SHIRE OF BEVERLEY PRESIDENT'S REPORT

DISCOUNT ON RATES 2022/23.

It is important to note and remind everyone that the method of providing the 10% discount on rates for the 2022/23 financial year has changed. For ratepayers to take advantage of the 10% discount, rates MUST be paid 21 days from the date of issue of the Rates Notice.

Previously, the date for the 10% discount coincided with the same date the rates were due and payable which remains at 35 days from the date of issue.

The exact dates for the discount will be provided in the August Blarney.

PLEASE READ YOUR RATE NOTICE CAREFULLY WHEN YOU RECEIVE IT IN AUGUST 2022.

Planned Upgrade to the Swimming Pool and facilities.

In 2018 the Shire commissioned a feasibility study regarding the community's desire for the future of the pool and in 2020 final designs were completed regarding the upgrade of the swimming pool. Quantitative Surveyors costed the design at \$7,000,000. In 2022, the Shire revisited the cost for planning purposes and were advised that under the current economic conditions the total cost of the project had risen to \$11,750,000. With inflation currently at 7% in WA and showing no signs of changing, it can only be expected that costs for this project will continue to escalate.

We would have to acknowledge that this cost is prohibitive for the Shire and community and certainly requires a complete rethink on how to update our swimming pool and facilities. There are obviously going to be some hard decisions to be made.

When community pools were built in the 1960s, the need was obvious and over these 60 years many in the Beverley community enjoyed the pool and surrounds. Unfortunately, today, attendances have dropped markedly and continue to do so year by year. It then begs the question; "What does Beverley need as a Pool/Water Park?" And, one that can be financially afforded?

It would seem that the preference in the community is to maintain a 50-metre pool. An integrity test of the bowl was undertaken in 2018 and while the contractor advised that it was in a good condition it could not be expected to remain so for another 60 years.

In 2015, Councillors and management visited a number of Shires who had recently upgraded their aquatic facilities and learned that the move had been made into a 'Water Park' concept where the emphasis was placed on facilities for children and youth with 'Beach entry' pools, sprinklers and overhead water fountains. 50-metre pools replaced with 25-metre pools. The only community which had maintained a 50-metre pool was Wagin.

The important factor in all of this is attendance. Whilst we don't have records going back further than 2014/2015, over these eight years the average attendance has been 6,531 of which 630 were spectators. This equates to about 36 per day.

Vincent Street Streetscape Project

Works in the Street are progressing but perhaps not as swiftly as some would like. Nevertheless, the footpaths are nearing completion on the north side of the Street and the light poles have been installed. These will be powered up soon but we require the services of Western Power to accomplish this.

The final sealing of the Forrest Street / Vincent Street intersection, the IGA carpark, the Figtree carpark, and Jutland Parade, are scheduled for completion early July.

Concreting of the footpaths on the southern side of the Street is also scheduled to begin in early July (2022 that is!) as is the kerbing here and in the IGA carpark.

Installation of Wombat Crossings, landscaping and street furniture to commence end July. Final seal for main street is scheduled at this stage for mid-August with final completion set for the whole project is scheduled for 26th August.

Community Grants

Another reminder to Clubs and Community Groups that the next round of Community Grants will be open in July. Grants have been heavily subscribed in recent rounds so Council will be looking for quality applications whose projects/events have maximum benefit to the applicant and community.

The Shire of Beverley will be conducting one day Bushfire Safety Awareness courses during the months of August, September and October for all Shire of Beverley Bush Fire Brigades (BFB) volunteers and anyone who may provide operational support to firefighters during fire emergencies. This course will be made available on Wednesdays during these months to be held at the Shire of Beverley Amenities Building on Forrest Street. Alternative days may be arranged should there be sufficient demand. Lunch and light refreshments will be supplied to course participants.

This course in the minimum training competency standard considered to be compliant with the new Workplace Health & Safety Act 2021. This will attempt to alleviate the implications of severe financial penalties (up to \$10 million dollars) and potential criminal charges that could be imposed upon the Shire should a health or safety incident occur during a fire emergency in Beverley. Along with minimum training requirements all persons attending active firegrounds will be required to meet the minimum dress standards of long trousers, long sleeves and boots. Volunteer BFB members are issued with Personal Protective Clothing that can be collected from the Shire when required.

If you are an existing Shire of Beverley BFB Volunteer please email your name and Brigade to the Shire's Community Emergency Services Manager (CESM) troy.granville@beverley.wa.gov.au to confirm initial registration.

If you wish to sign up to a Shire of Beverley BFB, (Avondale, Beverley Central, Beverley South East, Beverley North East, Dale/Kokeby, Dale West) please email your name to the same email address.

Once you are confirmed as registered with a Volunteer ID number we can organise for you to be enrolled on a particular date to attend the training course.

BFB members who are likely to crew a BFB fire appliance (Beverley Central 4.4, Beverley South East 2.4 or Dale West 4.4) will be required to complete an additional two day course known as Fire Fighter Skills and can apply for enrolment via email to the CESM.

Beverley Ag Museum News

'Wet' would be a descriptive word that could best describe the contents of the Museum Building on Saturday June 18 when we last met up, persistent rain with leaking gutters and roof (awaiting repairs) certainly did not help on a cooler day, but regardless our members came in numbers with increased enthusiasm towards the maintenance and restoration of the collection.

