ATTENTION

Process for Dropping of Entries to the Exhibition Shed

All entries need to be received to the Exhibition Shed on the Thursday between 1-6pm.

ONLY perishables
(produce, flowers and fruit and vegetables)
will be received on Friday (before 10am).

Enquiries can be made to Nat Kilpatrick on 0429 056 071

This is to reduce the number of vehicles and congestion around the exhibition shed on the Friday before the show, increasing volunteer safety, which is our highest priority. It also allows our team enough time to set and display the entries before Judging can commence.

Thank You

Thank you to everyone who gave me kindness when my beloved Martin passed suddenly at his home from a massive heart attack on the 26th May 2023.

The shock of this overwhelmed me.

We had a private service on June 24th to farewell him.

A special thanks to Val & Graham Hagan who helped me cope on the day of his death. And also to the Police Sergeant Terry O'Dea and Case Officer Rab Safrain from Beverley.

A big thanks to the Beverley Ambulance Officers, Jenny, Linda and Chad, who were so kind and compassionate in the way they went about their duties.

A very big thanks to my friends and Martin's who came to call with flowers and cards and food. And also for the visits and phone calls.

I feel very blessed to live in a warm and friendly community like Beverley.

A huge thanks to our two sons Derek and Andrew who are giving me strength to carry on.

Love to all

Janet Eloury

SHIRE OF BEVERLEY PRESIDENT'S REPORT

New Election Regulations for Local Governments

Local Government Reform Legislation has now passed through the State Parliament and among the many changes are those to the voting method to be used from this year onwards.

It is known as 'Optional Preferential Voting'.

Optional Preferential Voting

With this new system you can still vote for as many or as few candidates as you wish BUT IF you wish to vote for more than one candidate YOU MUST NUMBER THE BOXES of the candidates for whom you are voting. DO NOT USE CROSSES, TICKS, OR ANY OTHER MARK. If you do, your vote will be invalid.

Budget 2023 / 2024

Against the back drop of higher than expected inflation, the Shire has endeavoured to maintain the same level of works programmes and community infrastructure as achieved in previous years. Inflation at about 7% in the March quarter is proving to be difficult to achieve this aim and keep any rate increase to a minimum.

Impacting on the rate setting process this year is the fact that the Valuer General has revalued most farming land by an average of 23%.

The Capital budget for 2023/2024 is approximately \$11,438,128 of which the cost to the Shire is expected to be approximately \$2,124,750. The balance is coming from Grants and Reserves. Among the projects planned for the forthcoming year are: upgrades to Shire owned buildings, road and bridge construction, purchase of a new community bus, and installation of new lighting at the airstrip.

The largest item proposed is work to the swimming pool complex. A formal development plan was costed some years ago at about \$5,000,000. While this cost was untenable, this estimated cost has now increased to about \$12,000,000. Nevertheless, this work cannot be delayed indefinitely as it will result in the complex becoming unsuitable for human use. (*And to think that people once swam safely in the River!!*) Therefore, it is proposed to enter into a staged redevelopment. Stage one includes a wet deck, disabled access, and a new pump room with associated plumbing and filtration. Budgeted at \$2,000,000, it is to be funded from Grants, Reserves, and a new loan of \$1,000,000.

The result is that Council has approved an increase of 5% for 2023/2024. This is against an average annual rate rise of 3.07% from the years 2012/2013. While this is higher than we would otherwise like, the fact is that unless the economy settles into something like normalcy soon, a greater rise next year cannot be ruled out right now.

Annual Beverley Show

I would like to conclude by acknowledging the work and effort by the Committee in organising and conducting this annual event. It is a great plus for Beverley as it draws so many visitors to our town and enables us to showcase all the benefits of living here. Well done and thank you. Remember Saturday 19th August.

LOCAL GOVERNMENT ELECTIONS 2023

Local Government Elections are scheduled to be held on Saturday 21 October 2023, subject to the date of The Voice Referendum.

This year the WA Electoral Commission will be looking after the Shire of Beverley's Election and it will be held as a **postal election**.

Please make sure your enrolment details are up to date by visiting the WAEC website <https://www.elections.wa.gov.au/oes#/oec>

If you are interested in becoming a Councillor we suggest getting in contact with one of our current Councillors, attending a Council meeting or visiting the Department of Local Government website <https://www.dlgsc.wa.gov.au/local-government/local-governments/council-elections>

To be a Councillor, you would be involved in running an organisation with the responsibility of attending meetings to make decisions that have a major impact on our lifestyle. As a representative of your community you will hopefully find the role enjoyable, challenging and stimulating with involvement in matters as diverse as strategic planning, the environment, financial planning, town planning and roads.

Subject to the Referendum date, nominations will open on 31 August 2023 and close at 4:00pm sharp on 7 September 2023.

The WA Electoral commission will advertise the nomination details in the coming weeks. Please keep an eye on The West Australian newspaper, Shire of Beverley website and Shire of Beverley Facebook.

Three things in human life are important: the first is to be kind; the second is to be kind; and the third is to be kind.

ST JOHN AMBULANCE – BEVERLEY SUB CENTRE

On the 7th of July, our Sub Centre had a visit from our new Chief Emergency Officer, Brendan Brodie-Hall, who took the opportunity to visit some regional locations in his first few weeks, in order to get a wholistic understanding of the business and meet some of our awesome volunteers! Brendan was accompanied by Justin Fonte Head of Country Ambulance, Craig Spencer - Regional Manager Wheatbelt, & Matthew Guile - Assistant Regional Manager Wheatbelt.

Our Administrator Jo along with Committee and Crew entertained them for a short while before they ventured on to Brookton.

It was a most enjoyable meeting with these gentlemen and we proudly showed off our Sub Centre to them. The Sub Centre's ARM more commonly know as the **AGM will be held at the Sub Centre on Tuesday 22nd August 2023 at 7pm**. The Sub Centre are always in need of Volunteers be it in the capacity of an Ambulance Officer or Committee Personnel, if you feel you have the time to become a member of the organisation in the role of a Committee person, please contact Drew Doncon (0429 376 116) our Chairperson to discuss any queries you may have in becoming involved.

Last month we had the article about First Responder in the Blarney, this month we have followed up on the article if you would like to install the App on your MOB Phone.

With the Beverley Agricultural Show fast approaching we will be having a small stall there with an Ambulance and a small display of First Aid Kits should you wish to purchase one. Our Volunteers will be manning the stall and we look forward to seeing you on the 19th.

We wish to thank those who have supported the recycling of the cans and bottles at the sub centre, we have cashed them in and have received over \$200 so far. Clay and Linda instigated this at the sub centre and continue to look after the project.

Training has been well attended for July and crews this month have been focusing on burns and splinting of patients. Check out our Beverley SJA page on face book, we love taking photos of our crews in training and regularly post photos of them in training action. Of course there is the usual banter along with the learning.

The Sub Centre have purchased two recliner chairs & a small table for the main hall, sometimes a Crew from another town come to Beverley and need a little relax time before they head home, so now we have 2 very comfortable chairs for them to relax in and the facilities for them to make a cup of tea or coffee. All Volunteers are precious to small communities.

That's all for this month, but if joining the Beverley Sub Centre of SJA as a Volunteer interests you please contact Drew.

