# SHIRE OF BEVERLEY PRESIDENT'S REPORT

## Vincent Street

Thank you to everyone for your patience as the contractors repair parts of Vincent Street damaged by water undermining the hotmix. The process of repair has involved the use of cement stabilization to overcome the problem.

Repairs are expected to be complete in the first week of February.

## Beverley 2035

At the Electors' meeting in December 2023, I was able to report on a new funding programme that had been identified: - *"Finally, we come to a potential project that has very recently been identified but has yet to go to full Council for discussion and approval. A federal government funding scheme known as Regional Precincts and Partnership Program (rPPP) is open for application for projects that are based on partnerships covering a relevant area identified as a Precinct.*

*Divided into two Stages, with Stage one being funding just for planning and Stage two, being applications for funding for the actual work."*

Full Council met for a workshop on Wednesday 17<sup>th</sup> January with Mark Casserly as facilitator. The purpose of the workshop was to gain a better understanding of the requirements of the Programme and the potential for Beverley as we identify the many projects that could be developed for the betterment of the community. The initial stage is to work towards an application for funding to carry out all the planning needed to progress to stage two.

It is apparent that this programme is unusual in its size with the amount of funding available and Mark Casserly highlighted that in all his years of consulting he has never encountered a Programme of this size.

The five-hour workshop explored the Programme and identified 10 areas that would form the basis of the eventual application. But. Before we can even contemplate the final application, there is a significant amount of work to be completed. A part of this work will be a process of community consultation, details of which will be developed over the coming months.

## Parking in Vincent Street.

Information provided by the Beverley Post Office has been received regarding the driveway into the building. A vehicle was photographed parked across the driveway blocking access for Post Office staff and potentially Telstra.

This was not an isolated incident and that some people choose to place their egos and selfishness above community consideration is disappointing to say the least. In fact, 'disappointing' is very much a wet lettuce criticism and I am sure stronger criticism is warranted!

The driveway into the Post Office is a Clearway. No Parking permitted at any time.

Beverley does not have any parking By-laws at present as they are too hard to police and generally create ill will in the community. We rely on common sense and good manners to enable everyone access to parking as needed. Please consider others.

## Committee Member Recruitment

Beverley is well known for having the best show in the region and it takes a dedicated effort by a dynamic team of volunteers to ensure that the tradition continues from one year to the next.

There are currently several vacancies on the organising committee and we are seeking volunteers to join our team.

Leading up to the Show we have a monthly committee meeting and, depending on the position that you take, you may expect to spend several hours a month following up on your area of responsibility. In the week leading up to the Show we ask that you contribute whatever time you can afford.

For those that are new to our town, it is a great way to meet new people from around the district and make a contribution to our community.

For further information contact Bruce Hunt on 0404 044 202.

# *Beverley Men's Shed*

146 Vincent Street Beverley Western Australia 6304

With the festive season now a distant memory our membership is looking forward to celebrating the 15<sup>th</sup> anniversary of The Beverley Men's Shed Incorporated, the date of this being 8<sup>th</sup> January 2009, with celebrations to be held on Saturday March 16, 2024, but that is not when it all began.

Friendships in small communities are often forged from similar interests and isolated locations, country communities are renowned for helping each other especially in times of need or natural disaster, the history of the Country Women's Association is well known throughout the entire country, their ability to support Women and families in need together with local organisations has been seen through the eyes of many generations, but there was never any group to offer social support to the Men in our society until Men's Shed's started to appear, and like most 'Shed's' ours was brought together by a group of guys with similar interests over a shared cuppa who were our founding members.

And so, when did this all begin? Beverley Men's Shed records show that a meeting was held on 31<sup>st</sup> January 2007

with the then Shire CEO Mr Keith Byers, Mr Harold Anderson, Mr Fred Bremner, Mr Bernie Howell and Mr Richard Jas together with Councillors Mr Neil Flood and Mr Bill McDonald where information for similar projects in Darkin and Mukinbudin was

shared, with much discussion regarding Insurance, wheelchair toilets, hours of use and cleaning of the 'Old Fire Station Building' (now Heritage listed) as the proposed site for the group. Further communications in February 2008 revealed that the proposed original name for the group was to be the 'Beverley Social Interactive Group' with membership limited to 'citizens of the district who are either retired or recipients of a pension' with a membership fee of \$40.00 per year, that name and fee were never agreed to and as our membership are aware the only requirements now are to be male, over 18 and to have respect for others in the group, plus of course paying your annual fee, ironically now set at \$40.00 plus GST! Yes, when the group became incorporated it took on the responsibility of 'proper bookkeeping' and can (if members agree) take on work contracts having all the necessary dotted 't's and crossed 'I's and mandatory Australian Business Number the Tax office requires.

