blokes and ladies:

- Blokes only talk one third as much as ladies in a day (approx. 7,000 to 21,000 words). The majority of females think and speak in a narrative way whereas blokes prefer dot points.
- Single word responses to questions like - yes, no, good, bad and grunting are considered responses by blokes.
- Much of the additional talk that ladies do is around describing emotions and feelings. Therefore, in comparison to blokes, they have a sort of 'match fitness' around the ability to discuss emotion that we as blokes lack.
- In much the same way that the Inuit people have around 180 words to describe snow (because of its cultural and safety implications), the ladies in our life tend to operate with a larger word bank to deal with discussions around emotion and feelings.
- Blokes find it uncomfortable to talk about their emotions. We have been conditioned not to and are hard wired differently, often focusing on problem solving, providing and protecting, rather than how we feel, let alone talking about it.

To have a more productive outcome when having 'that talk', some other factors to consider include:

- Choosing the right environment to communicate is essential. This is not when we are distressed and out of control, but when we have calmed down. Also, avoid being under the influence of alcohol (this can act as a 'mood enhancer' and alter our state of mind).
- Timing is an important factor to consider. Agree on a designated time to talk, avoid times when you are preoccupied with other tasks, when there is a chance of being interrupted or when there are a lot of things happening.
- Be prepared to listen. The most important part of talking is *listening* (I think this is an oxymoron!) Having respect, connection and empathy with whom we are talking to will give us more of an opportunity to become an active listener.
- Getting help with having 'that talk' with your bloke. Don't be afraid to seek help in having a talk with your dad, husband, son or mate i.e., use an independent person, your GP or a counsellor.

Considering the above factors and 'giving permission' to blokes that it's okay to talk about things that cause us discomfort or pain may assist with blokes opening up more. Sometimes this does take time.

From little things big things grow (just like this year's crop), blokes do talk, so sow the seed towards a meaningful conversation. It is a myth 'that men don't talk' they will, just not always in the way we expect.

## NEWS FROM YOUR LOCAL CRC

A big thank you Phyllis, for sharing her knowledge of our local wildflowers as tour guide at our recent Wildflower Tours at Brooking Street Reserve. This year has seen the emergence of the Zebra Orchid at the reserve, it hasn't flowered for five years, so it was great to see a display of these nestled in our townsite.

Each year the Beverley CRC takes a student for work experience, and our latest student Bobbie has just finished her hours. Bobbie has helped out in the library and getting things ready for lego club. We hope she enjoyed the experience - thanks Bobbie!

Thank you to those who recently attended our free Food Sensations workshops, and thanks to our wonderful trainee Jaime for organising the food and video conference. There were some great meals cooked and the attendees learnt some valuable new skills to take home with them.

## Native BEE HOTEL WORKSHOP

On Wednesday 22 September, the Beverley CRC were joined by community members and the daycare in the Community Garden to create some very bee-utiful bee hotels. It was a perfect morning in the sunshine learning about methods we can do at home to help protect our native Australian bees. Once finished, the kids had a great time exploring the garden, searching for bugs and flowers. Thank you all who were able to join us on the day and we look forward to seeing you all again either at the CRC or down at the garden.

## Beehive Mantel Clock

An 1850s eight-day striking clock made by Jerome & Co of New Haven, Connecticut, USA.

The walnut veneer case encloses a circular dial with Roman numerals behind glass, above a square door decorated with an image of Melrose Abbey, Scotland which provides access to the spring, the pendulum and the key. The name of Jerome & Co is stamped inside.

**Chauncey Jerome** (1793–1868) was an American clockmaker in the early 19th century. He made a fortune selling his clocks, and his business grew quickly. However, his company failed in 1856.

*Chauncey Jerome*

The clock belonged to John & Mary Jane **Poyser** who met and married in 1879 in rural Victoria before arriving in Beverley in 1902 with the clock. The Poyser set up a successful farming enterprise with their three sons in Bally Bally. In 1912, middle son, Jack, married Pearl Kilpatrick, only daughter of David & Fanny Kilpatrick, pioneers of Bally Bally. Jack and Pearl Poyser had four daughters: Lillian (m Holman), Louisa (m Goodfield), Irene (m Dawe) and Jessie (m Murray). All sisters were together at the Bally Bally School in 1927.

Middle Row: 1 - Lillian, 4 - Louise, 6 - Irene; Front: 10 - Jessie

A sticker inside indicates the clock was repaired at some time by Levinson & Sons of Perth who advertised in the *Beverley Times* and sponsored prizes for local sports clubs.

The clock remained in the family until donated to the Dead Finish Museum in 2019.

Well as most of you may have heard, I am leaving Beverley... AGAIN. My second tour here as Officer in Charge will officially come to an end this Sunday. Just like the first time I was here, I have had a great time working for the community.

At times the work is challenging. Late nights, early mornings. Call outs, dealing with tragic accidents. But on the flip side, the work has been really rewarding and it's been a pleasure to help those that needed help.