Although our Ag Museum was open to the public that morning we did not expect any visitors with the inclement weather, so it was a nice surprise when Richard Fisher came to visit and donated some of his own Workshop and Parts Manuals, many of which we have items to match within our collection, this sort of information is vital for the proper upkeep of any machinery, okay some would say "see Mr Google" but that is not always convenient as many locals know with a

poor to non-existent Phone signal in the area, and like the Farm Machinery, books too have their place in our Wheatbelt history.

Bob was in no position to do much this time having just had surgery on his shoulder so no 'crank handles' for him, Paul was in 'full swing' and raring to go after a short break visiting his Mum in the UK, and with his more 'confident knowledge' of vehicle electrics he soon found the Starter Motor on the International C30 Truck to be faulty, well it is either that or the 6 volt battery needed 'pumping up'.

Kevin Lupton had visited previously and came along to assist us, his life's knowledge and experience with Farm

Machinery is well appreciated, having worked with many of the equivalent items we have. His first interest was the Field Marshall Tractor and getting 'her' started. Now there are two ways (3 if you want to Tow it around the paddock) of starting a Field Marshall, with a crank handle or with the assistance of a Hammer, now even with all the fuel/air leaks we still persisted, Eric and myself helped with the supply of fuel (it needs nearly half a tank just to bleed it) while Paul & John Hawke put a vigorous effort into the crank handle, and when Paul tried the Hammer method we did get a load bang and a puff of smoke, much to the excitement of members who may not have experienced this before, but sadly 'Close but no Cigar'.

After morning Tea and 'chewing the fat' we had one last attempt at the Field Marshall, and yes, it is on the 'to do list'.

It was past knock off time when Kevin (there is no stopping the man!) showed interest in the J Series Bedford Truck and its noisy water pump, so far, all efforts to buy a new Pump have been negative, but as it did not take long to remove it was decided to try and replace the bearing instead, being cast iron there is no corrosion like we see on many modern vehicle parts, hopefully we will be able to locate a new bearing or kit for it soon.

Hopefully the place will have dried out a bit before we next meet on the Third Saturday of the month (February to November) being July 16 between 8.30am and 12.30pm or even later maybe!

We are open to the general public during that period, and are happy to show people around, entry is free, but until further notice the rest of Avondale Farm is Closed---apart from the toilets located in the picnic area.

For further information about our group or to pre book a group visit to the Beverley Ag Museum please ring John Alexander on 9646 0768.

The golf season is well and truly in full swing with what was a big June and even bigger July of golf coming up. The club has seen some great numbers turning up every week to play golf and it's fantastic to see. The course has gone from a tinge of green to full coverage of green. Again, a big thank you to everyone that works tirelessly to make the course look great.

This month the club also hosted 2 wakes for John Starling and Shirley Carr. Both were a big part of the golf club and the Golf club wants to pass on our condolences to both John and Shirley's family. Also, a big thank you everyone who volunteered to help with the wakes. It is really appreciated that you all donated your time to make sure the families could come to the golf club and celebrate both of them.

FISH AND CHIP NIGHT

The club has held 3 Fish and Chip Nights at the club. Generally, the first Friday of the month. The last night we had 73 people turn up to enjoy a great meal in a friendly atmosphere whilst enjoying good company. A massive thank you to Val Hagan and Sandy Woods who have been slaving away on both nights in the kitchen. A wonderful effort from both of you and the club really appreciates your efforts. Thank you to all those that help on the night. The next night is on Friday 1st July. I hope to see you all there.

SCROUNGERS

Scroungers is still being played into the winter season. Come down for a very laid-back relaxing afternoon of golf every Wednesday and Friday. 6 holes of golf with tee off at 3.30pm. Followed by a few beers at the bar. Everybody is welcome to come down and play.

Artist in Residence: During Semester 1, the students from Pre-Primary to Year 10 were lucky enough to have Artist in Residence; Kaitlyn Elsegood spend time in our Art Room teaching and creating some wonderful art pieces using a variety of mediums. In their weekly lesson, students were able to explore their creative side; experimenting with, still life drawing, dioramas, chalk drawings, edicol dye, portraits with coloured pasta, clay pinch pots and collage with shredded paper. With the support of Beverley Station Arts, The Beverley CRC and the Beverley Shire, you can view some of the student's art work in an end of Semester Exhibition at the CRC until Thursday June 30th.

Primary Winter Carnival: On Friday 17th June, the students in Year 3-6 attended the Primary Winter Sports Carnival in Pingelly. Beverley took over a soccer team, two netball teams and a football team. Our football and soccer teams made continuous improvement throughout the day and the 2 netball teams ended up finishing 1st and 2nd in their pool, playing off against each other in their Grand Final. Thank you to our Physical Education Teacher Mrs Narelle Bailey, Miss Nixon, Miss Beard, Mrs Thomas and our parent helpers Mr Paul Higgins and Mrs Marion Haeusler for their time on the day.

In Week 7, with the help of Prac Teacher Miss Fitzgerald and class teacher Mrs Gollan, our Year 2/3 Class hosted the School Assembly. The talented class thrilled us with a circus performance of acrobats, performing elephants, super strong men and hilarious water squirting clowns. Luckily the gang of Ring Masters kept the cacophony under control ensuring the circus folk stayed in **sequence**, something the Year 2/3s had been learning the importance of in class.

Go Dry this July

Cancer Council WA is encouraging people to quit alcohol for the month of July, in a bid to raise much-needed funds for the 13 11 20 Cancer Information and Support Line; a free service for all Australians affected by cancer.