---

It did not take long for the word to get around in the Beverley district and the Men's Shed Roll at July One, 2011, shows a membership of 69, sadly many of these men have passed on or now enjoy other interests, times change, but many of those members are happy to pass on their experiences in life to the 'new guard' with our paid-up membership sadly only 36.

And over the years members have contributed (being a member is a contribution in itself) towards the establishment of what everyone shares (and enjoys) today.

We have a fully functioning kitchen housed in the old heritage listed building behind the old fire station where some of the guys show off their culinary skills catering for our 'morning teas' and once a month a 'Big Breakfast' (for an additional fee) alongside this is our 'workshop' where members are free to

take on projects using their metal or wood working skills, this building was built using funding from the Lotteries Commission and completed and officially opened by his excellency Dr Ken Michael AC, governor of Western Australia on May Twelve 2010, with the 'Old Fire Station' building being utilised for recreational purposes including Pool, Darts, Table Tennis, Audio and Visual entertainment and a Library, (also used for committee meetings) but we still required more space, so with the membership having more diverse interests a further building was added in 2018 giving members more room to breathe. Naturally some of our members are no longer with us and our thoughts and condolences go out to their families.

For whatever reason many past members no longer attend the shed meetings, you are always welcome to come down and 'chew the fat' regardless of past experiences, unless you have a 'life ban'! And talking of 'life' we are privileged to honour five current life members, Fred Bremner, the late Ken Colpitts, the late Colin Hancock, Bernie Howell and Ken Sherwood, all being recognised for their contributions to 'The Shed' and its members.

And with the 15<sup>th</sup> Anniversary now passed, preparations are underway for our celebratory party when all passed and current members (and their families) are urged to attend on Saturday March 16 at 3.30pm, obviously if you can advise our Secretary Bob if you (and yours) are coming before February 26 please so he can organise the catering etc, it is a very important date for our group with our newer members looking forward to hearing the many stories (please no fishermen's tales!) of the Men's Shed past.

For all information concerning the Beverley Men's Shed please call Bob on 0429 441 253

# BEVERLEY AG MACHINERY MUSEUM

So how did you go with the quiz? Just taking the time to read makes everyone a winner, and your existing or new knowledge of the Museum collection gives all our volunteers a boost as we enter yet another year of restoration, remember the collection is here to be shared and enjoyed by everyone. Answers with more informative photos below.

1. Whose little Tractor is this? Mr Bernie Howell.

2. What was this Machine used for? Cotton Picking --- want to know more visit when we reopen in March 2024, see your local Bulletin for details.

3. Did the volunteers have an exhibition stand at the Beverley Agricultural Show last August? Yes, see below.

4. Where is the Shire of Beverley Agricultural Museum located? In the grounds of Avondale Farm at 550 Waterhatch Road, 5.5kms west of the Beverley township.

5. Do the volunteers have a Workshop to use? Yes.

6. How much does it cost to view the collection? Nothing, but donations are always welcome.

7. What Number is this Machine called? Twenty-Two, and yes if you volunteer to help at the Beverley Ag Museum, we are happy for you to swing the crank handle, it is well worth the effort when you take it for a drive, (under supervision of course) but look out as it has no steering wheel!

8. When was this Mower donated? March 2023.

9. What make of Truck is in the picture above on the right? Bedford.

10. What native animal attended our end of year Bar-be-Que? Moo the resident Emu.

If ever visiting the farm always shut all your vehicle windows as Moo has a very high IQ and a quest for knowledge, especially if food is available! Also likes to chew on the vehicle window rubbers.

This month's Ag Collection item is a 4 Ton Wagon, donated by Mr & Mrs J K Sands of Wickepin, a visiting couple once told the late Mr John Pratt when he was showing them the collection that a similar Horse drawn cart was used to take small Bales of Hay (stacked 8 + high) from the Wheatbelt region for horses working in Kalgoorlie, trimming the verges as they went, do you have a similar tale to tell? or can shed some light on the history of this cart? Please let us know or just visit when we reopen again soon.

For more information (or for a private viewing) on one of the largest Agricultural Machinery collections in the State please call John on 9646 0768 or the Beverley Shire on 9646 1200.