So, what next. I am transferring to Northam and working as a prosecutor. It's a new challenge which I am looking forward to.

Our family will still be living in Beverley. We love the town and have been made to feel welcome. So you will still be seeing us all around town.

At the time of writing this, I am unsure of who will be taking my place. But the decision is not too far away. But I am confident the next OIC will be a wonderful addition to the town and between them and John Lines I leave Beverley in great hands.

So, thank you to everyone that has helped and supported me over my time here. It's been a wonderful place to work and have enjoyed every minute.

TREE & GARDEN SOCIETY

The September meeting was replaced by a trip to Araluen to view the Tulip Festival. We left the Dead Finish Museum at 9.30am arriving at the park to find a long queue waiting to enter. Most of the cars in front of us were directed to an alternative entry but our bus was able to enter and park near the gate. What a glorious day it was with the multitude of

riotously coloured beds of tulips scattered throughout the park. We went our separate ways to meet at Chalet Healy for lunch as we had a table booked there. Thank you David for safely getting us there and back and obligingly stopping at Tomeo's so we could get some ice creams.

The next meeting will be at the Dead Finish at 10.30am on Tuesday the 5<sup>th</sup> of October. We will need to complete our plans for the Rose Show so urge members to attend.

The weather is certainly warming up and summer is fast approaching but there is still plenty to do in the garden during October.

Vegies to plant in October include – beetroot, capsicum, cucumber, lettuce, pumpkin, tomato, zucchini, carrot, and sweet corn.

Flowers to plant in October include – alyssum, marigold, petunia, portulaca, salvia, cornflower, lobelia, and snapdragon.

October is a great time to attend to the following tasks in the garden:

- ◆ Repot orchids as soon as they have finished flowering. They need repotting every 3-4 years
- ◆ Cut stems of kangaroo paw flowers and display inside. Leave a stump 10-20cm long where a second flush of flowers will appear from dormant buds
- ◆ Ensure your irrigation system is in good working order. Clean filters, flush the drip lines, sprinklers and drippers and repair any holes
- ◆ Composting worms start to eat more food now that it is warming up. Chop up scraps finely to speed up the process
- ◆ Be sure to keep on top of couch grass and kikuyu in garden beds. These can regrow from any tiny pieces that are left in the ground
- ◆ Tomatoes should be rotated to new parts of the garden every year to reduce the chance of diseases ruining your crop
- ◆ Buddleja, tea tree, daisies, marigolds, lavender, bottle brush and grevillea are all great plants for attracting butterflies to your garden and now is a great time to plant them
- ◆ Prune native shrubs by about a third every 12 months or so to keep them compact and bushy and to stimulate new growth
- ◆ Plant native succulents such as pigface around your house as a fire retardant barrier
- ◆ Prune only the flowered stems of proteas. **Un-flowered stems are next season's blooms**
- ◆ Plant annuals now for Christmas colour. For sunny spots plant alyssum, begonia, petunia, salvia and vinca. For shade plant impatiens

Enjoy your time in your garden in October.

### Upcoming Events:

What: Beverley Football Club AGM

Where: Beverley Amenities Building

When: Friday 29th October 6pm (preceded by sundowner 5pm)

The 2021 football and netball season has drawn to a close. Whilst it was unfortunate our league and netball sides were unable to progress past their first semi finals we were incredibly proud of our players efforts. The league side came up against an in form and hungry Cunderdin side who would go on to be the 2021 Premiers. After holding a slender 2 point lead at 3/4 time and kicking into the breeze in the last it was going to be tough to hold off a hard running Magpies outfit. The boys fought gallantly and there were some stellar performances particularly from our backline but ultimately we fell 10 points short.

The Netball girls went into their semi final with a good chance, but came up against a strong York side who played a high risk / high reward style. York looked to move the ball fast at every opportunity and it paid off as they jumped to an early lead. Our girls fought hard and scored often when going into attack but York were relentless on the fast break turnovers and their shooters had days where they seemed like they couldn't miss. Ultimately we came up against a good side on the day. Congratulations to our netballers on a very strong season and with another season together 2022 is shaping like an exciting opportunity.

We would like to wish a speedy recovery to Narelle Bailey who unfortunately suffered a serious achilles injury in the final minutes of the semi final. Narelle had another fantastic season finishing runner up fairest and best in both the Redbacks and Avon Association vote counts, an outstanding achievement. Narelle announced her retirement at our wind up and we would like to take this opportunity to congratulate Rel on an outstanding career, she has been with us from the beginning of the netball comp, is a premiership player for the club and has won multiple fairest and bests at both club and association level. Also best wishes to Travis James who dislocated his shoulder for the second time, Chubs is a popular figure around the club and we wish him a smooth recovery.

On a more positive note the AFA awards night was recently held and our very own Gemma Bassett was awarded Fairest and Best for the association in a tie with Hollee Siviour from Quairading. Congratulations Gemma on an incredible season. As mentioned Narelle was also runner up, well done Rel.

