Conclusion to 2022

So, we come to the end of another calendar year. For the community it marks the conclusion of one of the largest infrastructure projects undertaken by the Shire being the Vincent Street redevelopment. At this time, I think it useful to also reflect on the past eleven years where the Shire Council has undertaken a number of significant projects of which Vincent Street marks the conclusion.

1. Additions and renovations to the sporting complex at the oval including the construction of new netball courts (to which the Netball Club contributed significant funds). The playground also extended beyond its initial establishment.
2. The construction of two Independent Living Units in Dawson Street.
3. The construction of the Cornerstone Building which houses the Community Resource Centre, Visitor Centre, Library, Day Care Centre, and four leased offices.
4. The installation of solar panels on both the Shire offices and the Cornerstone building.
5. The construction of the Moort Wabiny Park which incorporates numerous activities for our youth.
6. Reroofing the Town Hall and Lesser Hall and the replacement of the flooring in both halls.
7. The complete renewal of the kitchen in the Lesser Hall.
8. Installation of new doors in each hall as well as the replacement of the Stage curtain in the Town Hall.
9. The re-roofing of the Old School building.
10. The re-roofing of the old Courthouse building and the establishment of a gymnasium within.
11. The construction of six cottages near the caravan park comprising three two bedroom and three one bedroom units.
12. Water Harvesting Project led by the Community which has reduced reliance on scheme water.
13. Other projects include: industrial land project, footpath renewal and extension programme, solar panels on the Ram Shed for the Pool, and resealing the runway at the airstrip.

In all, these projects, including the Vincent Street project, undertaken by the Shire over the past 11 years have cost a total of about \$16 million. Funding has largely come from State and Federal Grants as well as Lotterywest and the RAC. Shire contributions have come from Reserves and Loans.

Future Projects

Other projects envisioned for the future include:

1. The redevelopment of the swimming pool.
2. The redevelopment of the Avon River Park including work of the River Pool.
3. Acquisition of the Nurses Quarters and potential collaboration with the Health Department to build housing for Nurses

Of these, the swimming pool is the most problematic. The plan for the redevelopment was costed at \$6 million on inception but revised to \$11.6 million in 2021. Notwithstanding though, the real issue is going to be the economic situation that may present from 2023 onwards and the ability of the Shire to deliver.

Western Australian Heritage Awards

As part of the Vincent Street redevelopment, investigation went into establishing an Heritage Trail along Vincent Street to highlight the various heritage buildings. This project was nominated for the Western Australian Heritage Awards for 2022. There are seven categories in these awards and the Beverley nomination came under the 'Heritage Tourism Project' category.

To become a finalist in these awards is an achievement in itself as there are quite a number of nominations from which the finalists are selected. We were pleased to learn that we were one of the three finalists in our category.

On Friday 25th November I attended the presentation of awards with Stefan de Beer, Manager of Planning and Development Services, and Ashleigh Fleay, Project Officer, at the WA Museum. We were delighted when the Beverley project was announced the winner.

It was a privilege to be able to accept this award on behalf of the Shire and community, and heartening to have positive feedback from the judges who considered this project of an outstanding quality.

In conclusion, I would like to thank the Councillors and all the staff at the Shire for their efforts this year and the community for your patience and endurance. I wish everyone a safe and Happy Christmas and let's hope for a New Year that brings peace and prosperity.

Review of System of Representation

The Shire of Beverley is conducting a review of its system of representation and invites public participation in the review. The review is a result of the Local Government Reforms announced by the Minister for Local Government on 20 September 2022 which will see Councillor numbers reduced, based on population.

The number of elected councillors and the current no ward structure will be assessed, though this does not limit the matters that members of the community can raise in relation to the system of representation in the Shire. A discussion paper addressing numbers and wards is available.

This assessment will take into account the views of the community and outline any other matters that may be considered.

Public Submissions are invited by hand, post or email and must be submitted to the Shire of Beverley at:

Wombat Crossings

We trust you are enjoying the main street, alfresco areas and the growth of the trees to provide shady areas. We just wanted to provide some quick advice about the wombat crossings.

Pedestrians must give way to vehicles. Please do not walk out in front of oncoming traffic.

The wombat crossings are there as a level, universally accessible place for everyone including those with prams, gophers, wheelchairs, seniors and youngsters to safely and easily cross the road **after giving way to vehicles.** Please give way to vehicles and then cross the road.