Going dry for July is a great opportunity to look at how you can reduce your overall alcohol use. Alcohol is a cause of cancer; research shows that every year more than 3,200 cases of cancer can be attributed to alcohol use, such as mouth, pharynx, larynx, oesophagus, liver, bowel and breast cancer in women.

There is no safe level of alcohol use, as any level increases the risk of developing an alcohol-caused cancer. The more you drink, and the more often you drink, the greater your risk. To reduce your cancer risk, the message is avoid alcohol.

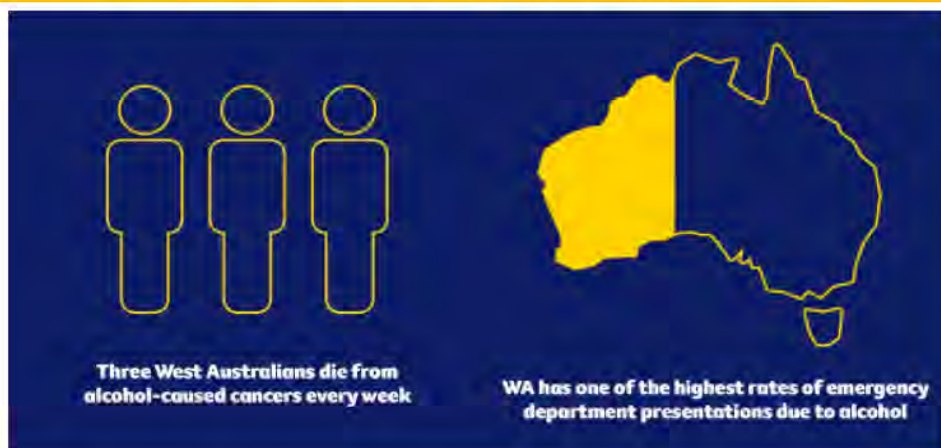

Committing to the Dry July fundraiser is a great way to raise funds for an important cause. Our 13 11 20 Information and Support Line is a confidential service run by experienced cancer nurses and is available to those affected by or concerned about cancer. This service is not government funded – it is funded through the generosity of donors and fundraisers.

The service connects West Australians with relevant support, information and resources to help them through their cancer journey. Last year, the service provided support to more than 5500 West Australians.

To sign up to Dry July visit <https://www.dryjuly.com/cancercouncil>

For more information about Cancer Council's support services, visit cancerwa.asn.au

If you do drink, drink no more than 10 standard drinks a week and no more than 4 on any day to reduce your risk of harm from alcohol.

For cancer information and support call 13 11 20

Beverley Boys in Blue

There have been numerous people come up to me and ask me why the flags at the station are at half-mast? The following is the explanation.

A serving police officer or police staff member has passed away then as a mark of respect the flags are flown half-mast at every police station throughout the state of Western Australia. The flags are then raised to the top at noon for the rest of the day.

If the flags are up and there 'on duty' at the front door we are in the station or in the townsite of Beverley (not too far away) however, if there is 'patrol' on the door we could be on Brookton highway flint or as far as Mawson road, Mawson.

Beverley police have a huge area to patrol and cover and will try and assist everyone in a timely manner.

Thank You

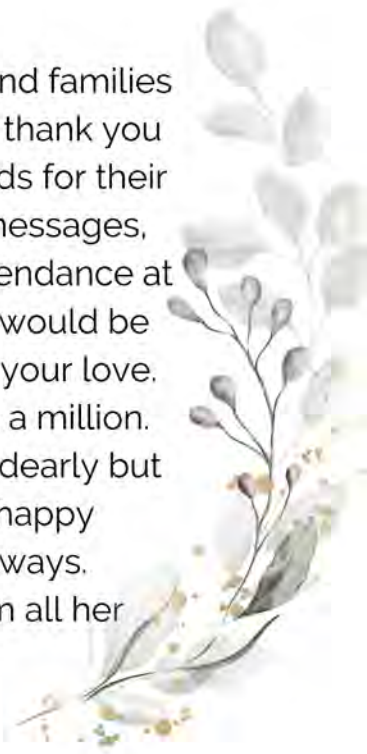

Thank you,
To all the firefighters who
attended the fire on our
property on the 8th May.
Sorry we got some out of
bed.

Thanks also to Bill for the
checkups

Denise and Fred

Thank You

Greg and Susan and families
would like to say thank you
to all Mum's friends for their
kind thoughts, messages,
sympathy and attendance at
her funeral. She would be
very touched by your love.
Mum was one in a million.
We will miss her dearly but
have loving, happy
memories always.
Thank you from all her
family.

Calling all Beverley Artists

Beverley Station Arts would like to invite you to participate in

Beverley 6304

an Exhibition showcasing the works of local talent to be held in conjunction with
the Spring Back to Beverley festival.

Beverley 6304 is not only the title but the defining basis for the exhibition. It is an
opportunity to exhibit and sell your works over what is planned to be the biggest
weekend in the Beverley calendar for 2022.

Opening night is to be Friday 23rd of September running till the 28th of September,
held at the Station Gallery.

A maximum of two artworks per artist to be exhibited with each piece a maximum size of
50x50cm. \$10 entry per artwork.

For further information or to enter email
admin@beverleystationarts.com or call 0426 161 943

Take the opportunity to join in gentle activity aimed at general fitness and falls prevention.

Stay Active

with the
Beverley Everlastings

Stay Active is a weekly one-hour keep fit session for those who find gentle aerobic, strength, balance and stretching exercise beneficial to their health.