See you at the BEVERLEY SHOW!!

St John First Responder App

Help us find you in an emergency

We know that sometimes pinpointing your exact location can be difficult but when a situation is life threatening, every second counts. The St John First Responder App sends your GPS coordinates to the operator when you call Triple 000 for an ambulance, speeding up the time it takes to confirm your location and dispatch an ambulance.

Features of the St John First Aid App

The St John Ambulance First Responder App is an invaluable tool in an emergency situation. It offers users access to vital information, such as first aid instruction guides, location of the nearest medical centre and emergency department, as well as real time updates on emergency department waiting times and more.

Over 200,000 Western Australians have downloaded the app which also contains other resources, including:

- **First aid instruction guides** – helping you to treat a range of injuries and illnesses.
- **Defibrillator (AED) locator** - showing all the defibrillator locations near you.
- **Upload the location of new defibrillator (AED) locations** that aren't currently appearing on the app.
- **Locate nearest medical centres and emergency departments** - including live ED waiting time information.
- **Patient transport services information.**
- **Your first aid course information** and refresher reminder notices.
- **First aid tips and special offers** - keeping you up to date with handy first aid information.

Help others in an emergency situation

The St John First Responder app allows qualified first aiders in Western Australia to sign up and become a registered first responder. If a nearby emergency occurs (in a public place within 500 meters), you will be notified and given the opportunity to assist until the ambulance arrives.

To become a first aid responder, you will need to provide evidence of having completed a first aid course within the last three years. Minimum qualification level of HLTAID001 Provide cardiopulmonary resuscitation. We now offer the ability to become a BASIC level first responder in the app, by uploading your Photo ID.

The St John Ambulance First Responder is a free app that is compatible with iPhones, iPads and android devices. It is available on [Apple's App Store](#) and [Google Play](#). You can find out more about how to use the app in our [First Aid Responder App Guide](#).

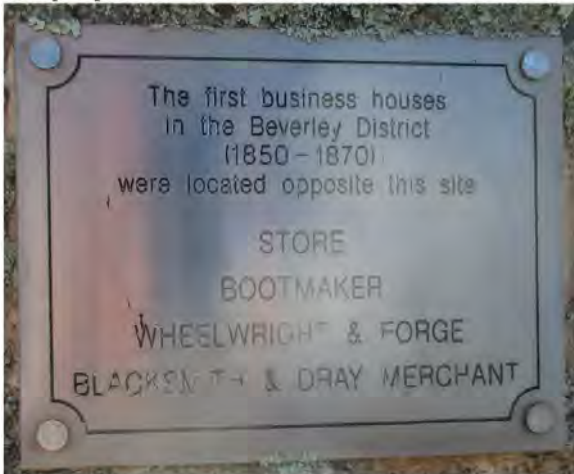

Edwards Crossing & South of Beverley Historical Sites

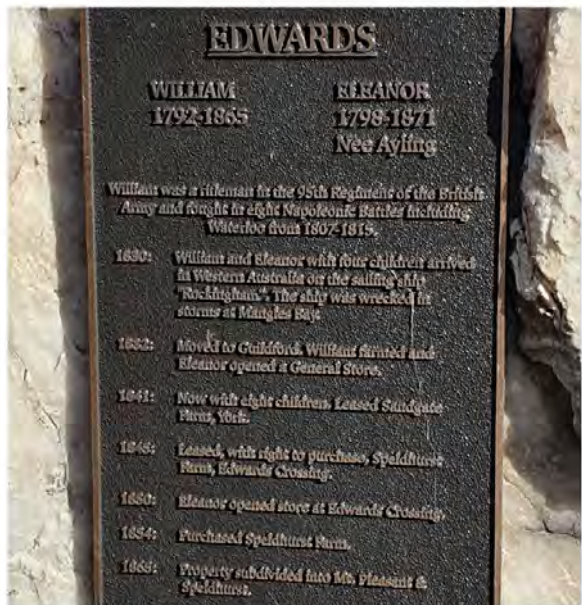

Members & friends ventured out on Monday 12 July to complete our tour of historical sites in Beverley. The first trading site in the Beverley area was at Edwards Crossing from 1850-1870.

The plaque notes the essential services available. ↓

Nearby is a monument erected by the Edwards family in 2009 to honour pioneer farmers by the Dale River crossing, William & Eleanor Edwards. ↓

Just south of the town is the site of a lonely grave ↑ that marks the burial place of Francis Joseph, baby son of Matilda & Joseph Wansbrough who, it is believed, came to work on the railway & lived at the area known as Main Camp.

At Mt Kokeby ↓ the plaque honours the town that was declared in 1902, as well as the school that operated from 1905 until it burnt down in 1945,

as reported in the *Beverley Times*:

Mt. Kokeby School Fire

INQUEST HELD

At the Beverley Court House on Friday, May 11, 1945, the Coroner (Mr. F. A. Bateman, S.M.) held an enquiry into the circumstances surrounding the fire which destroyed the Mt. Kokeby School. After hearing the evidence of some sixteen witnesses the Cormier found that the Fire was deliberately started by some person or persons unknown

Out on Yenyenning Lakes Road is the site of ↑ Erindale State School named for the nearby property of the Blechynden family. The school only lasted four years from 1906 to 1910,

The school building from here was relocated to the Bally Bally school along from the hall.

Scholars from Erindale State School had held their concerts in the Bally Bally Hall (see below).

The following was reported in the Beverley Times on Saturday 25 December 1920:

Shooting Fatality.
DEATH OF MR. W. PATTEN.
 The opening of the duck shooting season on Thursday was marked by a sad fatality whereby Mr. W. Patten, a well-known and highly respected resident of Mt. Kokeby, lost his life. Deceased, in company with many residents in and around the district, took

Beverley Ag Museum

Another icy cold morning did not deter the volunteers from meeting up on Saturday July 15, in fact they came in numbers with three new faces happy to be involved in the restoration and maintenance of the Beverley Communities Agricultural Collection housed at Avondale Farm located 6kms outside of town on Waterhatch Road.

With the fast-approaching date for the Annual Beverley Ag Show (Saturday August 19) our group were focused upon what items would be appropriate for display given our absence for several years due to a lack of willing volunteers, health and safety insurance issues and let's not forget (although most of us are happy to) Covid! All this is behind us and with the full support of the Beverley Shire Council we hope to exhibit a cross section of items from the collection on the day. So, it was no surprise to see John Hawke taking the Bedford J Series Truck for a run, one of the working items which will be on show, now that is enough Show information, for the rest of our display you will need to patronise your local event and hopefully come and have a chat with the members. One of the new volunteers Phil (from Parkerville) made an effort to start and find out why one of our McCormick Deering Tractors uses so much fuel (previously it ran out of fuel while on a test run), one contribution to the excess fuel usage is the leaking carburettor, which is now undergoing repairs, many thanks Phil.

Tealah and Rhys (who travelled up from Katanning) focused their efforts on starting the Massey Ferguson 585 Harvester fitted with a Perkins diesel, although the engine was heard to 'fire up' (and ran) several times, she was not at all happy to keep going, possibly due to air leaks into the fuel system or maybe just not a lover of the cold morning. As I explained to our much younger (and very enthusiastic) Rhys, like me the equipment is old and unlike the modern (less tired) machines he is used to working on, so can often be cantankerous (the machinery not me haha, although my wife may express a different opinion). The pair then moved onto the Farmall Tractor nearby, but she was not impressed at starting and maybe given a bit more battery 'Umph' will give a more positive result next time.