# MAINTAINING ORDER IN THE BEVERLEY DISTRICT

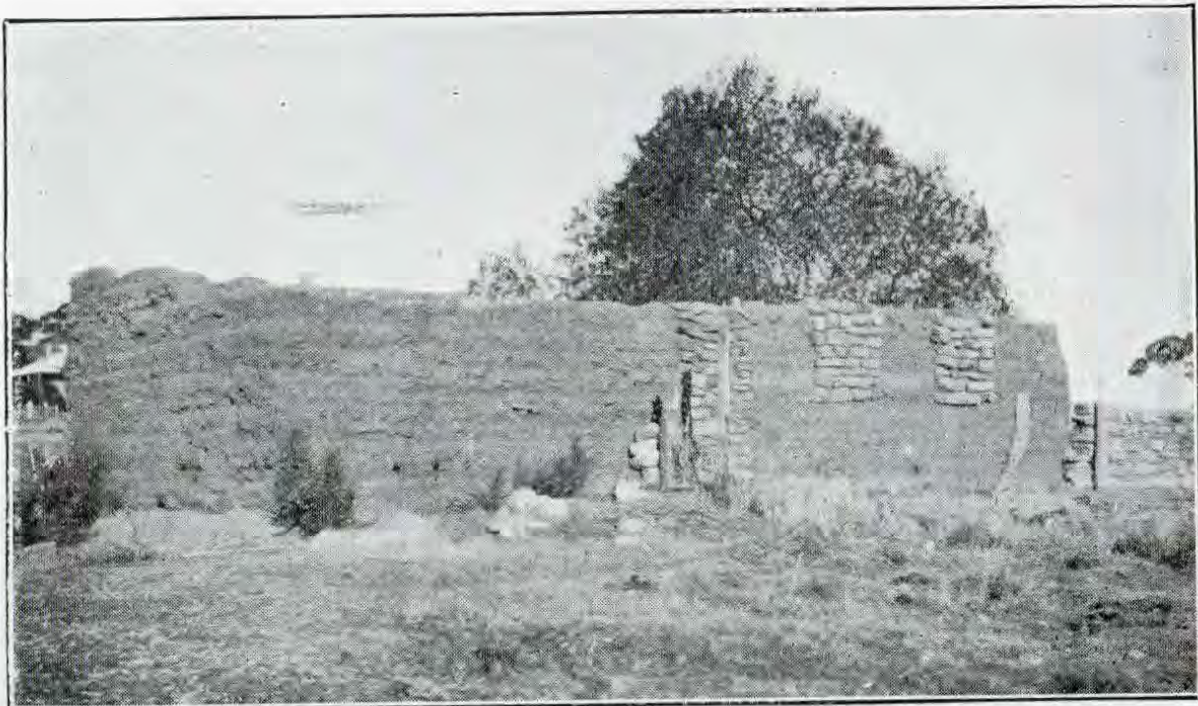

## Military Posts/Troop Stations

Beverley's earliest government building was a military post for troops from the 21st Foot and later the 51st Foot sent from Britain to the Swan River Colony to help keep order. Referred to as the Dale Station, the post was on the east bank of the Dale River on a road known as King George Sound Road. No trace of this road remains. The subsequent York-Williams road is on the western side of the river. The site of the Dale Station is on a farm property known for over a hundred years as The Barracks in recognition of its early military use.

Little remains of the military outpost now apart from scattered stones, portions of mud brick & some fragments of broken crockery. There were two separate buildings, several hundred metres apart. It is believed the station building itself had 3 areas: one central room as a station office, a second was perhaps a living area for single men, while the third area was stables. There is a 1930 photo of the ruins of the other building which appears to be two adjoining cottages used as living quarters for married soldiers and their families.

A similar post was also established at St Aubyn's, south east of township (east of airfield on Bremner Rd). These posts were only in existence for a few years from the late 1830s to the mid-1840s.

Mounted Police from the York Police Station patrolled the area until Beverley got its own station.

Ruins of the Soldiers Barracks, on Mr J. I. Mann's property.

## MAINTAINING ORDER IN THE BEVERLEY DISTRICT

### Police Stations in Beverley Township

1. **1861 First Police House/Station** (24 x 12ft – 7.3 x 3.7 metres) built by James Bartram in Hunt Rd, specifically for lease to police. It had a lean-to, a lock-up & a stable. Constable Edwards & family moved in on 21 March 1861. It was also a post office run by Mrs Edwards. Remains of the mud brick building are incorporated into the house at 21 Hunt Rd.
2. **1868 Purpose-built Police Station and Post Office** on corner of Hunt Rd & Elisabeth St. Edwards family moved in & wife Ann again became post mistress while daughter Suzannah trained as the telegraph operator. Edwards retired in 1882. His place was filled by Constable Hackett who was murdered in 1884. Constable Doherty was stationed there subsequently for 12 years. PC Corry was the last officer appointed to this station. The building was demolished in 1920s.
3. **1911 Police Cottages, Office & Lock-up** at 55 Bartram St behind the Court House in Vincent St. PC Martyn then PC McDonald were appointed Bailiffs of the Beverley Court in 1911 so it is likely they were the first to reside in Bartram St. The building was renovated in 2013 by the National Trust with the former police station incorporated into the house next door. The lock-up is still at the rear of the building.  
Some of the police officers appointed to the Bartram St Station include: PC Johns, PC Honner, PC Naismith, PC Rea, PC Catt, PC Vivicombe, PC Thomson, PC Bruce Williams, PC TMJ Healy, PC Arthur Cole, PC Whitney, Constable Kevin Brady, Constable Frank Simonds, Sergeant Brian Bradshaw, Constable Michael Healy, and Senior Constable Brian Werndly.