The exercises are designed for over 50s, but younger participants are welcome. Those less mobile or those recovering from accident and illness also find the exercises useful.

Chair exercises are available and participants can opt to do all or some of these.

Stay Active

Date: Tuesday's

Time: 9:00am

Place: Beverley Recreation Centre

Cost: \$1

Come along for social-distancing fun activity. Stay Active is a volunteer community health program coordinated by the Wheatbelt Health Service

WARRIOR WELLBEING ARTICLE

Men's Sexual Health and Wellbeing

BY THE REGIONAL MEN'S HEALTH INITIATIVE
July 2022

Now that I have your attention, please read on. Men's sexual health and wellbeing encapsulates three broad areas; it is about the physical (male reproductive system; our anatomy); mental (psychological wellbeing); and our social/spiritual wellbeing (effective communication, knowing ourselves, our identity).

What are some of the components that make up men's sexual health and wellbeing?

- What is sex?
- What is the prostate and its problems such as enlargement and cancer?
- Erectile dysfunction.
- Infertility and testosterone deficiency.
- Testicular cancer.
- Sexually transmitted infections.

Now, because I'm a bloke I want to talk about a couple of bits that aren't discussed very often. The first point is sexual dysfunction in men. Because us blokes don't talk about sexual health in a holistic way there is a lot of myth and secrecy about what presents as normal sexual function. Quite often men boast about their sex life and/or the lack of it, but this is different from our overall sexual health. What is normal sexual health function?

There is some recent research which is a great guide in what may be normal regarding sexual function. Whether we want to believe it or not this is linked to age. It goes like this:

- In our 50's – 50% of men are sexually dysfunctional.
- In our 60's – 60% of men are sexually dysfunctional.
- In our 70's – 70% of men are sexually dysfunctional.
- In our 80's – 80% of men are sexually dysfunctional.

It is a normal part of ageing, and us blokes need to talk about it a lot more so it's not a great shock to us when it starts to happen. Is there more to life than sex and what is sex? It is a biological activity that all living creatures partake in, both to propagate the species and for enjoyment. The latter presents the biggest problem with human sex and that is males and females having different sexual needs (which can be challenging for some men). We can't have a positive sexual relationship without connection and intimacy.

To maintain a positive connection, the social/spiritual aspects of our relationship require constant attention. This connection then allows everything else to fall into place.

Some important points to remember in relation to men's sexual health are:

- talking to your partner and your doctor is essential;
- suffering sexual dysfunction increases in men over 50 years of age;
- sexual dysfunction can be a sign of other diseases such as diabetes or heart problems;
- quite often the problem is a combination of physical, mental and social/spiritual wellbeing;
- try and maintain a health and fitness program.

Only by getting men to talk about sexual health will we be able to encourage men to open up and seek treatment, be able to give constructive positive support and ultimately improve that area of a man's life that is vital for overall health and wellbeing. If necessary, book in and see a GP.

A fun time for fungi

Left to right: Rhubarb Bolete, *Boletellus obscurecoccineus*, bracket or bookshelf fungi, fruiting bodies of native fungi, and Dog Vomit Slime mould or Scrambled Egg slime mould, *Fuligo septica*.

Fabulously fun fungi!

It is a fun time for fungus fans as the environment starts to become moist and humid – making it the perfect habitat for all sorts of weird and whacky fungi to grow in mulch, lawns, dead tree stumps, and on living trees. This is because the wet season and drop in temperature bring about environmental cues for fungi to start producing fruiting bodies (the mushroom or reproductive part of the fungus).

Fungi are active throughout the year as minute hyphae, hidden in mulch, soil and root systems. They help to break down organic matter, recycling and releasing nutrients for plants to access. The fruiting bodies only last for a few days to a week and will then decompose. The fungus may reproduce again as the winter progresses, or other varieties with different coloured and shaped fruiting bodies will grow in the same area.

Fungi are neither plants nor animals but make up their own highly diverse kingdom with thousands of species. Interestingly, almost every living plant has several fungi that it depends on to help collect micronutrients. In return, the fungi are paid back in sugars and other macronutrients for assisting the plant. This symbiotic relationship is so important that

some plants, such as orchids, won't grow without their fungi friends.

Not always fun...

Fungi are important for making foods like bread, cheese, natural colourings and beverages such as beer and wine. However, some fungi can potentially decimate food crops or kill humans and animals if ingested. So just because they can sometimes look like mushrooms from your local grocery store, it doesn't mean it is safe to touch or eat them - as they can contain fatal chemicals detrimental to human health! While some fungi are fabulous to look at, it is highly encouraged that you leave them where you find them - because their plant partners depend on them for growth and chemical regulation.

If you want to know what fungi you've found, take some photos and then search for fungi factsheets from the Department of Biodiversity, Conservation and Attractions (DBCA). The fungi search site is also available on www.anbg.gov.au/fungi/ and explore www.fungimap.org.au for further information on Aussie fungi, including their conservation. If you have noticed the presence of unfamiliar rusts or fungi associated with native plants or agricultural crops, please report your findings to us for biosecurity screening.

Rethink mental wellness

www.beverleycrc.net

Mental health & wellbeing awareness has been the passion for staff member, Jaime, for many years. Since completing her traineeship at the CRC, Jaime has been nominated as a Community Champion and she has been liaising with the local Shire, Beverley District High School, Men's Shed and Beverley's Local Health Advisory Group (LHAG) aiming to implement programs in our community.