As always Eric and I concerned ourselves with ensuring the tyres were not deflated, before Eric moved onto manually 'Turning over' some Stationary Engines a project (starting them up) both Bob and Paul are 'champing at the bit' to get started on. Paul continued his efforts with restoration of the C30 International Truck, and Bob secured the Bench Grinder stand and Pedestal Drill to the floor while continuing his efforts to sort out many years of disorganisation in the workshop.

There were many visitors (mainly from Perth) who came to visit us and several who 'dropped in' even after our official closing time, some were out and about looking to entertain their children (8 in all) given the end of the school holidays on what turned out to be a beautiful day weatherwise.

We are meeting up again a week earlier than our normal on Saturday August 12 (Closed on Show Day) so feel free to visit between 8.30am and Noon, otherwise we hope to see you at the Show.

For more information on our group or Museum opening times please ring John on 9646 0768 or the Beverley Shire Office on 9646 1200.

BEVERLEY MEN'S SHED

Every Tuesday morning the car park in Jutland Place can be seen to overflow onto the main street with Men from Beverley and surrounds descending upon the old heritage listed Fire Station which is the home of the Beverley Men's Shed, passers-by may well experience the smell of party pies or homemade fruit or mince turnovers cooking in the fully equipped kitchen, and on Tuesday July 4 it was no exception with the Annual General Meeting in progress.

The meeting was 'chaired' by member Bruce Hunt, and once all those present had settled down to listen (everyone always has something to chat about) the President gave a summarising speech for his past year in office.

Beverley Men's Shed President's Report 2022/2023

As my first term as president comes to a close, I have looked back over the past year and reflected on our achievements.

The year has been one of success with membership growth, financial stability, projects completed and, most importantly of all, our Shed continues to be a place where the men of Beverley can gather in fellowship and support. New members are essential to progress the development of an organisation and the new members that we have welcomed during the year have enlivened and enriched the Beverley Men's Shed.

We are a community focussed organisation and our commitment to the community is represented through various projects during the past year, including:

- Raffles for fund raising for the RFDS in which we raised \$848.00.
- Free community sausage sizzle.
- Building of bird boxes for the Beverley Community Garden.
- Assembly of chicken cages for the Beverley Agricultural Society.
- Assisted residents to cross the road outside the IGA during construction works on the main street.
- Weeding, mulching and pruning of the police station garden and, in January, assisting with the 40th anniversary celebration of the Beverley Police Station with setup and packing up of seating and a marquee. Thank you to David Chittleborough for donating the mulch.
- Helping community members with gardening.
- Supporting the MotoX event held at the Beverley MotoX track.
- Building photo boxes, constructing a table and working on the gazebo and seating for the Beverley Station Arts Society. A special thanks to Ted Sampson for his assistance in these projects.
- Additional to our community projects a range of activities has been organised for members:
- Visits to Men's Sheds at Pingelly, York and Gosnells.
- Fundraising raffles that contribute to the running costs of the Shed.
- Visiting and calling members who have had the misfortune to be hospitalised.
- Visiting Barry & Kathleen Ferguson's Museum.
- Visit to Avondale farm.
- Talks on men's health issues.
- Taking members to hospital appointments.
- Cutting, sawing and splitting wood as a fundraising activity.

A community group thrives through the active participation of its members, and I have had the willing support of you all throughout the year. I would like to thank Bob Green and Jon Rothwell, our secretary and treasurer, who have been of great assistance throughout the year. I would also like to thank all those who have participated in the various community projects. A special thanks goes to our wood team which raises a significant proportion of the funds required to keep the shed running and to finance new projects such as the hydroponic system we are in the process of setting up.

Thank you to the wood team for the work they have put in throughout the winter months. In particular I thank Graeme Dasborough, who at 91 is our most senior member, for the use of his property for storing and processing the wood and John Roki for the loan of his circular saw and block splitter which has made the task so much easier. I would also like to thank Graeme and Roki for the consistent contribution of their vehicles for transporting the wood.

Eric Beer deserves a special mention for his significant contribution to the assembly of the new poultry cages for the Beverley Agricultural Society. Bob Green has continued to be a stalwart of the raffles, organising regular sales of tickets at the Lions Kiosk on the main street and raising considerable funds for our Shed and the RFDS.

Our friends across the road at the CWA have assisted with catering and prize donations for our raffles throughout the year. Thank you, ladies.

Finally, I would like to thank Fred Bremner, Harvey Morrell and others that supported me as I took on the role as president and to our Vice President John Fricker, who has been there supporting myself and guiding the Shed while I was absent.

We are in a stable position to continue our work in supporting the community and each other during the coming year.z

I thank each and every member for their contribution and look forward to our continued success in the year ahead.

Peter Cashmore
04 July 2023

This was followed by the re-election of our four office bearers,
President: Peter Cashmore (re-elected by secret ballot).
Vice President: John (Jonno) Fricker - unopposed.
Secretary: Robert (Bob) Green - unopposed.
Treasurer: Jon Rothwell - unopposed.

Various topics and projects were discussed before members continued with their own activities.

If you feel that being a part of the Men's Shed is something that may interest you, feel free to contact 'Bob' on 0429 441 253 for more details.

TREE & GARDEN SOCIETY

BEVERLEY TREE & GARDEN SOCIETY

The June meeting was supposed to have been replaced by a trip to Zanthorrea nursery and Melville rose nursery but unfortunately had to be abandoned due to inclement weather. This outing has now been rescheduled for Tuesday the 29th of August. Please call Dorothy on 0429 989 031 to book a seat on the bus. There will be no cost for the bus but we will be purchasing our lunch.

July saw the return of our senior's lunch to its traditional day and it was very well attended. It is always a privilege to catch up with past members who were instrumental in making the Beverley Garden and Tree Society such a successful organisation. Thank you to the ladies of the CWA who did such a great job of setting up their rooms, assisting with setting out the lunch and cleaning up afterwards. Also thanks to all members who provided the lovely bring and share luncheon. Unfortunately our musical entertainers were unavailable this year but have already been booked for next year.

The next meeting will be held at 10.30am on Tuesday the 1st of August at Tim Law's home. Please bring a small morning tea plate to share if you are able to. There will be a busy bee at the Dead Finish garden prior to the meeting so please come along at 8.30 - 9am if you are able to assist. The days are finally starting to become longer and there is plenty of gardening to do in the garden in August as we get ready for spring.

Vegies to plant in August include: beetroot, cabbage, carrots, lettuce, onion, parsnip, peas, silver beet, artichoke, potato and rhubarb.

Flowers to plant in August include: marigold, begonia, carnation, gazania, nasturtium, dianthus and statice.