Tourism in Beverley

Our peak tourist season in Beverley has come to an end, but there is still plenty happening behind the scenes to promote Beverley.

In collaboration with Destination Perth and our partnering Avon Valley Shires strategic marketing campaigns have been conducted throughout the year. These include print advertising in the West Australian and The Australian Traveller magazine. Additionally, a campaign ran over 9 weeks on Transperth buses to increase the awareness of the Vintage and vibrant Avon Valley brand that was launched in April this year.

The new 'Vintage and Vibrant' branding features in the Hello Perth Map that was produced for the Caravan & Camping Expo earlier this year which unfortunately did not go ahead due to covid restrictions. All is not lost as the map is displayed throughout the state including at the airport when visitors arrive to Perth and the 2023 Expo is scheduled for March where the Avon Valley will be on show.

A new holiday booklet for the Avon Valley is being compiled by Scamper Designs. Again, Destination Perth have guided this creation and will include our Avon Valley neighbours York, Northam, Toodyay and Goomalling too. To ensure that the imagery across the Avon Valley is consistent Destination Perth facilitated the engagement of an internationally published photographer to take spectacular images across the region to be used in the publication. You may see some images in our online social media platforms or go the website chadgerber.client-gallery.com/gallery/destinationperthbeverley. Thank you to the Beverley Soaring Society, Freemasons Tavern and our local 'talent' who assisted the photoshoot providing meals, flights and more.

There have been some additions to our trail offerings in the Shire with the new Vincent Street Heritage Trail installed in the main street, which includes an app to guide you along the way. This fantastic trail has recently been nominated as a finalist in the WA Heritage awards! Also, the recently completed Dale River Reserve walk trails are now marked and ready for exploring - you may want to wait until after Summer though.

We are also currently working with the Beverley Early Years Network and Nature Play WA to bring a Play Trail to Beverley which will involve an app-based trail. The Nature Play trail will consist of locations in the town where the family will play a small game or activity to earn points. This Nature Trail is expected to be complete by Easter 2023.

If you have any ideas or suggestions about what we have to offer here in Beverley, we would love to hear them.

COVID-19 UPDATE

Please practice good hygiene and physical distancing at all our events, and use the hand sanitiser stations provided. If you are feeling unwell prior to events, please do not attend.

Community Christmas Party (FREE!)

Yes, it's that time of year again when Christmas is foremost on our minds and what better way to relax and share some Christmas cheer than to be at the Station for the Community Concert on **Saturday 17 December**. This year the Shire has again contributed towards entertainment for our free Family Christmas Concert when the whole of town and surrounds come together for some fun. And being a free event, you can come and go to buy food from the cafe and pubs, or food will be available to buy from the Station Kiosk, or bring your own picnic baskets and drinks. There will be no bar at this event. The gates open at 5pm with the HAVE A GO circus workshop for the children. See full program at end of this Station News article.

Artists-in-Residence at the Station

Artist-in-Residence for November was John Kaye who thoroughly enjoyed his stay producing a mountain of work for local galleries. And it was great to see several people join him on Thursday evenings and weekends to draw/paint. John kindly kept the garden watered amongst other odd jobs about the Station.

Artists-in-Residence for the month of December:

Adrianna Wasinska-Fabin is at the Station Gallery from December 1-14). Adrianna is an Australian based multi award winning artist – both national and international - she has just been selected as a Semi Finalist at the Doug Moran National Portrait Prize 2022.

In 2004 she graduated with a Master Degree in painting and etching from prestigious and highly prized Academy of Fine Arts in Katowice (Poland). Her signature style combines traditional drawing techniques with a modern approach to subject. As a horse lover and riding instructor, her subject matter often includes horses. Whilst working at the Station Gallery her works will be on display so call in to view her amazing and highly recognised works of art.

Kelsey Diamond will be in residence from mid-December till the end of the month (Dec 15-31). She is now in her Masters of Fine Art and will be working on big abstract paintings using natural dyes, clay, ash, fruit, and leaves and invites people to call in to the gallery

to chat and watch her work on her paintings.

Kelsey is considering a workshop in painting with natural materials, having discovered a lot that she can share, but only if there is enough interest over the busy Christmas season.