We are pleased to announce that she has successfully attained funding from Wheatbelt Suicide Prevention Project – WSPP and Holyoake. The funding allows our centre to run projects that will help encourage good mental health practices by finding ways to release overwhelming emotions and promote positivity, connection and knowledge aiming to reduce the risk of suicide and mental health distress within the wheatbelt and community.

UPCOMING EVENTS

Plate Smash away your stress!

This free event will be held at the Ram Shed at the Town Oval and we are encouraging everyone to give it a go. Write down those stressful issues that affect you onto a plate and then destroy them.

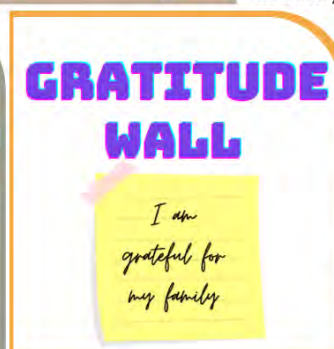

Wood burning workshop

Embrace your creative side and learn a new hobby at this workshop.

No Scaredy Cats - Parent sessions

Learn techniques that help support your family, especially children through life's ups and downs.

If you would like to know more about the Wheatbelt Suicide Prevention Project or are interested in undertaking mental health literacy or suicide awareness training, please contact Jordyn Drayton at Jordyn.Drayton@holyoake.org.au

Beverley students - End of Semester Art Exhibition

A big congratulations to the students at Beverley District High School on their fabulous art work that was displayed at the Beverley Cornerstone for 2 weeks. The exhibition brightened up the hallways of the building and seeing the students reaction when they walked into the building was simply priceless.

Well done to Jenny Broun and Ashton Edmonds from Beverley Station Arts (BSA) for their hard work. They spent many hours climbing up and down ladders, making sure all of the artwork was in place and perfect. Thankyou BSA for including the CRC in this collaborative project.

Kids programs

School holidays are almost here and the CRC team are running a workshop at the Community Garden on Monday 04 July. The kids will be making seed bombs and painting their own terracotta pots, \$5 per person and registrations are now open, call 9646 1600 to secure your place.

Does your child have a passion for cooking or art & craft? We are developing a cooking club and an arts & crafts club so your child has the opportunity to learn more locally. We are taking expressions of interest and if you would like to know more come in and talk to our friendly team at the CRC.

Thank you

Thank you to Joe Tassone and Sabrina Hahn for coming to Beverley to educate us on being better gardeners. A big thank you to everyone who supported these workshops and also to the Community Garden volunteers.

ART CLUB FOR KIDS
 The Beverley CRC are looking for expressions of interest for a yr 2 - 6 Art Club.

BEVERLEY C.W.A

Well, what a month we have ahead of us. Firstly our ceiling is to be replaced and then a fresh coat of paint. A lot of work involved but it will be worth it in the end.

We unfortunately had to cancel the Wood Raffle last month due to bad weather, but held it on 1st and 2nd July outside the IGA. As for the donation of wood this year, we at the C.W.A, CAN NOT thank Mick Heavy enough for his extremely generous donation. Thankyou, Thankyou, Thankyou.

On Thursday the 16th of June, 3 members went to Tammin to celebrate W.A. Day. They got to met with other C.W.A ladies and Tammin local groups. A good day was had by all with entertainment from local school students, a scrumptious meal served, guest speakers and raffles. Another wonderful event.

Next meeting will be held on the 13th of JULY

Well that is all for now. Until next time, stay dry, warm, and safe.

BEVERLEY HISTORICAL SOCIETY

Wow what a busy month we have had. Lots of visitors on Sundays plus Bus Tours during the week.

Special thanks to everyone involved with the students artwork from Beverley District High School displayed at the CRC. It has lots of local history behind the theme of their work.

Yesterday we held a busy bee shifting through our precious donations of clothing items to have on display at the Hall and Museum over the Back to Beverley weekend. If anyone has any old mannequins or dress making stands that they no longer need or can borrow to us would be very much appreciated.

Next meeting is Monday 11th July 2022 at 1.30p.m. at the Dead Finish Museum.

New members are most welcome.

THE RELIGIOUS SOCIETY OF FRIENDS (QUAKERS)

Beverley Friends Meeting (Quakers)" would like to inform the community that at this time we will not be meeting for worship until further notice, as the Catholic Church have come to the time of needing the old school rooms that we were meeting in for their own use.

Beverley Friends would like to thank Beverley and York Catholic Church for the kind use of these rooms over the past 23 years. We are grateful for the ability to stay there for such a long period of time, thank you.

Beverley Frail Aged Lodge

The Committee of the Alex Miles Lodge is developing its forward plans for the community owned and operated Lodge.

The Lodge is an important facility and service which provides a choice for those who want to age in place and remain in their local community.

To ensure it continues to offer care for our elderly members of the community the Committee would like your feedback on the priorities below over the next 5yrs.

PRIORITY 1: THE LODGE

Strategies

1. Develop and implement the **capital works plan** to guide and achieve Lodge improvements
2. **Improve resident rooms** in a planned manner
3. Continue to **fundraise and apply for grants** to upgrade the Lodge
4. Continue to **achieve compliance as an aged care facility**

PRIORITY 2: OUR PARTNERS

Strategies

1. **Work with WA Country Health** to ensure a local service is offered to residents
2. Continue to **work closely with the Beverley Hospital**
3. Continue to provide **regular updates to the Shire and jointly plan** to help achieve our goals

PRIORITY 3: ORGANISATION

Strategies

1. **Apply to become a charity** to receive tax deductible donations
2. **Meet regularly and communicate** our work to the residents, families, Shire and wider community

New Process for Dropping of Entries to the Exhibition Shed

All entries need to be received to the
Exhibition Shed on the Thursday
between 1-6pm.