*The Rea family in the police quarters garden.*

4. **1983 Police Station & Quarters** on corner of Hunt Rd & Vincent St.

### Police at other Localities

Police Constables were also stationed at significant other places in the district, especially when convict road parties were working and camping in the area. In 1884, when there was a hue and cry for the murderers of PC Hackett, PC Eaton, who was stationed at Yangedine, was called in to assist.

*Compiled By Beverley Historical Society 2022*

**COVID-19 UPDATE** - Please practice good hygiene and physical distancing at all our events, and use the hand sanitiser stations provided. If you are feeling unwell prior to events, please do not attend.

**Station Gallery Open Hours: 11.00am – 3.00pm Thursday, Friday, Saturday, and Sunday**

## **Artists-in-Residence at the Station**

### **Artists-in-Residence during January:**

**Carolyn Rhodes-Thompson's** December residency was unfortunately cut short due to the ill health and consequent death of her mother.

She returned for a few days early in the new year with her niece Skye and Marylou and I joined them for a day exploring Yenyening Lakes, County Peak and a visit to artisan Bruce Denny's residence. Thanks Bruce for the cuppa!

AiR Carolyn and Marylou at Yenyening Lakes

Carolyn, Skye, Marylou and Jenny at Bruce Denny's amazing house he built mainly from recycled materials

### **February Artists-in-Residence**

Please make welcome textile artist **Thelma Cluning** who returns to the Station 12 – 26 February.

Thelma Cluning will be joined by two artists during her AIR stay this year.

The first week will see **Thelma** and **Veronica Moore** kicking up a Collage and multi-media storm, altering their mannequins from pale and boring, to vibrant and fabulous! A range of varied works by both artists will be on display during the week, so please feel welcome to come in and do some little collages, pick up tips, or just chat with a cuppa.

Week 2 will have a nautical flavour, as **Sally Watts** is joining Thelma with her amazing papier mache constructions - Sally's skill at using found materials and objects to create sculptures of engaging little dogs going to sea in a boat, is something you need to see! Their **ALL ABOARD** exhibition will charm you with its wonderful whimsy and ocean themed works by both Thelma and Sally.

**Stop Press!** On 21 February from 6pm, there will be a casual *Drawing in the Precinct* event for those who want to come along. Three calm and relaxed Visual Arts teachers (Janet Hummerston, Gen Baker and Thelma) and an amazing illustrative drawer (Sally) will be there to guide you through any challenges, and enjoy the experience with you. All welcome to attend and all materials supplied.

Please join with Thelma, Veronica, Sally (and Janet and Gen) and enjoy the variety these two weeks will provide. Also joining them is **Iris Whitelock** who will conduct a workshop "Vision Queens" at the CRC (see separate advertisement)

## PERFORMING ARTS

### **Beverley Station Arts Singers**

is a FREE community choir which normally meets weekly on **WEDNESDAYS 6pm – 7.30pm** in the Green Room of the Platform Theatre, but due the upcoming musical production we will be in recess till May. In saying that, many in the choir are in the ensemble of *The Boyfriend* so are meeting to sing, but at drama rehearsals! Anyone wishing to join this friendly choir of BeSASS please contact Hazel Martin who coordinates the group - Ph: 0438 843 333. There is no charge - all we ask is that you become a member of Beverley Station Arts (\$30/year) by the third week of attending BeSASS.

### **BAD (Beverley Amateur Dramatics)**

The musical event of the year 2024 by our very own BAD group of talented actors / singers / dancers / musicians will be **"The Boyfriend"**! Performance dates are confirmed – Friday and Saturday nights 19, 20, 26 & 27 April 2024. Rehearsals, Tuesday and Thursday evenings, started Tuesday 30 January. Anyone interested in joining the throng, even curious, please contact **Britt Hadlow** on **0447 811 261**.

## LE DINER EN BLANC

**Book Now – SATURDAY 24 FEB 2024**

That's right, our very own **Diner en Blanc** in **Beverley!** It's the night when we get dressed all in white and meet for a mass "chic picnic" in a public space. Our public space will of course, no surprise, be the Platform Theatre! And really guys, we don't mind if you come straight from the cricket pitch or the bowling green in your whites – just be there! Your partners will be only too happy to bring the table settings (white tablecloths and napkins, crockery and cutlery, candles etc) – a prize for the best dressed table no less! Don't feel like bringing your own picnic? Then catering company **Gather York** will be on hand to sell pre-packaged share meals – but you must order a few days in advance.

Music will be by the amazingly talented **Adrian Wilson**. # PLATFORM THEATRE - Gates open 6. 30pm

## Thomas the Tank - WesCarpade 2024!!!! From Grain to Grape

Did you know that this year marks 40 years since Thomas & Friends the TV Series 1<sup>st</sup> made its broadcast debut in the UK? In October of 1984.