Our windup was held on the 4th of September at the Freemasons Tavern, thanks to the Freemasons for hosting us and everyone who came along. The Award winners are listed on the next page:

**CELEBRATING With ST HILDA'S ANGLICAN SCHOOL FOR GIRLS  
Commemoration of Hilda, Abbess of Whitby  
17<sup>th</sup> November, 2021**

An Icon depicting St Hilda with a crozier and holding Whitby Abbey

In celebrating the life and witness of St Hilda of Whitby, the Anglican Parishes of Beverley-Brookton, Quairading and York, extend a special invitation to all former members, present and past families of St Hilda's Anglican School for Girls, to join them at one of two services in honour of the Feast Day and the School.

St Hilda is remembered particularly for her work as the founder and abbess of a monastery at Whitby in the north-east of England at which, and during the time of her leadership, the Synod of Whitby took place. At this Synod the English Church decided to adopt Roman traditions in preference to Celtic customs. St Hilda is remembered as a great educator.

The services will take place on Wednesday, 17<sup>th</sup> November at 8.30 a.m. at St Mark's Church, Brookton and at 5.30 p.m. at Holy Trinity Church, York.

Further information is available by contacting the Rev'd Canon Dr Philip Raymont, Priest-in-Charge of the parishes, on 0419 177 178 or [praymont@perth.anglican.org](mailto:praymont@perth.anglican.org)

# BEVERLEY REDBACKS HOCKEY CLUB

As of September 11<sup>th</sup>, the 2021 hockey season is officially over and congratulations to the Ladies division grand final winners *The York Scorchers*.

## AGM

The Beverley Redbacks held our Annual General Meeting and wind-up on Saturday September 4<sup>th</sup> at the beautiful Whitegum farm. It was a beautiful day and members enjoyed nibbles in the sunshine before the AGM commenced at 12:30. Team President Dani Whyte summarised the season in her Presidents report before all Committee positions were declared vacant.

Dani Whyte and Chantelle Meade were both re-elected to the positions of President and Treasurer respectively while Kelly Mann, Penny Cann, Bec Sims and Britt Hadlow all maintain general positions on the committee. Kayla Creedon was nominated and has joined us as a general member of the Redbacks committee for 2022, welcome and Congratulations! For now, the position of Secretary remains unfilled due to lack of nominations but thank you to Britt for two stellar years in the position. A huge thank you is also owed to Carly Veitch who had dedicated many years to the committee and has taken a well-earned break from the responsibility.

At this year's AGM we discussed our intention to submit a junior hockey team in 2022. This will of course be dependant on the amount of interest shown by the community, but we are optimistic about numbers. Kelly Mann has put a great deal of work into our junior hockey program, and we look forward to working with the association to pull together a real team next year.

## Life Membership

Most notably the Committee put forward a motion to adopt a new 'Life membership criteria policy' which would for the first time allow us to nominate candidates for life membership. The motion passed and was immediately followed by a moving speech by Carly, nominating Marg Mourach to be the first Beverley Redbacks Life Member. The nomination passed by unanimous vote. [Congratulations Marg Mourach](#). The committee will be hosting a formal ceremony next year to celebrate the lifetime achievements of our favourite Fullback.

## Wind-up

After concluding the AGM, the team sat down to a wonderful lunch served by the friendly Whitegum staff. It's a pity the hockey season is over because I believe we all ate a little too much and could have used the exercise.

Lunch was followed by gifts and awards, many donated by our ever-gracious sponsors.

# St Mary's Church

## **RESTORATION APPEAL**

### **BEVERLEY COMMUNITY, WE NEED YOUR HELP!!**

St Mary's Church has been around since 1892. It once held a prominent place in society with many a wedding, baptism, confirmation and funeral held within. It remains a local landmark on the corner of John and Husking Streets, and still contributes to the community's sense of place. We would not be appealing for funds if we were able to source from elsewhere. The Anglican Diocese of the Church is unable to offer any significant assistance, State Heritage and Lotteries Commission no longer supply funds for Churches.

In general terms the following repairs are required. We have sourced estimates for each of these repairs and ongoing works in order of priority:

- Replacing the gutters, downpipes and redirecting the water flow at ground level. \$4,500 (soak wells extra)
- Internal west wall, repairs to rose window and internal cracks. \$25,000
- Renewal of external flashing to gables in west wall. \$4,000
- Repairs to internal cracks in south and north walls. \$19,250
- Repairs and paint to WW2 Lynch Gate and bell tower \$3,000
- Repainting external walls and roof surfaces incl. paint two coats. \$50,000
- Repainting interior walls, doors, window frames incl two coats \$19,250
- Hire of scaffolding and miscellaneous expenses approx. \$50,000

Approx. TOTAL Required \$175,000 Received so far \$44,000

Please note, all funds for the restoration project which are deposited into the National Trust account can only ever be used for the paying of bills for the work on the restoration project. Any funds raised are literally "held in trust" for restoration purposes only.