ONLY perishables
(produce, flowers and fruit and vegetables)
will be received on Friday (before 10am).

Enquiries can be made to Nat Kilpatrick on 0429 056 071

This is an important change to reduce the number of vehicles and congestion around the exhibition shed on the Friday before the show, increasing volunteer safety, which is our highest priority. It also allows our team enough time to set and display the entries before Judging can commence.

The kids will be looking forward to the school holidays as they have been super busy in June.

11th June the Watheroo Cup was held.

19th June Quairading hosted the Ferguson Shield. In netball Beverley finished 2nd and 3rd from 5 teams.

In Football Beverley finished 5th. Congratulations to coaches award recipients Amelia Copping, Sasha Doyle, Hamish Tonkin

Remarkable Women of Beverley

The “Fastidious” Mrs Bennett and the three Misses Bennett

Mrs Theresa Ellen Bennett, a widow, and her three daughters, Ellen Alice, Hannah and Maggie, arrived in Albany from the Eastern Colonies aboard the steamer “Federal” in 1896. Her brother Walter Bartlett was living in East Brookton with his wife and family, which included Theresa & Walter’s sister, Alice Bartlett. Getting to Brookton from Albany was easily accomplished as there was a daily train service.

(It can be presumed that Mrs Bennett did not want to be a financial burden to her brother and endeavoured to find an income for herself and her daughters.)

By June 1905, Mrs Bennett and her daughters were residing in Beverley. In York’s *Eastern Districts Chronicle* it was noted on 17 June 1905, that an Eating, Boarding and Lodging House License was granted to Theresa Ellen Bennett of Beverley

Then in July 1905 Mrs Bennett opened the Beverley Laundry in Vincent St, advertising Washing, Ironing, Mending, etc. at reasonable charges. However, they had a social and a commercial association with Brookton:

BACHELOR’S BALL. The Brookton bachelors have been for some time past organising a grand ball which duly eventuated on Friday evening last. A large number of invitations were issued, and there were altogether about seventy-five couples who attended. The hall was artistically decorated, and when everything was in full swing the spectacle presented was most gay and brilliant. The catering by Mrs. Bennett, of Beverley, was all that the most fastidious could desire, and viewed from every aspect the ball was an unqualified success. The music was supplied by Mr. P. Neal, who was ably assisted by Misses Williams and Bennett, and Mr. A. Bartlett. (Beverley Times 30 September 1905)

In August 1906 the Misses Bennett announced, in the advertising columns of the Beverley Times, that they had opened the Crystal Dining Rooms in Vincent St, where the wants of patrons would be well looked after. All meals at the popular price of one shilling. In December the same year, an Eating and Boarding House License was granted to Miss E A Bennett.

During these two years both Mrs Bennett and the Misses Bennett maintained their close connection to Brookton by attending many Brookton balls & dances and singing at concerts. Their dresses, as described in the newspaper, were always fashionable.

In April 1906, Alice Bartlett, the aunt of the Misses Bennett, married W F Noack, a member of a local family. Miss Hannah Bennett was a bridesmaid. The bride was given away by her brother, Walter Bartlett. Mr J Bennett was the best man.

By February 1907, Mrs Bennett advertised she was now residing in Brookton, and it was her intention to apply for an Eating, Boarding and Lodging House License in the shop or rooms she now occupied in William St, which were owned by Miss H Bennett.

It was reported in 1911 that Mrs Bennett was having a new boarding house put up. Mrs Bennett’s establishment was known as the Brookton Coffee Palace. In 1912, the license for this name was removed to new premises and Mrs Bennett applied for a temporary license for the Railway Coffee Palace, Brookton.

Then in December 1912, Ellen Alice, Mrs Bennett's eldest daughter was married in the Wesley Church, Brookton to Leslie Fletcher Jones (from Melbourne, but the brother of Mrs Bodey). Both sisters of the bride, Hannah and Maggie, were bridesmaids. The bride was given away by her uncle, Walter Bartlett. The wedding breakfast was held at the home of Mr & Mrs Bodey, local landowners.

In October 1914, Mrs Bennett was the defendant in the local court, being sued for non-payment of provision of building materials. Mrs Bennett's lawyer argued that the materials were not delivered. The magistrate ruled "a non-suit".

It seems as if the Bennett family moved away after this as no further mention is made of them in the newspapers. In 1920 Walter Bartlett disposed of his farm and opened a margarine factory in another district.

Conclusion: Mrs Bennett and the Misses Bennett, having to make their own way in the world, had the education, intelligence and the work ethic to use what domestic skills they had to make a living. They seemed to have a comfortable income, wore elegant clothes and presented individual gifts at family weddings. It helped that they had the support of close family. Career choices for women at that time were limited, but they worked hard and were able to buy property. They only resided in Beverley for two years.

Remember, there's no such thing as a small act of kindness. Every act creates a ripple with no logical end.

The Station Garden is available for public use at any time; just open the gates and enjoy!

COVID-19 UPDATE:

Proof of Vaccination must be available if asked to be shown on entry to the Station Gallery and indoor stage areas.