August is a great time to attend to the following tasks in the garden:

- Harvest citrus fruit daily. Over ripe fruit will become dry
- Shape deciduous trees while you can see their framework
- Occasionally wipe the leaves of your indoor plants with a damp cloth to remove dust. It will help the plant to breathe better
- Pick pears while a little unripe and allow to ripen in the fridge or at room temperature
- After flowering, prune poinsettia below waist height. Wear gloves and eye protection as the sap can burn
- After harvesting broccoli, leave the plant in the ground as smaller heads will shoot (similar to broccolini)
- Give your garden soil a moisture test by digging a hole a spade's depth and checking if water has penetrated to root level. If not, apply a soil wetting agent
- Discourage cats from digging in your garden by planting citrus perfumed plants such as lemon verbena and lime scented geraniums
- Harvest fruit regularly from avocado trees. If left too long, the tree could end up cropping every 2 years instead of annually
- To help train climbers up poles, tie them on loosely with plastic ties
- Plant comfrey near your compost and add leaves to your heap. They are rich in nutrients and break down quickly
- If your dog loves to chew plants, ensure the following toxic plants are not around - aloe vera, daffodil, lily, sago palm, tulip and yesterday, today and tomorrow

Enjoy your time in your garden in August.

BEVERLEY HISTORICAL SOCIETY

Beverley Historical Society
Dead Finish Museum
bhsdeadfinish@gmail.com

The members have been very busy lately with our Bus trips to the old school sites cleaning the plaques and surrounds, we also had a town drive to learn about local History sites that are no longer there plus check if any needed attention. It has been very enjoyable to us all. We hope to do another trip in another couple of months to the Churches in our area.

The Museum has been very busy in the past month with 3 bus tours visiting and 4 more in August. Thanks to the members who make themselves available to open during the week.

August is the Annual Agricultural Show so we will be putting our thinking caps on for our display, pop into the exhibition shed to check it out.

Also, the Beverley District High School is celebrating 150yrs of schooling in Beverley on 15th September. To celebrate with them we will have a display of old schools at the Dead Finish from after the Show until the end of September. The Museum will also be open on Friday 15th September from 10a.m.

If you are interested in local History and would like to volunteer to help at the Museum please feel free to contact a committee member, call in on Sundays 11 – 3 to see what is involved or attend our next meeting.

Our next meeting is Monday 14th August at 1.30p.m. Any members available we will be at Museum before the meeting at 10a.m. to put Show display together.

We can always be contacted bhsdeadfinish@gmail.com

STATE LIBRARY AWARDS FINALIST - JAIME WILLIAMSON

Last year, Jaime developed an initiative that encouraged our junior residents to join the library and expand their literacy skills. With grant funding from State Library WA, she was able to complete her vision by creating a kids zone with bean bags, cushions, shelving, 2 new iPads, Australian wall art, junior members sign up packs and she started the Junior Book Club. The CRC team nominated Jaime for the State Library Award for her passion to improve literacy. Thank you SLWA for this great opportunity, along with the Shire of Beverley for their ongoing support.

JUNIOR BOOK CLUB RETURNS

We mentioned in the June Blarney, with the updated changes to ordering ILLS books it has unfortunately affected our local book clubs, with our junior readers unable to get books. We are pleased to announce that with successful funding from the Backyard Cricket Grant, our Junior Book Club returns. The club meets on the last Wednesday of the month at the library from 3pm to 4pm. This months book is *The Grandest Book Shop in the World* by Amelia Mellor and we look forward to hearing all your wonderful insights at the end of the month.

SCHOOL HOLIDAYS KIDS' MOVIE - STRANGE WORLD

The weather has been pretty miserable lately so we decided, that instead of our usual kids' activities, we would stay indoors and watch a movie. The kids were comfy with their blankets and snacks, and thoroughly enjoyed this fantastic movie, a big thank you to everyone who came along.

SOCK WEEK

SOCK WEEK GRANT

We successfully held our Fluoro Friday Disco, Fatal Vision Goggles at the Community Markets, and morning tea with the local police, and community Fluoro Friday to raise awareness for "Save Our Country Kids".

WHAT IS SOCK WEEK?

SOCK stands for 'Save Our Country Kids', you may have seen ads on TV. Narembeen CRC created this road safety initiative to educate and remind road users about the impact of poor decision-making on a small community.

THANK YOU

Thank you to our community for jumping on board and supporting us with the Save Our Country Kids initiative. Thank you to the funding bodies; Narembeen CRC, Shire of Narembeen, and Road Safety Commission for allowing us to raise awareness in our community by hosting these events. Thank you to our local police, Shire of Beverley, and the Junior Sports Committee for catering at the disco, the kids loved it! A special thank you to Jenifer Robins for donating some prizes for our disco dancers!

WARRIOR WELLBEING ARTICLE

Self-Care – What Does it Look Like for Blokes?

BY THE REGIONAL MEN'S HEALTH INITIATIVE
August 2023

A statement I often find myself saying to family members, friends, and individuals I interact with through the work we do at Regional Men's Health is *look after yourself mate!* This message does come from a genuine place of concern for these people and encompasses a key component of our vision statement which is to *empower men and communities to take responsibility for their wellbeing and health.* However, what does it really mean and look like for blokes living and working in regional, rural and remote WA?

Looking after oneself is best described as *self-care*. This involves a deliberate and self-initiated act to help maintain our physical, mental, or social/spiritual wellbeing. As humans, we all live different lives and the circumstances around our work, family commitments, individual capacity and environmental factors can change, so self-care will vary from person to person. However, for most of us we should endeavor for it to be:

- Regular & ongoing (it's not just a one-off thing we do and forget about for the rest of the year).
- More than just the time left over. Don't leave yourself the dregs, time for self-care must be a necessity not a luxury! Factor it into our daily, weekly, or monthly routine/planning.
- An important part of our work-life balance. It can help us cope with challenging times and makes us more effective managing the demands of daily life.

For a lot of men, the pursuit of business goals and success (warrior attitude - winning) often pushes *personal wellbeing and health* issues down our list of priorities. When we think about it, acts of self-care give us the opportunity to reset and gives a *circuit breaker* effect on the daily grind and rat race that life can often feel like. Especially in these times of fast-moving technological advances, bombardment of social media influences, information accessibility and blurring of work-life balance (i.e. working from home, 24/7 access through smart phones). Self-care makes us more effective and offers us a buffer from the bumps in the road of life and ignoring this fact can result in us not being up to par in any aspect of our lives. Relationships can become strained, we can suffer burn out, harbor resentment, and miss out on the things that we don't realise are important until they're gone.

There is a varying range of definitions for self-care, but they all point towards us as individuals making the time to do things on a regular basis to help us live well and supports good physical, mental and social/spiritual wellbeing, including but not limited to:

- Starting with small changes that we can manage. Ask yourself 'what's in my control, do I need to learn to say no to unhelpful habits, behaviors, or extra commitments?'
- Changing our mindset and putting ourselves first. We shouldn't see this as selfish but a form of good self-management. We must actively plan and commit for self-care to happen.
- Being connected to our passions, interests and a sense of belonging (family/community).
- Eating well, regular exercise and a good sleep routine.
- Getting a checkup with our GP and other health care professionals.

Remember, self-care starts with you so try doing something that makes you feel good, gets you excited and puts a smile on your face. If you're finding it hard to do this don't forget ...*before it all gets too much... Talk to a Mate@!!*

Are those prawns in my garden?

Lawn "shrimp", *Arcitalitrus sylvaticus*,

Forget shrimp on a barbie, what are they doing in my garden?