BEVERLEY HISTORICAL SOCIETY presents

A Rare Photograph

Some years ago (about 1997) a photograph of the Great Southern Railways locomotive BEVERLEY was found on the rubbish tip at Bridgetown. The CEO of the Shire of Bridgetown sent it onto the CEO at Beverley.

This was the first engine of that class in service (10 January 1889) on the Great Southern Railway and the photo shows all the staff of the company workshops in Albany who put the engine together after its arrival from England.

According to Rail Heritage WA, photographs of GSR locomotives with their nameplates are rare and this is the only known photo of BEVERLEY.

Albany Mail and King George's Sound Advertiser, Saturday 2 February 1889

We have seen a photograph of the Locomotive "Beverley" taken by Mr. Otto, and as far as such a piece of mechanism can be made to look beautiful he has succeeded; it is a really capital photo.

J. H. Otto, Portrait and Landscape Photographer, Vancouver-Street, Albany.

The photo is on display in the Dead Finish Museum.

*Merry Christmas and Happy New Year

Beverley Hospital Reception - Administration

My name is Pam and I have been appointed the position of Administration Assistant for the Beverley Hospital. I have come from Practice Management at Medical Centres in the Perth Suburbs. It is my purpose and privilege to be a part of the Beverley Hospital team. I grew up in the country, so its seemingly fitting that I return to the country. I am now pleased to be a part of the Beverley community and I look forward to making new friends.

We are in the process of discovering and collecting historical information about the Beverley Hospital. I am motivated and fascinated by the History of the Hospital, our history is a very important and interesting part of our lives. We would be grateful if anyone has any factual historical information that could be donated or loan to us, regarding the nurses, patients, staff, any photographs, letters & story's etc. Thank you in advance, your support is greatly appreciated.

To submit your PATs application forms (Patient Assisted Travel Scheme), please place in the drop-box outside, next to the Entry door at the Hospital, I collect these regularly and submit them for processing.

The patient Assisted Travel Scheme is designed to assist permanent country residents to gain access to the closest eligible specialist medical services. To be eligible for assistance, patients must travel more than 100kms (one way) specifically to access specialist medical treatment. Your referring medical practitioner considers that there is a valid clinical reason.

Please contact your General Practitioner or the Beverley Hospital reception for further information

on 08-9646 3200

Please contact the Hospital if you wish to speak with our **CHSP** coordinator "Jenda" regarding home help, meals on wheels, transportation and as always, **we encourage new volunteers**. We would like to thank our current volunteers; their time and effort is always greatly appreciated.

On Tuesday 15th November the BDHS Instrumental Music students travelled to Narrogin to perform alongside music students from 3 other schools. Our instrumental music students have weekly lessons with Mr Simon Styles from The School of Instrumental Music. The program selects a small number of students who successfully complete a music aptitude test. During 2022 music students have been learning the clarinet and 2023 will see the introduction of saxophone and possibly the flute.

"I enjoyed performing at assembly's and travelling for excursions" said music student Rubee

"Mr Styles has a great sense of humour and makes all our lessons really fun" expressed Sydni who is learning the clarinet.

The BDHS Instrumental Music students will be doing their final performance at the School Presentation Night, playing music as parents, families and special guests enter the Platform Theatre.

We are coming to the end of the year, we want to thank our community for their support this year and a big Merry Christmas and a happy and safe New Year.

CRC Life Memberships

Congratulations (*from left to right*) to John Fregon, Glenys Lane and Dee Ridgway on receiving life membership from the Beverley CRC.

We would like to say a big thank you and congratulations to our committee and team for the hard work they have put in this year.

Chairman's report from the Annual General Meeting

On behalf of the committee and staff, I would like to welcome you to this year's AGM.

I feel like this has been a very productive year, with a variety of events covered to suit the residents of Beverley, it's all about community, as our name says, and we aim to keep involvement varied and interesting.

Our strong team of Amor, Sam, Jaime, and Alyssa have achieved this, and we have noted their hard work in applying for a variety of grants to keep coming up with different events, is a credit to them all.

As we all know, hitting the mark with events every time is impossible. We've held bingo, once a month and our numbers are increasing which is great, yet our Business Breakfasts unfortunately have not had the response we hoped for. They don't know what Sam's pancakes taste like or they would be here in droves! The morning tea with the local Police, fortunately, has been well attended.

Lego Club for the school children to come and play and have a healthy afternoon tea has also maintained a strong attendance level with the kids with each group averaging about 12 kids.