To mark the occasion, we thought we would share a bit more history on Thomas the Tank, and how he transformed from an old London Taxi into the beloved WesCarpade car you see today....

It all started in 2006 when Thomas was built by the Clark Brothers in Perth, they were after a vehicle that held inspiration to them, their dad was a taxi driver in England for many years driving London Cabs around England. Thomas was also built for a very special reason one of the Clark brothers had a son named David, young David was born with Down Syndrome, sadly when he was 4 years old, he developed Leukemia, during his leukemia battle Thomas the Tank Engine helped to keep his mind off the negative side and helped bring a smile to his face. Sadly, when he was 8 years of age, he lost his battle and passed away. Thomas was built as a dedication to young David.

After many years doing charity work, Thomas was retired to the train shed for a few years before the baton was eventually handed over to new Conductors, Mon and Graham, who took on the challenge of getting Thomas back on the road for WesCarpade 2023. With a lot of time and effort from Mon and Graham, this mighty little car rose to the challenge, and despite a few early setbacks, completed the event and will be back once again for 2024!

2024 will see Thomas head out again to Compete in WesCarpade raising money for Camp Quality. We will start in Carnamah in August and head up the coast before swinging back down and finishing in the Swan Valley.

This year our aim is to Sell as many lolly bags as possible. You will find us at the Next Community Markets selling Lolly Bags for \$2 and Lolly Pops for \$1 with all profits raised going towards Thomas the Tanks WesCarpade Tally

\_or if you would like to donate to Thomas, you can donate via online

<https://fundraise.campquality.org.au/fundraisers/ThomasTheTankEngine7522>

Or pop into Beverley Post News and Gifts where you will find a donation tin.

Stay tuned for more information in the coming Blarneys.

# Classic Potato Salad

4 servings

15 min prep  
23 min cook

## INGREDIENTS

- 600g potatoes, unpeeled
- 2 middle bacon rashers, rind removed, chopped
- 1 medium brown onion, finely chopped
- 2 hard-boiled eggs, chopped
- 1/2 cup whole-egg mayonnaise
- 1 tbsp Coles organic apple cider vinegar
- 2 gherkins, finely chopped
- 3 green onions, thinly sliced

## DIRECTIONS

### Step 1

Cook potatoes in a large saucepan of boiling, salted water for 15 minutes or until tender. Drain. Cool. Peel and chop.

### Step 2

Meanwhile, heat a large nonstick frying pan over high heat. Add bacon and brown onion. Cook for 2 to 3 minutes or until onion has softened. Transfer to a large bowl. Add potato and egg. Combine mayonnaise and vinegar in a bowl. Add to potato mixture. Season with salt and pepper. Toss to combine.

### Step 3

Serve topped with gherkins and green onion. Serve.

# BEVERLEY HISTORICAL SOCIETY

Beverley Historical Society  
Dead Finish Museum  
bbdeadfinish@gmail.com

Welcome back. Already January has nearly ended already, where did that go. What a horrible month it was with the heat and power outage, but we survived.

The Society have been busy behind the scenes while the Museum has been in recess, trying to get all our records in order and easier for us to find for the many requests that come our way.

**CHANGE OF BUSY BEE AND OPENING DAY. We will start our cleaning on Wednesday 28 February and continue 29 February & 1 March if needed at 8.30am. We will then be opening the Museum on Sunday 3rd March for a family reunion group.**

Our meeting will still be Monday 11th March at 1.30p.m. followed by afternoon tea. New members are always welcome.

## Beverley Visitor Centre - Can you help?

Volunteers currently open the Visitor Centre on Saturdays 10am-3pm,  
February - December.

## Happy Valentines Day

February is Heart health awareness month.

Please contact your GP if you would like to book in for a heart check?

**Vacancy- Practice Nurse required RN or EN please forward resume to [beverleymedical@westnet.com.au](mailto:beverleymedical@westnet.com.au)**

**Skin Checks-** With the summer sunshine here we all need to be vigilant regarding skin care please book an appointment with our experienced GPs to review any suspicious lumps, dry spots, or moles and add your name to our list for the skin check van coming to our town in April.

**COVID Vaccines** - as the Beverley community have been outstanding with their responsibility to attending for all their recommended doses, and with our commitment to reduce wastage and maximise doses we are now maintaining a waiting list for those who may need a further vaccination. This has been due to the logistics of ordering and storing the vaccine in the rural area, please check in for our next vaccination day. Remember the best way to avoid COVID is to ensure you are vaccinated, wash your hands frequently with soap and water for 20 seconds, use alcohol-based hand sanitiser, cover your cough and sneezes dispose of your tissues and wash your hands after, wear a mask and physical distancing, stay home, and follow the health direct rules if you have symptoms.