The recent wet weather has contributed to an interesting report of some "tiny flea looking... prawn things" in a Perth resident's garden. This prompted us to re-visit a previous article on these curious crustaceans.

Lawn shrimp, *Arcitalitrus sylvaticus*, also referred to as lawn prawns or landhoppers, are terrestrial crustaceans from the family Talitridae. These tiny 5-20 mm nocturnal soil dwellers are normally found within the top few centimetres of soil/mulch, where they feed on dead organic material (particularly eucalyptus debris), turning it into fertiliser for the garden.

Heavy rain in winter can prompt a sudden emergence of lawn shrimp, sometimes in their hundreds, giving people a shock when they appear across lawns, garden beds and paving. Don't worry, they don't pose a threat to people, pets, or the environment.

Lawn shrimp are related to marine and freshwater crustaceans but lack the waxy coating on their exoskeleton which aids the retention of moisture.

They need moist soil to live and feed in, but if the soil is too wet or too dry the shrimp emerge from the soil looking for more suitable habitat. Sadly, they often find themselves on paving or driveways dying of dehydration and starvation. Poor things.

Equipped with seven pairs of leg-like appendages, they move with a springing action using their three pairs of "hind" legs. It's likely this movement, and their tiny size, that leads people to suspect they're fleas.

Lawn shrimp breed year-round and the mated female lays eggs in a pouch on the underside of their body. The babies are a smaller version of the adults and leave the pouch soon after hatching. How cute!

Do I control these?

There's no need for control. Just sweep them up and return them to the garden to add to the organic content in the soil.

If present in your garden, these cute little crustaceans will disappear with the return of drier weather. If you haven't seen them, why not take a closer look for these little curiosities!

WHATS HAPPENING WITH HEALTH IN AUGUST

- ☆Jeans for Genes-4th 1 in 20 kids' faces a birth defect or genetic disease, like cancer, cystic fibrosis, and life-threatening metabolic disorders. That's 12 kids born every minute worldwide. Help to find a cure.
- ☆Red nose day – 11th Every year on the second Friday in August, we invite Australians everywhere to get silly for a serious cause to raise much needed funds to help stop little lives being cut short and support grieving families. More than 3,000 babies still die suddenly and unexpectedly each year in Australia. We are losing them to stillbirth, SIDS among other things.
- ☆Kidney kar rally-You can help kids with kidney disease get the care, treatment and support they need.
- ☆International day against bullying and violence 18th-The National Day of Action Against Bullying and Violence (NDA) is Australia's key bullying prevention initiative for schools, encouraging whole-school communities to work together to implement evidence-informed positive and proactive solutions to prevent and address bullying.
- ☆Wear it purple 25th-Wear It Purple strives to foster supportive, safe, empowering and inclusive environments for rainbow young people.
- ☆Daffodil Day 31st-For all that cancer takes, give all that you can this Daffodil Day Appeal. Join thousands supporting cancer research.

COVID Vaccines - as the Beverley community have been outstanding with their responsibility to attending for all their recommended doses, and with our commitment to reduce wastage and maximise doses we are now maintaining a waiting list for those who may need a further vaccination. This has been due to the logistics of ordering and storing the vaccine in the rural area, please check in for our next vaccination day.

Remember the best way to avoid COVID is to ensure you are vaccinated, wash your hands frequently with soap and water for 20 seconds, use alcohol-based hand sanitiser, cover your cough and sneezes dispose of your tissues and wash your hands after, wear a mask and physical distancing, stay home, and follow the health direct rules if you have symptoms.

The Beverley Medical Practice is committed to providing quality health services to Beverley and surrounding areas. As part of our commitment to the community we support and assist up and coming medical health professionals. We have a number of student GP's attending clinics both onsite and virtually. These Student GP's are from Notre Dame, UWA and Curtin University. If you are interested in assisting us by allowing one of our students to sit in on your consult or attend a virtual clinic over the phone, please let our staff know. You may also advise staff if you would prefer not to have them in attendance.

Care outside normal opening hours - When the Beverley Medical Practice is closed you can always get medical attention by calling-Ready Care 1800 225 523 or Calling health direct 1800 222 222 or by attending the Beverley District Hospital, located in Sewell Street Beverley where experienced staff will triage the patient and contact the on-call Doctor

ULURU STATEMENT FROM THE HEART

We, gathered at the 2017 National Constitutional Convention, coming from all points of the southern sky, make this statement from the heart:

Our Aboriginal and Torres Strait Islander tribes were the first sovereign Nations of the Australian continent and its adjacent islands, and possessed it under our own laws and customs. This our ancestors did, according to the reckoning of our culture, from the Creation, according to the common law from ‘time immemorial’, and according to science more than 60,000 years ago.

This sovereignty is *a spiritual notion: the ancestral tie between the land, or ‘mother nature’, and the Aboriginal and Torres Strait Islander peoples who were born therefrom, remain attached thereto, and must one day return thither to be united with our ancestors. This link is the basis of the ownership of the soil, or better, of sovereignty.* It has never been ceded or extinguished, and co-exists with the sovereignty of the Crown.

How could it be otherwise? That peoples possessed a land for sixty millennia and this sacred link disappears from world history in merely the last two hundred years?

With substantive constitutional change and structural reform, we believe this ancient sovereignty can shine through as a fuller expression of Australia’s nationhood.

Proportionally, we are the most incarcerated people on the planet. We are not an innately criminal people. Our children are alienated from their families at unprecedented rates. This cannot be because we have no love for them. And our youth languish in detention in obscene numbers. They should be our hope for the future.

These dimensions of our crisis tell plainly the structural nature of our problem. This is *the torment of our powerlessness.*

We seek constitutional reforms to empower our people and take *a rightful place* in our own country. When we have power over our destiny our children will flourish. They will walk in two worlds and their culture will be a gift to their country.

We call for the establishment of a First Nations Voice enshrined in the Constitution.

Makarrata is the culmination of our agenda: *the coming together after a struggle.* It captures our aspirations for a fair and truthful relationship with the people of Australia and a better future for our children based on justice and self-determination.

We seek a Makarrata Commission to supervise a process of agreement-making between governments and First Nations and truth-telling about our history.

In 1967 we were counted, in 2017 we seek to be heard. We leave base camp and start our trek across this vast country. We invite you to walk with us in a movement of the Australian people for a better future.

NAIDOC Week

BDHS celebrated NAIDOC Week in Week 10 of Term 2. Students participated in a smoking ceremony performed by Mr Dylan Ugle at our NAIDOC Assembly. We were treated to homemade damper and kangaroo sausages for lunch prepared by Donna Ugle and family. Kindy and Pre-primary students enjoyed Noongar stories with Miss Gemma Ugle, and all students engaged in many cultural classroom activities throughout the week. During our end of term SPARK Reward Afternoon, our secondary students led a variety of cultural games that they learned through their engagement in the Stephen Michael Foundation Program at BDHS. What a fabulous way to end the term!

Beverley District High School – Year 4/5

Dance was introduced to the Year 4/5 class throughout Term 2. Students explored the elements of dance (body, energy, space, and time) and used the choreographic devices of repetition, contrast, and unison to create dances that communicated an idea/theme.