The Mental Health – Plate Smashing was a fabulous idea. This was thanks to Jaime applying for the grant. It was not overly attended but for those who were there, it was a great way to alleviate our stress levels!

Our Visitor Centre has been revamped with more stock and fillings. This has been very busy over the last six months or so with so many tourists visiting our town. It has been a bonus being able to open on the weekend with volunteers manning the centre.

The Community Garden group, who are also members of the CRC, have also been very busy having the CRC staff applying for grants for them and holding events at the garden. This has allowed the public to learn more about organic gardening. There was the Pest Management workshop with Sabrina Hahn and Native Garden Planting.

The CRC staff have also been busy organizing the Pilots License Refresher course and the Christmas Catalogue – Shop Local.

Amor has been successful with another traineeship grant application for our Centre and, as there are only 52 available, we hope our run of being successful is going to continue. Alyssa Szekeres was this year's trainee who is studying Marketing and Communications Certificate 4 and shares her week with Jacinta at the Shire.

Other events that have been hosted by the CRC are Plan a Funeral & wills workshop and the Cleaning Challenge, so you can see the Centre has been very busy.

This year, we also received good news from Alana MacTiernan that our contract with DPIRD has been extended until 2027 which is a huge bonus for the future of the CRC.

I would now like to say thank you to our "Kath and Kim" team, Amor, our Coordinator and Sam, our Bookkeeper. We appreciate all the hours you put in to make the centre viable and to meet the contract requirements that we have to fulfill on a yearly basis. All the catering and extras you do without hesitation including cooking/catering for events, cleaning up and so on so thank you.

To Jaime, who is our Customer Service Officer, and our Trainee Alyssa, for bringing new ideas forward to give more variety to the events we hold, thank you.

And finally, to my committee, we may be few in number, but we get the job done and our meeting times are kept to a minimum. It has been a pleasure to work with you.

Thank you everyone,
Glenys Lane - Chairman

Beverley Historical Society

Where has the year gone?

We are nearing the end of the year and after such a busy 18 months with "Spring Back to Beverley" and lots of researching requests plus tidying and reorganizing the museum, we are all looking forward to a well earned rest (even though we all have projects for the off season). Hopefully next year we will be able to do a few outings.

The Dead Finish Museum's last day is SUNDAY 27th November and will reopen SUNDAY 5th March 2023.

Wishing you all a Merry Christmas and a Happy New Year.

Last meeting of the year is Monday 5th December @ 9am followed by cover up all displays at the Museum.

Beverley Boys in Blue

On Thursday 17th November and Friday 18th November 2022, the Beverley Police and York Police conducted a traffic operation in the towns of York and Beverley.

This is part of the Wheatbelt District Road Safety Day of action to curb the numbers of fatal and serious crashes within the Wheatbelt of recent weeks.

There was a total of 132 vehicles stopped and a total of 113 negative random breath tests (RBT's).

Beverley police had assistance from Beverley Men's Shed who made tea and coffee and handed out orange juice boxes free for drivers if they wanted a drink and to have a break. This is all part of driver reviver campaign.

Thank you to Beverley Men's Shed and good work by the road users passing through the Beverley townsite on 17/11/22.

Beverley Ag Museum

Our last meeting and visitor 'opening' for the year was held on Saturday November 19 with a steady stream of visitors coming to see our working collection, in fact we had 15 adults and two children in total, a substantial increase on this time last year and the year before when we were basically closed due to insurance safety issues.

Such has been the dedication of our group to foster and support one of the Beverley Shires tourism assets by not only spreading the word within our community, but by also ensuring visitors from far and wide have an enjoyable and memorable experience, and all for free!

Paul & Bob continued with their continuing restoration of the C30 International Truck now moved into a much better location away from the doors and the various weather conditions, wiring is on the agenda at present, and to my delight Paul showed me some wiring diagrams and fault tracing charts he had found dating back to when we were both much younger men and Dynamo's were being slowly replaced by Alternators, life seemed so much simpler back then.

Eric had found the air compressor before I had arrived and was busily pumping tyres with Kevin in support, many of the visitors were seen chatting with John Hawke, and those he missed I soon picked up to ensure their interests in the collection was met.

Bill and his wife came for the end of year Bar be Que and he donated a couple of boxes of magazines, sometimes it is just nice to put your feet up and have a read while still making an effort with likeminded friends, the only pressure in our group is that what you place upon yourself.