The Beverley Medical Practice is committed to providing quality health services to Beverley and surrounding areas. As part of our commitment to the community we support and assist up and coming medical health professionals. We have a number of student GP's attending clinics both onsite and virtually. These Student GP's are from Notre Dame, UWA and Curtin University. If you are interested in assisting us by allowing one of our students to sit in on your consult or attend a virtual clinic over the phone, please let our staff know. You may also advise staff if you would prefer not to have them in attendance.

Care outside normal opening hours - When the Beverley Medical Practice is closed you can always get medical attention by calling-Ready Care 1800 225 523 or Calling health direct 1800 222 222 or by attending the Beverley District Hospital, located in Sewell Street Beverley where experienced staff will triage the patient and contact the on-call Doctor

As early Christians refrained from eating dairy products during Lent, they consumed the last of their dairy products by making **PANCAKES** on the Tuesday before. There was a time when **PRETZELS** were eaten only during Lent., appearing on Ash Wednesday and disappearing on Good Friday. The tradition goes back to the fifth century. Pretzels were made in the shape of two arms crossed in prayer. Pretzels were made of flour, salt, and water, and had a special meaning: the simplicity of water, salt, and flour suggested commitment and attention, and not least, prayer. (*University of Dayton*)

**Foundation Day, Christ Church Grammar School:** In association with Christ Church Grammar School a service of thanksgiving will take place on Monday, 6<sup>th</sup> February at 6 p.m. at Holy Trinity Church, York.

## Eggfruit not so Eggsellent!

Eggfruit caterpillar feeding inside a developing tomato, and the adult moth (Image source: MyPestGuide public reports).

In a world of Solanaceous garden delights such as capsicums, tomatoes, chillies and eggplants, an unwelcome pest often goes unnoticed until harvest time: *Sceliodes cordalis*, more commonly known as the eggfruit caterpillar. This common garden grub has a craving for plants belonging to the Solanaceae family and can turn your hard-earned produce into a feast for their insatiable appetite.

### Biology and management

Eggfruit caterpillars begin their journey when the small brown moth lays her tiny, white oval eggs. These eggs are predominantly laid on the stem or calyx of the developing fruit. They hatch tiny white ravenous caterpillars, which bore into the fruit through the stem or calyx. This disguises their entry point. Munching and pooing their way through the inside of the fruit, the caterpillars often turn bright pink or red in colour as they mature. Eggfruit caterpillars are particularly hard to detect as there's rarely any external signs of infestation of the fruit. These gluttonous grubs eventually chew their way out of the fruit to pupate, and later emerge as adult moths.

Controlling this pest can be challenging and requires well-timed management during all life stages. Make sure to remove any weeds from the Solanaceous family (e.g., nightshade) to reduce

their breeding sources in the garden. Moths and eggs can be controlled using light traps, or by spraying insecticidal soap on the calyx. These soaps can affect the delicate wings of the adult moth, making it too slippery for her eggs to stick to the calyx, and may also desiccate the eggs. As freshly hatched caterpillars, there is a very short window for control before they enter the fruit. Target the stems and calyx with caterpillar control products. Look for ingredients such as spinosad or the biological control 'BT' (*Bacillus thuringiensis*). These insecticides become virtually ineffective once the caterpillars burrow into the fruit, as they are well-protected inside. If infested fruit is found, remove and discard to break their lifecycle.

### Report your capsicum criminals!

Although eggfruit caterpillars are a well-established species, it's the small white caterpillars that may be confused with the larvae of the non-established and reportable Queensland fruit fly (Qfly). Qfly is a significant pest of over 300 fruits and vegetables. You can report suspicious larvae in your produce to MyPestGuide or contact the Pest and Disease Information Service by sending in photos of the larvae and cut-open fruits. Report early to keep your Solanaceous garden delights safe from unwelcome feasters!

## Alcohol - Taking Time to Consider Our Drinking Behaviours

BY THE REGIONAL MEN'S HEALTH INITIATIVE  
February 2024

When a new year comes around it gives us a chance to focus on ourselves, our drinking habits and the importance of a healthy balanced lifestyle. Speaking with a group of blokes about this, I asked them to have a think about their attitudes towards drinking which one bloke replied, "I just love the taste". This is a fair enough response, and it's also the same problem I have with my kids, who love ice cream and chocolate, but trying to teach them that you don't have it every day takes effort.

The fact that going alcohol-free for a month is seen as a challenge for many, highlights just how prevalent alcohol use is in Australia. Alcohol is our most widely used and most accepted drug, and over time it has formed part of our Aussie culture and identity. Its use and associations are many, including advertising, sport, social occasions, celebrations and within the workplace culture. Peer pressure does not only happen to teenagers! Think of the last time you were encouraged to have a drink when you were not planning to. As Joe E. Lewis once quoted "I distrust camels, and anyone else who can go a week without a drink". There seems to be an underlying normalisation, glamorisation and justification for drinking which is also present in pop-culture, movies (The Hangover) and social media (my friend who posts it's beer o'clock').