Students showcased their newly taught dance skills at a whole school assembly, themed 'Beverley's Got Talent!'. Students re-enacted the 'auditions' setting from the original show with presenters, performers, and judges (with buzzers!). Students dazzled the audience and judges with solos, duets and group pieces that included various dance genres to a range of music. There was tap dance performed to the song 'I'm Still Standing', and a ballet piece to 'Dance of the Swans (from Swan Lake)' that transitioned to an upbeat remix. There was also a lyrical dance to the song 'True Colours', and a fun dance to a 'Minions' song. On conclusion of the assembly, all students participated in a whole class hip-hop dance to the song 'Bones' by Imagine Dragons. All students were highly committed to rehearsals and collaboratively created their dance pieces with each other and myself. The atmosphere on the day was incredible, and it was wonderful to see everyone on stage and in the audience thoroughly enjoying themselves.

I am very proud of all students' efforts, and they should be congratulated for their outstanding performance.

Miss Kelly FitzGerald, Year 4/5 Teacher.

We all have the right to feel safe all of the time

Would you know what you'd do in a situation where your child's friend disclosed information about abuse? Have you ever considered what to say in the case of another child showing yours pornography?

Often parents don't want to think about dealing with a situation like this. It's scary and they hope it won't ever happen to their child.

What would you do?

Are you confused about how to teach your children to be wary of potential harm, without overloading them with fear, wrapping them in cotton wool, or giving them so much information that their innocence is damaged? Would you know what tried and true steps to take in the event a situation occurred?

Come along to this Protective Education Workshop

Protective Education is a proactive whole community approach to teaching life skills to children. It gives them the language to identify unsafe situations, arm them with tools to seek appropriate assistance or protect themselves.

Date: **Monday 14th August**

Time: **6pm-8pm (Creche Available)**

Venue: **Beverley Town Hall**

RSVP: **tamara.nixon@education.wa.edu.au**

Two Themes of Protective Education:

"We all have the right to feel safe all of the time."

"We can talk with someone about anything."

Protective Education Concepts:

Artists-in-Residence at the Station

Artists-in-Residence during July:

Both Tiffany Forster and Lorraine Pichugin enjoyed their time as Artists-in-Residence. Tiffany was astounded at the abundant birdlife she found on her walks around Beverley which kept her very busy transcribing them into beautiful pastel paintings.

Marylou and Kylie enjoying pastel painting with AiR Tiff

Lorraine and some of her art that was on display in the Gallery during her stay.

Artists-in-Residence during August 2023:

Meg Bradford-Seeley 2 – 15 August

Anthea-jo Taylor and Diana Drachenberg 16 – 30 Aug

Meg Bradford-Seeley OAM

Meg is a botanical style artist who works in watercolour, painting mainly WA wild flowers. Following her retirement from nursing (for which she was recognised with an Order of Australia medal in 2018 for Services to

Community Health), she found the time to pursue a desire to paint. Meg had experienced much of the Australian bush and outback, both on the ground and, as a pilot, from a small aircraft. She finds the constantly changing colours and textures related to vegetation and terrain endless and quite transfixing.

While at the Station Gallery Meg will be working on her entries for the Watercolour Society of WA exhibition in October. She will have framed paintings on exhibition, some prints available, plus blank greeting cards of her paintings, as well as tea towels and 2024 calendars. "If my painting gives you pleasure, and causes you to look more deeply into creation and nature as a result, then I have truly shared my gift with you, and I am happy." Meg has not planned any workshops but is happy to share her knowledge of botanical art to those interested.

Anthea-jo Taylor

studied Art and Design at Fremantle and Perth TAFES before travelling overseas and studying printmaking at the *Falmouth School of Art* in Cornwall and later, whilst living in Scotland, became a participating member of the *Edinburgh Print Studio*.

On return to Australia she accepted a four year contract teaching Indigenous adults in the Kimberley and taught art to trainee teachers. Later, whilst living and working in Canberra, she became a participant member of the *Megalo Print Studio* and on return to

Perth, joined the *Printmakers Association of WA* (PAWA) and regularly participates in short courses at the *Fremantle Arts Centre* and the *Midland/Mundaring Arts Centre*. Over the years she has undertaken various commissions and pro bono illustration and editing work. Jo is happy to share with others her visual media interests, techniques and skills while AiR at the Station.

Diana Drachenberg studied Fine Art at Newcastle N.S.W. Art School then in Perth worked as a Cadet Artist at the West Australian Newspapers, before overseas work as a Commercial Artist in Scotland and the U.S.A. On her return to WA she worked as a Geological Draughtsman for Western Mining in Kambalda before settling in Walpole where she gave art and craft classes and established a Tourist Bureau marketing local art and crafts. She subsequently started a Tourist Bureau in Mt Magnet while teaching art and crafts at Community workshops and at the High School. She also organised art displays and competitions in Mt Magnet, Geraldton and Perth.

Of recent years she has returned to her first love of sketching - plein air and figure drawing and is happy to share her skills, gratis, while in Beverley.

BeSASS (Beverley Station ArtS Singers) is a FREE community choir which continues to meet weekly on **WEDNESDAYS** for around an hour and a half from **6pm** in the Green Room of the Platform Theatre. Kelly Shaw and Jo Sims share the role of Musical Director and have the choir members (15 so far) motivated to sing their hearts out, with or without musical accompanist, at our annual Choir Muster on 16 September. The choir has also been asked to perform at the Frail Aged Lodge with a debut Thursday 10 August at 2pm. Anyone wishing to join the choir of BeSASS please contact Hazel Martin who coordinates the group - Ph: 0438 843 333. There is no charge - all we ask is that you become a member of Beverley Station Arts (\$30/year) by the third week of attending BeSASS.

PERFORMING ARTS

NEXT EVENT at the Platform Theatre
CHOIR MUSTER, SATURDAY SEPT 16

Yes, it's that time of the year when choirs throughout the state are practicing to muster in Beverley for a big sing at the Platform Theatre and to indulge themselves with Station Arts famous afternoon tea! Organized by Voice Moves, eight choirs sing for twenty minutes each, thus the event finishes at 5pm, giving Perth choirs time to return home. However, many opt to stay in town for an evening singing in the pubs!

- **SATURDAY 16 SEPTEMBER**
- **2.00 pm – 5.00pm / Gates open 1.30pm**
- Country Choir Muster presented by "Voice Moves" (WA's major choral association)
- Afternoon tea break 3.20pm – 3.45pm
- Tickets \$10 general public (children U/15 free)
- Online via www.trybooking.com/CJEFC OR Beverley CRC or payable at the door/gate
- Country style afternoon tea at intermission

- Wear hats and sunglasses if warm; Rug up if cold and, in case of inclement weather the event will be relocated to the Town Hall

SYDNEY II : LOST AND FOUND

The evening of Tuesday 18 July saw a crowd of 97 gathered at the Town Hall for the amazing story of the Sydney II brought to life through immersive audio-visual projections and live actors.

We again thank those supporting this touring event by CircuitWest Shows on the Go, Theatre 180, Cinema Stage Immersive Storytelling, Department of Local Government, Sport and Cultural Industries, and Fremantle Press.

TUESDAY 7 NOVEMBER

Thank you for your support during the 2022/2023 season.
It's membership time and we are hoping for your ongoing support.