And yes, there were several other ladies (wives and partners) who came to share our Bunnings style BBQ, well that is what it was going to be, but due to either the train derailment or the truck rollover the sausages looked more like burgers! I don't think anyone was to upset with the changes caused by sudden supermarket shortages.

Dee (Paul's wife) supplied some really tasty cupcakes, many thanks, and with John Hawke needing to leave early, a big thank you to Paul & Bob for closing those heavy doors for me, in fact a big thank you to everyone for attending and to all who have assisted throughout the year in supporting our cause.

We are now 'officially' closed until February (watch this space) but as always work will still go on behind the scenes with research and idea sharing among the group.

Although a bit early (the shops will tell you otherwise) we would like to wish everyone a Happy Christmas and a safe New Year and look forward to sharing our interest with you all in 2023.

The Hospital Auxiliary wish to extend an enormous thankyou to all their willing helpers at the Opportunity Shop throughout 2022, including Committee members who have worked extremely hard to keep things running smoothly and maintain excellent quality control despite "Road Works" and "Covid" closures.

To all those who donate goods, we are ever grateful. With no donations, we have nothing to sell! We also cannot forget our loyal customers whose smiling faces we see time after time. Without each and every one of you, we would not have an Op-Shop. Thankyou to you all.

The Op-Shop continues to fund our local hospital and Lodge and we are happy to announce additional funding has been made to Crawford House, RFDS and Angel Flight. And as per usual, we will be presenting Christmas gifts to the Hospital and Alex Miles Lodge residents for some extra Christmas cheer!

SEALED SOULS

540 pages, lavishly illustrated with locations, boats, scenes, people, and maps that will take the reader there.

Come back in time when sealing was the first industry in Australia. An era when displaced people were forcibly transported half a world away, only to displace others in a strange land.

This fascinating book chronicles many of the sordid activities of expired convicts who, as intrepid sealers and sailors, cut a frugal existence on the coastal frontiers of Australia and New Zealand. Many only survived with the help of native women they had either abducted or bartered for.

By 1831, many of these daring characters were chased out of their island camps in Bass Strait and headed westward, island-hopping to the fledgling settlement of Albany where they resurrected a new life hidden behind aliases and deception.

A thought-provoking history that pulls the curtain on the darker beginnings of an embryonic colony.

TREE & GARDEN SOCIETY

Beverley Garden & Tree Society

Following the November meeting and AGM the following positions have been filled:

| | |
|-------------------------|------------------|
| President | Linley Thompson |
| Vice President | Lyn Murphy |
| Secretary | Dorothy Sampson |
| Treasurer | Valery Seeber |
| Social Secretary | Dianne Colebrook |

On Tuesday the 15th of November the Garden and Tree Society held the annual luncheon to honour the original members who formed this community group. We were very happy to see several of these past members present. We enjoyed a generous meal supplied by our members and were serenaded by a musical group consisting of Richard Boladeras, Terry McLaughlin and George Smith. The CWA hall looked a treat and we thank the Ladies of the CWA

The December meeting will be replaced by our Christmas luncheon which will be at the Freemasons hotel in Beverley on Friday the 2nd of December at a cost of \$27.00 plus a secret Santa gift to the value of \$10 – 15.00. Arrival is 11.30am for a 12 noon sit down. Please call Dorothy on 0429 989 031 if you have not yet booked a seat.

The next meeting will be on Tuesday the 7th of March 2023 and will be held at a place to be decided.

The year is nearly over but there are still jobs to do in the garden during December before relaxing over Christmas.

Vegies to plant in December include – capsicum, eggplant, lettuce, tomato, zucchini, beetroot, celery and pumpkin.

Flowers to plant in December include – portulaca, sunflower, begonia, marigold, petunia, verbena, salvia and impatiens.