Please practice good hygiene and physical distancing at all our events, and use the hand sanitiser stations provided. If you are feeling unwell prior to events, please do not attend.

Artists-in-Residence at the Station

Artists-in- Residence for June were to be Marie Scobie for the first half of June and Julie Parsons and Peter Clarke during the second half of the month. Unfortunately, due to family illness, Peter and Julie were unable to make it. But Marie enjoyed her time at the Station though very few visitors came through the gallery due to the Vincent St roadworks and the carpark being out of bounds. She managed to find where many of the locals were one Saturday when noise led her to the football on the oval – she enjoyed the match!

Artists-in-Residence for July are Lorraine Pichugin till July 12 and then Tich Dixon and Sheila Monahan till August 9.

Lorraine Pichugin (above) is a Western Australian artist who will be at the Station till July 12.

Form brought out through the interplay of light and shadows features consistently in her work, regardless of the subject. Drawn to morning and evening shadows dancing across a wall or a kitchen bench, the object caught in this interlude becomes the vehicle Lorraine employs to describe this wonderful interaction.

Whether working in oil on canvas, pastel or pencil on paper, she uses layers of colour to convey aesthetically realistic and lifelike artwork that has a captivating beauty and presence. Lorraine’s artwork is about finding and sharing the beauty, grace and elegance that is all around us.

WORKSHOPS!

Lorraine is offering three-hour **Colour Workshops** on **Sunday 3 and 10 July**. \$85 each includes afternoon tea. Just bring your own brushes! Call 0419 175 076 to book. (See full ad end of article)

Tich Dixon (above) Currently based in Shoalwater, Perth, WA, Tich works as a community artist exploring the use of various mediums to address issues of nature/environment in contemporary society. Her works often incorporate site specific, found objects, and/or recycled materials.

“The process of creating art helps me to gain some perspective of our environment, the forces which impact upon it and an understanding of the necessity to strive for balance. I constantly explore with various materials and methods to capture interest and curiosity. I enjoy working in both representational and abstract styles and the use of alternative materials, collage and assemblage; which add another element of interest and inherent meaning.”

A multiple Castaways Sculpture artist as well as exhibiting in spaces as varied as INQB8, Colour Lust Fremantle and Central TAFE. Her public works include murals in Baldivis, Rockingham, Carnarvon and Mandurah and contributions to the Z-Force Memorial at Palm Beach Jetty and the memorial seating at the Gary Holland Community Centre.

Sheila Monahan (above)

Ever since Sheila was a child Sheila loved to draw, paint, and create artworks out of wire, wood, beads, or any material she could find.

Sheila particularly likes drawing on wood. "I love the randomness of wood, it's strengths and fragility, it's refusal to conform to set criteria of growth, but instead drawing its strength and beauty from nature and the environment around it. I also love creating sculptures from Clay."

Sheila started her art career at the National College of Art and Design in Dublin, Ireland where she studied drawing, painting, Sculpture and Textiles. Soon after she migrated to Australia, she once again took up art, this time at TAFE where she continued her studies in Sculpture, Drawing and Painting. At present she is part of a group of artists who meet every Thursday night at CASM in Mandurah to create Portraits.

END OF SEMESTER EXHIBITION

On Thursday June 16, at 1.30pm the exhibition of artworks by Beverley District High School students was opened at the Beverley Community Resource Centre. The students, led by project artist Kaitlyn Elsegood from the BSA artist in residency programme, created artworks based on the lesser-known history and life of Beverley. The students were introduced to the project at the beginning of the year by being led on walks through the town and having local identities at various places of interest tell stories of unsung heroes. The students listened, stirring their imagination then in turn produced some fantastic works across many mediums throughout the months ahead.

We wish to thank all people who facilitated the resulting exhibition, particularly our hardworking administrator Ashton Edmonds, the CRC staff, the Shire for installing the picture rails especially for this exhibition, school staff and students, and last but not least, Kaitlyn Elsegood herself.

Presented by Beverley Station Arts, the project was made possible through funding from the Department of Local Government, Sport and Cultural Industries, and Lotterywest.

BeSASS (Beverley Station ArtS Singers)

PERFORMING ARTS

 **Regenerating Australia** was screened on June 17 at the Beverley Town Hall and attracted a crowd of 60. The films provided a positive outlook and community driven solutions to a challenging and changing future. A special thanks to the Q&A panel who offered their time and addressed the crowd's questions; Oral McGuire, Dianne and Ian Haggerty, Grant Revell, Anthony James and film director Damon Gamaeu who dialled in to join the discussion.

Thanks also to Claire Broun for organising the event; and to Tim Kilpatrick and Riley for sound tech.

OPEN HOUSE and PRISCILLA & AQUILA at St Mary's Church, Beverley

OPEN HOUSE – Celebrating One Year On: With thanksgiving for what will be a year as the Priest-in-Charge of the Parishes of Beverley-Brookton, Quairading and York, The Rev'd Canon Dr Philip Raymont, the local priest, invites all members of the Community to come and join him for celebratory refreshments from 5 p.m. to 7.00 p.m. on Saturday, 30th July at the Hall, St Mary's Church, Beverley.

Philip wishes to express his gratitude to local people for the way they have warmly welcomed him and been only too content to chat with him. For himself, Philip has been delighted to join in so many of the different activities that take place in the community and not least in the Shire of Beverley.