Another fabulous year done. Some of our outstanding events were Tony Galati the musical, our tribute band Soul'd on Tina, the ever-popular free Community Christmas Party, Sparrows of Kabul, BAD Season of one act plays, Choir Muster the Easter Art Exhibition and Markets and the amazing performance of "A Fortunate Life".

Supporting BSA Inc is also of course supporting the Beverley Armature Dramatics (BAD) and the Beverley Station Arts Singers (BeSassy).

The Community Banner project was also completed and provided individual banners for 23 of our Community Special Interest and Sporting Groups.

Along with this 2022/2023 saw many new visitors come to Beverley to be an Artist in Residence or take part in the many Visual Art activities that were undertaken such as the Plein Air workshops. The Artist In Residency program is booked into 2025 and beyond with a large list of artists happy to sit on the cancellation list.

A very successful and enjoyable season of events already with plenty of exciting events still on the current schedule:

- *Sydney II Lost and Found - July 18
- *Choir Muster - September 16
- *Ballet in Beverley - WA Youth Ballet - October 6
- *Brothers in Arms - The Dire Straits Experience - November 4
- *Alex & Evie and the ever falling rain - November 6
- *Community Christmas Party, with Mr. Snottbottom and Natural Wings performances December 23
- *Diner En Blanc Beverley - February 24

Outside of events program, we will be undertaking the following new projects.

- *Gallery Extension
- *Applying for grant to place an Artist In Residence once again at the Beverley District High School following the successful 21/22 program
- *Seeking funding to upgrade the lighting and sound, at the Platform Theatre
- *Updating our Strategic Plan to ensure that we are sustainable well into the coming years

Your support helps us to maintain the Station Gallery and Platform Theatre and helps us source and present new and varied Arts events. We hope that becoming or continuing to be a "Friend" of the BSA makes you feel part of your local community and provides a sense of ownership of the Station, as well as helping us continue to support the Arts and provide Art opportunities in the Avon Valley.

All members have the chance to take part in the Station's governance.

As a member you are invited to the BSA Inc's AGM and will have voting rights as well as being eligible to nominate for BSA Committee positions. The BSA Annual report is emailed to all members.

You will also have access to discounted rates at the Platform Theatre events and will be entitled to free entry to the Annual Art Exhibition Opening.

NOTE: Annual membership fee is \$30 p.p. or \$50 per couple (new member), \$25 p.p. or \$40 per couple (renewal), which covers the period 1 July – 30 June. Beverley Station Arts is a not-for-profit organisation.

We look forward to your continued support us through 2023/2024.

ORIENTEERING
WESTERN AUSTRALIA

FOR RELEASE WEEK COMMENCING 8TH SEPTEMBER 2023

Orienteering WA

PO Box 234, Subiaco 6904

Do you want to exercise your body AND your brain? Try something different?

Come along to Orienteering WA's next bush event at Umuna farm, off Luptons Rd near Beverley on Sunday 17th September. Register online until 5pm the day prior, or on the day from 9.30 to 10.30am at the caravan.

Orienteering is a map reading SPORT where participants have to find their way around a course marked on a map in as short a time as possible. There are various levels and lengths of courses at every event – 'have a go'.

The 'thought sport' is suitable for children from 7 years old, elite athletes and mature aged people up to 80 – a sport for all ages and abilities! Come and have fun with friends and family. Compete individually or in groups – walking or running.

If you want to try something different and see new areas on many Sundays, check out Orienteering WA's full programme of 'events' on the web site at www.wa.orienteering.asn.au and just come along – no experience or equipment necessary – briefing given to newcomers.

For more information, call Helen on 0409 889944.

BEVERLEY JUNIOR SPORT

NET-SET-GO

Just like that our Net-Set-Go program for 2023 has come to an end. Our Pre Primary to Year 3 players have been developing their skills during term 2 under the watchful eye of our wonderful coaches Jamie Williamson and Kelly Aaron. A massive thank you goes to these two ladies who have been able to keep our littlest players keen to learn more. Also thank you to all the the parents who helped the coaches out every week.

Two of these little netballers represented Beverley in the Year 5 under under team, when sickness hit the town and we needed urgent numbers, not only for Beverley's team but also our opposition. Well done to Lucy and Zara who went up against some very tall opposition players. Well done to all the players. We definitely have some netball stars in the making.

Another great day of sport against surrounding towns. Unfortunately sickness hit the teams which resulted in us having to withdraw the Netball Year 7 and Under team, but we were still able to take over two netball Year 5 and under teams and our Football Year 7 and Under. There were some really close games and by the end of the day, our Beverley Black team took home the Doncon-McNeil Shield. Amazing work by our girls!! Congratulations to Ashlyn and Pippa on receiving Most Valued player for your teams. Thank you to our coaches and umpires on the day as we can't do it without you.

Beverley Horse and Pony Club

Who's been out and about

Pony Club Festival: Ruth Elsegood, riding Amy, attended the annual Pony Club WA Festival at Murray Pony Club.

Moora CNN: Trinity Matthews, riding Luxxe, attended this event. It was her horses first ever eventing start and both made it through all three phases. Well done!

June Rally: This was a games focus rally with the riders learning the new PPMG games and the Novelties plus getting some specific coaching on how to ride a successful hand pony course.

Mounted Games Association (MGA): Jess Martin, riding Larry and Ruth Elsegood, riding Amy, both competed at this event as a pair. Fantastic to see our senior rider taking our junior rider under her wing and they worked so well together!

Beverley PPMG & Novelties Event (incorp. Avon Zone Runoffs): Our club has run this event for our zone for 6 years. We had four senior teams and 3 junior team compete in the morning, then all riders participating in the individual Novelties in the afternoon. Carley and Mac Ballantyne completed in a senior composite team with Avon Valley. Ruth Elsegood, Mia Farr, Sonja Houk and Rueben Wegner competed in the junior division.

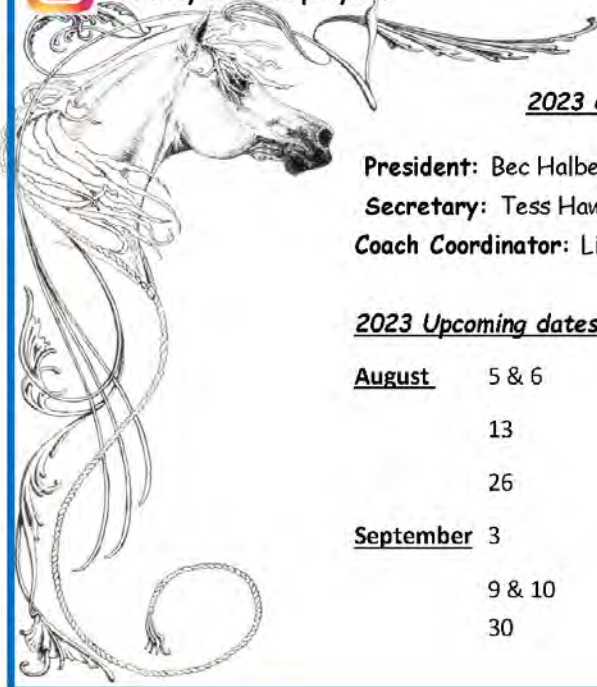

Avon Zone Camp: Ruth Elsegood and Rueben Wegner's families braved camping in Northam for an amazing two days with riders from South Midlands, Mortock, Avon Valley, York and Beverley Pony Clubs,

Dressage State Championships: Ruth Elsegood and Amy attended this event.