December is a great time to attend to the following tasks in the garden:

- Protect ferns from burning sun and strong winds. Maiden Hair ferns don't like to dry out at all
- Add mulch to outdoor potted plants to conserve water
- Watch for fungal diseases on roses and vegies. Help keep plants healthy by removing disease affected leaves
- Harvest leafy green vegies when the leaves are small and young and harvest often
- Bundle pots together for easier watering, especially if someone is looking after your garden while you are away
- When harvesting Basil, take a bit from each plant rather than stripping one. Pinch out tips to encourage lots of new growth
- Cover your worm farm with damp hessian to keep it cool and shaded
- Keep an eye on any new plantings. Nursery plants are constantly watered so you need to give new plants extra water until their root system has established
- Check irrigation systems to ensure they are all working properly, with all spray heads and drippers running freely
- Top up mulches to reduce moisture loss and moderate soil temperatures during summer. It also helps to suppress weeds
- Ripen green tomatoes by placing them on a sunny window sill

Enjoy your time in your garden in December.

Wishing you a Merry Christmas and a Happy New Year!

Kings Park Fashion

(As promised, all the goss in pictures)

BEVERLEY C.W.A

Well another year is almost over, not sure where the year has gone though.

We have one more event, then the ladies are going to have a rest, put their feet up, a nice cold drink, air conditioner and enjoy the upcoming festivities.

So lets get the last C.W.A notes of the year started!

Kings Park Fashions was held on the 25th of October. As promised in the last issue, I have included photos of the day. We can't thank those **wonderful Ladies** enough for coming along and modelling a fantastic range of clothes. We also thank the ladies from Kings Park Fashion for coming down with their amazing range of clothes once again.

On the **15th and 16th of December**, we will be holding our **Christmas Raffle** at the **Lion's Kiosk**. On the **17th of December** we will have a delicious range of home-made goodies available at the **Cake stall** along with the Christmas Raffle, also at the **Lion's Kiosk**. So why not come along for a chance to win one of many fantastic prizes and a chance to buy home-made goods.

Our **next meeting** will be held on Wednesday the **14th of December, morning tea at 9am** with the **meeting starting at 9.30 am**.

It's been a busy year for the C.W.A, the ceiling being replaced, fresh paint in the rooms and the ongoing garden tidy up. We have had many comments on what we have been doing and we thank the community for their continued support and patience with what we have done and for what is still to be done. Without you, the people of Beverley, we would not have been able to do what we have, so **THANKYOU!!**

Well I think that is all for the moment. As the media officer for the Branch this last year, I would like to thank you for reading the notes and hope that you enjoyed them.

So without further to do, the **Ladies of the C.W.A** wish everyone a **Very Merry Christmas**, lots of fun, joy and of course lots of pressies (one can dream), also a very **Happy New Year for all**. Stay safe and we will meet again in the New Year!!

JUNIOR TENNIS NEWS

Over the last 6 weeks our juniors have had plenty of opportunities to swing a racquet! Coach Keith O'Brien (or 'Mr O' as the kids affectionately call him) was once again employed to deliver the club's junior coaching program. 54 children from pre-primary to year 7 took part this year, which has made for busy Sunday afternoons at the club!

The Sunsmart Junior Tournament was again sponsored by Noel and Valda Morton – Elders Beverley, and was held on Saturday November 12th. 48 children played either: doubles, mixed doubles or both events. Our older participants played in a modified 'switch it up' style event to allow all of them to get some decent tennis in, as unfortunately we didn't have enough pairs for them to play in a standard doubles competition. Everyone improved their tennis and scoring skills as the day went on! Some of our local trophy winners included:

Year 3/Under Boys Doubles R/U

Cooper and Alec

Year 5/Under Boys Doubles Winners

Noah and Alex (Quairading)

Year 5/Under Girls Doubles Winners

Abigail and Stella (Northam/Meckering)

Year 3/Under Mixed R/U

Alec and Phoebe

Year 5/Under Mixed Winners

Noah and Abigail

Year 5/Under Mixed R/U

Hamish and Pippa

Thank you to all of the amazing parents and club committee members who helped out on the day, and to Noel and Valda for their continued sponsorship.

Thank you to the committee for allowing the courts and facilities to be accessed by the school for Physical Education lessons over 4 weeks. Keith delivered sessions to students from years 1 to 8 at the beginning of term.

WARRIOR WELLBEING ARTICLE

Work/Life Balance - Strike it Right

BY THE REGIONAL MEN'S HEALTH INITIATIVE
December 2022

How many times have we heard the phrase *getting the balance right*; what does this even mean? If we look up the word *balance* in the dictionary we will find 18 definitions, depending of course on the way in which the word is used. The context of a work/life balance also depends on individual circumstance and attitude; whether we are single or married, studying, self-employed, contracting, FIFO, caring for someone or raising a family.