The Feast of Saints Priscilla and Aquila is another cause for celebration. Within the life of the Church, they are

Philip Raymont recalling his farming roots!

commemorated as the patron saints of marriage. Ss Priscilla and Aquila were a Jewish couple from Rome who had been exiled to Corinth. In the first century they hosted St. Paul on his visit to that city. They are mentioned in the New Testament in glowing terms by their friend Paul, "Greet Priscilla and Aquila, who work with me in Christ Jesus, and who risked their necks for my life, to whom not only I give thanks, but also all the churches of the Gentiles. Greet also the church in their house" (Romans 16:3-5a). They were tentmakers as was St Paul.

Priscilla was a woman of Jewish heritage and one of the earliest known Christian converts who lived in Rome. She is often thought to have been the first example of a female preacher or teacher in early church history. Aquila, husband of Priscilla, was originally from Pontus and was a Jewish Christian. According to tradition they were martyred in Rome on their return, probably around the same time as St. Paul. Their ministry will be celebrated on **Sunday, 10th July at 10.30 a.m. at St Mary's Church.**

Beverley Community Garden

Hello Beverley community,

I have had the pleasure of attending our wonderful community garden for the last year and have met like minded people who love gardening and sharing their knowledge. Meeting every Tuesday and Saturday mornings.

Some amazing workshops have been hugely successful and well attended by our community as well as visitors from other towns attending the workshops.

There are a handful of dedicated gardeners that attend regularly and plan for the future of our community garden.

An example is the section of garden that had a very steep incline and nothing of value growing other than weeds.

A regular attendant is Murray Young who excavated and placed all the rocks to secure the incline all by himself and by hand. It was a massive job, yet Murray made it seem seamless and quick as he cleaned and dug almost every day for a week. Now that is commitment indeed. As you will see from the attached before and after pictures, it has made an amazing difference to the garden aesthetically and allows us to have more space to plant edibles.

The garden community has been making a conscious effort to plant indigenous and native plants as well, not just European flora.

The Beverley community garden would like to say a very big thank you to a few people.

Trevor McLean for the 2 huge square barley straw bales that he donated and Darren Boyle for the delivery of them to our garden.

A big thank you to the Termite man that sprayed our tree for free, very much appreciated. Murray met you in the Beverley Bakery, he asked if you could do some paid work for us. When you realized that it was for the community, you did not charge us, sorry I don't know your name.

We had a donation of 2 x cafe blinds, our gazebo is now, NOT a wind tunnel. Thank you.

A big shout out to the CRC center, Amor and her crew have been hard at work applying for all sorts of grants on behalf of our community as a whole. Thank you.

Our leader Betty Lobb has a wonderful amount of knowledge and is very generous with it.

We have planted many flowers, not only for their beauty and perfume but also to attract bees. Our philosophy at the garden is no pesticides or herbicides and Mother Nature takes care of the rest.

Picking fresh vegetables every week is a true pleasure. And yes people you CAN taste the difference. Come and pay \$5 per community garden basket and you will not be disappointed or better yet come and joy us as a regular volunteer and commune with the garden and people.

CWA CARING by Helen Grainger

We welcomed another three new CWA members at our June meeting. Along with new members comes new ideas and we have been blessed with the initiative shown by Annie Birch and Anya Moore and their projects to assist in the care of locals by making clothing protectors and gifts for the residents impacted by the floods in Lismore. Food vouchers are also being sent from York Branch to Lismore CWA to show that the many residents who are still homeless and some still living in tents aren't forgotten.

Anne Nicholson and the Balladong knitters have sent another bag of scarves and beanies to Bangalow along with a beautiful blanket made by Sue Holmes. A CWA friend has made the cutest children's scarves and beanies that will be loved by the children who receive them.

In July we're combining with the CRC to hold another kid's activity day which is always enthusiastically attended. Crafts and biscuits will be made to take home.

Marianne Nilsson and Louise Copley have celebrated 'Special' birthdays in the last few weeks which have been celebrated by members with a morning tea at our rooms. Any excuse for a get together and a chat. Congratulations and best wishes to you both.

Four members enjoyed a WA Week three course luncheon in Tammin where we were entertained by the local school children and a speaker from Town Team Movement. It was a good chance to socialize with other CWA branch members.

Our back garden is getting a face lift now that the back fence is completed. It's been a work in progress for a while and the new native plants will complete the yard.

The next few months are proving to be busy ones for the branch with workshops, the craft day, a wood raffle, CWA Conference and the York Show.

Beverley Horse and Pony Club

Who's been out and about

State Showjumping Championships: Fantastic to have two of our riders attended this event on 21 & 22 of May. Trinity Matthews originally was taking two horses to the event but tragically Ziggy injured himself just before the event. Luckily her young horse, Luxxe, saved the day and they placed 6th in their class. Carly Ballantyne and Jazz, placed 1st in 90cm 'Take your Own Line'. 3rd place in 105cm AM7.6th place in Special 2 Phase 100cm. Then riding in the 100cm Zone Teams ,as a composite team with only 1 other rider, they did a fantastic job and made it to 3rd place after an amazing jump off round at 110cm!

June Rally: On the 12th June our riders refined their skills in all disciplines by riding on a wet and windy day. The only time a horse event is cancelled is for lightning or extreme weather condition. So it is good preparation for your horse to get used to riding in a range of weather conditions. Well done to all the families , riders and coaches who braved the weather and attended the rally. Thank you to Jess Martin (Pretty Plaited Ponies) for the clipping demonstration for our members