 Working with Warriors Podcast

 regionalmenshealth.com.au

Now I am not saying I'm a shining light leading by example when it comes to abstaining from having a drink, my arm is often twisted a bit too easily. We should all take the chance to have a think about our own individual drinking habits, behaviours and attitudes:

- What example do I set when I drink?
- How often/how much am I drinking?
- Is it to relax?
- Is it to cope or deal with stress?
- Is it habitual or has it become a dependency?

For those who do enjoy a night out, here are a few points to help reduce unhealthy drinking behaviours:

- What mood/state of mind am I in before I drink? Alcohol is a depressant but can also enhance negative behaviours i.e. anger, aggression and reckless risk taking;
- What sort of situation/crowd am I drinking with? Personal safety is up to us! Am I with people I know and trust in a safe environment or am I out with random individuals in a public space?
- Self-regulate by knowing your limits and plan ahead. Organise a designated driver, take a swag, don't risk it!
- Harm minimisation could involve having a decent meal before going out, serve finger food at parties and remember alcohol dehydrates so drink water before, during and after drinking alcohol;
- Having alcohol-free days is important. At least 2-3 days per week will show two benefits: 1, I can go without a drink and 2, has regenerative effects on the liver (along with many other health benefits).

I recently saw a creative post showing a picture of our political leaders with the caption *No matter who wins they will not fix your life, better plan on doing it yourself.* Like a lot of things in life, and especially alcohol, we can't expect governments and multimillion dollar ad campaigns to reduce the risk, control our use and fix alcohol related problems. Moderation, awareness, responsibility, and balance is the key to our alcohol use.

Main Roads will shortly be sealing the shoulders and rehabilitating the Great Southern Highway between Brookton and Beverley. Audible edge lines will also be installed.