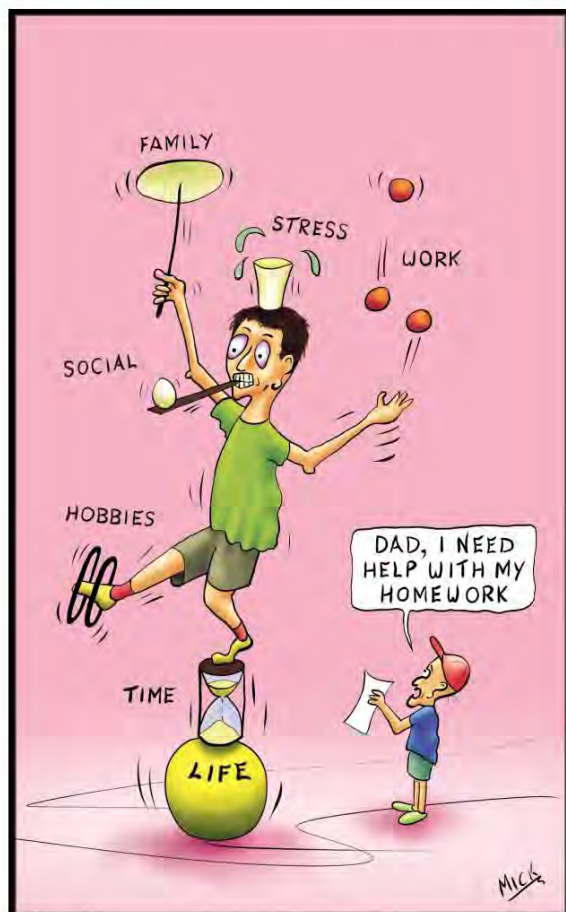

To assess if we have a healthy work/life balance, firstly identify the prominence of work in your situation and how do you define work? Does it challenge/drive you, is it enjoyable, does it provide a sense of satisfaction/purpose or is it just a means to an end? Let's be realistic and honest, for most of us if we don't work, we don't get paid, if we don't get paid, we can't live the life we want or do the things we enjoy. It's always a bit of a mix and getting the balance right is important.

The *life* side of things for most of us is usually enjoying some form of interaction with others. This can happen through our hobbies, sport, children, family, religious congregation, social and community groups, or by volunteering (ironically work can also provide interaction with others).

The best fit when considering *work/life balance* is to have these two areas *well-proportioned and harmonious*. It's important for us blokes to remember that there is more to our lives than just our jobs and we must be encouraged to invest in the other areas of our lives.

This work/life balance can be disturbed when we are under pressure or feeling distressed by events in our life. It is common for blokes to disengage from others and try to solve problems and deal with stressors alone. Unfortunately, by doing this we remove ourselves from valuable support systems, which in turn creates and exacerbates feelings of loneliness and isolation. It's important to remember during difficult times to maintain and re-engage with social opportunities as this is a significant part of positive mental health, coping and overall wellbeing. Something as simple as taking time out, talking, having a laugh with others and even if we are busy, making time to have that game of bowls or connecting with our kids or partner, is essential to get the work/life balance back on track.

Having a busy life may lead us to feel that there is more to do than what seems reasonable in any given day. We all get equal measures of time, there is 24 hours in a day for everyone. Why then, is it that for some of us 24 hours never seems enough, while others seem to have plenty of time? Perhaps we need to ask ourselves *is time the problem, or is it our ability to manage our time?* How much we have on our plate varies throughout the year, so we need to be aware to continually monitor our time to ensure that for most of the year we have a well-proportioned and harmonious work/life balance.

Don't wait until after Christmas to get your cancer symptoms checked

The lead up to Christmas gets pretty hectic, with a lot of focus on other people, so it's easy to forget about ourselves. If you know something isn't right, we encourage you to see your doctor, clinic nurse, or Aboriginal health worker early. Taking time in the lead up to Christmas to see your doctor about possible cancer symptoms may save your life. Getting our symptoms checked out and treated early means we can get back to the people we love and the things we love doing.

Be SunSmart this summer... but also all year round!

It is important to protect your skin from the ultraviolet radiation all year round. Don't forget to Slip, Slop, Slap, Seek, and Slide.