Fast5 has finished for 2023 - Congratulations to Brookton for finishing the season undefeated and on top of the ladder. Thank you to everyone and well done for playing on nights where the fire at home would have been very tempting. Thank you to the fill ins and the players who played multiple games in one night.

Northam Netball

Saturday 15th July saw our very own Jenifer Petchell play her 200th game.

Jen has been involved with the Beverley Netball Club since 2002 and has been heavily involved in the committee since 2003. She has been Treasurer on and off for a total of 16yrs, Vice President in between that. Jen has been awarded most consistent on a few occasions and received the life membership achievement in 2017. Jen was also part of the 2006, 2007 premiership teams.

Jen began her journey as a netballer in the backline as a defence player and was a force to be reckoned with. A few seasons were disrupted due to having babies and injuries but Jen managed to get back. In the last few years she has transformed herself into a shooter and has found her groove. We have had to pry her away from playing hockey a few times to help us field a team on the netball court.

Jen has been the Snr coach and Captain since our move to Northam in 2019.

Boomerangs have had great number turning up for games and commonly fielding 11 players. Being there are only 7 on court at one time the sportsmanship the girls have been showing when repeatedly having to sit off so that everyone gets a turn have been fantastic, well done girls awesome work.

Boomers have had a selection of fill-ins for almost every game, a big thank you to each of you, Amy Tasker, Sharlee Higgins, Melissa Davenport, Kayla Creedon, Courtney Stone, Kelly Aaron, Regan Bain, Jess Chapman, Jamelia Ugle and we can't forget Linda Lewis. Thank you all for helping us field a team.

You may have heard and seen the scoreboards up and running again. Huge thank you to the Beverley Shire Community Grants, Beverley Junior Sporting Council, Beverley Football and Netball Club and Karl Smith of Beverley Electrical for repairing them.

Another busy couple of months for the golf club with golf, darts, parties. We cater for everyone. Since the last time I wrote the male golfers have had their 4 qualifying rounds for club championships. The first round of finals start on the 5th August. So good luck to all those involved.

On Saturday the 22nd and Sunday 23rd we had the Springdell Cup weekend of golf. On Saturday was the 4BBB event which was proudly sponsored by Wayde and Kathryn McLean and on Sunday was the Springdell Cup which was proudly sponsored by Andrew and Kellie Shaw. I want to thank them for their generosity over a lot of years in sponsoring the weekend. It is very much appreciated.

We had 112 golfers over that weekend and they were treated to awesome weather and a course that is in fantastic condition.

I want to thank all those volunteers that have worked tirelessly to ensure the event ran smoothly. The course committee of Terry Woods, Mike Carthew and Steve Johnston for all your work over the year and especially Mike and Steve who in the two weeks prior to the event did an amazing job whilst Terry jetted off for the warm weather of Cairns. Also thank you to everyone else that helped out in and around the club leading up to the event.

Thanks to Marg Peck, Chantelle Meade, Yvonne Hobbs, Glynis Collins, Lorna Barrett-Lennard for catering for the weekend, as always the men get spoilt with the food provided for them.

Thanks to Monica Camenzuli for the work you do in and around the golf club getting it ready for all the events. Chris Lawlor for helping behind the bar.

Finally thank you to Captain Mark Bickley, Vice-Captain Marc Edwards and Steve Gollan for organising the event, the prizes and ensuring everything ran smoothly.

As you can see it is a big team effort required to run events like this, everyone puts their hands up with little resistance and it makes my job easier knowing I have people willing to help out when asked.

Fish and Chip Night

The Fish and Chip night continues to grow and grow, every month we increase the amount of meals served and the last one was around 87 meals. Thank you to everyone that helped out again to make the night successful. The next Fish and Chip night is Friday August 4th from 5.30pm. Great food, cold drinks and a wonderful atmosphere. Hope to see you all there.

Beverley Police Post

LETS HAVE A CHAT :

FIRST AND MOST IMPORTANTLY – HOW TO GET POLICE ATTENDANCE

It has come to Our ATTENTION that the Community likes to knock on the local Police Station door. Or stop and chat with our officers whilst we walk down the main street.

Quite recently, our Officers have not been walking the main street due to work commitments.

000 – for URGENT matters

Life Threatening

Family Domestic issues to report

Anything dealing with children (being harm or welfare concern)

Missing Person (very young child / elders with or without medical needs, other vulnerable people)

Any incident involving weapons or articles that may cause fear or harm anyone

131 – 444 - for NON-URGENT matters – quote “the station is closed” and request a job to be created or a message to be passed on.

And if you are **NOT SURE**, call **000**

SECONDLY, lets take a look at our traffic regulations with E-Rideables

We have concerns from the community that we need to address:

Electric Rideable Devices

Road Traffic Code Amendment Regulations (No.4) 2021

The Road Traffic Code 2000 was amended to regulate the use of electric rideable devices such as e-scooters and e-skateboards and came into effect on 4 December 2021 and create a number of **offences**, some of which include:

- Exceeding 10km/h on footpaths.
- Exceeding 25km/h on carriageways, bicycle paths or shared paths.
- Riding a device on a road with a speed limit exceeding of 50km/h.
- Riding a device without an approved helmet.

Electric personal transporters (Segways), electric bikes power assisted pedal cycles), motorised wheelchairs and motorised scooters are governed by separate regulations.

Where an electric rideable device does not meet the definition and it is driven on a road, it is an unlicensed motor vehicle they are not capable of being licensed.

Since Beverley has not been enforced previously, Our Local Police will consider education over enforcement until mid August.

Except in the cases of anti-social and/or unsafe road user behaviour.

If You Own one, you're responsible for your action/s

What is an ERD?

Regulation 3A of the Road Traffic Code 2000 (RTC) defines an ERD as a scooter, skateboard, or other vehicle that:

- Has at least 1 wheel
- Is designed to be used by a single person
- Has an electric motor or motors
- Is fitted with an effective stopping system controlled by use of brakes, gears or motor control
- When propelled only by the motor or motors, is not capable of going faster than 25 km/h on level ground
- Has dimensions no bigger than 1250 mm in length, 700 mm in width, 1350 mm in height and weighs no more than 25 kg

What is NOT an ERD?

An ERD does not include:

- motorised scooters,
- motorised wheelchairs,
- electric personal transporters,
- a vehicle with pedals or
- wheeled toys.

Regulation for these devices is contained within the Road Traffic Code 2000 (RTC)

EPTs (SEGWAYS) and **ELECTRIC BIKES** are shown as examples of devices that are NOT ERDs.

MOTORISED WHEELCHAIRS and **MOTORISED SCOOTERS ≤200W** are shown as examples of devices that are ERDs.

BEVERLEY POLICE – HOW TO CONTACT US

Life threatening or an emergency dial **000**

For all other matters phone **131 444 or 9646 3333**.

If it's not urgent send us an email Beverley.Police.Station@police.wa.gov.au or leave us a message on twitter [@BeverleyPol](https://twitter.com/BeverleyPol)