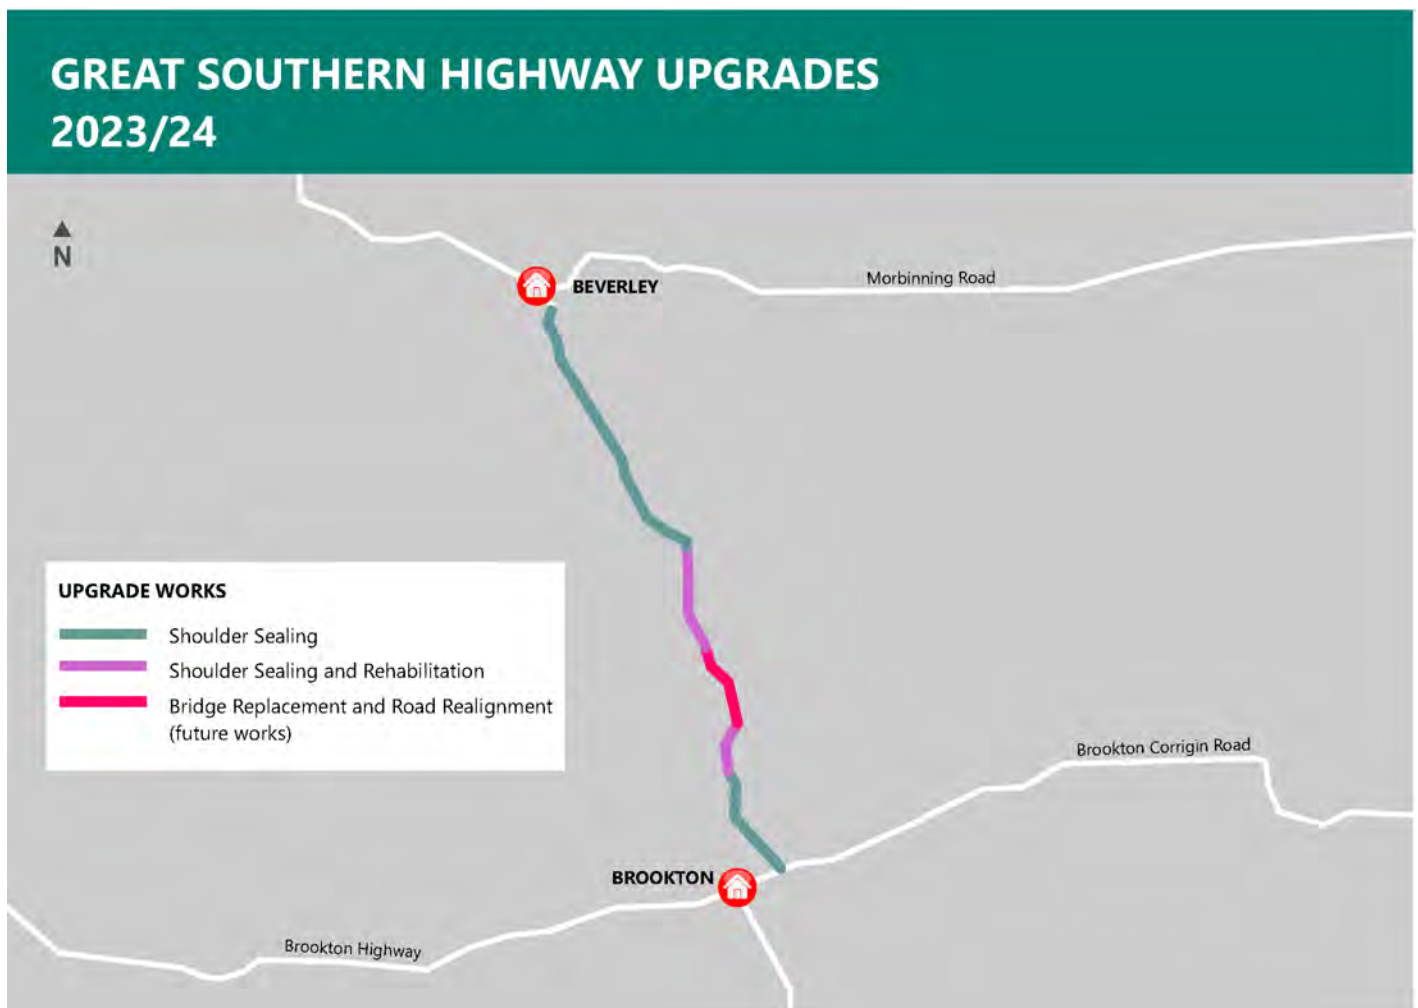

Dates for construction are not yet confirmed. Works are likely to commence in January 2024 until April 2024 when there will be a break over winter and construction will resume around September/October 2024.

During rehabilitation works there will be width restrictions for heavy vehicles. If you need to move wide agricultural equipment during the times above please get in contact with us on 138 138 so that we can discuss movements.

There will also be a gravel surface and significant distances of speed restrictions during the works. We ask that you plan extra time for your journey.

Shoulder sealing and installing audible edge lines help prevent run-off road crashes by providing a greater distance for drivers who veer off the road to recover. These works are part of a program that will see more than 8,500 kilometres of rural roads treated and is a huge step towards preventing deaths or serious injury on our regional road network.

Timber bridge 311 (near Smart Road) is also due for replacement and the road will be realigned 2 kilometres either side of the bridge. This will be done at a future time.

## Beverley Horse and Pony Club Tetrathlon!

What a team effort in organising and running our clubs second Tetrathlon. Saturday was the run phase, followed by the swim phase and the day wound up with the laser pistol phase. Sunday involved a blend of show jumping and cross-country phase. A massive thank you to:

- ♥ To the **Shire of Beverley** for the use of the amenities building, beautiful oval and massive support in maintaining and assisting in upgrading our grounds. We could not have run this event with our your support!
- ♥ **Beverley Aquatic Centre** and **Brad Miller** for a stunning pool and looking after our competitors on Saturday.
- ♥ **Beverley St John's Ambulance** for always attending our events and looking after the riders. Your awesome!
- ♥ **Deb Ware**, our calm and organised Technical Delegate that guided us on this journey
- ♥ **Bethany Moore**, our creative and dedicated Course Designer that made the dream happen.
- ♥ **Maxwell Family**: Lisa for the drive and vision to plan, organise and run a tetrathlon... wow... just wow! Stuart, Emily and Jessica for helping at the busy bees, sorting prizes, setting up computers and helping Lisa run this amazing event.
- ♥ **Elsegood/Halbert Family** for clearing away years of rubbish, spraying, removing unwanted fencing and old jumps, finishing of the club house, fixing anything that needed fixing, creating a new water jump and just their dedication to making this event happen.
- ♥ **Farr Family**: Amanda, Amanda's Mum, Joel, Patrick, Billy and Mia creating and building our new and spectacular manure bays.. Plus running the canteen over the two days of the event.
- ♥ **Marie Hammond** for supporting our members and helping out in the canteen.
- ♥ **Hawke Family**: John and Tess for organising sponsorship, working on the clubhouse and finishing the railway jump.
- ♥ **Martin Family**: Jess and her clever mum, for helping at busy bees, and making the most adorable teddy bears picnic settings for cross country!
- ♥ **Doyle Family**: Lindsey, Kerry Anne, Soraya and Sasha for getting our club house ready for painting.
- ♥ **James Family**: for picking up our new XC jump signs and getting them to Beverley.

### To our fantastic sponsors:

- \* **Hutton & Northey Sales,**
- \* **Beverley Dome Fuel & Hire, Ballantyne Spreading Services, Heartland Veterinary Hospital,**
- \* **U Beauty and Hair, Avon Trading and Heiniger**

As you can see from the above list, it takes a huge effort and massive team work to run an equestrian event.

So a massive thank you to everyone who chipped in to make this happen!!

**Go Beverley Horse and Pony Club members!**