It's important to also be aware of the common symptoms of skin cancer. These include:

- A new spot or mole on your skin
- A spot that is different from other spots on your skin
- Any crusty or non-healing sores
- Any spots, freckles or any moles changing in size (width), thickness (height), colour, or shape over a period of weeks to months.

If you notice any of these symptoms or any other unusual changes tell your doctor, clinic nurse or Aboriginal health worker without delay.

For more information visit www.findcancerearly.com.au

Prevention is key

Check the UV. At UV3+, be **SunSmart**

Christmas beetles

Australian native Christmas beetles, most likely *Anoplostethus opalinus* (2 Left) and *Anoplostethus roseus* (Right). Photo credit: photos sent via MyPestGuide® (Report ID 146677 & 389777).

'Tis the season

As they're often abundant in mid-summer, these beautiful beetles have been dubbed 'Christmas beetles', and now is the season to see them.

Christmas beetles are a type of scarab, belonging to the family Scarabaeidae, which also includes dung beetles and cockchafer. Like other scarabs, Christmas beetles (genus *Anoplognathus*) are large and chunky and are somewhat noisy and clumsy fliers. Most species of these beetles are 2-3 centimetres in length. They are slightly flattened in shape and come in a variety of colours including metallic browns, greens, yellow/gold and pinks. There are 36 species in the genus with all but one unique (endemic) to Australia.

Naughty but native (and nice)

The beetle's larvae are white curl grubs and feed on the roots of grasses and decaying organic matter. The adults generally feed on *Eucalyptus* leaves. They prefer open woodland to forest and thrive in pastures wherever trees have been retained.

Some species are economically important pests of eucalypt plantations, while others are implicated in the decline of mature trees in some NSW

landscapes. However, over the last century, anecdotal evidence of a decline in Christmas beetles has been compelling, with the Australian Museum attributing the decline to habitat loss.

In WA, Christmas beetles aren't often reported as pests, except in farmland, where eucalypt trees are scarce. This makes tube stock, saplings, and young trees more vulnerable to the appetites of Christmas beetles, which can form dense masses over the foliage. This is near impossible to prevent, and treat, but the larger the size and number of trees the better the trees' survival. It's also hard to blame them for eating too much at Christmas!

If you have a native garden with *Eucalyptus* species or next time you walk through some native bushland, keep an eye out for these living ornaments, decorating (and nibbling) the trees.

We hope you have enjoyed learning a few things on the variety of insects, weeds, and diseases we have profiled this year.

Wishing everyone a safe and happy Christmas and festive season!

The winter competition of golf officially closed on October 8th when we had our closing day Stableford event. It's been a great year at the club with plenty going on from golf, darts, wakes, birthday/anniversary parties to fish and chip nights. It has definitely been busy.

I want to thank everyone involved in the club from the committee members, the volunteers to the people that have come to the golf club to enjoy the venue and everything it has to offer. The club continues to go from strength to strength and that is because of everyone's support.

Also, a massive thank you to all our sponsors during the year. Your continued support of our club is very much appreciated.

FISH AND CHIP NIGHT

On Friday 4th November the club held its last fish and chip night for the year and it finished with a bang. 85 meals were cooked which was the most this year. From the 8 fish and chip nights this year over 500 meals were cooked. A massive thank you to Sandy Woods and Val Hagan for all your hard work cooking the meals. Both did a wonderful job. Thanks to their helpers Terry Woods, Graeme Hagan and Christine Hagan.

Also thank you to those that helped behind the bar during the year, Monica, Bicks, Chris and Ken. A great team effort. Lastly thank you to the community of Beverley for supporting the golf club. Look forward to seeing you all next year when we start up the fish and chip night again.

SUMMER GOLF

Summer golf will still be played at the golf course. After the closing day there was a handful of Saturday rounds played. They were kindly sponsored by LM Paving and Concrete. Massive thanks to Lochy and Hayley for their sponsorship during the year. If you need any concrete or paving make sure you give them a call. Great people and great service.

As the days get hotter golf will move from 18 holes on a Saturday afternoon to 9 or 18 holes on a Sunday morning (Weather dependant). Make sure you check the whiteboard at the golf club to find out when the next game is on.

SCROUNGERS

Scroungers is still being played in the summer season. Come down for a very laid-back relaxing afternoon of golf every Wednesday and Friday. 6 holes of golf with tee off from 4.00pm. Followed by a few beers at the bar. Everybody is welcome to come down and play.
